VOL. 35. N

A DESTRUCTIVE TYPHOON

18 Villages in Japan Suffer Severe Loss

The Loss of Life Was Enormous—36 Vessels Wrecked, Hundreds of Men, Women and Children Drowned.

Yokohama, N. C., Sept. 4.—A destructive typhoon of unusual fury spent its strength at Kachinowu, shortly before 10 o'clock on the 31st. All foreign ships in the harbor were blown ashore. With few exceptions the houses in the town were entirely destroyed or partly wrecked. The vessels were blown to pieces and the crews were all drowned. The wreckage, piled to the height of hundreds of feet, was a scene of horror. The loss of life was enormous.

The crew of an American steamer was seen today in reaching the drowning. A man named McNamee rescued a large number with a life from the lifeboat. The damage done by floods in Kifu prefecture, Japan, is alarming. Six hundred and eighteen villages suffered. 3,392 houses were washed away, 20 persons were drowned and 22,225 persons received relief.

Cholera is spreading among the foreign legation, and causing great alarm. The disease has broken out on the French ship, the 'Inconstant,' 'Machias' and 'Hans' on board the two Russian warships 'Zubka' and 'Bohre,' nine patients being out of 50 affected, and on board the British steamer 'Asidown.'

Italian steamers have also gone into quarantine with cholera on board. The disease in every case was traced to someone that supplied sailors with rum. No American boats are yet reported affected.

LAND TITLES CLOUDED

Over \$40,000,000 Worth of Property in Chicago Involved.

Chicago, Sept. 4.—The decision rendered yesterday by the acting secretary of the Interior in the case of George W. Sweater, P. T. Johnson and others, who applied to make homestead entry of land lying on both sides of the Chicago river, a mile in length in Lake Michigan, has caused considerable excitement in interested circles. The property immediately adjacent consists of 186 acres, extending from the river north to Oak street and from St. Clair street east to the lake. The value of the land is about \$40,000,000.

The decision is that the land does not belong to the United States government, but to the state of Illinois, and the fear is expressed that if it holds good the title to all the made land along the lake will be clouded. It has been asserted that no direct titles have been derived from the state of Illinois, and therefore all conveyances of the land in question are void.

It is seriously feared the compact just entered into between the city and the Illinois Central railroad for disposing of submerged lands on the lake front will bring into question the city's riparian right to that land.

A GOLDEN WEDDING

One of the Groomsmen and Both Bridesmaids Were Present.

Haverhill, Sept. 4.—The Hon. Frank Chamberlain and Mrs. Chamberlain celebrated their golden wedding yesterday. One of the groomsmen, Hon. S. Q. Carter, of Unionville, and the two bridesmaids, Miss Mary Rice, of Albany, and Mrs. Alonzo Beardsley, of Auburn, N.Y., were present at the celebration.

A Railroad Sold

Waco, Tex., Sept. 4.—The Waco & Northwestern railway, extending from Waco to Rose, Tex., 54 miles, was sold yesterday under foreclosure proceedings. W. F. Boye, of St. Louis, was the purchaser for \$1,500,000. He is intended to represent the Missouri, Kansas & Texas railroad.

Photographed the Eclipse

Los Observatorio, Cal., Sept. 4.—At the Lick observatory this eclipse was photographed by four observers, one working with the great telescope, one with a lens reflector and one with the large portrait lens. Swift's new camera was used during the total phase.

Cecil Rhodes Not Dead

London, Sept. 4.—The agent general of Cape Colony has received a cablegram stating that the rumors of the death of Cecil Rhodes, the premier of Cape Colony, are unfounded. Mr. Rhodes is in good health and attending to his business as usual.

Man Found Dead, Wife Arrested

Imperial, N. J., Sept. 4.—Charles Pepper, colored, a Pullman car porter, was found dead in his apartment here last night. A bullet wound was found in his chest. The wife was arrested on suspicion of having fired the shot.

Cuban Rebels Want Recognition

New York, Sept. 4.—Gonzalo de Guzman, secretary of the Cuban revolution party, will leave for Mexico today or tomorrow, having been appointed a commissioner to obtain from that country, if possible, the recognition of Cuba as a belligerent.

Party still entirely fresh and crisp at Watertown.

