BIG ATHLETIC FIELD TO REPLACE SWAMP

Twenty-four acres in Van Cortlandt Park are to be reclaimed.

There is a final phase of work soon to begin on Van Cortlandt Park which will make it one of the leading playgrounds in the country. The improvement is to be the building of a large athletic field, which will be a football and track field. Owing to the fact that the field will be built over the swamp, a railroad train will be necessary to carry equipment to the site.
