I Cannot Praise Peruna Highly Enough for the Good it Has Done Me
MRS. JOHN HOFF.
Mrs. John Hoff, Webster Ave., Glendale, L. I., N. Y., writes:
"I have been suffering for the past ten years with many symptoms incident to my age, also catarrh and indigestion. I was weak and discouraged, had no ambition, could not sleep at night, and lost greatly in weight. I tried other remedies, but with no success, until I commenced to take Peruna. I now feel better in every respect, can sleep well, and have gained in weight. I cannot praise Peruna highly enough for the good it has done me.
If any women are suffering as I did, I would advise them to try Peruna and convince themselves. Peruna has done me good. I know by my experience that it is worth its weight in gold to any one who needs it.
I also took Manala, for constipation, in connection with Peruna, and I found it helped me where other laxatives failed."
New Well of Catarah.
Miss Maudie Jolley, Farmelo, N. C., writes: "I have been taking your Peruna, and can say that I am well of the catarrh.
"I thank you for your kindness and your advice."

CHARGED WITH STEALING BRASS
Frederick Pooler, Arrested at Mannsville, is Held for Grand Jury Here.
Frederick Pooler was arraigned in city court this afternoon on the charge of burglary in the third degree and grand larceny. It is alleged that Pooler was implicated with three others who stole some brass from Timlik's foundry in Railroad street a few days ago. The other three were arrested some days ago. Pooler was arrested at Mannsville this morning on a description furnished by the local police. Pooler pleaded not guilty, waived examination and was held for the grand jury. Bail will be fixed later. The other three men who were previously arrested are William Duquette, William Galtson and Robert Filburn.

HEADQUARTERS FOR ENGINEERS
State Department May Locate Part of the Cleveland Block.
It is possible now that the Third division headquarters of the new highway commission of the state in this city will be permanently located in the new Cleveland building at Stone and Arcade streets. E. Warren Allen, one of the members of the commission, is in the city today and devoted some time to an inspection of the building with a view of securing a location for the division headquarters therein.
Under the old regime when the highway work was in charge of the state engineer and surveyor the headquarters of this district were located on the fifth floor of the Rothestock. The offices under the new highway commission have been continued there and the work of Division Engineer Guy H. Miller is still administered from those offices. Many valuable documents are kept in the office, such as plans and specifications for road work, contracts and other papers and the commission desires to have the division headquarters established in as desirable a place as possible. The Cleveland building, being almost absolutely of this construction, makes it a desirable place, and it is possible a lease will be executed for considerable space in that building.

FIRST TO WEAR OUT WITH AGE
PRESCRIPTION WHICH IS VALUED BY ELDERLY PEOPLE AND DIRECTIONS.
RELIEVES CHRONIC CASE
Anyone Can Fix It at Home—Less and Inexpensive—Keeps Form of Kidney and Bladder and Rheumatism—It Has Been Should Put This Away for Emergencies.
The great majority of men and women at the age of 50 years begin to feel the first signs of advancing years. In some forms of kidney trouble, bladder weakness, backache, and freedom from that torturous disease, catarrh, which is not a disease of itself, but a symptom of a disorganization of the kidney, which has become clogged and sluggish, failing their duty of filtering and straining the poisonous waste matter, urea, etc., from the blood, permitting it to remain and decompose, settling about the joints and suffering.
The bladder, however, causes old folks the most annoyance, especially at night and early morning. Hundreds of readers who suffer from the Dandelion mixture, the most reliable and effective treatment to cure the system of rheumatic poisons, to move irritation of the bladder and relieve ordinary difficulties of the bladder, take in teaspoonful doses of each meal and upon going to bed, drink plenty of water.
This prescription, though simple and unobtrusive, is the key to the relief of the ailments of the kidneys and bladder and rheumatism.

NOT GRAND LARCENY BUT PETIT, JURY SAYS
Indictment Charged Later with Greater Crime, but Jury Found Otherwise.
If you were tried on a charge of burglary in the third degree and grand larceny in the second degree, and the jury found you guilty of the latter crime and if six jurors thought you innocent and six thought you guilty, and the twelve after an hour's deliberation compromised on a verdict of guilty of petit larceny—would it make you wonder about the justice of the present jury system? Those are said to be the circumstances under which George Lawson of Philadelphia secured a verdict of guilty of petit larceny in Judge Edgar C. Swann's county court.
The prosecution contended that last fall Lawson drove to the farm of Christopher Cain near Philadelphia village, broke into the granary and took therefrom some 40 bushels of oats.
Lawson denied any part in the crime and his attorney, Fred B. Pitzer, filed a writ of habeas corpus for him and called Benjamin D. David, Chas. M. and Olive Lawton and Daniel A. Lake.
District Attorney Fred B. Pitzer swore several witnesses in rebuttal to the case going to the jury this morning at 9.30. It is said the jury was equally divided. After being out about an hour of petit larceny, the court adjourned the case for next Monday when Samuel Koenigs and Morris Cohen will be tried on alleged criminally receiving stolen property. It is charged that they received lead pipe taken from Dexter Sulphite Pulp Paper Co.
