A Month's Treatment for Dyspepsia that Costs Only 25 Cents, and is Sold on "Money Back Plan." We are glad to tell our customers that the Dr. Howard Company has had such wonderful success from the introductory plan we suggested of selling their 60 cent packages for 25 cents, that they have decided to establish that as their regular price, and we can continue to sell a month's treatment, (60 doses of their Specific for the cure of constipation and dyspepsia), for 25 cents. The two diseases that this remedy will cure, undoubtedly cause more sickness and suffering than all of the other pills to which flesh is heir. Dr. Howard realized this, the same as most physicians and druggists; but he went a step further, he discovered a cure. He found a happy combination of harmless ingredients that will cure all diseases of the stomach and bowels. This remedy is not a "cure all," we do not recommend it for corns or toothache, but we do ask any sufferer from constipation or indigestion to let us sell them 60 doses of Dr. Howard's Specific for 25 cents, with the understanding that if it does not cure, the medicine will cost absolutely nothing. This is the fairest offer we can make. Doig Bros.

AN OPEN LETTER.

TO THE PEOPLE OF LOWVILLE. From Horace Bush & Son, Our Well Known Druggists. To Whom it May Concern: Of late there has been a good deal of discussion in Lowville in regard to advertised medicines and their value—the papers are full of them. We want to say to every man, woman and child in Lowville that we believe the most valuable preparation of cod liver oil—the best tonic, restorative, health restorer and strength creator—we have ever sold in our store is Vinol. Vinol is not a patent medicine, it contains no injurious drugs, and it actually does contain all of the medicinal curative elements taken from fresh cod livers, but without a drop of oil to upset the stomach and retard its work, and, moreover, it is delicious to the taste. Vinol acts first upon the stomach, tones up the digestive organs, creates an appetite, purifies and enriches the blood and strengthens every organ in the body to do its work as nature intended. Vinol is recognized throughout the world as the greatest strength creator for old people, weak, sickly women and children, nursing mothers and after a severe sickness. Vinol cures hacking coughs, chronic colds, bronchitis and all throat and lung troubles. Unusually it creates an appetite and makes those who are too thin, fat, rosy and healthy. Vinol is sold everywhere on a positive guarantee that, if it does not give satisfaction, the entire purchase money will be refunded. Horace Bush & Son. About the time the average man succeeds in developing a theory it explodes.

DR. E. F. BUTTERFIELD

Famous Clairvoyant Physician, Gives His Reasons Why His Methods Are Superior to the Usual Way of Treating Diseases. The doctoring of forty years ago and the present shows a wonderful change in diagnosing and curing disease. Calomel and Dover's powders were the physical sheet anchor; and bleeding was the last resort. At that time there was no sure way of ascertaining the cause of any disease. We have now the X-ray and all the modern electrical appliances bring us nearer the spiritual and physical conditions of the patient. Clairvoyance has become an established fact and has convinced the public that one with the gift can tell the exact condition and cause of the disease he sees before him. Dr. Butterfield has this gift and is examining thousands of people every year, and by his cure he makes practical the truth. The doctor's great work has been to educate people how to keep from being sick, infusing into every patient a better hope and a better view of life. The doctor still gives free clairvoyant examinations, and will be glad to see any patient that would like an examination of their condition and the source and cause of their disease, either mental or physical. The doctor gives all of his patients the benefit of his large experience in treating chronic diseases. All are welcome. The doctor will be at the Kellogg house, Lowville, Monday, Feb. 23rd; Watertown, Feb. 28th and 29th; Utica, Feb. 26th and 26th.

BUTTERFIELD Famous Clairvoyant Physician, Gives His Reasons Why His Methods Are Superior to the Usual Way of Treating Diseases. The doctoring of forty years ago and the present shows a wonderful change in diagnosing and curing disease. Calomel and Dover's powders were the physical sheet anchor; and bleeding was the last resort. At that time there was no sure way of ascertaining the cause of any disease. We have now the X-ray and all the modern electrical appliances bring us nearer the spiritual and physical conditions of the patient. Clairvoyance has become an established fact and has convinced the public that one with the gift can tell the exact condition and cause of the disease he sees before him. Dr. Butterfield has this gift and is examining thousands of people every year, and by his cure he makes practical the truth. The doctor's great work has been to educate people how to keep from being sick, infusing into every patient a better hope and a better view of life. The doctor still gives free clairvoyant examinations, and will be glad to see any patient that would like an examination of their condition and the source and cause of their disease, either mental or physical. The doctor gives all of his patients the benefit of his large experience in treating chronic diseases. All are welcome. The doctor will be at the Kellogg house, Lowville, Monday, Feb. 23rd; Watertown, Feb. 28th and 29th; Utica, Feb. 26th and 26th.

This is the largest shipment of deer skins ever made from Potsdam. Mr. Goldsmith will make another shipment in the spring, which he expects will be just as large as this one.
