Having but recently purchased the foregoing, everything is new and in perfect condition. Must be sold by 20th inst.

ALF. BRABANT, 80 Commercial Block.

Daily Times

A WATERWORKS SYSTEM

Berlin, Ont., Greatly Pleased With Moffett, Hodgkins & Clarke's Work There.

The Daily News, of Berlin, Ont., 8th inst., gives the following description of the new waterworks system put in there by Moffett, Hodgkins & Clarke, of this city, and statements as to the satisfactory tests applied.

The long-expected public test of the Berlin waterworks took place yesterday, 18th inst., in the presence of a large number of spectators. Amongst those present, besides our own people, were Messrs. Moffett, Hodgkins and Freeman of the company; Mr. Oakliss, superintendent; Mr. Taylor, engineer; the mayor, council and other prominent citizens from Waterloo; Messrs. Dorris, Abraham, McIntyre, Burritt and Johnson, from Stratford, and many other outside visitors who were all greatly delighted with the splendid manner in which the water was thrown from the hydrants in all parts of the town. Before giving a detailed statement of the test it may not be out of place to give a short sketch of the history of this important feature in the advancement of Berlin. It is no secret that for years there was a general feeling amongst our citizens and property holders that we had really no efficient protection from fires, and that any time the whole town might be burned up without any possibility of staying the destruction. The whole village we had was a steam engine which might at any time be out of repair, and the tanks in different places which, while supposed to keep up, were never considered equal to the needs of a large fire. Waterworks were for years talked of, but no scheme placed before the people which generally commended itself to them. All kinds of plans and sources of supply were talked of, and still council and people were all at sea. The council of '86 got a waterworks fit, and sent a committee of the leading members on a tour of observation. They came back and offered to go into some kind of a temporary scheme if the people voted them $60,000. The ratepayers, however, voted it down about two to one. A plan was shown to the editor of this paper, nearly the same as the one finally adopted, though somewhat more expensive, and he became convinced of its feasibility, and both through the paper and to the council he urged that something be done in that direction. He explained the matter to other members of the council, who at once fell in with the idea, and it was unanimously agreed to advertise for tenders for works on the franchise system. This brought the firm of Moffett, Hodgkins & Clarke, Watertown, N. Y., to the scene, and after considerable examination into all its bearings, and the submission of plans for a scheme, which would give the best fire protection and at the same time a plentiful supply of good and wholesome water for domestic purposes, a contract was made and signed between the council and that company, the terms being that for the sixty-five hydrants, at points indicated on the map, a yearly rent of $5,200 was to be paid by the town, the company to bear the entire expense of the works and to get the revenue from private consumption. The contract was signed in July, '87, and the works commenced in April, '88. The superintendent of construction, who had charge of the whole business, was Mr. E. B. Oakliss, a gentleman whose quiet, courteous and unassuming manner has secured for him the good-will and esteem of all. Mr. C. F. Taylor has performed the difficult task of construction engineer, and from the fact that the system has stood the pressure of 180 pounds to the square inch, it is evident the work was well done. The officers of the Berlin waterworks company are:—President, Charles T. Moffett; vice do., H. Freeman; secretary, Henry C. Hodgkins. The cost of the works is about $90,000.

The two pumps have each a capacity of over a million gallons per day. There are 1000 tons of pipe, nearly nine miles long, in the system.

The test, as already stated, was made in the presence of a large number of people, and was highly satisfactory. The contract required six fire streams not less than 80 feet high at one and the same time through 100 feet length of 2½ inch rubber hose and one inch nozzles, from six separate hydrants on King-st. This was far exceeded, the streams being all thrown a perpendicular distance equivalent to 110 feet high. This was kept up for fully an hour and almost threatened to drown out the town. To give people an idea of the amount of water thrown it is estimated that it was about 1,800 gallons a minute. These streams were thrown by direct pressure from the pumps. After this the pumps were stopped and a trial was made as to what can be done by the stand pipe pressure or gravitation. Two streams were thrown from the hydrant in front of the postoffice, and it was found that the water was thrown just as high as when the pumps were in action, and there is no doubt that the entire six streams called for in the contract could have been thrown by the tower pressure alone. In the afternoon, tests on the outskirts of the town were made and found equally satisfactory. At the High school, the highest point in town, and the farthest from the pumps, two hydrants were opened and streams upwards of 80 feet high thrown, and on Wellington street a similar test was made with equal results. As there was no doubt that all over the system the pumps would throw streams far exceeding the requirements of the contract, they were stopped and the water tower being connected, the rest of the tests were made by gravitation at the following points:—Rear Breithaupt's tannery, corner of Ellen and Queen-sts, at Mr. Rumpel's corner, on the top of the hill, corner of Church and Albert, at the foot of the tower on Mary st. and on Courtland avenue, rear of the shirt factory. At all these points, with the stand pipe pressure alone, the streams thrown were from 70 to 100 feet high, varying with the elevation, thus exceeding the requirements of the contract, which were that each hydrant should have an effective service of 2 streams not less than fifty feet high.

