CITY AND COUNTY.

OSWEGO, NOVEMBER 19, 1858.

☞ The COMMERCIAL TIMES having three times the circulation of any other paper in this city, is a most valuable medium of advertising.

☞ ADVERTISEMENTS, to insure insertion the same day, must be handed in before 12 o'clock.

☞ BUSINESS NOTICES inserted in Local Column will be charged fifty cents for the first line, and ten cents for each additional line.

TO CITY SUBSCRIBERS.—Thomas W. Fosdick has the entire supervision of the city circulation of the COMMERCIAL TIMES, and is authorized to collect subscription and grant receipts for the same.
January 1, 1858. J. TARBELL.

☞ The Oswego Lyceum meets this evening at GRANT & ALLEN'S Office, at 7 o'clock.

☞ The person who borrowed the Ensign belonging to the Propeller Banshee, will confer a favor by leaving it at this office.

☞ The Tug WM. Morgan ran upon the wreck of the Osprey, yesterday morning. Several hours' labor placed her in a navigable condition again. She sustained but little damage.

We have received a large assortment of Fancy Cards and Note Paper, for Parties, Balls, Oyster Suppers, &c., which we are prepared to print in any desired style, and at prices which will please all who desire a neat, tasty article.

☞ On Wednesday evening, a boy sliding down 2d st., came in collision with one ascending the hill, and both received slight injuries. The boy going up was struck on his "shins," which resulted in their being "barked." Boys, be careful.

☞ REV. W. N. BARBER has resigned his connexion with the Universalist Church and Society in this city, to take the Pastoral charge of the 1st Universalist Church and Society in Reading, Pa. Mr. BARBER gives his valedictory next Sabbath evening.

☞ THANKFUL.—We are indebted to the politeness of A. ASHLEY, Esq., Anglo American Saloon, for a munificent donation of Oysters, of the largest and best quality, sent up yesterday, for which we are his debtor. He will please accept our thanks and best wishes.

☞ WHERE WAS HIS HOME?—The body of JACKSON DAVIS was lately found in Lysander, about a mile east of Baldwinsville. DAVIS was an Englishman, about 40 years of age, from Oswego Co., and had been missing 3 or 4 weeks. He probably died in a fit of delirium tremens, as he was a very intemperate man.

☞ The editor of the Medina Gazette, giving an account of a dinner at the hotel in his village, says, "we did our duty, by devouring a piece of fine, fat wild turkey which weighed over twenty pounds."—Ex. Gracious! Twenty pounds in one man's stomach! We wonder whether the dose was repeated yesterday.

☞ The publishers of the Fulton Patriot and the Oswego County Gazette have agreed to consolidate the two papers. Feeling convinced that the interests of the community demand but one, and that by the consolidation, the circulation of the one paper may be correspondingly large, are the reasons assigned for the change. The "Patriot & Gazette" is its title. Success to it.

☞ The editor of the Oswego Times has obtained an assistant to aid him in the discharge of his arduous duties. He gave three shillings bonus for the valuable acquisition. Judging from the Times, the assistant is a perfect clipper.—Statesman.

The assistant is American, manufactured from iron made of the ore from our native hills—all American—beautiful to the sight, and cuts with such smoothness that clipping has become a pastime and a passion.

☞ Capt. J. P. HATCH, whose official report of a battle with the Indians, is given elsewhere, it will be remembered, is a son of Hon. M. P. HATCH, of this city. The particulars will thus have a local interest, and be generally read. Capt. HATCH writes familiar letters to his friends, in which he gives more graphic pictures of the real life of a soldier than can be obtained from official papers, but the regulations do not admit of their publication.

☞ Thanksgiving was pretty generally observed. Many places of business were entirely closed, and all were darkened with the close of the day. There may have been a few exceptions, but rare indeed. There is hardly a turkey, chicken (old hen) or goose in the market—and we presume the country has lost many of its feathered tribe, if we can be allowed to judge from the number we saw "going home" yesterday morning.

