GLORIOUS 4th

Next, but B 4 then you should be the happy owner of a Gas Range. Please remember that we do all the necessary piping to couple up the stove, for the bare cost of the stove itself.

Our family Range at \$15.00 is the cheapest stove on the market today, and the capacity of this stove is really twice that of the ordinary coal Range. We have hundreds of families in Lockport using our stoves, which put the matter beyond the experimental point.

IN THE CHURCHES.

MEETING AT SHAWNEE

REV. MR. NYCE TO THE L. U. S. GRADUATING CLASS.

CHILDREN'S DAY AT THE BAPTIST CHURCH.

Generally Interesting Services Yesterday.

FIRST PRESBYTERIAN CHURCH.

There was an unusually large congregation at the First Presbyterian Church yesterday morning, the especial occasion being the expected baccalaureate sermon of Rev. Mr. Nyce to the graduating class of the Lockport Union School.

The class, some forty in number, occupied the first dozen front pews on both sides the main aisle. The class colors were conspicuous.

The devotional exercises included a solo, "The Holy City," by Miss Helen Wilson of San Francisco, the guest in our city of Mr. and Mrs. James Compton of Waterman street. Miss Wilson has a rich contralto voice and pleased all.

Rev. Mr. Nyce's text was Hebrews, 13, 8, "By faith Abraham, when he was called to go out into a place which he should after receive for an inheritance, obeyed; and he went out not knowing whither he went."

The very able and highly appropriate effort was mainly devoted to the last clause of the text "And he went out not knowing whither he went." Faith was held up as the proper guiding star in all human action. This idea was enforced in an earnest and eloquent way. At the conclusion of the discourse proper members of the graduating class arose in their places and were briefly and specially addressed by Rev. Mr. Nyce who practically applied the words of the text to the peculiar situation in which they were placed about to go out into the world.

The extremely interesting services were closed with prayer and the benediction.

CLINTON STREET M. E. CHURCH.

The exercises last evening were very appropriate to Children's Day under the charge of Superintendent John B. Jellings. The recitations, songs and choruses reflect great credit on the committee in charge.

Anthem by the choir, Twilight; duette, Flossy and Elva Jellings; singing, Lettie Henderson; recitation, Nellie McIntyre; recitation, class of boys; recitation, Gladis Osborne; duet, Misses Spinner and Henderson; recitation, Bessie Drake; recitation, Frances Cunningham; solo, Maggie Robison; recitation, Belle Woodworth; recitation, Clarence Marshall; anthem by choir, Little Children; recitation, Iva Jones; recitation, Clifford Louth; recitation, Sadie Bradley; singing, Children's Day, class of girls; recitation, Gladis Webb; duet, Flossy and Edna Jellings; collection; singing, No. 85.

ST. JOHN'S CHURCH.

The services were as usual, conducted by Rev. J. J. Sheehy, who preached at both masses. At 3:30 the Children of Mary and St. Aloisius' Band formed a procession after which Benediction of the Most Blessed Sacrament was sung.

BAPTIST CHURCH.

The services at the Baptist Church yesterday, both morning and evening, were attended by large congregations. Rev. Benj. L. Herr delivered an able sermon at the 10:30 a. m. service, taking for a text "The Effect of Man's Fall Upon Nature."

He said, in brief: "As man views the face of nature there is much to please and admire but a closer inspection reveals the presence of blemish and blight."

"Thistles choke the grain, fruit is blasted and the beholder who looks for perfection and the husbandman who looks for fruit are alike disappointed."

"Whence come these sorrowful things? Is it due to the weather or to the lack of skill of the farmer or to some more subtle and mysterious cause?"

"The weather reports speak of climatic disturbances, but the Bible! account speaks of sin."

After his fall man found that the earth yielded her evil things rather than her good. The hand writing of God in the thistle and the weed is visible evidence of the fundamental sorrow of sin. Labor became weariness and the cry of overburdened humanity has ascended to God from that time to this. Sin is the master key that unlocks the mysteries of all earth's sorrows; righteousness is the master key that discloses the secrets of the abiding joys that are, and those that shall be.

Man looks, however, by faith for a golden future. Nature was bound by sin to her present disabilities until the redemption of man's body should usher her into that liberty from which she fell. As for the sake of man's sin she was cursed, so through his redemption shall she find blessing."

The Baptist Sunday-school observed Children's Day last evening. The pulpit was handsomely banked with plants and flowers. The recitations

and songs of the children and choir gave evidence of very good training, and the part taken by the primary department was especially interesting.

Yale Arrives at Poughkeepsie.

POUGHKEEPSIE, N. Y., June 21.—Yale is here. The blue floats over the boathouse and the training quarters, and the boating colony has a score more added to its already large numbers. The arrival of the brawny giants will now make it possible for the collegiate experts, who have picked winners and condemned methods, to change their opinions.