New Patents.

The following list of patents granted to citizens of New York state, is expressly reported for the Times, by George W. Hey, solicitor of patents and counselor in patent cases, 8, 9, 10 and 11, Snow building, Warren street, Syracuse, N. Y.:

Philo M. Barnes, Lockport, buggy boot; Henry S. Blackmore, Mount Vernon, manufacture of sodium; Patrick F. Dooley, Malone, rail grinder; Charles A. Hinson, Mineola, two wheeled vehicle; Oscar S. Foster, Utica, attachment for bed bottoms; Oscar S. Foster and W. S. Foster, Utica, spring bed; George F. Gallagher, assignor of one-half to T. S. Moore, Rochester, furnace; Harvey F. Gaskill, Lockport, cut off valve gear; Elias C. Glasser, assignor to Steam Gauge and Lantern company, Rochester, tubular lantern; Torrey H. Gongware and H. K. Hanley, Elmira, lock for bicycles; John R. Goodwin, Brewerton, vehicle gear; Fred S. Greene, Rochester, perpetual brick kiln; John A. Just, Syracuse, apparatus for making chlorine; John A. Just, Syracuse, making chlorine; Emmet G. Latta, Friendship, assignor to Pope Manufacturing company, Portland, Me., velocipede; Rollo W. Moore, Olean, steam boiler; Mark Palmer, Syracuse, strap; Eugene Pringle, Gloversville, separable button; Alonzo Sedgwick, Poughkeepsie, assignor, by mesne assignments, to D. B. Barrell & Co., Little Falls, rolling machine; Alonzo Sedgwick, W. Wormersley, Poughkeepsie, and R. J. Brown assignors, by mesne assignments, to D. B. Barrell & Co., Little Falls, paper feeder; Isaac B. Sloot, Delhi, clamping attachment for mitre boxes; William L. Smith, Van Wie's, ice harvesting machine; Edwin Waldron, Cobleskill, car coupling; Albin Warth, Stapleton, cloth cutting machine; Howard W. Watkin, Poughkeepsie, watch regulator.

Out of a total issue of 360 patents, 30 were granted to citizens of this state.

Catarrh Cured.

A clergyman, after years of suffering from that loathsome disease, Catarrh, and vainly trying every known remedy, at last found a recipe which completely cured and saved him from death. Any sufferer from this dreadful disease sending a self addressed stamped envelope to Prof. J. A. Lawrence, 88 Warren-st, New York City, will receive the recipe free of charge. o15

Choicest quality Dixon maple sugar and syrup at Hungerford's.

Philadelphia sweet potatoes at Hungerford's.

New crop dried cherries and blackberries at Hungerford's.

Have

your watches repaired at George's, 2 Court-st. All work warranted.

All the latest novelties in smokers' articles, including J. L. [illegible] famous "Raw Leaf" 2 for a quarter cigar at C. A. Marion's New Cigar store.

Canes.

fine stock always on hand at 2 Court-st.

10:15—11 Discussion by the teachers: Parker's talks on teaching.
11—11:15 Recess.
11:15—12 Paper... Miss Kate Everett, Editor

AFTERNOON.

1:30—2:15 Physiology .... R. M. Moore
2:15—2:30 Recess.
2:30—3:15 Rhetorical Exercises Followed by Discussion... R. Sampson
3:15—3:30 Recess.
3:30—4:15 Query Box and Miscellaneous.

EVENING.

7:30—8:00 Entertainment by the school.
8:00. Address—to be supplied.

R. R. Bramish, secretary, F. M. Littlefield, president; executive committee, F. M. Littlefield, J. B. Smith, Miss Dallie Dorchester.

