Tuesday Evening January 8, 1884

The steady growth of national feeling is illustrated by the demand of the Mobile (Ala.) *Register*, a leading southern newspaper, for the enactment by congress of a general bankrupt law, on account of the defects and inconsistencies of state legislation.

Cleveland is very justifiably congratulating herself over her healthfulness. This lake city is growing rapidly in population having increased over 70 per cent between 1870 and 1880, and yet the number of deaths has steadily declined for three years, the totals being 3,797 in 1881, 3,563 in 1882, and 3,499 in 1883.

The average department clerk at Washington bitterly resents any interference with his easy-going life by a meddlesome superior. Commissioner Dudley has created an immense sensation in the pension office by discharging two of his subordinates for going into a liquor saloon to take a drink, and by threatening to treat other offenders in the same summary manner. Many of the clerks resent this as an infringement upon their personal liberties, but at last accounts nobody had asserted his independence by resigning.

It seems that Massachusetts has already started such a movement as Governor Robinson recommends in his inaugural to secure uniformity in divorce legislation. A memorial to congress is in circulation which urges the necessity that the government should authorise and supervise the collection of statistics on this subject as a basis for legislation. Such an investigation would clear the ground for law making and would help to crystallize public sentiment in favor of national action. Other states should follow the example of Massachusetts in bringing the matter to the attention of congress.

King Kalakaua of the Sandwich Islands is in sad trouble for so jolly a monarch. It seems that he has never settled the bills of some $75,000 for the coronation ceremonies in which he indulged a few months ago, and in trying to borrow money to help himself out from Claus Spreckels, the San Francisco sugar monopolist, he has run against an adverse decision by the supreme court, and is threatened with a revolution if he tries to carry through his scheme. Kalakaua is the most charming specimen of an opera bouffe monarch ever seen off the dramatic stage, and it would be a pity to lose so picturesque a figure from the roll of generally prosaic kings.

A number of devices are suggested to meet the contingency of a vacancy in the presidential office. Representative McCord, of Iowa, proposes to give the electoral college a four years' term, and have its members meet and choose a successor in case both the president and vice-president should be dead or unable to serve. Representative Eaton, of Connecticut, would place the chief justice of the supreme court next in order of succession after the president pro tem of the senate and the speaker of the house. But nobody presents any plan which begins to compare in merit with the one fathered by Senator Hoar and endorsed by President Arthur, which changes the order of succession from the officers of congress to the members of the cabinet, and requires the acting president to take immediate measures for a new popular election. Congress cannot do better than to enact this scheme into a law.

A POPULAR PREACHER.

Rev. J. E. Ensign still remains very popular with young and old, and to barely mention conference in April, when his pastorate must end, is sufficient to call forth regrets from his many friends.

GETTING ACQUAINTED.

Rev. Mr. Wetherbee is fast getting acquainted, and is well liked not only by the baptist people but by the community at large. This week his church observes the week of prayer, sermon on Sunday evening and prayer meeting the rest of the week with the exception of Wednesday, when "recognition meeting" will be held, at which we expect to meet our old friend Rev. David McFarland. Mr. M. was pastor here nearly 30 years ago and will be heartily welcome in Scriba again. Rev. Mr. Wilcox from Oswego and other Baptist clergymen are expected to be present. It is to be hoped that the christian people of the place will make it a point to attend the meetings.

ter brothers found their barn had been entered during the night and a two year heifer taken out. They found the heifer in the lot with a rope on her horns. The supposition is that the party trying to take her off found they were unable to do so as she is very wild and probably broke away from them and they were unable to get even the rope. It is the more suspicious because about two weeks previous O. B. Farington had stolen from his barn a very nice Jersey heifer. We learn that the rope on Mr. Cartor's heifer has been compared with rope in the village and at one of the stores a man bought a piece of rope and had it charged to him, and the one found compared exactly with the one sold even weighing exactly the same. No arrests have been made yet.

THE FACTORY.

JAN. 8.—It was reported, and generally believed, that on January 1st, the factory company was to discharge all the children in their employ under 14 years of age, but the time has passed and this needed reform has not been accomplished, we understand, because they have been unable to procure the services of girls of sixteen years or over to take the places of the children. Plenty of men and boys can be hired but the factory company prefers girls. The factory was again troubled yesterday in getting power to run their machinery on account of the froth snow drawing into the gates. Some of the spinners were out on this account.

THE READING CIRCLE.

THE GREAT VANQUISHER OF PAIN—What would I not give to get rid of this pain? Such an expression and ones of a similar nature are heard every day. There is nothing harder to bear than physical pain and there is no remedy known that will cure so effectually such a variety of complaints as POND'S EXTRACT. For inflammation it is infallible; for hemorrhages its prompt and immediate relief are unquestionable; for rheumatism, neuralgia, &c., it never fails to give perfect relief; for catarrh we have never heard of a case, however severe, that has not succumbed to its curative action. Let those who have never used it inquire from those who have, concerning its power and virtues.

