The Sound Sleep of Good Health.

The restorative power of sound sleep can not be over estimated and an ailment that prevents it is a menace to health. J. L. Southers, Eau Claire, Wis., says:—"For a long time I have been unable to sleep soundly nights, because of pains across my back and soreness of my kidneys. My appetite was very poor and my general condition was much run down. I have been taking Foley's Kidney Pills but a short time and now sleep as sound as a rock. I eat and enjoy my meals, and my general condition is greatly improved. I can honestly recommend Foley's Kidney Pills as I know they have cured me." For sale by Cook & Dryden.

NO VINDICATION FOR HIM.

Rev. S. D. Robinson, Who Ruined Choir Singer, Gives up Hope.

Little Falls, April 13.—That deposed Herkimer pastor, S. D. Robinson, has abandoned his effort to secure vindication at the M. E. Conference now in session in Watertown. According to local friends he has placed his withdrawal in the hands of the district superintendent and will not appear to argue his case. Word from Herkimer is to the effect that Dr. Haynes, who holds a confession of wrongdoing from the pastor, will go to Watertown to be on the job if the Rev. Mr. Robinson does make the effort to secure vindication. Dr. Haynes is very bitter toward Robinson for his action with his daughter and it is understood he has a Herkimer attorney ready to go to Watertown with him.

The furniture of the clergyman is still stored in Herkimer and no one appears to know the exact plans of Robinson for the future. He is said to be with relatives of his wife in Camden.

High Prices for Butter and Cheese.

Gouverneur, April 11.—High prices for both butter and cheese were continued on the local dairy board Saurday. Not in recent years have Gouverneur dairymen received 14 and 14½ cents for their cheese at this time of year. One hundred and fifty boxes of full cream cheese sold at 14 cents, ½ cent off from that of a week ago. One hundred and fifty boxes of skims brought 7 cents. The Gouverneur Dairy Board has not as yet organized, but will probably do so next Saturday night. Butter took an advance of 1½ cents over the ruling of last week, reaching 31 cents.

SPECIAL NOTICE.

Of Importance to the People of Lowville.

F. C. Snyder desires to announce to the readers of the Journal and Republican that he has been able to secure the agency for Parisian Sage, the marvelous dandruff cure and delightful hair dressing.

F. C. Snyder is glad to state that Parisian Sage is a rigid guaranteed hair invigorator.

It cures dandruff in two weeks by killing the dandruff microbes; it stops falling hair, itching scalp and splitting hair or money back.

It is a most pleasant hair dressing, especially for ladies, as it causes the hair to grow in thicky and makes it luxuriant and lustrous. The price is only 50 cents a large bottle at F. C. Snyder's.

CHRISTIAN SCIENCE.

TRUST.

SARAH PERRY BROWNING.

(From Christian Science Sentinel.)

One evening, several years ago, a girl reclining on a couch at the foot of an invalid's bed, keeping careful guard over the work of an incompetent nurse, was surprised at the anxiety expressed by the sufferer as to the adjustment of the gas and windows. Then she remembered that her friend was not aware of her presence, as she had slipped into the room unobserved, and a high foot-board hid her from view. Had the sick woman realized with what loving care she was surrounded, trust would have supplanted fear.

The memory of this little experience has often come back as a reproof to the watcher of that night, when she finds herself disturbed over some seeming lack of harmony. She is learning through Christian Science that a Father's love does encircle His children; that when they trust Him, when they lean "on the sustaining infinite" (Science and Health, Pref., p. vii.), terrors prove only shadows. Why is it so hard to trust? From our text book (p. 378) comes the answer: "The fear of disease and the love of sin are the sources of man's enslavement." What is the remedy? "Study thoroughly the letter and imbibe the spirit" (Ibid., p. 495).

That girl, now a woman, has again been a watcher at the bedside of suffering. Not by the revealing of her own presence, but by the awakening the mind of the patient to the realization of the divine presence, as taught in the Bible and Science and Health, the pain has retreated to its native nothingness and the patient has arisen refreshed.

TESTIMONIES OF HEALING.

With gratitude I testify to the power of Truth as reveled in ChristianScience. Some months ago my baby, then sixteen months old, fell, and in so doing injured her ear terribly. A surgeon was called, but he assured me there was no use in sewing the ear in place, as it was impossible for it to adhere. I insisted, and after repeatedly telling me of the uselessness of replacing the severed portion, he did as I requested. A Christian Science practitioner commenced to give the child treatment at once, with the result that there was no suffering and none of the unpleasant conditions that had been predicted. The above is but one of the many blessings which Christian Science has brought into our home, and I am profoundly grateful to God, and to our Leader, Mrs. Eddy.