Railroad Matters.

Oswego Palladium: John B. Keats and James Clark have been promoted to the places made vacant by the removal of Messrs. Bell and Garrison, and Robert Jones has been given charge of the Niagara Falls run, formerly in charge of L. O. Rand. Thomas Cinny has been appointed extra passenger conductor. The removals were not unlooked for. It is said that more on the eastern division will follow.

A THEORY

The Oswego Palladium says:

A Palladium reporter received information this morning that the recent R. W. & O. rumors which have been freely circulated about the city, while misdirected to a certain extent, were still founded upon a basis. For a long time the New York Central, the N. Y. O. & W. and the D. L. & W. railway companies have controlled the freight and passenger traffic from this section to New York city, and it is to increase their business in this direction that the R. W. & O. have contemplated a consolidation with the New York, Susquehanna & Western railroad. This being effected, they would take the N. Y., O. & W. RR. tracks from Oswego to Middletown, where arrangements would be made to run to Jersey City by a connection with the N. Y., S. & W. This is the theory advanced by many railway men, who claim it would be perfectly feasible and state that such a change has been in prospect for some time.

Eczema, Itchy, Scaly, Skin Tortures.

The simple application of "SWAYNE'S OINTMENT," without any internal medicine, will cure any case of Tetter, Salt Rheum, Ringworm, Piles, Itch, Sores, Pimples, Eczema, all Scaly, Itchy Skin Eruptions, no matter how obstinate or long standing. It is potent, effective, and costs but a trifle.

Illuminate your residence while the procession pass by using the red fire torch just exactly the thing. For sale at Streeter, Brimmer & Olenn.

CRYSTALS.

[illegible] Watertown, N. Y.

Fun and Physic.

A guinea hen a considered musical in Spain. That doesn't surprise you in the least when you remember that Spain is the country where garlic is considered food.

Always avoid harsh purgative pills. They make you sick and then leave you constipated. Carter's Little Liver Pills regulate the bowels and make you well. Dose, one pill.

"Politician, ain't you?" he inquired, turning to the passenger immediately behind him.

"Yes, how did you know?"

"Breath."

Carter's Little Liver Pills will positively cure sick headache, and prevent its return. This is not talk, but truth. One pill a dose. To be had of all druggists. See advertisement.

First Base Ball Player—Did you go to Short stop's wedding to-day?

Second Base Ball Player—Of course I did.

First Player—How did it come off?

Second Player—Declared a tie.

More than half of all headache, biliousness, constipation, &c., can be cured in less time, with less medicine, and for less money, by using Carter's Little Liver Pills, than by any other means.

"Every rose has its thorn, you know, Mr. Willie," remarked Miss Everglade, as she refused him after a year's courtship.

"I know," was the stricken man's reply; "but roses don't eat caramels, go to the theater, and wear jewelry, and I think I'll make my next venture after about twenty years' meditation."

I have not used all of one bottle yet. I suffered from catarrh for twelve years, experiencing the nauseating dropping in the throat peculiar to that disease, and nose bleed almost daily. I tried various remedies without benefit until last April, when I saw Ely's Cream Balm advertised in the Boston Budget. I procured a bottle, and since the first day's use have had no more bleeding—the soreness is entirely gone.—D. G. Davidson, with the Boston Budget, formerly with Boston Journal.

O'Rourke (walking delegate)—An' who did ye say painted this picther, Teddy?

McGrogan—"I do you say in the catalogue that it was a Dutchman named Rembrandt?

O'Rourke—Hush, Teddy! Begob, there's no wan av that name in the painters' union! If they don't take down that "scab" work, Oi'll have the place boycotted!

Veracity got itself into a tight place at the court house yesterday. It fell between three judges and a general, three lawyers and an insurance man.

"Signorita, the waltz has begun, may I have the pleasure?"

"Excuse me, Signor, I do not like waltzing."

"And then perhaps you will allow me to converse with you and keep you company during this round?"

"Ahem!—Come. I think we had better dance."

Malarial disorders so often attack residents of large cities as of the country. Ayer's Ague Cure is warranted a safe and certain specific.

"To put this business on a cash basis, Mr. Peduncle," said the father of the young lady, "in case you should marry Irene you must have something to live on. What are your expectations?"

