COLUMBIA HOLDS INDOOR GRADUATION

The annual spring commencement exercises of the College of Fine Arts and Music, the College of Architecture and Engineering, and the School of Business and Economics were held on the campus at University Heights. The exercises included the conferring of degrees upon the graduates, the presentation of medals and other honors to the students, and the selection of the class officers. The exercises were conducted by the principal of the college, Professor J. W. W. Dunlop, and the class officers, as well as by the faculty members of the college.

GOAT GETS GOAT OF BRONX POLICE

Among the animals that have been brought to the attention of the police in the past few years, the goat is a common sight. The goat is a small, agile animal that is able to climb fences and walls, and it is often used as a means of escape. The goat is also used as a means of transportation, and it is often used to carry food and other goods. The goat is a popular pet, and it is often kept in the city. The goat is also used as a means of recreation, and it is often seen in the city. The goat is a popular pet, and it is often kept in the city.
