

# TWIN BROTHERS HAD NARROW ESCAPE IN THE LOWER RAPIDS

William and George Dupree Claim Their Boat Almost Entered the Long Sault.

William and George Dupree, 13-year-old twins, residing at the corner of ... and Jay street, were plying their weary way along the Washington road near Red Mills late yesterday when picked up by an Ogdensburg automobilist, returning to the city. The two boys told the auto party a "thriller."

Yesterday morning at eight o'clock, they said, they push out into the St. Lawrence in a "skidoo" boat. Down the stream they propelled the craft until the brownstone of the State hospital buildings became a blur. They were in swift water. Tugging with all their strength, they said, they succeeded in swinging their craft away from the maw of the Long Sault rapids and into the sandy shores of Dawson's Island. There they were received by a family on the island and Ned. Later the man rowed the boys across to the main land and they began their heavy trudge homeward.

The lads said their father was George Dupree, a sailor.

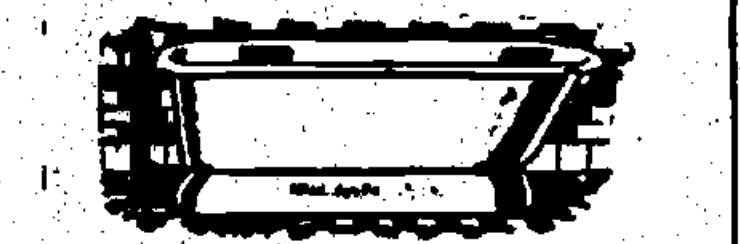

Good Vaudeville at Hippodrome. The new vaudeville at the Hippodrome is even better than the opening show last Thursday. Ed and Dorothy Hayes kept the entire audience in an uproar from the time they appeared upon the stage until they had finished their act. Miss Hayes has a beautiful soprano voice. Miss Carlos is a clever dancer. Miss Graf needs no comment as she has proven her worth to the public as a soloist. The pictures were up to any that have been shown in the city.

# LADS CONFESS THEIR GUILT TO THE POLICE

Benny Valley and George Lamers Burglarized the McRoberts and Payne & Baldwin Stores—Other Depredations Reported.

With the arrest yesterday of Benny Valley and George Lamers, two 13-year-old boys, the burglarizing of Thomas McRoberts' confectionery store Monday night and Payne & Baldwin's hardware establishment several weeks ago was cleared up. The boys confessed that they were guilty of both depredations. At the McRoberts store \$1.17 in cash and a number of packages of cigarettes were stolen and three revolvers were taken from the hardware store. The lads will be arraigned before Recorder Corcoran this morning.

The display of jewelry which Meyer Volt has had on his counters and in the windows of a store in the Judson block evidently attracted the attention of someone with ambition to qualify as a burglar, with the result that the place was entered and articles valued at about \$250 taken during the early hours of yesterday morning. A glass in a rear window was broken, permitting of reaching the inside catch. About thirty gold bracelets and several brooches were among the goods taken. A peculiar feature of the burglary was the nailing of the outside rear door, several wire nails being used. It was difficult for those who examined the premises to understand the motive in fastening this door. The footprints in the display window indicate that a boy was mixed up in the job.

Some time Monday the residence of Mrs. A. E. King at No. 65 Elizabeth street, was entered and ransacked. Mrs. King was at Terrace Park at the time. Neighbors reported that a young boy was inquiring earlier in the day as to whether there was anyone at the King home.

It was found that a cleaver and an axe were used in ineffectual attempts to enter the house at the rear. A wooden horse was finally requisitioned and the burglar was thus enabled to reach the roof of the shed and thence pass through a window into the rooms upstairs. The clothing of S. C. Durand, a boarder, were rifled and a mileage book and some papers stolen.

# WORKMEN AT PLANT OF STANDARD OIL GO ON A STRIKE

5,000 Men Quit Work and Those in Adjoining Plant Also Threaten to Leave

NEW YORK, July 20.—The Bayonne plant of the Standard Oil Company of New Jersey was closed down today following a strike of about 1,000 still cleaners and barrel makers for increased wages and the fact that about 4,000 other workmen refused to go to work either through sympathy, as claimed by the strikers, or intimidation, the view given by the company's officials.

The order to close down was given by General Manager George B. Clifford and the few scores of men who had entered the plant, willing to work, were sent to their homes. It was said that the company had sufficient supplies on hand or within reach to permit the plant to lie idle for a year. Some serious rioting which occurred early today, it was said, was a factor in influencing the shut down.

Several hundred men, alleged to be strikers and their sympathizers, took part in the disorder today. They first tried to stop men, who were willing to work, from going into the plant and then attacked a detail of police who were on the ground to prevent disorder. Inspector Daniel Cady, who was in command, ordered the police to use clubs and drawn revolvers. Dozens of shots were fired, over the heads of the rioters and before this and the threatening night sticks the crowd drew back. No one was seriously hurt, but six arrests were made. Nearly the whole of Bayonne's police force were on the ground later to maintain order.

