### "FOUND."

**Odd Notice in Prominent Southern Paper of Interest to Lowville Residents.**

One of the best known newspapers in the South is the *Guide*, of Dunn, N. C. Its publisher, J. P. Pitman, sends us the following clipping with request to publish;

"Found,—by the editor of the *Guide*, a bottle of Hyomei, the wonderful treatment that cures catarrh without stomach dosing. We can speak in highest praise of its remarkable power to cure and relieve catarrh of the head and throat. This mention is made not as an advertisement, but in the interest of those who suffer the torture of that terrible disease, catarrh."

In sending the clipping, Mr. Pitman wrote the following letter:

"I enclose a little piece from my paper, issued to-day. You will see from this that I desire to push the selling of Hyomei as far as possible. I am using it in my own family, and find that it gives the desired relief, so that I take pleasure in spreading far and near the knowledge of this sure relief for catarrh."

F. C. Snyder, in preparation for the catarrhal troubles of this season of the year, has ordered a large stock of Hyomei, and sells it under guarantee to refund the money if it does not relieve. The complete outfit costs but $1, and extra bottles can be obtained for 50 cents. Ask them to show you the strong guarantee under which they sell it. This remarkable remedy medicates the air you breathe, soothing and healing the mucous membrane of the air passages, and making a complete cure of the worst case of catarrh.
