POISONOUS BOOZE KILLS 52

Report of 52 deaths attributed to poisonous alcohol in Gloversville, N. Y., brings the known total in this section to 32. This is a ghastly record. The fatalities in Gloversville, following those in Utica, indicate rather clearly that these happenings were related to each other. Illicit liquor, from an unrevealed source of deadly alcohol, is being peddled to unsuspecting addicts who buy it because it is cheap. The only good phase of the proceeding is that it constitutes a terrible warning against dealing with bootleggers.

HUGE GRANT OF POWER

When the House adopted his work relief bill by a vote of more than four to one, President Roosevelt was granted the power and money he sought, without substantial change. It is probably the most tremendous delegation of authority on record. The bill gives him authority: To expend between now and June 30, 1937, \$4,850,000,000 to be used in the discretion and under the direction of the president.

TO THOSE INTERESTED IN SCHOOL BAND ACTIVITIES

About two weeks ago L. B. Askin was reading in Paocsa Band Monthly list of the bands that took part in the national band concert at Des Moines, Iowa, June, 1934. There were 16 bands in class B, but only one out of the 16 that came from the east and that was from Waltham, Mass. Mr. Askin wrote to the leader of this band and asked how he managed such a big undertaking and that he would like to know how they had traveled and what was the cost. He really Mr. Askin received this information: The cost of the trip to Des Moines was in the vicinity of \$5,000. To raise funds they gave two concerts with audiences of 1,200 each night. A huge pep concert at Athletic field with audience of 4,000 and a donation of \$700 from the Waltham Watch Co. The band left Boston May 27, 5 p. m., by boat for New York City; left New York May 28 by "Baltimore" and Ohio Rail Road and stayed overnight at Pittsburgh, Tuesday a special tour of the Goodrich Rubber Plant at Akron, Ohio, Wednesday arrived at Chicago at 7:45 a. m. and left at 10:15 p. m. then to Saturday at Des Moines and Saturday night, June 2, returned to Chicago; Monday June 4 Washington; tour of public buildings, including Bureau of Printing and Engraving, Lincoln Memorial, White House and United States Capitol; then to Mount Vernon and Congressional Library and returned to Boston, June sixth.

WHAT WAR VETS THINK

One class of citizens in the United States not fooled by the blandishments of those who would commit us to international political tribunals are the veterans of our foreign wars. These sturdy soldiers have been "across" and they know what it all means. Consequently they are in favor of Uncle Sam's remaining at home to mind his own business and to reinforce that by building up his defensive armaments.

STOMACH AILMENTS GIVE IMMUNITY TO PARALYSIS

Science Finds Chief Entry of Disease is Through Stomach and Immunity is Developed There. Chicago.—To minimize your chance of catching infantile paralysis, stay in a region where stomach and intestinal ailments are common—that is the prescription drawn from discoveries by Dr. John A. Toomey, of Cleveland.

OLDSMOBILE FOR 1935 ON DISPLAY

Offering many new comfort, safety, performance and economy features, the 1935 Oldsmobiles are being shown today by the Flax Chevrolet Corporation. Stressing the importance of safety, Oldsmobile introduces in both lines of cars which has been called by engineers the greatest contribution to motorist's safety in a decade, the solid steel "turret top" body by Flax.

Congressman Calkins Against Radio Liquor Advertising

A bill to be presented to the house of congress to prohibit broadcast of liquor and beer advertisements over the radio is being prepared by Representative Frank D. Calkins, of Oswego. The State district congressman has been giving the matter consideration for some time, and has consulted a number of authorities on the psychology of such advertising on youth.

One of the ultimate objectives of the "Drink More Milk" movement is the restoration of purchasing power to the dairy industry by increasing the value of the cow. The cow has reached its lowest value since 1880.

SHELDON SEEKS REVISION OF THE LOCAL OPTION LAW

Immediate Election on Question of Liquor Would Be Possible By Terms of Bill

Albany.—A drive to pave the way for return to rural areas of the state the dry column was launched Wednesday by Assemblyman Edward M. Sheldon, Republican of Lewis county, when he introduced a bill which revises the present method of holding local option elections on the question of manufacture and sale of liquor.

EARLY IN FIELD FOR SUPREME COURT JUSTICE

James T. Cross, Rome, Announces Candidacy for Justice to Succeed Lowell Justice Who Resides This Year in Lewis County

James T. Cross, Rome, informed the Press Friday night from New York, that he is a candidate for the Supreme Court, to succeed Justice Edgar S. K. Merrill, and that Justice Merrill will retire this year by virtue of the statutory age provision. In announcing his candidacy Mr. Cross said:

DECIDES TO CLARIFY ISSUE

"In view of the many unsolicited requests that I enter the race and definitely put the issue up to the enrolled Republican voters of Oneida county, I have decided to clarify the issue. I judge the hope that the dignity of the office and its incumbent will be maintained by a qualified candidate, for the purpose or with the effect of preventing Oneida county from receiving its just recognition."

REAPPOINTMENT BECOMES REMOTE

Considerable doubt is beginning to exist as to whether or not reappointment will pass this year unless the Governor decides to call a special session in the summer.
