FRIDAY, MARCH 15.

Pace Too Swift For Railroads.

The Railroad Committee of the New Jersey House has killed a bill providing that there should be an extra engineer in the cab of every passenger locomotive. Experienced railroad men appeared before the committee and declared that the safety of the public would be endangered more by having an extra engineer in the locomotive cab than by having the present one man. In view of responsibility, they said would lead to clashes, and in moments when a quick decision had to be made wrecks would certainly result from "two heads on one job."

A Shoe Worker

Gets Results

"I have used Father John's Medicine with satisfactory results for the after-effects from pneumonia," says H. N. Blandin, a shoe maker, residing at 22 Webster Street, Middleboro, Mass. "Father John's Medicine was recommended to me by a friend who had used it with great results."
 Cures all throat and lung trouble, not a patent medicine, and free from poisonous drugs or alcohol, 50 years in use.

Awards Public Bequests.

Philadelphia, March 14.—In adjudicating the estate of E. P. Wright of this city, who died in 1903, the orphans' court has awarded these charitable bequests: Protestant Episcopal church of the United States, \$50,000; general assembly of the Presbyterian church of America, \$50,000; Methodist Episcopal church of the United States, \$50,000; Baptist church of the United States, \$20,000; Young Men's Christian association, \$15,000; American Sunday School union, \$15,000.

STRANGE SCENE AT A FUNERAL

Massena, March 14.—A very strange accident occurred at the residence of Mrs. S. Fowler, at about 1:30 Wednesday afternoon.

The house was filled with friends and relatives, who had gathered to attend the funeral of Mr. S. Fowler. The Rev. Mr. Dunham had just commenced the funeral services and was making a prayer, when suddenly, without warning, a huge register fell from the ceiling, striking Mr. Dunham on the right side of the head just above the ear. He was rendered unconscious and a doctor was called. His wife, who is subject to heart trouble, fainted, and for several hours they both were in a serious condition.

Later in the evening they were carried to their home on North Main street, and it is hoped that they are now out of danger.

The services at the funeral were not completed, as no other minister in town was able to be out. Rev. Mr. Eastman and Rev. Mr. Baker both being confined to the house because of illness. At the grave, the undertaker, William H. Cubley, read the burial service.

President Will Not Be a Candidate.

Los Angeles, Cal., March 14.—In an interview here Dr. Nicholas Murray Butler, president of Columbia university, said: "President Roosevelt will not run for president again, no matter what pressure is brought to bear upon him. The principles which Roosevelt stands for are greater than the man. The Republican party must support these principles, no matter who its standard bearer may be at the next election. With Mr. Root as president and Mr. Taft chief justice of the supreme court, conditions would be pretty nearly ideal. But I hardly look for such a combination to succeed."

NAVY DEPARTMENT ORDERS.

Plan For Consolidation Into One Fleet of All Warships in the Pacific.

Washington, March 14.—Complete plans for the consolidation into one fleet of all American cruising vessels in the Pacific ocean were made public by the navy department. The order will probably go into effect about the end of this month, when Rear Admiral Brownson will become commander-in-chief of everything in the Pacific. Rear Admiral W. T. Swinburne will be commander of the second squadron and Rear Admiral J. H. Dayton will command the third squadron.

At present the warships in the Pacific are organized into the Asiatic fleet and the Pacific squadron. The consolidation of these under one administrative head is in accordance with the navy department's policy instituted by the abolition of the South Atlantic and European stations in the Atlantic and the concentrating of all vessels in that ocean under one command.

In a statement prepared by the navy department it is shown that the groups of ships in the Pacific will remain in the same general position they now have and will perform much the same duties they have at present. They will, however, probably meet for general drills and exercises anywhere on the station, and an effort will be made to repair all the larger ships in Pacific cost navy yards.

As far as is practicable, docking and minor repairs to vessels in Asiatic waters will be made at Cavite or Olongapo.

The department does not expect to send any of the battleships now in the Atlantic to the Pacific.

Man Slays His Wife's Father.

Pana, Ill., March 14.—John Collier shot and killed his father-in-law, Alphonse Jolly, as the result of a quarrel which occurred several days ago. It is alleged that Collier abused the stepdaughter, and Jolly had Collier arrested. The trial was set for yesterday, but Jolly agreed to pay the cost and withdraw the suit. Jolly went to the home of his daughter to talk over the matter, and after a few words Collier shot him. A charge of murder was preferred against Collier, and he was arrested and taken to Taylorville. Jolly leaves a wife and five children.

Hearings Before Labor Committee.

Albany, March 14.—The Erie, Lehigh and Lackawanna railroad companies were recorded as opposed to the Todd bill, which would compel railroad companies to pay semi-monthly, at a hearing before the assembly committee on labor and industries. Representatives of several labor organizations spoke in favor of the measure. The committee voted to report the Filley bills requiring washrooms in foundries and providing for a ten-hour day for street car employees in second class cities.

RULES FROM NOTED PALACE.