A HARMLESS LUNATIC

He Put in His Time Day and Night Without Sleep, Driving Imaginary Horses.

New York, Sept. 4.—The huge sugar carrying tramp steamer 'Osborne,' which arrived this morning from San Francisco, Java, had on board a fireman named George Bennett, aged 30, a native of London, who became insane on Aug. 15, the day after leaving Trinidad, and had not slept since. The man is a peculiar one, although harmless. He imagines he is driving horses, six or eight in hand, and day and night he is continually urging them on and speaking encouraging words to them. He is secured to a station on the upper deck during the day and loose rope ends are given him, with which he drives his imaginary horses. He eats ravenously when fed, but cannot be treated with dishes of horses' heads. Capt. Rogers says that at drops of laudanum but it had no effect on him.

UTAH POLITICS

The Democrats Making a Big Fight to Secure the Two Senators and One Congressman to be Elected.

Washington, Sept. 4.—Lawrence Gardner, secretary of the league of democratic clubs and secretary of the democratic congressional campaign committee, says that the representation of the new state of Utah in the United States senate will be equally divided between the so-called 'Whites' and the 'Mormon church'—one of each, no matter whether the democrats or republicans are successful in the ensuing state campaign. This, Mr. Gardner says, has been determined upon by the leaders of both parties in the embryo state, and another feature will be the fact that both senators will be of the silver persuasion. Chairman Cairne, of the Utah democratic state central committee, is very sanguine of success at the approaching election. He says his hope mainly upon the fact that the republican voters in Utah are newcomers and unmarried men in the majority of cases. On the other hand, the old settlers, Mormons and Gentiles alike, are mainly of the democratic faith. This includes the women, who will be permitted to vote the entire state ticket, which includes members of the legislature who will choose the United States senators. A recent decision of the supreme court of Utah threw down all the barriers as far as women are concerned and they will have the same rights so far as voting is concerned as their fathers, husbands and brothers do. Turning to the fact that this is the year of state elections, the congressional committee of our party, says Mr. Gardner, did not propose to take an active part in the campaign. But the new state of Utah has attracted so much attention that it could not be ignored, and hence the congressional committee has been doing pretty good service in that section of the country. Two United States senators and a congressman are now fighting for, especially in view of the narrow margin which divides the two parties in the proposed state. At the last territorial election there were 21,000 republican votes cast, 19,000 democratic and 500 populist.

Indian Ghost Dance Stopped to Time

New York, Sept. 4.—A Recorder special from Standish, Mich., says: The Indian camp meeting that was closed last Sunday night nearly created a serious outbreak. Mrs. Sterling, an Indian preacher, who is hot-headed and irrefragable, made a long address, in which she told the Indians of the deeds of valor of their ancestors and worked them up to a pitch of excitement that they started a host dance. The bucks were rapidly reaching a state of frenzy when an old Chippewa, Kwash, who is 100 years old and an influential man in the settlement, succeeded in stopping them. There were three who saw the glance become alarmed and fled for safety.

Population of the Twin Cities

St. Paul, Minn., Sept. 4.—The warfare that has been going on between St. Paul and Minneapolis, as to how many people each has, ended last evening with the announcement of St. Paul's population as 140,292. At the same time, Minneapolis had been counted and that the city's total would slightly exceed 188,000. In five years Minneapolis has added 20,000 to her population and St. Paul 7,000. There have been charges of falsification on both sides, but it is believed that the census for both cities is nearer the truth than any that has been taken in 15 years.

Injured by the Cars

Elwood, Ill., Sept. 4.—Ex-State Senator W. W. Edwin, M. D., while out driving yesterday, was struck by a passenger train and sustained frightful injuries, from which he may die. He was hurled quite a distance, and his escape from instant death was miraculous. He is one of the leading democratic politicians of central Illinois.

A Wicked Church

Savannah, Wis., Sept. 4.—Fred J. Church, son of the famous Yale sportsman and a graduate of Yale college, is accused of having appropriated about \$2,000 of the funds of the Oregon Improvement company, of which he was cashier. The shortage was made good by Church's father.

