JAMAICA AVENUE 'L' IS AN OLD STORY ALREADY

Public Takes It as a Matter of Course

SAVING OF TIME IN TRANSIT

Quietly, without demonstration of any kind, the 1300-1349 Jamaica Avenue street road went into operation Monday, September 24, running on regular schedule. There was no hurry, no bustle, no excitement on board, to give it the semblance of a rush. This was just another stage in the move to the 1349 Jamaica Avenue street road, which will be the terminal of the 'L' street road after a period of operation. In time, this street road will become the terminal for all through service on Jamaica Avenue.

In the meantime the new street road is already one of the most popular in the city. Not only does it add to the comfort of thousands who live on Jamaica Avenue and its vicinity, but it is also a valuable addition to the services of the street railway company. The new street road is already attracting so many passengers that it will be necessary to add more cars to the schedule.

Here is the story of the 'L' street road. It is a story of progress and improvement, and it is one that every citizen of the city should be proud of. The 'L' street road is a symbol of the city's determination to provide the best possible service to its citizens. It is a symbol of the city's progress and growth. It is a symbol of the city's commitment to the future.
