Rev. Benjamin F. Wood, for over fifty years a minister in the Northern New York Conference of the Methodist Episcopal church, left an estate of $6,000, according to the estimate contained in the petition for the probate of his will. The estate is equally divided between personal and real property.

The will is very brief. Mr. Wood leaves his estate entirely to his four children, and the children of a deceased son, dividing it into five equal portions. There are no public bequests. A fifth is left each to Dr. Emory H. Wood of Salisbury, Franklin H. Wood, of Chatham; Mrs. Harriet L. Whitehead, of Brookings, South Dakota, and Florence W. Palmiter, wife of Charles Palmiter, of Watertown, while a fifth is divided between Mrs. Lillian MacGregor, of St. Paul, Minn., and Miss Isabelle T. Wood, of Antwerp, granddaughters, children of the late Assemblyman Gary H. Wood. Emory H. Wood and Mrs. Palmiter are named executors.

The "Cut-Out" Nuisance.

The "cut-out" nuisance is again in evidence as strong as ever. The auto is not alone to be censured, as the disagreeable motorcycle "cut-out" is equally or more of a nuisance. Scarcely a Sunday passes that the services at the several churches are not disturbed when some one "tunes up" with their auto or wind-splitter. As it usually comes in the midst of a prayer, it is a hard matter to be very devout with a spirit of vexation taking hold of the congregation. The "cut-out" nuisance certainly should be abated.

Knocked Down by Automobile.

Charles Miller, a veteran of the Civil war, was knocked down by an automobile Tuesday evening about 8 o'clock, driven by Rial Bradt, and his left leg was fractured just above the knee. His shoulder was also badly bruised. Mr. Miller and his grandson, Theodore Burdick, were out for their customary walk, and when near the Shady avenue and Park avenue corners, the Bradt automobile passed them. In turning the automobile around, and just as Mr. Miller had one foot on the curb, he was struck by the car fender and knocked down. Mr. Burdick sprang out of the path of the car and escaped injury.

Robert J. Breeze was born in Syracuse 35 years ago. He was very sickly in his earlier years, but strengthened materially as he grew older, although he was not a thoroughly robust person. MILLER—BOSHART NUPTIALS

Miss Winifred Suits Boshart, Daughter of Mr. and Mrs. Edward James Boshart, Becomes the Bride of Dr. Earle Leland Miller, of Elmira.

Preceded by showers, dinner-ball and other social functions in honor of the bride-elect, the marriage of Miss Winifred Suits Boshart, daughter of Mr. and Mrs. Edward James Boshart, to Dr. Earle Leland Miller, of Elmira, was celebrated at noon on Saturday at the home of the bride's parents on West State street in this village, and was a very pleasant event. The house decorations were of tulips and white lilacs, and the table decorations of white roses and lilies of the valley. The ceremony was performed in the presence of the immediate families of the contracting parties and a few near relatives by the Rev. James Elmer Russell, pastor of the Presbyterian church, with which society the bride has been prominently identified since her graduation from college. The bridal party mingled with the guests and at the appointed hour took positions in front of the living room mantle, which was heavily banked with white lilacs and ferns. The impressive ring service was used, the bride being given in marriage by her father. The attending couple was Miss Katherine Cushing Boshart, sister of the bride, and Preston D. Fogg, of Elmira. During the ceremony, "O! Promise Me" was beautifully rendered by Ernest J. Wolfe, violinist, and Mrs. F. Albin Berger, pianist, who also furnished music during the congratulation and refreshment hours. The bride was gowned in white organdy and carried a bouquet of orchids and lilies of the valley; the bridesmaid in white Georgette crepe and carried a bouquet of pink roses and lilies of the valley. An elaborate breakfast was served by Cateress Cooke, following which Dr. and Mrs. Miller left by automobile for Utica, where they took the train for Mount Pocono, Pa., where they will spend their honeymoon.

The out of town guests were Mr. and Mrs. H. H. Miller, of Oneida, parents of the groom; Mr. and Mrs. W. A. Bartlett, of Utica; Mr. and Mrs. W. D. Bartlett, of Oneida; Miss Carrie Suits, of Syracuse, and Mr. and Mrs. George Babbit, of Albany.

The bride is a graduate of Lowville Academy, '10, and Vassar College, '14, with A. B. degree, and the large number of valuable presents she received attested in no small measure to the high esteem in which she is held by her many friends. Dr. Miller is a graduate of the University of Pennsylvania, D. D. S., and is engaged in the practice of his profession at Elmira, which city will be their future home. They have the best wishes of the community for a future of happiness and prosperity.

TIRED OF GOSSIP, ENDS LIFE

John Peck, Tired of Hearing of Disappearance of Sister's Husband, Oscar Hulbert, Takes Paris Green—Something for Gossipers to Ponder Over.

John Peck, aged 27, son of Mr. and Mrs. William Peck, who live in South Champion near Copenhagen, ended his life Monday by drinking Paris green.