While in Chicago

While in Chicago, Mr. Charles L. Kahler, a prominent shoe merchant of Des Moines, Iowa, had quite a serious time of it. He took such a severe cold that he could hardly talk or navigate, but the prompt use of Chamberlain's Cough Remedy cured him of his ailment so quickly that others at the hotel who had bad colds followed his example and had a dozen persons ordered to the nearest drug store. They were given a few doses and were cured. For sale by Hon. H. Rice, druggist.

CYCLIST LENZ'S MURDERERS

The American Sent to Turkey to Ascertain the Fate of the Pittsburgh Man Has a Hard Time in Getting Redress.

ALBANY, N. Y., Sept. 4.—A letter dated Erenow, Aug. 10, has been received in this city from W. L. Sachtleben, who went from here to ascertain the fate of Lenz, the Pittsburgh cyclist. Extracts from it are as follows: "My only difficulty in this case thus far has been the lack of support from our minister at Constantinople. I received a long letter from him today, in which he says he has no army or navy to back up the demands for the money, and immediate arrest, trial and punishment of the murderers, whose names I have long ago sent; the dismissal of the official sent; the death of Lenz, either from negligence or willful inaction, and the payment of an indemnity of \$25,000. The present secretary of state, Richard Olney, seems to be a man better fitted than was Gresham to see that American prestige is upheld in Turkey, and I have strong hopes of yet seeing all these demands obtained, so they should be for all concerned the most judiciously conducted foreign relations with Turkey. For some weeks now I have been waiting to see the Turkish government take the proper steps to act on the information I have secured in spite of their objection. You have no idea how differently one must proceed here to obtain justice from the American method. The Turkish government will be used or vigorously threatened, and just now the threatening topic of Armenian reform measures being forced upon the Sultan by England, France and Russia, convince all the parts of the time, and minor questions suffer in consequence in a country where everything moves slowly."

THEY DID LET HER GO

A Rattlesnake Bites a Boy at a Camp Meeting—A Panic Among the Congregation.

Paris, Tex., Sept. 4.—During the progress of service at a camp meeting three miles from this city, last night, a boy named Collier was bitten by a rattlesnake. When the snake first made its appearance in the congregation there was great consternation. Collier was lying on the ground near the pulpit in a state of religious fervor. Those near him cried out a warning, to which he replied, "Let her go!" unconcerned of his danger. The snake coiled and with a hiss struck, fastening its fangs deep into Collier's hand. Collier, in extricating the reptile, threw it into the middle of the assembly, and a panic ensued. He was placed in a wagon and started on a race for medical aid. When he reached here he was almost dead. His condition is critical.

ANNUAL CONVENTIONS

Letter Carriers, Factory Inspectors and Postal Clerks.

Providence, Sept. 4.—The ninth annual convention of the Factory Inspectors' International association opened yesterday.

Chicago, Sept. 4.—The 21st annual convention of the Railway Postal Clerks' Mutual Benefit association opened here today. The annual report of the secretary showed a surplus of \$53,000, a gain of \$12,000 during the past year. The association has 3,446 members, 300 of whom have been added during the year. Eleven assessments aggregating \$50,000, were paid since the last report.

PHILADELPHIA, Sept. 4.—The sixth annual convention of the association of Letter Carriers was formally begun here yesterday.

The annual report of the financial secretary shows balances in the general fund of \$1,582.81, and in the Legislative fund of \$4,045.12.

A Would-be Suicide Will Recover

New York, Sept. 4.—A well dressed, middle aged man, who last night registered at the Northwestern hotel at James S. Baddock, of Warwick, Orange county, on his bed lying dressed and the gas escaping from an open burner. He was removed to the Hudson street hospital, where it was stated that it was probable he would recover. The police say the man had premeditated suicide.

The Vanderbilts Indignant

New York, Sept. 4.—The Tribune, on the authority of Cornelius Vanderbilt, is requested to deny the reports published yesterday that Miss Vanderbilt is engaged to be married to Moses Taylor. Mr. and Mrs. Vanderbilt are indignant over the unwarranted use of the name of their daughter.

They All Say So

What? That the Genesee salt for which Fred Purss is agent for Watertown and vicinity, is the best table salt factory salt in the market.

A DEFICIT OF \$13,000,000

In the National Treasury for Two Months of the Year

An Increase in Customs Receipts, but a Loss in Internal Revenue During the Last Fiscal Year.

