GLORIOUS 4th

Next, but 4 then you should be the happy owner of a Gas Range. Please remember that we do all the necessary piping to couple up the stove, for the bare cost of the stove itself.

Our family Range at \$15.00 is the cheapest stove on the market to-day, and the capacity of this stove is really twice that of the ordinary coal range. We have hundreds of families in Lockport using our stoves, which put the matter beyond the experimental point.

A PANIC.

Horses Frightened by Firemen's Parade at North Tonawanda, Cause Haves and Fatally Injure a Child.

Yesterday was Fireman's Parade Day in North Tonawanda and the fire ladders of the Lumber City did themselves proud. The Citizens' Band of this city were one of the best attractions of the parade.

During the progress of the parade, a team of horses hitched to a moving van bolted and dashed through the crowd. In the mad rush to get out of the way baby carriages were overturned and children were trampled upon by frightened men and women. A little boy, named Powley Sage, five years of age, was unable to escape from the horses and was trampled under their feet. The little fellow was carried to his home and it is expected he will die. The horses at last collided with a telegraph pole and stopped. Furniture was scattered all along the course of their run. In the panic a baby of Mrs. John Henning was thrown from its buggy and badly bruised under the feet of the crowd. It will probably recover.

Constantine Electrocutated.

Auburn, N. Y., June 22.—Giuseppe Constantino paid the penalty for the death of his fellow countryman, Pietro Gallotti, to-day at noon in the prison here. The execution was a fairly successful one. Five shocks were necessary to produce death.

BALTIMORE, June 22.—The Champions lost both games to New York through their inability to hit Rusie and Meekin, particularly Rusie, who, in the first game, held the Orioles down to five scattered hits. The big Hoosier's support was faultless.

In the second game the Birds lost a chance to tie the score in the ninth through poor coaching. George Davis was unmercifully gamed by the crowd each time he came to bat. Loud cries of “Peaches” and “Kittens” were directed at him, but he refused to be rattled. Attendance 6,675. Score:

Colts Defeat the Pirates.

SMITH ACCEPTS HALL'S DEFI.

Lockport, N. Y., June 22, 1897.
Sporting Editor Journal

Please announce in the columns of your paper that I, the undersigned, do hereby accept the challenge of Master Willis Hall to ride a 10-mile match bicycle race on the Fair Grounds on Thursday next, June 24, on condition that there be no pace-making and that the one who is beaten shall not attempt to explain the cause of his defeat in the papers. I defeated Hall on the Fair Grounds last year in a ten-mile match race and he said the race was entirely fair, but afterward said the race was unfair. If I lose I will not protest and neither should Hall.

SUBURBAN DAY.

The Great Handicap Race Was Run To-Day

New York, June 22.—This is Suburban Day and better weather could not have been desired for the running of the big handicap at Sheepshead Bay. The track was fully as fast as on any previous running of the big stake, but the class of horses engaged is by no means up to the standard. Ben Brush is the choice.

STOLE A SWEATER.

But Mr. Ed. Hoffmaster Stopped Him And He Gave It Up.

A young thief was nicely caught by Mr. Hoffmaster, of Pound's clothing and furnishing store, last Saturday night. The young man noticed some fine sweaters, which were displayed in front of the store, at about 10 o'clock that night, and, when unseen, quietly snatched one and made off with it. Mr. Hoffmaster noticed the loss and questioned Mr. Hoffmaster. Mr. Hoffmaster had suspicions, and when the young man appeared again, about one hour later, to buy something else, Ed. told him Mr. Hoffmaster would like to see him. The young man at first objected to waiting, but was by force compelled to, and at last confessed. He led the way to the place where he had hidden the sweater, and Mr. Hoffmaster let him go upon his promise to keep his hands off hereafter. The young man is one of those who was recently arrested for breaking into Gould's coal office on Lock street.

A Quiet Wedding.

It may be quite a surprise to many to learn that Miss Edith, youngest daughter of Hon. John F. Little, the popular Republican Supervisor from the 3rd Ward, was married a short time ago to a gentleman from Cleveland who came to Lockport to reside and engage in business. His name is Justin R. Duvall, and his father is a capitalist in the big western city above named. He is the vice-president of the New York Seed and Grain Separator Company recently formed, the main office of which is in the Y. M. C. A. Building. The happy young couple went out for a drive in the country two weeks ago last Sunday, and as their engagement had been announced, they decided to go to the residence of a minister, and be quietly married. This they did. They did not, however, tell any of their relatives or friends about their marriage until day before yesterday, and naturally enough, the news then caused a ripple of pleasurable excitement, surprise and sensation. On Sunday afternoon Mr. and Mrs. Duvall went to Brockport, where he is temporarily located, working in the interests of the Grain Sep. Co.

Both young people will have the good wishes of hosts of friends.

COMMON COUNCIL.

THE CITY FATHERS MET LAST NIGHT.

A Very Unimportant Meeting—We K Nearly All of the Routine Order.

Mayor Peterson was absent from the city yesterday, and, therefore, was unable to be present at the meeting of the Common Council last evening. He designated by a written communication, Ald. Foley to act as Mayor pro tem., which Mr. Foley did with pleasure.

A communication was read and referred from several property owners on Squires' Alley, stating that the communication, received by the Council some time ago from three physicians, and in which it was stated that the alley is in a dangerously unhealthy condition, is false as far as their frontage is concerned. The communication further requested that the physicians be prosecuted to compel them to keep their frontage in healthy condition and abstain from dumping refuse in the alley.

A petition from Mr. Charles Hatch, requesting permission to extend the Erie Railroad tracks across Transit street for the purpose of loading freight and produce, was granted.

The Mayor and City Clerk were directed to issue a city bond for \$10,000 for the purpose of repaying the Old Union School and deposit it with the City Treasurer to negotiate and deposit with the Treasurer of the Board of Education.

The Supt. of Streets was directed to roll, scrape and otherwise repair a number of city streets, and also repair several crosswalks.

SUNDAY BASE BALL.

Meeting of the Ministers and the Police Commissioners Last Night.

Last evening at the police headquarters the ministers of the city, Messrs. Watkins, Bailey, Tate, Gonnell, Blades, Nyce, Morden, Twitchell and Herr, met in special session with the Police Commissioners and District Attorney Hopkins.

The president of the Board, Mr. Mansfield, stated that the object of the meeting was to consider a complaint of the clergymen that baseball was an infraction of the Sunday law and should be suppressed.

The session lasted until after ten o'clock and much discussion, pro and con, was listened to. The clergymen contended that the law was clear and its infraction clear, and, therefore, the Sunday sport should cease.

The District Attorney declared, as did the Commissioners, that while this might be admitted, it would be impossible to get a jury to convict and therefore they did not see their way clear to enter into the matter unless public sentiment should become more pronounced on the subject.

It was also stated by Commissioner Lewis that “sport” was an indefinite term and covered bicycling on Sunday as well as base ball.

The feeling at the close of the conference was that the pending decisions on the same subject in the courts at Rochester would have a deciding influence upon the game here. It was also stated by another commissioner that he thought few more Sunday games would be played and the thing would die of itself.