American Governor Quartered in Historic Home of Spanish Masters.

Havana, March 14.—Governor General Magoon is performing his very delicate and difficult task of pacification from a stately building in the lower part of the city of Havana which for generations was the residence of the Spanish captain general, and, since the republic, the residence of President Palma.

In some respects it is the most notable building in the city, and the proportions of its state reception rooms and other apartments are very much admired. The entrance is of richly carved marble under a portico facing the Plaza de Armas, which was one of the most beautiful squares until the hurricane that swept Havana last October nearly destroyed the ancient trees. Within a few days the department of public works straightened them up, got their roots back into the soil again, trimmed their dilapidated branches, and they have since taken on a new lease of life and promise to recover their former beauty.

Similar destruction occurred in every part of the city. The palms, the cocoanut trees, and palmettos were blown to pieces, but they are very tenacious of life, and within a few years will be as attractive as ever.

The palace occupies a full block and surrounds a large patio, in the center of which is a statue of Columbus erected many years ago, rising from masses of tropical flowers and foliage plants. The interior looks open upon a wide gallery which looks upon this patio and offer a large area for the entertainment of guests.

The lower floor is occupied by the offices of the mayor and other city officials, and contains the chamber of the ayuntamiento, or city council. The governor general's office and living rooms, on the third floor, are reached by stately marble stairways.

The state apartments have been refurbished in North American style since independence, but the decorations remain as they were during the Spanish regime, and the coat of arms of Castile and Leon still appears over the main entrance and in several other conspicuous places.

Low Record of Fatalities.

New York, March 14.—President David Willcox of the Delaware & Hudson Railroad company in his annual report said: "During the last 12 years this company has carried about 75,000,000 passengers. There have been but three passenger fatalities. Those occurred in the same accident, which was due to the engineer violating the rules by running past the signal which was set against him. The Susquehanna division, comprising 488 miles of track of all kinds, has been in operation more than 30 years without a single passenger fatality. During these periods, too, passenger casualties have been extremely rare. It is believed that these results of operation compare very favorably with those in any other country."

Triple Murderer Must Die.

Columbus, O., March 14.—Dr. Oliver C. Haugh, the Dayton murderer, now in the annex of the Ohio penitentiary, will be electrocuted April 6. The supreme court has affirmed his sentence. Haugh killed his father, mother and brother.

Weather Indications.

Rain or snow and colder Thursday; Friday partly cloudy; variable winds.

MARKET REPORT.

New York Provision Market.
 New York, March 13.
 WHEAT—No. 2 red, 84 1/2 c. f. o. b. afloat; No. 1 northern Duluth, 92 1/2 c. f. o. b.

\$100 REWARD, \$100

Readers of this paper will be pleased to learn that there is one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & O., Toledo, O., Sold by druggists, etc. Take Hall's Family Pills for constipation.

Cur Spring Hats are certainly of the newest shapes, but possess the same good old quality. The best for \$2 and \$3.

PHENOMENAL DEMAND

FOR COOPER MEDICINES

From All Over the United States Startling Accounts are Received of the Unprecedented Results Obtained With L.T. Cooper's Remedies.

Mr. T. H. McGinniss, 241 Central Ave., Cincinnati, O., says:
 "I have had catarrh, for seven years, and have tried almost every advertised remedy without receiving any benefit. One bottle Cooper's New Discovery has effected a complete cure. I have gained in weight and feel stronger than I have for years. My head is clear, my appetite good, my food digests perfectly, and my whole system has been greatly benefited by your wonderful remedy. I am deeply grateful for the remarkable cure the medicine has effected in my case."
 Signed: T. H. MCGINNISS.

The wonderful new medicines, Cooper's New Discovery and Cooper's Quick Relief, with which L. T. Cooper has had such marvelous success in the treatment of stomach trouble, kidney trouble, catarrh, deafness, rheumatism and other diseases in every large city and about which every one has read numerous accounts in the newspapers, have become in great demand and have had a tremendous sale. This demand for these famous remedies is increasing. From this very city the sale and results obtained from Cooper's New Discovery and Cooper's Quick Relief has been marvelous.

DREAD CATARRH.

If you are troubled with a foul smelling breath, inflammation and soreness of nasal cavities and air passages and the dropping of a nasty mucus from head to the throat, if there is a dull heavy frontal headache and ringing sounds in your head and you find yourself gradually growing deaf, beware of catarrh.

Cooper's New Discovery should be taken internally to expel the catarrhal virus from the system and heal the mucous membrane of the nasal throated and air passages. It heals the tissues of the throat and bronchial tubes, and frees the entire system of all catarrhal poison.

Cooper's Quick Relief should be used in connection with Cooper's New Discovery for catarrhal headaches and in all cases of catarrhal deafness to open the eustachian tubes and restore the nerves of the ear to their normal condition.

Cooper's New Discovery sells for \$1.00 per bottle; six for \$5.00. Cooper's Quick Relief costs 50 cents per bottle. You can get them of

F. HOWARD MARKHAM,
