Although Deanna Durbin has scored a surprising success on the radio and screen within a few short months, she has not let her quick good fortune spoil her. Deanna, featured in University's "Three Smart Girls" the film to be given at the Avon, Watertown, Friday and Saturday, March 12 and 13, is thoroughly natural and human. While she can solve her singing problems with apparent ease, Deanna is having her troubles with algebra, like most other human beings. She can't make her answers register in the key of "X".

Deanna said, when discussing her difficulty with math, "Wouldn't it be wonderful to have a man like Professor Einstein to teach me math? When we finished the problem, he could play his violin and I could sing." The California lass requires that children acting in the movie must attain a passing grade in all subjects. So after Deanna has finished her work before the cameras and her radio rehearsals, she has her vocal lessons in "X" and "Y" sharp, the cube of "X" and the square of "Y" and the cube of "Y". However, Deanna is determined to conquer math. "It's the only thing that has ever been so difficult and I'm going to master it," she declares.

Christian Science
 "Substance" is the subject of the
 Lesson-Sermon in all Churches of
 Christ, Scientist, on Sunday, March
 14. The Golden Text is: "If we hope for
 that we see not, then do we with pa-
 tience wait for it." Romans 8:25.
 Among the citations which com-
 plete the Lesson-Sermon is the follow-
 ing from the Bible: "But as it is writ-
 ten, Eye hath not seen, nor ear heard,
 neither have entered into the heart of
 man, the things which God hath pre-
 pared for them that love him. But
 God hath revealed them unto us by
 his Spirit; for the Spirit searcheth all
 things, yea, the deep things of God
 (1 Cor. 2: 8, 10).
 The Lesson-Sermon also includes
 the following corrective selection
 from the textbook of Christian Sci-
 ence and Health by Mary Baker Eddy:
 "Christianity causes men to turn
 away from matter to Spirit, as the
 flowers turn from darkness to light.
 Man then appropriates those things
 which eye hath not seen, nor ear
 heard; Paul and John had a clear
 apprehension that, as matter, man
 achieves no worldly honors except
 sacrifice, so he must gain heavenly
 riches by forsaking all worldlyness."
 (pages 453-8).