Peck was a brother of Mrs. Oscar E. Hulbert, of Watertown, whose husband disappeared a few weeks ago, and brooding over his disappearance is said to have been the cause of the suicide. A few days ago he said that he had gotten sick of hearing all the talk about his brother-in-law disappearing. "If they don't cut it out," he said, "I will go over to the 'gulf' and shoot myself." The 'gulf' is a large gulley near his home.

His mother was at Copenhagen and his father was working in the fields when he took the poison about 10 o'clock Monday morning. No one was in the house but the young man and his grandmother. Peck mixed two tablespoonfuls of the poison in a glass of water. His grandmother asked him what he was doing, but she got no answer. Her eyesight is poor, and she did not realize what he was doing. After he had taken the poison he went out of the house and sat down. His mother returned a short time later, discovered what he had done, and telephoned to Dr. J. H. Tamblin, of Copenhagen, who happened to be at South Rutland at the time. Dr. Tamblin drove at once to the Peck house and saw the young man sitting on the woodpile. The poison had begun to take effect and Peck staggered into the house and was put to bed. He grew steadily worse, however, and died about 3 o'clock in the afternoon. Coroner H. G. Farmer delegated Dr. Tamblin to act as coroner's physician.

Peck had attempted to end his life about two years ago. He was found in the barn with a rope around his neck, and one end of the rope over a beam.

Besides his parents he is survived by two brothers, William and James and one sister, Mrs. Oscar E. Hulbert, of Watertown.

The following questions are suggested for discussion in the adult classes: (1) Is our modern prison system Christian? (2) What are life's three kinds of burdens, and how are they to be borne? (3) What is the way to get rid of intellectual and of moral self-conceit? (4) Can a young person sow wild oats without reaping a like harvest? (5) In the light of the law of sowing and reaping what is hell and what is heaven?

Christian Endeavor at 6:45. The meeting will be held this week at the chapel. The leader is Miss Louise Woolschlager, and the subject, will be, "Willing to do right." Phil. 4:1-13.

The mid-week service will be held Thursday evening at 7:30. The subject for this week will be, "Some Bible Friendships and the Supreme Friendship."

There is a time to use the automobile on Sunday so that it may become a means of uplift to the individual and a service to the community, but that time is not ordinarily the time which the community sets apart by common consent for the social and public worship of God. There is little driving that ought to be done on Sunday which cannot be done before or after church.

TO BOOST MILK PRICES.

Dairymen's League Meets in Albany and Takes Action Against New York—Say Rate is Fixed.

At a meeting in Albany last Friday of the executive committee of the Dairymen's League a campaign was started by dairymen, supplying New York with milk, to increase the price.

The present price of milk in New York city, the dairymen say, is hardly sufficient to cover the cost of production, and some means must be found to increase the price. One big firm and allied companies, they say, virtually control the price of milk in New York city. The price is graded according to the amount of butter fat in the milk, they declared, and this firm does the testing.

The whole situation has become serious the dairymen say, and they have resolved to take steps to bring about some change if possible. How drastic these steps will be depends upon the decision of the executive committee, in whose hands the matter was placed at the conclusion of the meeting yesterday.

It is said the league is in a position to demand higher prices for milk. It represents 190,000 cows and has 13,000 members, and an effort will be made to increase the membership of the league as a part of the general campaign.

The officers are: President, John Y. Gerow of Washingtonville; vice-president, F. H. Thompson, Holland Patent; secretary, Albert Manning, Otisville; treasurer, Louis M. Hardin, Sussex, N. J. The directors present included Harry W. Culver, of Amenia; Oscar Bailey, of Richfield Springs; D. F. Livingston, of Chemung; Harry Bull, of Campbell Hill; J. B. Bearslee, of New Berlin; H. C. Kershaw, of Sherburne, and R. D. Cooper, of Little Falls.

MORE CAUTION NECESSARY.

Automobile Drivers Should Use Great Care While Passing Children.

Children lack judgment and are not responsible for the mistakes which they make in getting in front of automobiles. On that account, realizing the great danger involved, no driver of a car should go through a village street without keeping his machine under instant and constant control. Whenever children are seen ahead beside any street or road, slow down immediately till they have been passed, for they may take a notion to cross the street when the car is immediately opposite them. Every driver of a car has learned to go very carefully when cattle are seen ahead along the roadside, simply for his own protection, for cows generally take the direction least expected when a car approaches. How much more then ought an automobilist to look out in the same way for children when precious lives are involved, lives which cannot be restored and which will haunt the driver in case of loss to his dying day, no matter how careful he may have been. For your own peace of mind, if for no other reason, slow down when children are in or beside the road almost to a stop. It is advice which you will never regret having followed. Life is no such a rush that one can afford to take any chances, and there are few accidents to children in highways which are really excusable.

Lowville Chapter, D. A. R.

Suggestion for Lowville.

Contracts have been awarded for a combined bank and library building in Marcellus. The building will be 30x45 feet in dimensions and buff brick will be used for the exterior walls. The location is on the main street of the village. Shady avenue would be all right for Lowville.