Mrs. Alma Mead, Valverde, Col.

To Mrs. Eddy, the Discoverer and Founder of Christian Science, I owe endless gratitude. His teachings have brought health, happiness, and spiritual enlightment to our home, and have been a revelation and a joy to me. It is now almost five years since I was healed of chronic bowel trouble, after having been treated in three different cities by conscientious physicians, the last of whom gave me no hope for immediate recovery, but thought by careful diet and exercise I might improve and in two or three years be well. Being thoroughly discouraged, I sought Christian Science treatment and the healing came about so quickly that I knew it was of God.

My few visits to the practitioner awakened me to a new meaning of health, Life, God. All sense of discouragement, fear of continued illness and weakness, fled. Having found the truth, it held for me a precious promise, and I longed to know more of this healing power. Many passages of the Bible were explained that before had no meaning, although I had been a church member for many years. In studying Science and Health it was found to be indeed a "Key to the Scriptures" so that the mental uplifting was wonderful. When a dear baby came to us, about a year ago, my husband and I demonstrated Truth's power over material conditions to such a degree that the birth was easy and almost painless. We so detached "mortal thought from material conceptions" (Science and Health, p. 463) that the birth was natural and safe without any aid from materia medica.

The Sentinel, Journal, and Lessons Sermons are welcome helps in our home, and we are thankful for the sweet messages they bring. It is with gratitude and love to our dear Leader, through whom we have come to understand something of God's allness, that I write this testimony. The greatest blessing we have received through our allegiance to Mrs. Eddy's teachings has come by helping others who were weary and heavy laden to find rest and peace.

Mrs. Julia M. Mason, Boulder, Col.

It is now about three years since I was healed in Christian Science, and it is with a deep sense of gratitude that I give my testimony to what Truth has done for me. I was healed of a rupture for which I had been under medical treatment for nearly eight years. The doctors told me they could not help me, as I had gone through one very serious operation and could not survive another. They said that owing to my condition an operation would be impossible. I then heard of Christian Science and the text-book "Science and Health with Key to the Scriptures" by Mrs. Eddy, was bought for me. I began to read and study it, and soon all fear had passed from me. I was so wrapped up in it that I dreaded to have any one come in, lest I should have to stop reading. I go to business every day, as I could only read evenings, but in two weeks I was healed completely of rupture, nervousness, and severe bowel trouble. For all this I am deeply grateful to God, and to our dear Leader who has so clearly shown us the way our Master trod. My desire is to live this truth in a way that will voice my gratitude for all it has done for me. The Sentinel and Journal have been and are very helpful to me.

Mrs. Anna L. Congreve.
Brooklyn, N. Y.

I am pleased to be able to say that I have been healed by Christian Science of several ailments declared by doctors to be chronic. When quite young the veins in my leg became enlarged, and for over twenty years troubled me very much. As I had to be on my feet a great deal, this condition caused me much suffering, and when I consulted a doctor he said that the only thing to be done was to have an operation. This was over five years ago, and that fall I had Christian Science treatment. I am most thankful to say that I have never had the slightest return of the trouble. I also had treatment for bronchial trouble, which was becoming so bad that I could not go outside the house in wet weather without taking cold and losing my voice besides suffering severely. I had no hope of ever being rid of it, for my father had passed away that fall from the same disease. I was, however, healed in Christian Science, and for the last three years have been perfectly free from the disease, and I owe my freedom to Truth as declared in Christian Science. I also have been healed of a very weak back and ever-recurring headaches. For all this healing I am very grateful to Christian Science, and am humbly trying to learn more of this great truth.

Catherine E. Dee,
Toronto, Ontario.

Seven years ago I was doomed by the medical profession to undergo an operation for an abdominal growth, but finding that my husband's sister had been healed of cataract in both eyes through Christian Science treatment, I canceled my engagement with the physician who was to take me to the hospital, and placed my case in the hands of a Christian Science practitioner. In a few months I was perfectly healed, and have been well ever since.

A Modern Miracle

It Seems That I Have Risen From the Dead Says Mrs. F. J. Reese, of No. 333 Coffeen St.

