—The Phoenix *Register*, Feb. 18th says: "The average Phœnician is a good judge of lectures, because they hear so many, good, bad and indifferent. But those who heard Dr. Frank D. Bigarel's address, "The Ideals of Good Citizenship," last Monday evening at the Baptist church, were unanimous in the verdict, 'the best they ever heard.' Notwithstanding the night was very inclement a big audience greeted the speaker. About fifty high school students and teachers were among those who enjoyed the address, which was as good as a baccalaureate sermon. Dr. Bigarel's power lies in his quiet, forceful personality that impresses all, and holds them attentive to his every word. The lecture was replete with good suggestions and high ideals, which are not the product of easy chair or the fireside, but from actual experience in private and public life. The lecture was void of 'claptrap' that spoils so many good lectures, but was refreshing in its choice and forceful language. 'The Ideals of Good Citizenship' must always rank with the highest class of lectures, and if we as citizens would exemplify its teachings, Phœnix would simply revel in 'Good Citizenship.'"

Twitching of the Nerves

Became almost unbearable until Dr. A. W. Chase's Nerve Pills brought about a cure.

Tapping of the fingers, restlessness, sleeplessness, inability to control the nerves.

What a story of exhausted nerves is told by these symptoms. Nervous prostration and paralysis are not far away unless restorative treatment is used.

The writer of this letter was fortunate enough to learn about Dr. A. W. Chase's Nerve Pills and tells his experience for the benefit of other sufferers from diseases of the nerves.

MR. I. W. OAKLEY, Montrose, Pa. writes:—"I was troubled with nervous exhaustion for several years and was so nervous I could not lie in bed but would walk the floor and my nerves would draw and twitch until I was almost wild. I tried all sorts of medicines in vain until I used Dr. A. W. Chase's Nerve Pills. Six boxes cured me and the old trouble never returned I am very grateful to say."

MI-O-NA

Relieves Stomach Misery Almost Immediately.

If the food you ate at your last meal did not digest, but laid for long time like lead on your stomach, then you have indigestion and must act quickly.

Of course there are many other symptoms of indigestion, such as belching up of sour food, heartburn, dizziness, shortness of breath and foul breath, and if you have any of them, your stomach is out of order and should be corrected.

Mi-o-na tablets have cured thousands of cases of indigestion and stomach trouble. If you have any stomach distress, Mi-o-na will relieve instantly.

But Mi-o-na unlike most so-called dyspepsia remedies, does more than relieve; it permanently cures dyspepsia or any stomach trouble by putting energy and strength into the walls of the stomach.

A large box of Mi-o-na tablets costs but 50 cents at F. C. Snyder's and are guaranteed to cure or money back. When others fail, Mi-o-na cures. It is a producer of flesh when the body is thin; it cleanses the stomach and bowels; purifies the blood and makes rich red blood.

Fell From Scaffold and Injured His Back.

Thirty years ago James C. Lee of 1100 9th St., S. E., Washington, D. C., fell from a scaffold and seriously injured his back. In telling about it he says:—"My suffering was terrible; from the small of my back all around my stomach was just as if I had been beaten with a club. I tried all kinds of plasters, belladonna, capcine and porous, without getting relief, and bought so-called electric belts, none of them did me any good.

One day, while working near my daughter's house, my back pained me so badly that I had to quit. I went into the house and lay down for ease. My daughter had a bottle of Sloan's Liniment in the house and she rubbed my back well with it and gave me some to take home. I used six and a half bottles of Sloan's 25c. Liniment and can do as much work now as any man in the shop, although I am sixty-seven years old. I would not be without Sloan's Liniment for any consideration and recommended to anyone suffering pain."

THE NEW YORK CITY MARKET

Prices Paid for Butter, Cheese, Eggs, Poultry, Calves, Hops and Hay.

NEW YORK, Feb. 23.—Butter—Quite a number of lots of delayed butter got in this morning, and where the quality was suitable for the best trade the stock was absorbed promptly. A steady to firm feeling prevails on both extras and specials, but the other qualities are slow and rather easy. There is increasing pressure to sell the held fresh and storage creamery that comes in the classification of seconds and firsts; a good deal of this still remains in first hands and there is pressure to sell. Creamery, specials, per lb. 31 to 31½c; extras, 30 to 30½c; firsts, 27 to 29c; seconds, 24 to 26c; thirds, 22 to 23c; held, specials, 29c; extras, 28 to 28½c; lower grades, 22 to 27c; state dairy, common to fair, 20 to 25c; process, 18 to 27c; western factory, 18 to 21½c; packing stock, 17 to 20c.

