WAREHOUSE OF
PRINTS ONLY.
NO. 56 CEDAR STREET, NEW YORK.
Lee, Judson & Lee,
(LATE LEE AND JUDSON)
Occupy the spacious five story Warehouse, No. 56 Cedar street,—the whole of which is devoted to the exhibition and sale of the single article of
PRINTED CALICOES.
Their present Stock consists of nearly
ONE THOUSAND PACKAGES
Embracing some THOUSANDS of different patterns and colorings, and comprising every thing fashionable in the line, FOREIGN and DOMESTIC.

All of which are offered for sale, for cash, or satisfactory credit, at the lowest prices by the
PIECE OR PACKAGE.

New styles are received almost every day, and many of them are got up for our own sales, and not to be found elsewhere.

☞ Printed lists of pieces, corrected from day to day, with every variation in the market, are placed in the hands of buyers.

Merchants will be able to form some idea of the variety and variety of our assortment, when we state, that the value of our small stock of this one ARTICLE, is at least twice the value of the entire stock of dry goods usually kept by our largest wholesale jobbers. This fact, together with the fact that our means and our attention, instead of being divided among a vast variety of articles, are devoted wholly to one, will render the advantages which we can offer to dealers perfectly obvious; and it shall be our care that none who visit our establishment shall meet with any disappointment.

Our assortment is complete at all seasons of the year. LEE, JUDSON & LEE.

P. S.—B. F. LEE, formerly of the firm of Lord & Lee, and late senior partner in the original firm of Lee & Brewster, from which connection he withdrew some time ago, has resumed business in connection with Messrs. Lee & Judson, under the firm of LEE, JUDSON & LEE, and he venture to assure his friends and the public, that the new firm will maintain the same pre-eminence in this branch of the trade, which formerly distinguished the firm of which he belong. NEW-YORK, UTICA & OSWEGO LINE
OF LAKE BOATS,
AND AGENTS FOR
VAN DEWATER'S OSWEGO & WELLAND LINE,

Both running between New York and Oswego, Daily.

In connection with these lines a fleet of

First Class Brigs and Schooners,

will run regularly between Oswego and ports on Lake Erie and Michigan; and the Steamers *Niagara, Cataract, Lady of the Lake, Ontario and St. Lawrence,*

will connect these lines, daily, with every Canadian and American port on Lake Ontario & River St. Lawrence. They are also agents for the

Chicago Steam Propl'r Jas. Wood,

which, in connection with the Propellers, *Syracuse, St. Lawrence and Ontario,* will form a regular weekly line to Ports on Lake Michigan.

☞ At their house in Oswego will be devoted exclusively to the receiving and forwarding of property, they assure their friends and the public that Goods or Produce consigned to them shall be forwarded with all possible despatch, and at low rates.

☞ The *OSWEGO* route offers large inducements for the patronage of Western Merchants.—The number of Steamers, Propellers, and Sail Vessels, which run from Oswego to the Upper Lakes, is now very large, and the average time of transporting property from New-York to ports on Lakes Erie and Michigan, is generally shorter than by Buffalo, inasmuch as it avoids the delay of the canal travel, and the delay incident to the large accumulation of property at Buffalo. The difference in price, in favor of Oswego, is always from $1.50 to $2 per ton on Merchandise, and a proportional difference on produce.

☞ Consignments of property for sale or forwarding are respectfully solicited for their houses in New-York and Oswego.
