BEGINNING OF A NEW ERA

Harold B. Johnson, Editor of Watertown Times, Speaks to Presbyterian Men's Club.

"We began a new era," said Mr. Johnson, "with the signing of the Locarno peace pact. The war lasted on after the Armistice, really, until last November. The European nations are now beginning to trust each other. The work of Dawes and Young was also a great help to right things in Europe." Mr. Johnson told of his trip abroad a few months ago, visiting the Chamber of Deputies in Paris, the battlefields of France, many places of interest in England, seeing the King and Queen leaving Buckingham Palace. He mentioned the fact that sentiment is growing in favor of the 18th amendment, because economically our nation can produce more, sober, than half-drunk. Mr. Johnson told of his ancestral relations and close contact with northern New York all his life.

Hon. Charles L. Knapp, following the address, moved a vote of thanks to Mr. Johnson, which was seconded by Hon. C. Fred Boshart, and unanimously supported by every man rising.

About sixty men were present. Splendid music was furnished by the orchestra, both before and after the address. Refreshments were served and a good social time enjoyed. LEWIS COUNTY CONDENSED MILK CO. MAKES STATEMENT

"Farmers Are Going to Have the Best of a Market for Their Milk and Will Receive More for Their Product Than in the Past."

Mr. Editor:—It may be of interest to you and many of your subscribers to know that the Lewis County Condensed Milk Company, which for several years has been operating in Houseville, Turin and Boonville, with its main office in Lowville, has recently sold out to the United Milk Products Corporation, a twenty-five million dollar firm, with its main office in Cleveland, Ohio, and branch offices in Chicago and New York.

This sale should be of special interest to all farmers in and around the section of Houseville, Turin, Constableville, Talcottville and Boonville. It means that the farmers are going to have the best of a market for their milk, and that they will receive more for their product than we have been able to pay in the past.

It should be pleasing to the dairymen of these sections to know that this new company will not have to be constantly seeking a market for the milk received at its plants, for it already has outlets that are well established, and the bulk of the milk, whether in fluid form or in manufactured product, will be marketed without the aid or expense of brokers or middlemen. Having these well established outlets, the new company will be able to take advantage of that market, giving the best returns for the product, and thus be, at all times, in a position to pay a good price to the milk producer.

Do not connect the United Milk Products Corporation with the several rumors floating around concerning western milk coming into this section of the country, with the possibility of destroying your regular markets. The United Milk Products Corporation is not coming here to find a market, it is coming into this section for the purpose of buying milk for other markets.

The new company is also in a position to take advantage of the New York city fluid market, when that market will net a larger return than other outlets. On account of this, all milk producers should endeavor at all times to keep their dairies and barns under the New York City Board of Health regulations, so as to be in condition to enter that market on a few days notice.

It is expected that the business, in this section, will be handled by the United Milk Products Corporation, of which Mr. Leon S. Miller is a director, in practically the same manner as in the past, and will be managed from the former office of the Lewis County Condensed Milk Company in Lowville.

In retiring from the milk business, the Lewis County Condensed Milk Company wishes to take this opportunity to thank its many patrons for the loyal attitude shown during its several years of operation, and we hope that the new company will have the privilege of enjoying the same loyal patronage in the future.

Lewis County Condensed Milk Co.

SWORD OF GENERAL MARTIN PRESENTED LOCAL CHAPTER

Gift From the Late Fannie Martin and David T. Martin, Grandchildren of Distinguished General.

A surprise feature of the programme of General Walter Martin Chapter, Daughters of 1812, Lowville, which was carried out at the meeting of the chapter yesterday afternoon at the home of Mrs. B. The sword, which is very handsome, with solid gold and ivory mountings, was given to the chapter by the late Fannie Martin and her brother David T. Martin, of Watertown, and will be placed with other chapter relics. The presentation was made by Mrs. C. P. Kirley, regent, and daughter, Mary P. Kirley.

An exceptionally fine programme, the subject of which was "The War of 1812," was prepared by Mrs. Arthur M. Johnson and divided into these topics: "Preserving Old Ironsides," read by Miss Ada Waters; "The War of 1812 in Northern New York" (taken from old letters and papers loaned Mrs. Johnson by Mrs. Sarah J. Passenger, a descendant of General Jacob Brown, and a late real daughter of the local chapter, read by Mrs. W. J. Yousey; "The Battle That Saved an Empire," read by Mary P. Kirley.

The musical numbers consisted of a song, "Pirate Boats," by Mrs. Herbert Steele, and a piano duet, "Salute to the Colors," by Mrs. Steele and Mrs. Yousey.

Following the usual devotional and patriotic exercises several important matters of business, during which the regent, Mrs. C. P. Kirley, presided, were transacted. It was voted to hold a card party on Wednesday at the home of the regent, Easton street, the proceeds from which will be given towards the purchase of a state flag for the state chapter use.

The service of Mrs. W. J. Milligan was read by the registrar and accepted by the chapter. The chapter expressed regret over the death of Mrs. George R. Scovil, a real daughter, whose death occurred at her home, Copenhagen, since the last chapter meeting.

The next meeting will be held in February at the home of Miss Ada Waters, Park Avenue.

MOTOR LICENSE FEES

What Happens When Motorists Go to Other Counties to Purchase Their Plates.

Residents of Lewis county, living near other counties, obtain their license plates for cars and trucks, in many cases, in the county near where they live more as a matter of convenience to themselves, not realizing that for every dollar paid in fees 25 per cent is left in the county where the plates are purchased. This means that the maintenance fund for our own county aid highways is lowered an equal amount, therefor all residents of Lewis county should register their motor vehicles through our own county clerk at Lowville.