WASHINGTON, Sept. 4.—The official comparative statement of government receipts and expenditures for the current fiscal year to date, and for the month of August, were issued from the treasury department yesterday. It shows the receipts for the two months of the current fiscal year to have been \$38,022,304, against \$75,236,943 for the corresponding months of the last fiscal year. Expenditures for the like period were \$71,136,284, against \$68,305,219 for the last fiscal year. Resources for which the revenues for the current fiscal year were derived are stated: Customs, \$21,748,131; internal revenue, \$25,070,712; miscellaneous, \$3,235,852. Expenditures for the like period were made on the following account: Civil and miscellaneous, \$17,809,181.60; war, \$11,900,064.22; navy, \$4,721,922.65; Indians, \$2,443,485.02; pension, \$25,037,776.90; interest, \$9,156,816.30. The receipts show a gain in customs as compared with the two months of the last fiscal year, of more than \$9,000,000, due almost wholly to the duty collected on imported sugar. In internal revenue a decrease of \$27,000,000 is noted, caused by the heavy withdrawal of spirits from bond during July and August, 1894, to escape the increased tax put on by the new tariff bill. In expenditures an increase of \$2,000,000 on the war account is shown as compared with the two months of the last fiscal year, \$1,500,000 on the Indian account, nearly a million on the pension account and \$1,200,000 on the interest account, due to the several new bond issues, aggregating \$142,400,000. A saving of nearly one million is shown this year over last in the navy account and nearly \$2,000,000 in the civil and miscellaneous account. For the month of August, just passed, the receipts were \$28,952,896 and the expenditures \$32,588,184, leaving the deficit for the month \$3,635,288. The treasury deficit for the fiscal year, or the excess of expenditures over receipts, is stated at \$13,113,854. Last year for the like period, the receipts had exceeded the expenditures \$9,921,725. NO DEBT STATEMENT. WASHINGTON, Sept. 4.—No debt statement has been issued from the treasury for August, as an error in the cash accounts prevented a balance being struck. A few minutes before 4 o'clock the error was discovered and a balance was struck. The debt statement will be made public tomorrow. The treasury balance as shown in tomorrow's debt statement will be \$184,039,156, which is \$103,829,837 in gold. Withdrawals of \$1,100,000 in gold for export to Europe were reported by Assistant Treasurer Jordan at New York late this afternoon. Unofficial advice reports \$2,000,000 in gold deposited by the syndicate today. This makes the gold reserve stand, with withdrawals and deposits accounted for, at \$101,229,837. The national bank note circulation outstanding on August 31, was \$328,406,173, an increase during August of \$957,285. Coinage was executed at United States mints during the month of August to the extent of 5,757,440 pieces, of the value of \$617,000. THE DEBT STATEMENT ISSUED. WASHINGTON, Sept. 4.—The debt statement issued today shows a net increase in the public debt, less cash in the treasury, during August, of \$2,815,418. Total cash in the treasury, \$629,900,345. ROLES OF THE MYSTIC SESSION. OFFICERS ELECTED AT THE ANNUAL SESSION OF THE IMPERIAL COUNCIL. NANTUCKET BEACH, Mass., Sept. 4.—At the annual session of the Imperial Council, Nobles of the Mystic Shrine for North America, the following officers were elected: Imperial potentate, Charles T. Fields, San Francisco; deputy imperial potentate, John T. Brush, Indianapolis; chief rabbi, Harrison Dingman, Washington; assistant chief rabbi, R. B. Harris, Detroit; high priest, and prophet, A. B. McAffey, Denver, Col.; oriental ruler, F. E. Allen, Kansas City; treasurer, W. S. Brown, Pittsburgh; recorder, William H. Brown, Boston; first grand marshal, W. H. S. Wright, St. Paul; second ceremonial master, T. J. Bishop, Albany; outer guard, H. K. Blanchard, Providence.

THE CUP RACES

The Racing Days Will be Sept. 7, 11, 13 and 14, Unless Changed—The Arrangement of the Contest.