☞ HORRIBLE.—At Fulton, on Monday morning last, Mrs. McCabe was found dead in her bed. Her husband Daniel is said to be an expert tailor, and capable of earning a good living, but both himself and wife were addicted, at times, to the most beastly drunkenness. For some time previous to election Daniel kept sober and industrious, but since, both himself and wife have spent much time in debauchery. The Patriot says:

"Rarely has it fallen to the lot of any of our citizens to gaze upon so disgusting and melancholy a spectacle. The corpse, unusually ghastly, had in the opinion of the examining physician, Dr. Barber, been destitute of life for at least twenty four hours. The husband, who probably had recently arisen from the bed, too drunk even then to appreciate his or her condition, or to behave decently, seemed only interested in an effort to conceal or retain his jug, not yet emptied of whiskey. The room was not only destitute of the comforts of life, and entirely destitute of provision, but had become besmeared and befouled during their helplessness and debauchery to the last degree of filthiness."

☞ THE SCHOONER CITY OF TORONTO ASHORE.—Pier on Fire Ground.—At about half past eleven o'clock last night, the alarm bell sounded, the schooner City of Toronto, Capt. GEORGE GOURLAY, being in distress. She left Toronto yesterday morning at five o'clock, under good sail, with moderate breeze from the west. Soon after, she encountered the gale, and gallantly rode till her tiller was broken off close into the rudder head. She was then comparatively at the mercy of the waves, and when within fifty yards of the entrance to the harbor, cast anchor, that holding but about fifteen minutes, when she drifted and struck the West Pier, broadside. The cries of the crew attracted the attention of persons on shore, who immediately proceeded with the life boat to rescue them. Three of the seamen were thus brought on shore, while the Captain and one other reached it by way of the pier, no lives being lost. The sea was running very high, the waves dashing wildly over her, and it hardly seemed possible for her to stand till morning, but she is laying so high now as to be moved but little, and the probability is she will yet be saved. Her cargo consisted of about 4795 bushels of wheat for PENFIELD, LYON & Co., 480 barrels of flour consigned to T. C. GUY, together with 1,427 bushels of peas, and 22 barrels of oatmeal. The vessel is insured in the Buffalo Mutual.

At about three o'clock, the alarm of fire was given, and the inside of E. P. BURT'S Carpet and Paper Store on West First Street, was found to be in flames. It took fire from a grate in the office of Dr. WATSON, which is immediately over the store. A coal is supposed to have fallen from the grate upon the floor, which burned through and caught in the paper below, and rapidly spread over one side of the store. The Fire Department were promptly on the ground, and the flames were speedily extinguished, but not until the stock was damaged by fire and water to the amount of about $2,500. It was fully insured.

The Crockery Store of Messrs. PERKINS & MATTHEWS was visited with a dense volume of smoke, which damaged their ware to a considerable extent. The whole block was filled, and almost every occupant complaining of its effects.

Had the smothered flames obtained vent, they would have spread rapidly, a strong wind at the time blowing from the W. N. W., and we been obliged to record a conflagration only equaled by that in 1853.

☞ MUSICAL.—We are happy to announce another Concert from Miss HIGGINS, of Chicago, who, from the encouragement she has received, has consented to remain and sing again in Mead's Hall, next Monday evening, Nov. 22d, when she promises an entire change of programme from last Monday evening. Doors open at 7; Concert to commence at 8 o'clock. Admission 15 cts.

We would add that, notwithstanding the inclemency of the weather, Miss HIGGINS was greeted by a very good audience last Monday evening, who expressed themselves as highly entertained, and we doubt not the number will be increased the coming evening. We will copy a notice from the New York Tribune, which, although short, is expressive and conclusive: "Miss HIGGINS, from Chicago, is engaged to sing at the delivery of a poem entitled ONWARD, by the Rev. John Pierpont, the author. Miss H. is a fine solo singer, her songs are charming, given with much power and expression, especially in the higher notes, and over all a distinctness which renders every word easily audible." ☞ Tickets to be had at the Bookstores. [31]

☞ MUSIC.—A young lady, for some time a resident of the city, well qualified for that purpose, desires a few pupils on the piano. New beginners preferred. Those having young misses about entering upon a musical education, can do a kindness while serving themselves. Information and references given on inquiry at this Office. tf [Adv.]

☞ LADIES, Don't Read This! unless you wish to be cured of all those complicated diseases to which your sex are liable. We are speaking of Dr. DUPONCO'S GOLDEN PERIODICAL PILLS for females. They are infallible in correcting, regulating, relieving all pain and distress, removing obstructions from whatever cause, and always successful as a preventive. Price $1 per box. Sold by Messrs. Northrop & Butler, C. Canfield & Co., and Butler, Gale & Co., sole agents for Oswego. They will send the Pills (confidentially) by mail to any part of the city or county, on receipt of $1, through the Oswego Post Office.