"Why, as to that, sir," replied the somewhat embarrassed young man, "I shouldn't expect much, of course, at the start, though it is kind of you to ask. May I inquire the amount of life insurance you carry?"

Hood's Sarsaparilla is a purely vegetable preparation, being free from injurious ingredients. It is peculiar in its curative power.

Dumley (overtaking Brown on his way home to dinner)—Aren't you rather late today, Brown?

Brown—Yes—washerwoman—washerwoman. I've had a hard day's work—washerwoman—washer woman.

Dumley—What are you mumbling "washerwoman" for?

A Good Investment

is that which yields large returns from a small outlay. Reader, the way is clear! No speculation, no chance, big returns! If you are like most mankind you have somewhere a weakness—don't feel at all times just as you would like to—headache today, backache tomorrow, down sick next week—all because your blood is out of order. A small outlay and what large returns! You invest in Dr. Pierce's Golden Medical Discovery and soon pure, fresh blood courses through your veins, and you are another being!

CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

Is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills makes a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them. In vials at 25 cents; five for $1. Sold by druggists everywhere, or sent by mail.

CARTER MEDICINE CO., New York.

Small Pill. Small Dose. Small Price.

NOTICE.—The annual session of the Board of Supervisors of Jefferson County commences at the Court House in the city of Watertown, on Monday, November 12, 1888. Accounts against the county may be mailed to me or left at the Clerk's office previous to such meeting. Your attention is also called to Chapt. 83, laws of 1861, and Chapt. 145, laws of 1882, requiring claimants against the county to present the same previous to the fourth day of the session. See laws referred to below.

J. STEARS, Jr., Clerk of the Board of Supervisors.

WHEN AND HOW ACCOUNTS ARE TO BE PRESENTED.

The act of 1861, Chapt. 83, as amended in 1882, Chapt. 145, provides a time and manner of presenting accounts for audit in certain counties, and also provides that such act shall apply to any county, the supervisors of which shall adopt the same. The act is as follows:

"The supervisors of the counties of Onondaga, Tioga, Oneida, Fulton, Oswego, Broome, Delaware, Cayuga, Orange, Jefferson, Richmond, Livingston, Chenango, Chemung, Ulster, Dutchess, Steuben, Niagara, Columbia and Herkimer, by their clerks, shall provide boxes with suitable inscriptions thereon and with openings in the top, to be kept in the offices of the clerks of said counties and in their charge under lock and key, in which shall be deposited by said clerks all the accounts and claims against said counties duly verified according to law, and whenever said board shall severally for themselves order, the clerks of said boards shall take from said boxes all bills and accounts against said counties which they shall then file and number, and it shall not be lawful for said board of supervisors at any one year to audit as against said counties any other bills or accounts than such as shall have been deposited in said boxes or others in their possession upon the morning of the fourth day of the annual meeting of said boards, except bills for the services of supervisors, their clerks and janitors, and except bills for services or disbursements rendered or made during the session of the board." 1d. 1 L. o15 d2wtd

My Poor Back!

That "poor back" is held responsible for more than its share of the sufferings of mankind. If your dog bites a man who kicks it, do you blame the dog? On the same principle the kidneys utter their protest against nervousness, impure blood, and resulting constipation. These force them to do extraordinary work in ridding the system of the poisons which are the result of effete matter retained in the blood. Then the sufferer says the back aches; the kidneys are diseased. "Not yet;" but they will be unless the nerves are strengthened, the blood purified, and the constipation removed. These are the causes of kidney troubles, and Paine's Celery Compound removes them quickly. Acts as tonic, purifying, and laxative effect, it also strengthens the weak kidneys, making it almost infallible in curing all diseases of the nerves and kidneys. If your hopes of cure have not been realized, try Paine's Celery Compound; it gives perfect health to all who complain of "their poor backs." *Price $1.00.*

THE **Mutual Life-Insurance Company**

OF NEW YORK, THE

Largest Life Insurance Co in the World

Its New Policy is the most liberal ever offered by any Insurance Company.

All claims are paid immediately upon acceptance of proofs of death.

The Distribution Policy of this company presents a most attractive investment feature. It is only means whereby the surplus arising from the premiums over the cost of the insurance on each policy in force during the Distribution period, but increases it by compound interest.

It is the Cheapest Company in which to insure, its large dividend reducing the cost of insurance below that of any other company.