Cheese—There has been a very satisfactory demand the last few days, largely from out of town dealers, and with stocks steadily reducing the market continues in firm shape for all desirable grades of full creams and skims. Exporters have been looking for suitable grades of skims, but finer grades are generally held above their limits. We hear of purchases this week of only about 250 boxes of good skims, and a small lot of underpriced full cream, which are not being shipped. The only clearances are 124 boxes, going out on direct consignment. State, full cream, specials, 15 to 16½c; large or small, colored or white, fancy, 14½c; good to fine, 14c; winter made, best, 13½c; good to prime, 12½ to 13½c; common to fair, 11 to 12c; skims, 1½ lb specials, 11½c; skims, fine, 9 to 10½c; fair to good, 7½ to 8½c; common, 4 to 5c full skims, 2½ to 3½c.

Eggs—Receipts to day, 10,786 cases. The larger receipts to day, coupled with advices of much larger supplies to come next week have caused a serious break in the market. Under the call on 'Change there was some effort to hold the prices up and business began at 31½c, but later sales were made at steadily declining prices down to 28½c, and at the close of the call more stock was offering at that than taken. Later western goods were offered on private sale at 28c, and the market closes at that figure, with a close clearance from first hands. State, Pennsylvania and nearby selected white, fancy, 31 to 32c; good to choice, 29 to 30c; brown and mixed, fancy, 30c; good to choice, 28 to 29c; western and southern, firsts, 28c; seconds, 27½c.

Live Poultry—Receipts to-day, 1 car of western by freight, and with holders anxious for stock the market has cleaned up closely and entirely bare at the close, with outlook favorable. Chickens, per lb, 18c; fowls, per lb. 15c; roosters, old, per lb, 9c; turkeys, prime, per lb, 18c; thin and culls, 12c; ducks, per lb, 15c; geese, western, per lb, 12½c; Guinea fowls, per pair, 50c; pigeons, per pair, 25c.

Country Dressed Meats — Country dressed calves are actually scarce to-day and while trading is only moderately active the feeling is firm and occasional sales making even higher than advanced quotations. Choice hothouse lambs have cleaned up fairly well, but a few light weights still unsold. Country dressed pork a shade firmer. Veal calves, prime to choice, per lb, 13½ to 14c; fair to good, 12 to 13c; common, 9 to 11c; veal, skin off, prime, 12 to 12½c; under grades, 9 to 11c; dressed hothouse lambs, each, 7 to 11c; pork, country dressed, light, 9 to 9½c; medium weights, 8½ to 9½c; heavy, 8 to 7c.

Hops — There has been continued fairly active demand in this state, with sales as high as 13c to growers. On the Pacific Coast there has been some buying in Oregon at 7 to 8c, but other sections generally quiet. On the local market we hear of about 200 bales medium grades Pacific having sold at 9½c and a sale of very low grade Germans at 18c. State, 1908, prime to choice, per lb, 13 to 15c; medium to good, 8 to 9c; 1907, 5 to 6c; Germans, 1908, 22 to 26c; Pacific Coast, 1908, 3 to 8c.

Hay—Offerings liberal, especially of the medium and lower grades and market for such unsatisfactory. On good hay, however, there is not a very heavy offering and under fair trade market is well sustained. Timothy, prime, large bales, per 100 lbs, 85c; Nos. 3 and 1, 65 to 82½c; shipping, 60 to 62½c; packing, 35 to 40c; clover and clover mixed, 55 to 75c.

of Cod Liver Oil with Hypophosphites should always be kept in the house for the following reasons:

First—Because, if any member of the family has a hard cold, it will cure it.

Second—Because, if the children are delicate and sickly, it will make them strong and well.

Third—Because, if the father or mother is losing flesh and becoming thin and emaciated, it will build them up and give them flesh and strength.

Fourth—Because it is the standard remedy in all throat and lung affections.
