CONGRESS.

Mr. Edwards' affair.—The committee of investigation are making diligent progress in the affair of Ninian Edwards. They meet either collectively or distributively, every afternoon, and are usually occupied till ten o'clock at night. The messenger got to Wheeling a few minutes before the steam boat left there for Louisville, and went on immediately to the latter place, where it is expected he will overtake the object of his journey. Whether the House are to be detained by this affair, seems yet uncertain. I think it not improbable, especially if, as is most likely, a great deal of feeling is excited by the discussion. You have seen that the joint committee have reported a resolution for adjournment on the 19th, but the report and resolution were laid on the table, till some farther news shall be received as to the probable time of Mr. Edwards' arrival, and the course is decided that is to be pursued when he comes.

Much suspense is felt on Lowrie's affair. I presume it will end in this: a letter may have been produced and read, as he says, and of somewhat the general tenor he describes, but not warranting by any of its language, the strong representation he has given of it. So that, in the end, no imputation of falsehood or wilful misrepresentation can attach, with any fatal effect, to either party.

Greek Fund.—The sub-committee of this Fund have transmitted, by the packet ship New York, to Baring, Brothers & Co. the sum of \$31,932 29, being the whole amount in the hands of the Treasurer. Other collections will be forwarded as soon as received. The various swords, pistols and ammunitions, will be forwarded to Leghorn by the first opportunity, and placed in safe hands at the disposition of the Greek chiefs.

The legislature of Connecticut assembled at New Haven the 5th inst. We learn that Ralph J. Ingersoll, Esq. has been chosen speaker of the House of Representatives. This legislature, like those of all New-England, will be in favor of Mr. Adams for President.

The Supreme Court of the United States has decided against the right of the state of Ohio to tax the United States Branch Bank, and ordered the money, \$98,000, to be restored. We presume this decision relates to all the states.

Fire.—The workshop and machinery of the U. S. States' armory at Harper's Ferry, were entirely consumed by fire on the morning of the 8th inst.—Two hundred workmen were employed at this place, and their loss is estimated at from \$10 to \$20,000, in consequence of being thrown out of work; besides about \$100,000 of public property in which are included 700 finished muskets, entirely destroyed. The fire is supposed to have been the work of an incendiary.—Ev. Post.

Col. Robert Nichol, a member of the parliament of Upper Canada, while returning from Fort George to his residence in Stamford, in a one horse wagon, on the evening of the 3d May inst. was precipitated from Queenston Heights, a distance of 300 feet, and instantly killed!

Married.

On the 10th inst. by S. G. Gage, Esq. Mr. CHAS. SMITH, of Benton, to Miss THALIA ANN OWEN, of this town.
In Junius, on the 5th inst. Mr. THOMPSON BEADLE, to Miss NANCY M'GOWEN.—On the 9th, Mr. REED STARKS, to Miss ELIZA BROWNELL.
In Beth, on the 29th ult. Mr. REUBEN ROBE, to Miss NANCY WHITING.
At Danube, Mr. Daniel Roff, 3 feet 8 inches high, to Miss Mary Potten, 3 feet 6 inches high. [Communicated by a man 4 feet 11 inches high, for the Herkimer American.]

Died.

In Romulus, Seneca co. on Wednesday last, Miss MARY MATILDA HOUGHTLING, eldest daughter of Doct. James Houghtling, late of this village, aged 16 years.
At Newtown, Long-Island, on the 24th ult. aged 35 years, Mr. STEPHEN TIPPETS, a native of this state, but for many years a resident of Alexandria, on the Red River, Louisiana. Mr. T. left home for the benefit of his health and to visit his relatives in this place. During the voyage to New-York his health continued to decline, and when arrived at Newtown he closed his earthly career. He has left a wife and two children at his late residence.
In Urbana, Steuben county, on the 10th instant, VINCENT M. HAMMOND, son of Lazarus Hammond, Esq. aged 14 years.
At Nixonton, N. C. on the 26th April, DUDLEY SALTONSTALL, Esq. formerly of Canandaigua, and a native of New-London, Conn. aged 54 years.—Those who best knew, most valued him for his many estimable qualities; particularly for his genius, learning and integrity. It is consoling to his friends that his life was closed in entire resignation to the Divine will, and in the fulness of faith and hope in his Saviour.—[Communicated.]

In Morrisville, Madison county, on the 27th ult. Mr. THOMAS MORRIS, aged 64 years. The deceased was originally from Dudley, Mass. and came into this part of the state about thirty years since, when it was almost a perfect wilderness. He was the first person who made a settlement in this village, after which it bears its present name. He has lived to witness the spot which he selected for his residence on earth, converted into a pleasant & flourishing village, and its inhabitants a thriving and happy people. To those who followed him into the wilderness, he was their father and benefactor. He was their counsellor and friend. Through life, he has sustained a character for honesty and integrity upon which the shades of suspicion never rested. He was anxious to all those who knew him by rendering those kind offices which constitute a good neighbor and a friend in time of need. The large concourse of relatives and acquaintances, who assembled to pay the last tribute of respect to their departed friend, bore ample testimony, that in life he was beloved, and in death lamented. He has left an aged widow and a large and respectable family to mourn his exit, from time into eternity.—But while they drop the tear of sorrow and affliction at the loss of a kind husband, and an indulgent parent, they ought to be consoled with the reflection, that he died with a bright and well founded hope, of a glorious immortality beyond the grave.—Observer.
In Poughkeepsie, on the 23rd ult. of a lingering pulmonary complaint, Miss LOUISA M. DAVIS, daughter of William Davis, Esq. in the 19th year of her age.
On the 5th inst. in Philadelphia, whither she had gone on a visit to her friends, Mrs. SUSAN DE WITT, wife of Simon De Witt, Esq. of Albany, and second daughter of the late Doct. Linn, of N. York.

SHINN'S PANACEA.

THE subscriber having discovered the composition of Swain's celebrated PANACEA, has now a supply on hand for Sale; he has reduced the price from \$3.50 to \$2.50, or by the dozen \$24.

All charitable institutions in the United States, and the poor, will be supplied gratis. If the citizens of the principal towns will appoint an agent to order and distribute this medicine to the poor, it will be supplied.

This medicine is celebrated for the cure of the following diseases: "scrofula or king's evil, ulcerated or putrid sore throat, long standing rheumatic affections, cutaneous diseases, white swelling and diseases of the bones, and all cases generally of an ulcerous character, and chronic diseases, generally arising in debilitated constitutions, but more especially from syphilis, or affections arising therefrom, ulcers in the larynx, &c. and that dreadful disease occasioned by a long and excessive use of mercury, &c. It is also useful in diseases of the liver."

CERTIFICATES.

I have within the last two years had an opportunity of seeing several cases of very inveterate ulcers, which having resisted previously the regular modes of treatment, were healed by the use of Mr. Swain's Panacea, and I do believe, from what I have seen, that it will prove an important remedy in scrofulous, venereal and mercurial diseases. N. CHAPMAN, M. D.

Professor of the Institutes and Practitioner of Medicine in the University of Pennsylvania.

I have employed the Panacea of Mr. Swain, in numerous instances, within the last three years, and have always found it extremely efficacious, especially in secondary syphilis, and mercurial diseases. I have no hesitation in pronouncing it a medicine of inestimable value.

W. GIBSON, M. D. Professor of Surgery in the University of Penn.

JOHN SHINN, Chemist. Philadelphia, February 17, 1824.