That the men will be in the race is apparent. Never was seen such a lot of stalwart looking men. The eight, as picked to row on varsity day, weigh just 122 pounds more than the Cornell men and about 40 pounds more than the Harvard boys. When they row over the course for the first time they will be watched by hundreds of anxious eyes. So far as can be seen, they form as equally a formidable crew as Yale has ever had.

BUFFALO, June 21.—Michael and Fred Titus will ride a 10-mile race, paced, in this city on July 5. The men are allowed 18 pacemakers.

New American Road Records.

Farley of the Century Cycling Club of Colorado Springs have established over the Denver road race course the following American road records: Five miles, 11:36; ten miles, 23:35; fifteen miles, 36:42; twenty miles, 50:17; twenty-five miles, 1:02:40; fifty miles, 2:01:10; seventy-five miles, 3:45; one hundred miles, 5:14:39.

The former records were: Five miles, none; ten miles, 27:05; fifteen miles, 37:03; twenty miles, 53 minutes; twenty-five miles, 1:10:00; fifty miles, 3:10; seventy-five miles, none; one hundred miles, 7:00:00.

Kellar Grows More Mysterious.

Kellar, the magician, who mystified and delighted a large audience at the Opera House in Lockport last winter, after a successful season, put himself off at Buffalo for the summer season, to practice up new tricks for next season. He has gone his famous blue room one better, in perfecting the Roccrocutum mystery. This illusion he produces in any room or open space, as no reflecting mirrors are used. The illusion consists in his body being seen in two places at once—to all appearances. His head will appear to leave his shoulders and float in space, returning when beckoned, and so on. Kellar is certainly a wonder.

A GAME FOR MONEY.

We, the United Indurated Fibre Co. B. B. Club, do hereby accept the challenge of Gardner's Foundry to play a game of base ball Saturday p. m. July 3 d for the sum of twenty seven (\$27.00) dollars at Reed's Park. We also challenge any factory team in the city for same amount.

Jung of 568 Genesee street, Buffalo, after suffering six years from an obstinate skin disease was cured by two boxes of Barnes' Kidney and Liver Pills which also cure Rheumatism, Bright's Disease, Diabetes, Constipation, Biliousness, and all blood and stomach affections. Price, 25c. a box.

A Hot Game Which Didn't Materialize.

The game of baseball which was advertised to be played on Reed's diamond yesterday between Palmyra and Albion teams did not occur. In its place was played a game between Lockport and Gasport teams. The game was won by Lockport, the score being 23 to 3. A large crowd had assembled to witness a grand game between two good teams and were disappointed and disgusted by being imposed on. The street cars did a big business as the advertisers of the fake game probably intended they should, but Lockport people cannot always be taken in and will probably show their appreciation of the little fake trick by staying away from future advertised big games.

OBITUARY.

MR. CHARLES H. LEONARD.

Niagara county has sent forth many young men whose names and records are held in high estimation. One of these has lately fallen. Mr. Charles H. Leonard, formerly from Mapleton, whose death occurred some two weeks since at Phoenix, Niagara. He was the son of Des. Allen Leonard of the parish of Mapleton. Some seventeen years ago he emigrated with many of his fellow citizens to North Dakota. The towns and churches of that region were organized from the best blood of Niagara county. Mr. Leonard was among the most enterprising promoters of agricultural and kindred enterprises. After some years, the health and vigor of his intellect and his commanding influence, led him to engage in one of the irrigating enterprises of Arizona.

His efforts were crowned with honorable success, but disease laid its hand upon him, and he fell, universally mourned through the large range of his acquaintance.

In his own country, he was most favorably known in connection with the cause of education. In the world of business, he had the rare ability to inspire confidence that thus inspired was never forfeited. He was a man to be trusted and loved. More than this, he was a Christian, and that in no common-place or formal sense. Wherever he went, he stood in the forefront of church enterprises. As an elder, in the Presbyterian body, he was honored and loved. His Christianity was not merely ecclesiastical. He found his way to many hearts, and their indifference and infidelity were won over to a true faith in Christ. During the fading months of his life, such efforts were peculiarly happy and successful. His faith was a power. There are crowns reserved for such. May our country send forth many young men, modeled after Charles H. Leonard.

The funeral will be held from the house at 8:30 Tuesday morning and one-half hour later from St. Patrick's Church. Interment at St. Patrick's cemetery.

Cataract Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

Sammy Kauffman tickled the hearts of Olcott maids by that "awful swell" bicycle suits. He said it was all his own.

A number Lockport of cyclists braved the cold wind yesterday and rode to Olcott where they sat on the piers for hours waiting for the bite which never came. A number of bad spills occurred on the sidepath, the worst of which, befell a well-known painter of this city. He took a pretty "header" and using his mouth for a shovel, dug a ditch in the dust. He is said to have plenty of sand in him, however, and does not mind the fall. His brother,