Miscellaneous.

THE NEW YORK TRIBUNE.
1858-59.

THE NEW YORK TRIBUNE, now more than seventeen years old, which was the first journal in the world that appeared regularly on an imperial eight-page sheet at so low a price as two cents, and which has attained the unparalleled aggregate of more than 200,000 subscribers, respectfully solicits its share of patronage which the Metropolitan Press receives.

Within the present year THE TRIBUNE has provided itself with a new and faster Press, at a cost of $30,000, merely that some of our subscribers may receive their papers a mail earlier than they otherwise might do.

With correspondents at the most important points throughout the civilized world, and a staff of writers chosen from among the best in the country, we believe that even those who dislike the politics of our sheet concede to its frankness in avowing its convictions and ability in maintaining them. We appeal then, to those who believe that an increased circulation of THE TRIBUNE would conduce to the political, intellectual and moral well-being of the Republic, to aid us in effecting such increase.

THE DAILY TRIBUNE is printed on a large imperial sheet, and published every morning and evening (Sundays excepted), and mailed to subscribers for six dollars per annum in advance; $3 for six months.

THE SEMI-WEEKLY TRIBUNE is published every TUESDAY and FRIDAY, and contains all the Editorials of the Daily with the Cattle, Horse and General Markets reliably reported expressly for THE TRIBUNE. Foreign and Domestic Correspondence, and during the coming session of Congress it will contain a summary of Congressional doings with the more important speeches. It will also contain a first class Novel, continued from number to number, thus affording a miniature family newspaper to those who prefer not to take a Daily.

MRS. WINSLOW,
An experienced Nurse and Female Physician, presents to the attention of Mothers, her

SOOTHING SYRUP,
FOR CHILDREN TEETHING,

Which greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is
SURE TO REGULATE THE BOWELS.
Depend upon it, mothers, it will give rest to yourselves, and RELIEF AND HEALTH TO YOUR INFANTS.

We have put up and sold this article for over ten years, and can say, in confidence and truth, of it, what we have never been able to say of any other medicine—NEVER HAS IT FAILED IN A SINGLE INSTANCE, TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medical virtues. We speak in this matter, "what we do know," after ten years' experience, and pledge our reputation for the fulfillment of what we here declare. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the MOST EXPERIENCED AND SKILLFUL NURSES in New England, and has been used with never-failing success, in THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve GRIPING IN THE BOWELS, AND WIND CHOLIC, and overcome convulsions, which if not speedily remedied, end in death. We believe it the best and surest remedy in the world, in all cases of DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—do not let your own prejudices, nor the prejudices of others, stand between your suffering child, and the relief that will be SURE—yes, ABSOLUTELY SURE—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the facsimile of CURTIS & PERKINS, New York, is on the outside wrapper. PRICE 25 CTS. per bottle. Sold by Druggists throughout the world.

TO CONSUMPTIVE INVALIDS—DISEASES OF THE LUNGS, THROAT AND NOSE. Dr. G. D. SANBORN and Dr. O. H. HESS, Physicians for the diseases of the Chest, would announce to their patients in this vicinity, and all who are suffering from any disease of the Lungs, Throat or Nose, that hereafter they will be at their office, at the Munger House, in Oswego, for two successive days in each month, each visit being duly announced in this paper. This system of treatment consists in applying remedies directly to the parts affected in the form of COLD MEDICATED VAPORS, by causing them to be inhaled or breathed, giving no nauseating drugs into the stomach, and making no irritating applications externally. As they have for several years devoted their attention exclusively to this class of diseases, and examined many thousand cases, persons who apply to them for consultation, may rely on receiving a correct opinion as to their true condition. EXAMINATION FREE.

Office days for December are TUESDAY and WEDNESDAY, the 7th and 8th.

The LIQUID CATARRH REMEDY, a certain cure for that common disease, can be obtained at our office.

Prof. Wood's Hair Restorative.—In our advertising columns is to be found an advertisement of this popular restorative. We know nothing of its merits save what we read, but that is sufficient, particularly when we see such testimony of its efficacy as the following, which we clip from the Ottawa Free Trader: "Having tried successively sundry highly recommended 'hair tonics' on our own half denuded crown, until almost lost all confidence in 'restoratives' of that sort, until a week ago we met a distinguished politician of this State, whom we had seen three years ago with his head as bald as a rat, but now bearing as heavy a head of hair as one could wish. We inquired the secret of his apparent rejuvenation and were told it was occasioned by an ... of the virtues of Prof. Wood's Hair Restorative. We shall try that next.—Rock River Democrat. ... Sold by Druggists ... d&w

Ladies and Gentlemen:—We would call your attention to the advertisement of Prof. Wood's Hair Restorative, which appears in the columns of our present number.

