Wheeler & Wilson Mf'g Co.

GOOD NEWS.—A REDUCTION IN THE PRICES of Sewing Machines is announced in our advertising columns. We have heretofore expressed the opinion that the prices of this invention have been too high—so high as to place them beyond the reach of many whom they would most benefit. Their utility is established beyond question, and at the present prices we see no reason why they should not be found, as they ought to be, in every household. Several varieties are manufactured adapted to various purposes. So far as public opinion has been formed and uttered, the preference is emphatically accorded to the Wheeler and Wilson machine for family use, and for manufacturers in the same range of purpose and material. [illegible] the trials have been numerous, and all the patents of any pretension have been brought fairly into competition. In every case the Wheeler and Wilson machine has won the highest premiums. We may instance the State Fairs of New York, New Jersey, Pennsylvania, Kentucky, Illinois, Wisconsin and California, and the fairs of the Cincinnati, Detroit, Chicago and St. Louis Institutes, already held. At the Fair of the St. Louis Mechanics' Association the committee, consisting of twenty-five ladies of the highest social standing, who with one accord voted to award the Wheeler and Wilson machine the highest and only premium, a silver pitcher valued at $75. [illegible] such a reputation, we know not what [illegible].

THE GREAT STOVE OF THE DAY
THE ECONOMIST.
Premiums awarded at the late Ohio State and Albany County Fairs.

Nos. 7, 8, 9, and Hotel Size, No. 10.

THE TIME HAS COME WHEN PEOPLE WHO are disposed to study true economy, and wh[illegible] comfort and health, demand and will have a Stove which combines increased convenience with greater perfection of manufacture.

1\. *The Thickness of the Castings.*—These Stoves weigh from fifty to one hundred pounds more than others of corresponding size.

2\. *The Oven* is one-quarter to a third larger than usual, and being provided with a row of hooks at the top of same, meat can be suspended for roasting instead of lying in a pan to fry in fat, as is the case by which process it receives an unpleasant [illegible] odor. This feature alone, when understood, will make THE ECONOMIST the preference over any other.

3\. *The Perfection of Manufacture.*—The oven doors are lined with Tin Plate, and are fitted with a steam tight joint. The Tops, Covers and Cross Pieces are fitted and fitted with great exactness. Fully as much labor and cost is expended on each one of these Stoves, as on a dozen of the ordinary kind.

4\. *The Fire Box* is of liberal size, without being too large, and is conveniently arranged for the use of either Wood or Coal.

5\. *The Broiling Hearth* is a commodious and indispensable appointment to the Stove.

6\. *The Copper or Reservoir* for containing a supply of Hot Water, is a feature which will command attention.

7\. *The Hot Closet, or Warming Oven,* is found to be an article of great convenience for warming plates or food.

8\. *Improved Water Backs and Pipes* are furnished when desired, which will heat the water in a large, speedily and effectually as the best range, and at much less cost for fixtures and fuel.

9\. *The Covers* for bottom and front of the Stove, are furnished without charge.

10\. *Tin Top* covers and various other conveniences may be added at pleasure.

This Stove has already obtained an enviable reputation, and the Manufacturers are determined to spare no efforts to make it

The Leading Stove of the Day.

HOWARD ASSOCIATION, PHILADELPHIA.—A Benevolent Institution, established by special endowment for the relief of the sick and distressed, afflicted with virulent and epidemic diseases. For all persons afflicted with Sexual Diseases, such as SPERMATORRHOEA, SEMINAL WEAKNESS, IMPOTENCE, GONORRHOEA, GLEET, SYPHILIS, the vice of ONANISM, or SELF ABUSE, &c., &c.

The HOWARD ASSOCIATION, in view of the awful destruction of human life, caused by Sexual Diseases, and the deceptions practiced upon the unfortunate victims of such diseases, by Quacks, several years ago directed their Consulting Surgeon, as a CHARITABLE ACT worthy of their name, to open a Dispensary for the treatment of this class of diseases, in all their forms, and to give MEDICAL ADVICE GRATIS, to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c.,) and, in all cases of extreme poverty, to FURNISH MEDICINES FREE OF CHARGE. It is needless to add that the Association commands the highest medical skill of the age, and will furnish the most approved modern treatment.

The Directors, on a review of the past, feel assured that their labor in this sphere of benevolent effort, have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves, with renewed zeal, to this important but much despised cause.

Just published by the Association, a report on Spermatorrhoea, or Seminal Weakness, the vice of Onanism, or self abuse, or other diseases of the sexual organs, by the Consulting Surgeon, which will be sent by mail (in a sealed letter envelope,) FREE OF CHARGE, on receipt of TWO STAMPS for postage.

Address, for report or treatment, Dr. GEORGE R. CALHOUN, Consulting Surgeon, Howard Association, No. 2 South Ninth street, Philadelphia, Pa.

By order of the Directors, EZRA D. HEARTWELL, President. GEO. FAIRCHILD, Secretary.