We are assured that the sale of this article in Lowell, where it is best known, is wholly unprecedented in the annals of proprietary medicines. We leave it to you to decide as to the probable merits of an article with such a solid foundation.

After she had taken it a week she had a rousing appetite, and did her everything. She took three bottles, and was the best three dollars I ever invested. 2

SCROFULA

and all scrofulous diseases, Sores, Erysipelas, Eczema, Blotches, Ringworm, Tumors, Carbuncles, Boils, and Eruptions of the Skin, are the direct result of an impure state of the blood.

To cure these diseases the blood must be purified, and restored to a healthy and natural condition. AYER'S SARSAPARILLA has for over forty years been recognized by eminent medical authorities as the most powerful blood purifier in existence. It frees the system from all foul humors, enriches and strengthens the blood, removes all traces of mercurial treatment, and proves itself a complete master of all scrofulous diseases.

A Recent Cure of Scrofulous Sores.

"Some months ago I was troubled with scrofulous sores (ulcers) on my legs. The limbs were badly swollen and inflamed, and the sores discharged large quantities of offensive matter. Every remedy I tried failed, until I used AYER'S SARSAPARILLA, of which I have now taken three bottles, with the result that the sores are healed, and my general health greatly improved. I feel very grateful for the good your medicine has done me. Yours respectfully, MRS. ANN O'BRIAN."

148 Sullivan St., New York, June 24, 1882.

All persons interested are invited to call on Mrs. O'Brian; also upon the Rev. Z. P. Wilds of 78 East 54th Street, New York City, who will take pleasure in testifying to the wonderful efficacy of Ayer's Sarsaparilla, not only in the cure of this lady, but in his own case and many others within his knowledge.

The well-known *writer on the Boston Herald*, B. W. BALL, of *Rochester, N.H.*, writes, June 7, 1882: "Having suffered severely for some years with Eczema, and having failed to find relief from other remedies, I have made use, during the past three months, of AYER'S SARSAPARILLA, which has effected a *complete cure*. I consider it a magnificent remedy for all blood diseases."

Ayer's Sarsaparilla

stimulates and regulates the action of the digestive and assimilating organs, renews and strengthens the vital forces, and speedily cures Rheumatism, Neuralgia, Rheumatic Gout, Catarrh, General Debility, and all diseases arising from an impoverished or corrupted condition of the blood, and a weakened vitality.

It is incomparably the cheapest blood medicine, on account of its concentrated strength, and great power over disease.

AYER'S Hair Vigor

restores, with the gloss and freshness of youth, faded or gray hair to a natural, rich brown color, or deep black, as may be desired. By its use light or red hair may be darkened, thin hair thickened, and baldness often, though not always, cured.

It checks falling of the hair, and stimulates a weak and sickly growth to vigor. It prevents and cures scurf and dandruff, and heals nearly every disease peculiar to the scalp. As a Ladies' Hair Dressing, the VIGOR is unequalled; it contains neither oil nor dye, renders the hair soft, glossy, and silken in appearance, and imparts a delicate, agreeable, and lasting perfume.

MR. C. P. BRICHER writes from *Kirby, O., July 3, 1882*: "Last fall my hair commenced falling out, and in a short time I became nearly bald. I used part of a bottle of AYER'S HAIR VIGOR, which stopped the falling of the hair, and started a new growth. I have now a full head of hair growing vigorously, and am convinced that but for the use of your preparation I should have been entirely bald."

J. W. BOWEN, proprietor of the *McArthur (Ohio) Enquirer*, says: "AYER'S HAIR VIGOR is a most excellent preparation for the hair. I speak of it from my own experience. Its use promotes the growth of new hair, and makes it glossy and soft. The VIGOR is also a sure cure for dandruff. Not within my knowledge has the preparation ever failed to give entire satisfaction."

MR. ANGUS FAIRBAIRN, leader of the celebrated "Fairbairn Family" of Scottish Vocalists, writes from *Boston, Mass., Feb. 6, 1880*: "Ever since my hair began to give silvery evidence of the change which fleeting time procureth, I have used AYER'S HAIR VIGOR, and so have been able to maintain an appearance of youthfulness—a matter of considerable consequence to ministers, orators, actors, and in fact every one who lives in the eyes of the public."

MRS. O. A. PRESCOTT, writing from 18 *Elm St., Charlestown, Mass., April 14, 1882*, says: "Ten years ago about two-thirds of my hair came off. It thinned very rapidly, and I was fast growing bald. On using AYER'S HAIR VIGOR the falling stopped and a new growth commenced, and in about a month my head was completely covered with short hair. It has continued to grow, and is now as good as before it fell. I regularly used but one bottle of the VIGOR, but now use it occasionally as a dressing."

We have hundreds of similar testimonials to the efficacy of AYER'S HAIR VIGOR. It needs but a trial to convince the most skeptical of its value.
