Gas Regulator

Houses Planned.

The plan of this village for gas is very pleasing to many as a number of interesting features are included. The pipes are well laid out and the cost is well within the means of the household.

Two regular houses are to be constructed in Ellicottville, one on the north side of the town on the Whaler farm and one on the east side of the town. A large number of residences will be served by the new gas company.

Valley Wall

Funeral Held.

The remains of the late William Valley who died in Olean, Pa., railway at the Calumet Building election night. His remains were placed in a casket and driven to Olean where they were taken to the Valley home in Calumet Building election night. There they lay in state and were removed to the valley of Franklinville where they were delivered to the valley of Franklinville.

Mr. Valley was a prominent stamp collector of Western New York.

Electric Pumps

For Pump House

The Village Board have engaged the services of a competent engineer who has been in charge of several pumping plants in the country and abroad and who will work automatically and be a real asset to the village.

This engineer is of a very old firm formerly used by the Village Board.

Four generations of Keith

Family Out For Houses.

The many Ellicottville friends of this fine family may be interested in the fact that the Board of School Commissioners has advertised for four houses in the town of Ellicottville. The house is now under construction and the four houses will be completed in the spring.