New York, Sept. 4.—Commodore James D. Smith, chairman of the American cup committee, said today that the full program of the races would be made public today. The races will be started at 11 o'clock instead of 11:30, and the preparatory signal will be given at 10:30. The courses of the first, third and fifth races will be 1 1/2 miles to the windward or leeward and return, and the second and fourth will be triangular. A time limit of six hours will be set. Sandy Hook lightship will be chosen as the starting point in all cases, if possible. Should the direction of the wind make it necessary, however, the start will be made from a point farther off shore. No race will be started later than 3 o'clock in the afternoon. In case of a calm the start may be delayed until 1:30, after which the committee may exercise their discretion in regard to starting at all or postponing the race. Unless something unexpected happens the racing days will be Sept. 7, 11, 13 and 14, should five races be necessary. There is still some doubt in regard to the last of those dates. It may be changed by mutual consent.

BRITISH TRADES CONGRESS

Political Bogies Deplored—Ovation to the American Delegates.

Camden, Wales, Sept. 4.—At yesterday's session of the annual Trades Union convention, President Jenkins denounced the independent labor organizations amid constant interruptions. He declared that the independent anti-trades union party had been privately subsidized by the opponents of organized labor and challenged them to prove their accounts, showing when they got their funds. J. H. Wilson, M.P., of the National Sailors' and Firemen's union, moved a vote of thanks to President Jenkins, but the committee objected to the political bogies which the president had introduced into his address. He therefore moved that such expressions be omitted from the address, and that the offensive passage in the address be stricken out. David Holmes, vice-chairman, ruled that Corrie's motion was out of order and the vote of thanks moved by Wilson was carried.

HOW ARRESTS MADE

Of Persons Connected With the Train that Collided at Woodlawn.

BROOKLYN, Sept. 4.—The arrest by Coroner Kene of another man on a charge of criminal negligence for the Woodlawn collision on the Sea Beach railway, in which from 80 to 70 persons were injured, of whom one is dead, makes five men in custody as a result of the accident. The coroner also arrested the other four men, for the reason that Police Justice Cowenhoven had admitted them to bail. Coroner Kene arraigned the men this morning and then committed them to await the verdict of the jury on the death of William Postner, the only victim of the accident who has yet died.

A New Spike Plant

JOLIET, Ill., Sept. 4.—Ground has been broken by the Illinois Steel company at this place for a big spike mill, to cost \$1,000,000, and to employ 300 men.

REPUBLICAN STATE LEAGUE

The Eighth Annual Convention at Binghamton

The City in Gala Attire—Every Train Brings Delegates—The Opening Session Tonight.

BINGHAMTON, N. Y., Sept. 4.—The parlor car has prepared an enthusiastic reception for the delegates from the republican clubs of the state whose eighth annual convention will begin here this evening. The public buildings, business blocks and many private residences are handsomely decorated in honor of the event, and an assiduous reception committee is engaged this morning in meeting incoming trains, securing hotel accommodations and otherwise ministering to the comfort and pleasure of the city's guests. The advance guard of the republican league reached here yesterday and every train this morning has brought small parties of delegates, but the main body will not arrive until this afternoon and many are not expected until tomorrow, when the principal business session will be held. The executive committee of the state republican league will hold a meeting at the Hotel Bennett at 4 o'clock this afternoon, when the preliminary arrangements for the convention will be completed. At 7 p. m. the convention will open with a brief business session at the Stone opera house, at which the committees which are to report tomorrow will be appointed. At 7:30 p. m. the convention will resolve itself into a republican caucus, after addresses of welcome by Messrs. Taylor L. Arms and Dr. L. H. Hill on behalf of the city and the Broome county republican league, respectively, and a response by State Treasurer Addison B. Colvin, there will be several addresses by prominent republicans. Among the speakers expected are Hon. James H. Hoyt, of Ohio; Hon. Rowell H. Vorr, of Michigan; and Miss Helen Varrick Rowell, of New York, representing the women's republican association.

Tomorrow morning the officers and committee will meet and the election of officers and delegates to the convention of the republican national league to be held at Milwaukee in 1896 will take place. Tomorrow's program also includes discussion on "Best methods for successful republican league work" and "Duty of the republican press," which will be introduced by M. J. Dowling, of Minnesota, secretary of the republican national league, and Col. Robert F. Porter, of Cleveland, Ohio, respectively.

