My Father's Place

Just south of Hastings on Rt. 11 there is a restaurant named MY FATHER'S PLACE where the seafood is fresh daily and the steaks arrive at your table still sizzling.

MY FATHER'S PLACE is run by Lee and Bill Whittaker, and that is just what it is, Bill's Father's Place. The restaurant had, up until five years ago, been owned by Bill's parents. They then sold it and moved to Florida with the new owners operating under the name JUNE AND BOB'S. About a year ago Lee and Bill bought back the restaurant and named it MY FATHER'S PLACE.

MY FATHER'S PLACE is a family style restaurant. The salads, soups and desserts are all homemade. The steaks are charcoal broiled and served on a platter still sizzling.

There are many little touches that remind you this is a restaurant run by people for people, things such as the butter being soft rather than frozen and the rolls warm rather than cold.

When you sit down for a meal or a drink Bill will offer to let you draw a square with an X in it. What you have to do is draw it while looking into a mirror, so the image you are drawing is reversed. It's real easy till you try it, then watch out. Bill puts your name on the finished square and then drops it into a box. Every week one of the squares is drawn from the box and the winner receives a free dinner.

We had seafood for dinner, shrimp and scallops, and believe me you can taste the difference between fresh and frozen. The flavor was real.

The food was good and plentiful, in fact more than we could eat. The vegetables were served to us in bowls and we were to full to eat more than a third of them. The salad was served with a home made dressing that was one of the best we have ever tasted.

Be sure to have Bill tell you the story of his sign. He ordered it last April 25 and received it December 2. First the order was lost and then the sign was lost. However it has arrived now and MY FATHER'S PLACE is officially MY FATHER'S PLACE.