The modern cures perfected by the Amo Specialists, 112 Mechanic St., Watertown, N. Y., are but little short of the miracles performed in the ancient past. People are coming to these specialists for treatment from near and afar to be cured of ailments pronounced by many physicians to be incurable, the deaf, lame, weak, nervous and dyspeptic find almost instant relief at the hands of these noted specialists. Some Doctors and specialists claim to duplicate the cures made by the Amo Specialists, but lack proof, in the past this paper has contained a score of statements of people cured who reside in Watertown, the people who are well known to everybody. These sworn statements are unsolicited and are published for the benefit of those who have been treated by other specialists and not cured, so that they may guide themselves accordingly and make no further mistake in selecting the best treatment known to medical science. The Amo Specialists make no mistakes, hence no failures. Charges low and medicines free. Hours—9 A. M. to 8 P. M. Read Mrs. Reese's affidavit, then you can readily decide where to go for expert treatment. We can give (by permission) the names of hundreds cured here in Watertown. Consultation free and invited.

State of New York, County of Jefferson, City of Watertown, ss.:

After being duly sworn by me according to law, Mrs. F. J. Reese, of No. 333 Coffeen street, says as follows: For two years past I have suffered untold agony from a disease of the bowels, which rendered me almost helpless and completely shattered my nerves. I was treated by three physicians in Albany and four different physicians here in Watertown, none of whom did me any good. I grew so bad that the only relief came from large doses of morphine, administered to me, 2½ grain doses. That drug grew on me until all the physicians I consulted told me I could never be cured. On the 25th day of December, 1908, I employed the Amo Specialists to treat me. In nine days after commencing their treatment the morphine was discontinued. I realized improvement at once, until now I am completely cured and feel that I have been born again, as all the sunshine had left my life as well as all ambition and strength had left my body. The treatment not only restored me to good health but has brought untold joy into our little home. I recommend the Amo Specialists to all sick and suffering women. I make this public declaration of my cure for the sake of suffering humanity, that others who suffer as I did may know where to go for relief.

(Signed) MRS. F. J. REESE.

WORTH MOUNTAINS OF GOLD

During Change of Life, says Mrs. Chas. Barclay

Graniteville, Vt.—"I was passing through the Change of Life and suffered from nervousness and other annoying symptoms, and I can truly say that Lydia E. Pinkham's Vegetable Compound has proved worth mountains of gold to me, as it restored my health and strength. I never forget to tell my friends what Lydia E. Pinkham's Vegetable Compound has done for me during this trying period. Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my trouble public so you may publish this letter."—Mrs. Chas. Barclay, R.F.D., Graniteville, Vt.

No other medicine for woman's ills has received such wide-spread and unqualified endorsement. No other medicine we know of has such a record of cures of female ills as has Lydia E. Pinkham's Vegetable Compound.

For more than 30 years it has been curing female complaints such as inflammation, ulceration, local weaknesses, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration, and it is unequalled for carrying women safely through the period of change of life. It costs but little to try Lydia E. Pinkham's Vegetable Compound, and, as Mrs. Barclay says, it is "worth mountains of gold" to suffering women.

THE REASON WHY

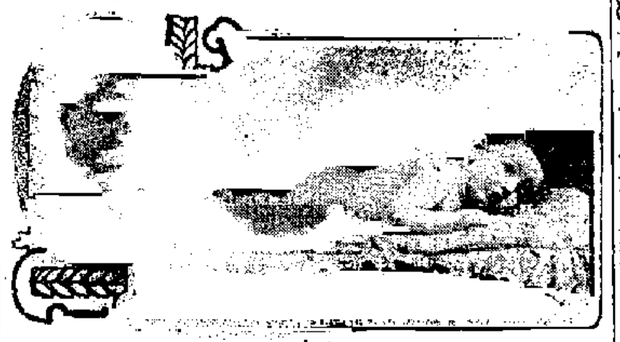
A. D. S. Malted Milk
Best Food for Babies



When it is not possible for the mother to nurse her baby the difficulty of adjusting the infant's stomach to the bottle food is generally eliminated by feeding A. D. S. Malted Milk.

It has been found that delicate stomachs can digest this food without any trouble, and it makes a delicious, invigorating drink for well people.

It contains no drugs or medicines—just a food, scientifically made and perfectly safe and harmless.

This is a picture of Mr. M. H. Sachs, a well known druggist at 357 Eighth Avenue, New York, and his baby. Mr. Sachs says:

"I cannot give you any better testimonial for A. D. S. Malted Milk than to send you the picture of our baby, who was raised on it. The little one had not been doing well at all when we decided to try A. D. S. Malted Milk, and this picture was taken a few months later; you can see what the A. D. S. Malted Milk did for our baby. We have recommended it to a dozen mothers in our neighborhood and every one of them has had excellent results."

You can get it at any A. D. S. drug store.
