Multi-family plans before zoning board

BY ANDY MAIS

Two proposals that may bring new housing to the area were discussed at the zoning board meeting on March 23, 1996.

One proposal was for a new residential development on the site of the former Torrington Co. building on Main Street. The development would include 10 units per acre, and the zoning board gave its approval.

The other proposal was for a new residential development on the site of the former Torrington Co. building on Main Street. The development would include 10 units per acre, and the zoning board gave its approval.

The delegate process represents an effort to bring a fresh point of view to the American Cancer Society. The Democrats will meet on March 28 to name delegates for the upcoming state conventions in July.

Daffodils are in bloom this month for the American Cancer Society. The 1996 Wilton Daffodils Days Committee will make this year's event a success for the society and will bring in much-needed funds.

Daffodils days will benefit the American Cancer Society.
