PLACES OF AMUSEMENT.

Richardson Theatre.

The Three Golden Graces, in beautiful poses, illustrated the work of famous sculptors at Richardson Theatre last night in a manner that called forth round after round of applause. The young women are housed from head to foot and do their posing before a red plush stage curtain, giving such tableaux as "Faust," Music, Anthem, Cast Up by the Sea, and half a dozen others. Their performance is picturesque and artistic. The great Crowley, in his female impersonations, made a great hit, and the illusion was complete until he took off his wig. The Italian acrobats' baggage was lost yesterday and they were not able to appear. It arrived this morning at they will be on the bill today and tomorrow. It is a great bill.

Great Saturday Matinee and Night.

A whirring and rumbling of hideous noises; the flashing of lightning and the strong rolling peals of thunder; the sight of some poor unfortunate struggling against the demons of hell incarnate; the night grows darker; the storm rages; the demons gather in midnight revelry. Then there comes a lull, and all roars forth in a wreathing mass of fire with enchanting hideousness, and the curtain falls to hide from view the remorse of the lost souls.

The above explains one of many scenes in Trumbull & Covey's Faust to be seen at Richardson Theatre on Saturday afternoon and night. Seats now on sale.

At the Orpheum.

A bill in which the comedy element predominates, interspersed with good singing and dancing, will be offered for the balance of the week at the Orpheum. Roy and Manning present a comedy sketch, "The Scarecrow," a side-splitting act. Van and Davis, eccentric singers and dancers, are sure to create a great sensation. These two acts and the excellent pictures make up one of the most pleasing and entertaining bills ever offered. Children attending the matinees are presented with a five-cent box of Ox-heart chocolates.

Appellate Court Decisions.

The Appellate Division will conclude its present term on Friday.

Yesterday they affirmed a judgment of $8,000 with costs in the case of Anna Arnold, respt., vs. the National Starch Company, applt. They also affirmed an order denying a motion for a new trial in the case of Anson S. Parcell, of Fulton, an infant, etc., vs. the N. Y., O. & W. Railroad Company. Parcell received a verdict of $800.

Victor Herbert wanted the EDISON Phonograph

because he believed it was the only sound-reproducing instrument that fulfilled all conditions, and because he believed that by means of an Edison Phonograph only could the widest distribution be given to good music.

Victor Herbert makes good music himself. He is now making it for reproduction in the Edison Phonograph and is himself supervising the work of his own orchestra in making the Records.

Victor Herbert's Records are but one of the many attractions which the Edison Phonograph offers you.