It is said that the strikers would make efforts to have the men employed at the tide water works and at Bay May, N. J., join the movement tomorrow.

## J. B. TYO NAMED NEW MEMBER OF WATER BOARD.

(Continued from Page 1)

corporation counsel favored waiting until Oct. 1st, when the city treasurer can sell the land outright, subject to redemption within a year. The subject was referred to Mr. Waterman for further consideration.

Mayor Frank called attention to the condition of the city dock and it was decided to secure estimates of cost of needed repairs with the idea of submitting the matter to the taxpayers at a special election which will likely be held soon in connection with the proposal to pave certain streets of the city.

On motion of Aldermen Craig and Jones the council was empowered to enter into a contract with the Power & Light company for additional incandescent lights at \$20 a year. The council will recommend such lights as may be added from time to time. Aid. Kelly stated that his committee had about 38 recent petitions for lights before it.

A bill for telephone at No. 5 station caused the council to notify the telephone company to classify this as a free city phone being used by a city department, being charged against such department.

The matter of the viaduct appropriation came up and Counsel Waterman stated that about ten days ago he supplied the Public Service Commission with photos, drawings and statistics relative to the bridge and travel, but nothing further has been heard from the department.

On written recommendation from the corporation counsel the bills of the municipal civil service commission were paid, but those of the police for extra services were turned down on the advice of counsel that the officers were paid by the month therefore the impropriety of paying twice for the same service was apparent.

In the matter of the power of the council relative to the granting of auctioneers' licenses Mr. Waterman delivered a lengthy opinion, the concluding finding of which was that a license must be issued by the clerk upon compliance with such reasonable regulations as the council shall see fit to make. A resolution covering this subject was read and was referred to the corporation counsel. There was no appearance on behalf of anyone interested in the subject.

## What Ogdensburg Wants to Know

The Answer is Found in the Statement of an Ogdensburg Resident

From week to week, from year to year, there have been appearing in these columns statements made by neighbors which we have all read with great interest, and many of us with great profit. But what we want to know is, do they stand the greatest test of all—the test of time? Here is conclusive evidence on his point from an Ogdensburg man:

Mrs. Herbert Harder, 18 Clark St., Ogdensburg, says: "I suffered a great deal from my back. When I heard Doan's Kidney Pills recommended for troubles of this kind, I got a box at the Williams Drug Co. They helped me at once and before long made a cure. I also wish to say that Doan's Kidney Pills brought relief to another of my family."

health department at its next meeting. The committee on houses and grounds was authorized to secure estimates and to make a recommendation.

Ald. Kelly said he hoped to be able to bring in a report at the next meeting on the proposed central fire station. He stated that the department, the best in any third class city of the state, had been very economically conducted during the past six months, \$2.75 being the sum required for maintenance. He also reported that Dr. Fisher recommended disposing of No. 2 team. The committee was authorized on motion of Ald. Russell to sell the horses by auction and in the meantime procure prices on a new team. Mayor Frank urged the purchase of a tractor for the ladder wagon and the transfer of the horses from No. 5 to No. 2. The aldermen were inclined to postpone purchasing motors until later. Ald. Wert favored a single wagon at No. 5 for long trips where the big truck would be unnecessary.

The committee on buildings and grounds, Aid. Craig, chairman, was instructed to take up the matter of properly caring for the city burying ground, known as Potter's field. The claim of Mrs. Emma Chatrand for \$168.60 for damages to property on account of a city water main break was referred back for correction, a compromise at \$100 having been made, the corporation counsel being of the opinion that the city was liable to this extent.

Those present at the meeting were Mayor Frank and Aldermen Wert, Jones, Craig, Russell and Kelly.

## MUCH BUSINESS AT SPECIAL TERM AT CANTON

Cecil Despaw Who Violated Parole Is Sent to Elmira Reformatory.

CANTON, July 20.—A special term of county court was held here yesterday by Hon. John C. Craspe, county judge and considerable business was disposed of by him. An application was made by D. B. Lucey, counsel for the drainage commissioners of Indian Creek for leave to borrow money, but as Judge Abbott who appears for the town of Canton was unable to be present the court held the matter under advisement, and if objection is made will hear the application at some adjourned date to be agreed upon.

Cecil Despaw convicted of burglary third degree and placed in charge of the probation officer at the last term of county court was charged with a violation of parole and was sentenced to the Elmira reformatory.

Marshall Labarge charged with non-support, of his wife was also charged with violation of parole. His wife was present in court and they agreed to try and live together and his parole was continued on this understanding.

An application was made by Guy W. Hall for an order directing the payment to him by the state comptroller of certain moneys being the proceeds of the sale of his interest in certain real estate in the town of Brasher, made while he was an infant. Some testimony was taken as to the fact and the identity of the petitioner and an order was granted. R. E. Heffernan represented the petitioner and George H. Bowers the comptroller, the application was not opposed except to establish identity.

