Dread the Hay Fever Season?

More than 500,000 people have been helped by the electronic miracle: Puritron! They feel better, work better, breathe cleaner purer air.

Ask your family doctor or allergist about Puritron. More than half-a-million people swear by it. They say it helps. How? Electronically: without window, vent or fan. It pulls in air heavy with pollen (smoke, dust, grease and odors, too). Filters it. Passes it over special electronic tubes. Then out into the room: with these irritants removed. You breathe cleaner, purer, fresher air. You sleep better, feel better with a Puritron around. Portable: plug it in.

Get it for a **\$39.95** 10-day trial.