These features are in addition to any claims for the office of the league, but the delegations, which will arrive this afternoon are expected to bring several booms with them. It is said that New York city will probably have a candidate for the presidency. President George E. Green and Secretary Frederic J. Bryant, both of whom reside in this city, are not seeking re-election, but will not decline to serve another term if chosen by the convention. It is understood that an effort will be made to secure a declaration from the league upon the excise question. Upon this subject President Green said this morning to the State associated Press representative: "I hope the excise question and every other question upon which there is an honest difference of opinion among republicans will be discussed at this convention. The action of the league, of course, is not binding upon the party till the declaration of the regular state convention, but the representatives of the republican clubs have a right to express their opinions upon public questions and such expressions should not be without weight in determining the position of the party as to the excise question. I think I can safely say that a very large majority of the republicans of the state outside of New York city are unalterably opposed to any modification of the existing laws in the direction of Sunday opening. They will not countenance any action of the party which, to their minds, would endanger the observance of the American Sabbath, and should the party in its coming convention at Saratoga indicate the local opinion in favor of the Sunday closing question I fear it would forfeit the support of many thousands of its best members. I have discussed this matter during the last few weeks with leading republicans in all sections of the state and their expressions have satisfied me that it would be suicidal for the party to advocate any change in the existing Sunday law."

President Green this morning received letters from Gov. Morton, ex-Senator Warner Miller, and other prominent republicans, regretting their inability to attend the convention and wishing the league success in its work.

ADMIRAL KIRKLAND REPRIMANDED

For Issuing an Order Which was Unwarranted While at Kiel.

New York, Sept. 4.—A Washington dispatch to the Herald says: While awaiting the arrival of the German emperor on board the cruiser New York during the inauguration of the North Sea Baltic canal, at Kiel, the officers of the vessel were drawn up on the bridge. They were all in special full dress except the chaplain, who has no such uniform. While Admiral Kirkland noticed the clerical garb of the chaplain, the Rev. H. H. Clark, he held a hurried consultation with Capt. Evans, commanding the New York, and ordered the latter to direct the chaplain to go below. Capt. Evans objected on the ground that the chaplain was in the only dress provided by the regulations of the department, and being an officer he had a right to be on the bridge. The admiral, however, gave him a positive order to send the chaplain below, and the order was issued and obeyed. Chaplain Clark reported the circumstances to the navy department and his statements were corroborated by Capt. Evans. When Admiral Kirkland's explanation was the department declined to divulge, but a sharp letter of reprimand was sent to Admiral Kirkland.

For Republican This State T

Leut.-Gov. Saxton Th Political Situation -1 Will Be Nom

BUFFALO, N. Y., Sept. 4.—Saxton was among the 9 couple last night, on route to Buffalo, where he left this morning to view on the political on the lieutenant-governor thing looks bright for I was in New York a fe from the conversation and here in Buffalo, in outlook is most promi general and genuine olicans that we will win "What do you think position of the ticket is?" "It will be the old t sent of Roberts to avoid need settles that. Les that I think you will be for presidential po "Well, his prospects as they were before Pennsylvania. It is peated that Quay's de one at the name would support Harr good deal of talk. Reed and McKinley about Allison. Then great deal has been the state, but I do not will be a candidate. This state will be ma him the delegation, it be no opposition to think he has made u candidate."

SEVERE STORMS

Doing Great Damage in Central Illinois and Eastern Missouri—Wind, Rain, Hail and Electric Storms.

St. Louis, Mo., Sept. 4.—Reports received today from central Illinois and eastern Missouri state that last night's rain storm did a great deal of damage. In some places the wind reached the dimensions of a hurricane and telegraph and telephone wires were demoralized. At Macomb, Ill., trees and fences were blown down, corn badly damaged and three horses were killed by lightning. At Arcola, Ill., the wind blew down roofs and signs and overturned small out-buildings. At Danville, Ill., many chimneys and trees were blown down. The storm is reported to have done great damage in the country a few miles north of Danville. At Canton, Ill., the electric storm was the worst ever known. At New London, Mo., the heaviest hail storm ever experienced in that section swept over the city. Some of the stones measured 12 inches in circumference, and weighed eight ounces. A heavy rain followed the hail storm and flooded the low lands. Throughout Pike county, Mo., the storm was very severe, but no casualties are reported. At Louisiana, Mo., the river rose six feet in less than two hours, and many persons in the low lands were obliged to move to upper stories of their buildings.

