Hoofland's German Bitters.

THE GREAT REMEDY FOR NERVOUS DEBILITY.—J. M. Hulsbizer, Doylestown, Pa., June 20, 1855, says: "My wife has been afflicted with a nervous debility since September, 1841, since which time I have been unable to find any physician or medicine that would benefit her in the least, until one day I called at the store of Dr. Harvey, of this town, for some mixture of iron, and described to him the afflictions of my wife; he then handed me a lot of papers to read, among which I found one describing your German Bitters, I immediately procured a few bottles from him, and am pleased to state that the use of the Bitters has done her more good than all the medicine she has heretofore taken. I wish you to send me a half dozen bottles."

Complete Cure of Piles, and Humor of the Blood.

MEDINA, March 27, 1855.

P. V. E. Covington & Co:

Gents:—I have been troubled for a long time with the Bloody Piles. Those who have been this afflicted will know the pain and misery I have suffered. And further than this, I had always sores in my mouth, and an itching humor on my back. A friend of mine in Albion advised me to use "Sash's American Compound," the most successful medicine ever introduced. I tried it, two dollars worth of it (two bottles) has cured me entirely. I will with pleasure answer any enquiries regarding my case.

ISAAC SMITH, Formerly an officer at the Auburn Penitentiary.

Sash's American Compound owes its success to the intrinsic curative properties of the vegetables which compose it. It contains a Compound Fluid Extract of Bosch Drop or Canada Root, now first given to the public, but long known to the Indians as a never failing cure for Scrofulous Consumption, Humors of the Blood, and chronic diseases in any part of the system. This medicine can now be had of all reliable dealers in the United States and Canada.