In an action entitled Louis Burnham vs. J. M. Horton Ice Cream Co., application was made for an injunction restraining the defendant from the use of Borland Creek in the village of Richville as an outlet for discharge of sewage and wastes from its factory. This creek flows through the lands of plaintiff and it is claimed that cattle drinking the water of the creek have died from the effects of the wastes so discharged into this creek. This action has aroused considerable interest in the village of Richville. Plaintiff and defendant are argued by ... reserving

## ITEMS ALONG THE WAY

Mrs. S. W. Day has returned from stopping with Capt. and Mrs. D. H. Lyon, Lookout, Oak Island.

The Trades and Labor councils of the city have extended an invitation to Governor Whitman to attend the Labor Day celebration here.

Sir Thomas Shaughnessy announces that the facilities of the C. P. R. shops at various points along the system will be placed at the disposal for the manufacture of shells.

Thomas Silman of Burlington was drowned Sunday in Lake Champlain. The boy who was eleven years of age had been bathing with companions who did not miss him until about ready to return home. The body was found.

Lionel Rucker, 4-year-old son of Thomas Rucker, Potsdam, was brought here last night and placed in the United Helpers' home by Agent O'Brien of the S. P. C. C., because of the improper surroundings and immoral conditions in his home, the parents being unmarried. They have one other child living; two have died. Agent O'Brien states there are about twenty-five similar cases near Potsdam which he intends to investigate at once.

Charles M. Daniels, former champion swimmer, who is spending the summer at his lodge on upper Saranac Lake had quite an exciting battle the other day with a black bear and three cubs. Mr. Daniels was taking a walk in the woods near his camp with his wife and children when he sighted the animal on the trail. A small rifle and a hunting knife were the only weapons carried and Mr. Daniels took a shot wounding the old bear. She turned upon him but was dispatched by a second shot. Mr. Daniels killed one of the cubs, but the other two escaped into the forest.

## LOCAL RESIDENTS SUCCESSFUL IN C. S. EXAMINATION

Mr. and Mrs. Solon H. Robinson on Eligible List For Farm Supervisor and Matron.

Albany, July 20.—For the position of farm superintendent at the state Agricultural and Industrial School, paying \$50 a month, with \$30 a month for wife as matron, Mr. and Mrs. Solon H. Robinson of the State Hospital, at Ogdensburg, passed the recent competitive civil service examination.

For the position of instructor in carpentry at the same institution, with wife as matron, the positions paying respectively \$65 and \$30 a month, Mr. and Mrs. Joseph B. Maloney, of Gouverneur, passed the civil service examination.

## IT'S OUR DOCTOR, ALWAYS AT HAND

"I suffered years from dyspepsia and liver complaint. I spent \$475.00 without relief. I was cured by three bottles of Dr. David Kennedy's Favorite Remedy. We have always kept it in our house since—it's our doctor, always at hand." Mr. James Cook, Catskill, N. Y.

## SAYS HE HAS NOT WITHDRAWN HIS PROTEST.

While the News did not make any statement relative to the matter referred to in the following, it gives the writer the requested privilege of stating his position:  
Editor, News: I notice in a late issue of your paper you state that a protest made by me to the Board of Public Works and the State Board of Health against the construction of a sewer adjacent to my property at Sandy Beach, has been withdrawn by me. I wish to correct this misstatement by informing you that the complaint has not been withdrawn, as the construction of such sewer would deposit sewage on the beach in front of my property, resulting in making it unhealthy and destroying its value for beach and river purposes.  
I am, Yours very truly,  
JOHN BURKE.

## GOVERNEUR ACCIDENTALLY SHOOTS SELF

GOVERNEUR, July 20.—Frederick Barr, 17, son of Mr. and Mrs. William J. Barr of Sterling street, was accidentally shot while walking along the road leading from the Frank M. Freeman farm, near Talcoy, at 6 o'clock last night.  
Barr is a junior in the Gouverneur High school and had been at the Freeman farm for the summer vacation. Late in the afternoon he told Mr. Freeman he was going to the house, and a few minutes later Mr. Freeman heard the shot of a gun. He went to the barn door, but found nothing.  
Going back to the house he saw from the front porch Barr's body lying in the road. He was dead when discovered. He had told some young boys who were there that he was going to kill a cat. The gun is thought to have been accidentally discharged.

## BREAD BETTER THAN MEAT

LISTEN TO THIS!  
From the N. Y. Journal.  
Washington, Jan. 9.—Dr. Harvey W. Wiley, the pure food expert, today issued a warning to the public against the curtailment of bread eating should the price be advanced because of the rise in the cost of wheat. He said:

"There is a popular fallacy in favor of meat. Meat contains 60 per cent water and costs 25 cents a pound. Bread is only 40 per cent water and costs 5 cents a pound. There's more energy in a pound of bread than in a pound of meat. Hard workers need bread more than meat. If the cost of flour makes bread rise, cut down on the meat. Bread is the cheapest food known."

## Sayer's Splendid Bread

MADE IN OGDENSBURG and sold at all Grocers for 10c

## The Welfare of Your Children

It has the largest percentage of food value, and your children will enjoy its flavor, purity and wholesomeness. At all grocers.