RELEASED AND REARRESTED

A Double Sentence Imposed Upon Chinamen—To be Again Tried.

Chicago, Sept. 4.—Four Chinamen, Lee Yee, Lee Quong, Lee Joe and Lee Yang, were arrested several weeks ago in Detroit under the extradition act, found guilty of conspiring to smuggle themselves into this country and sentenced to ten days in the Detroit workhouse at hard labor, and then to be deported. They were brought to this city en route to the Pacific coast, and stopped by a writ of habeas corpus. The position taken by the counsel for the prisoners was that the order of deportation was void because the commissioner had imposed a sentence of imprisonment. Judge Egan of the United States circuit court yesterday held that the commissioner had exceeded his power in assessing the imprisonment, and that rendered his judgment void, and ordered the four men released. Special Treasury Agent Craun, however, swore out another complaint, charging the four men with violation of the exclusion act, and they furnished bond in the sum of \$3,000 each. The attorneys for the men who may decide to test the law say no complications will arise before the commissioner, as they will prove that the men are members of Chicago business houses.

A BOON FOR PRIZE-FIGHTING

A Texas Judge Charges a Grand Jury Not to Investigate Glove Contest.

DALLAS, TEX., Sept. 4.—Judge Charles F. Clinton in a new grand jury yesterday and delivered a very conservative charge on the subject of prize-fighting. He said participants in glove contests should not be indicted, as he believed there was no law against pugilistic encounters. He would advise the grand jury to take no action, as he understood a test case would be submitted to the courts. Judge Clinton said the many art had its advantages and its enemies, and a court of law should not be called upon to legislate a test case had been passed upon, he did not believe the grand jury should investigate the glove contest advertised.

BEATY FIRE LOSS IN BOSTON

Boston, Sept. 4.—The Boston & Albany wharf and freight sheds in East Boston, known as Pier, Grand Junction docks, were destroyed by fire this morning. The sheds were filled with freight of various kinds, none of which could be saved. The fire was a fierce one and it was only by the hardest kind of work that the firemen prevented its spread to the other wharves and to buildings on Marginal street. Several dwellings caught fire from sparks, but were not badly damaged. The boats hanging in the davits on the steamer Cephalus, lying at the Concord wharf, took fire and the steamer was towed to a place of safety. The loss cannot be estimated at present, but it will be heavy.

As Imperial Crown Prince Very Ill.

New York, Sept. 4.—The Herald's Tokio dispatch says the illness of the Imperial crown prince has reached a very serious stage. His recovery is extremely doubtful.

Does your head feel as though someone was hammering it, as though a million sparks were flying out of the eyes? Have you horrible sickness of the stomach? Burdock Blood Purifiers will cure you.

Leut.-Gov. Saxton Th Political Situation -1 Will Be Nom

BUFFALO, N. Y., Sept. 4.—Saxton was among the 9 couple last night, on route to Buffalo, where he left this morning to view on the political on the lieutenant-governor thing looks bright for I was in New York a fe from the conversation and here in Buffalo, in outlook is most promi general and genuine olicans that we will win "What do you think position of the ticket is?" "It will be the old t sent of Roberts to avoid need settles that. Les that I think you will be for presidential po "Well, his prospects as they were before Pennsylvania. It is peated that Quay's de one at the name would support Harr good deal of talk. Reed and McKinley about Allison. Then great deal has been the state, but I do not will be a candidate. This state will be ma him the delegation, it be no opposition to think he has made u candidate."

SEVERE STORMS

Doing Great Damage in Central Illinois and Eastern Missouri—Wind, Rain, Hail and Electric Storms.

St. Louis, Mo., Sept. 4.—Reports received today from central Illinois and eastern Missouri state that last night's rain storm did a great deal of damage. In some places the wind reached the dimensions of a hurricane and telegraph and telephone wires were demoralized. At Macomb, Ill., trees and fences were blown down, corn badly damaged and three horses were killed by lightning. At Arcola, Ill., the wind blew down roofs and signs and overturned small out-buildings. At Danville, Ill., many chimneys and trees were blown down. The storm is reported to have done great damage in the country a few miles north of Danville. At Canton,