From our long acquaintance with the proprietor, and with numerous individuals who have used his preparation with perfect success for the last two years, we feel no hesitation in recommending the article as superior to any other preparation now in use for the same purpose, viz: for restoring gray hair to its original color, a sure and perfect cure for baldness, and a never failing preventive for the falling of the hair.

It is decidedly the best and most popular in use for beautifying, preserving, restoring, and strengthening the hair, relieving diseases of the skin, and removing scurf, dandruff, and all eruptions and feverish heat from the scalp.

We speak in relation to the above from what we know, having been personally acquainted with numerous persons who have used the restorative for the above purposes with the most gratifying results.

It is not often we notice a patent medicine, indeed, we think we have never puffed one before; but Prof. Wood's Hair Restorative is something superior to most of the preparations of the day, that we cannot forbear asking the attention of our readers to it.—Cecil Whig. ...d&w

TWO HEADS BETTER THAN ONE.—In most branches of business and professions for the last few years, there has been a growing tendency for improvement; the busy world proceeds with rapid strides toward its design; the brain of the inventive is wrought to the highest tension to discover, if possible, some shorter method to facilitate the operations of business. There is one thing pertaining to the health of the human family that stands now, as twenty years ago, and as ever. I speak of Liniments for external use. It is a fact well understood, that they are composed of evaporants, which cool the surface for a season, but do not extinguish the secret fire, that feeds and festers the complaint. The main and essential feature has been overlooked till quite lately. We commend this ever high the popularity of Pratt & Butcher's Magic Oil, where it has been introduced, owing to the fact, that it acts directly upon the muscles, cords, joints and nerves. Pronounced by all to be the greatest medicine in the world for pain. Used for Rheumatism, Neuralgia, Headache, Toothache, Lame Back, Pain in the Side or Breast, Sore Throat, Frosted Feet and Ears, Sprains, Bruises, Burns, Cuts, Contracted Muscles, Cords and Stiffness of the Joints, Cholic Pain and Sick Headache. Ask for PRATT & BUTCHER'S MAGIC OIL, principal office, 208 Washington street, Brooklyn, N. Y.

For sale, wholesale and retail, by John Bacon, Oswego, N. Y., and by all Druggists, at 25c, 50c, and $1 per bottle. The large size much the cheapest.

GOOD NEWS.—A REDUCTION IN THE PRICES of Sewing Machines is announced in our advertising columns. We have heretofore expressed the opinion that the prices of this invention have been too high—so high as to place them beyond the reach of many whom they would most benefit. Their utility is established beyond question, and at the present prices we see no reason why they should not be found, as they ought to be, in every household. Several varieties are manufactured, adapted to various purposes.—So far as public opinion has been formed and uttered, the preference is emphatically accorded to the Wheeler and Wilson machine for family use, and for manufactures in the same range of purpose and material. During the present autumn the trials have been numerous and all the patents of any pretension have been brought fairly into competition. In every case the Wheeler and Wilson machine has won the highest premium.—We may instance the state fairs of New York, New Jersey, Pennsylvania, Kentucky, Illinois, Wisconsin and California, and the fairs of the Cincinnati, Detroit, Chicago and St. Louis Institutes, already held. At the fair of the St. Louis Mechanical Association the committee consisted of twenty-five ladies of the highest social standing, who without a dissenting voice awarded for the Wheeler and Wilson machine the highest and only premium, a silver pitcher valued at $75. If these facts do not establish a reputation, we know not what can.—Christian Advocate and Journal.

ILLUMINATING COAL OIL.—We would call the attention of the public to our large assortment of Lamps for burning the Coal Oil, which we are selling at very low prices.

The cheapness and brilliancy of this light make it worthy the attention of all who are not consumers of gas. From an experiment with one pint of the oil, we find that the cost of the light, with a small wick, giving a light equal to a three foot gas burner, does not exceed two thirds of a cent per hour.

It is not explosive, and the lamps are kept in order with less trouble than an ordinary oil lamp.

The lamp may be seen burning every evening at our store. BUTLER, GALE & Co., Druggists, near the Post Office.