Joy to the admirers of a fine Head of RICH GLOSSY HAIR.

Talk of beauty, it cannot exist without a fine head of Hair, then read the following, and if you ask more, see circular around each bottle, and no one can doubt.

PROFESSOR WOOD'S HAIR RESTORATIVE.—We call the attention of all, old and young, to this wonderful preparation, which turns back to its original color, gray hair—covers the head of the bald with a luxuriant growth—removes the dandruff, itching and all cutaneous eruptions—causes a continual flow of the natural fluids; and hence, if used as a regular dressing for the hair will preserve its color, and keep it from falling to extreme old age, in all its natural beauty. We call then upon the bald, the gray, or diseased in scalp, to use it; and surely the young will not, as they value the flowing locks, or the witching curl, ever be without it. Its praise is upon the tongue of thousands.

The Agent for Prof. Wood's Hair Restorative in New Haven, received the following letter in regard to the Restorative a few weeks since:

DEEP RIVER, Conn., July 23, 1856.

Mr. Leavenworth—Sir:—I have been troubled with dandruff or scurf on my head for more than a year; my hair began to come out, scurf and hair together. I saw in a New Haven paper about Wood's Hair Restorative as a cure. I called at your store on the 1st of April last, and purchased one bottle to try it, and I found to my satisfaction it was the thing; it removed the scurf and new hair began to grow; it is now two or three inches in length *where it was all off.* I have great faith in it. I wish you to send me two bottles more by Mr. Post, the bearer of this. I don't know as any of the kind is used in this place, you may have a market for many bottles after it is known here.

Yours with respect, RUFUS PRATT.

PHILADELPHIA, Sept. 9, 1856.

Prof. Wood—Dear Sir: Your Hair Restorative is proving itself beneficial to me. The front and also the back part of my head almost lost its covering—in fact bald. I have used but two half pint bottles of your Restorative, and now the top of my head is well studded with a promising crop of young hair, and the front is also receiving its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recommendation, I can induce many others to try it. Yours respectfully, D. R. THOMAS, M. D., No. 464 Vine street.

VINCENNES, Ia., June 22, 1853.

PROF. O. J. WOOD: As you are about to manufacture and vend your recently discovered Hair Restorative, I will state, for whomsoever it may concern, that I have used it and known others to use it—that I have, for several years, been in the habit of using other Hair Restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head of dandruff, and with one month's proper use will restore any person's hair to the original, youthful color and texture, giving it a healthy, soft and glossy appearance; and all this without discoloring the hands that apply it, or the dress on which it drops. I would, therefore, recommend its use to every one desirous of having a fine color and texture to hair.

Respectfully yours, WILSON KING.

Medical.

GREATEST MEDICAL DISCOVERY OF THE AGE.—Mr. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds, a remedy that cures every kind of humor, from the worst scrofula down to the common pimple. He has tried it in over eleven hundred cases, and never failed except in two cases, both thunder humor. He has now in his possession over two hundred certificates of its value, all within twenty miles of Boston.

Two bottles will cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two to three bottles will cure the worst kind of biles.

Two bottles will cure the worst canker in the mouth and stomach.

Three to five bottles will cure the worst kind of erysipelas.

One to two bottles will cure all humors in the eyes.

Two bottles will cure running of the ears and blotches among the hair.

Four to six bottles will cure corrupt and running ulcers.

One bottle will cure scaly eruptions of the skin.

Two or three bottles will cure the worst cases of ring worm.

Two or three bottles will cure the most desperate Rheumatism.

Three to four bottles will cure salt rheum.

Five to eight bottles will cure the worst cases of scrofula.

A benefit is always experienced from the first bottle, and a perfect cure when the above quantity is taken.

Nothing looks so improbable to those who have in vain tried all the wonderful medicines of the day, as that a common weed growing in the pastures around old stone walls, should cure every humor in the system, yet it is a fixed fact. If you have a humor it has to start. There are no ifs or ands, hums nor ha's about it suiting some cases but not yours. I peddled about over one thousand bottles of it in the vicinity of Boston. I know the effects of it in every case. It has already done some of the greatest cures ever done in Massachusetts. I gave it to children a year old, to old people of sixty. I have seen poor, puny wormy looking children, whose flesh was soft and flabby, restored to a perfect state of health by one bottle.

To those who are subject to a sick headache, one bottle will always cure it. It gives great relief in catarrh and dizziness. Some who have taken it have been costive for years, and have been regulated by it. Where the body is sound it works quite easy, but where there is any derangement of the functions of the nature, it will cause very singular feelings, but you must not be alarmed—they always disappear in from four days to a week. There is never a bad result from it—on the contrary, when the feeling is gone, you will feel yourself like a new person. I heard some of the most extravagant encomiums that ever man listened to.

No change of diet ever necessary. Eat the best you can get, and enough of it.

Price $1. Manufactured by Donald Kennedy, 120 Warren street, Roxbury.

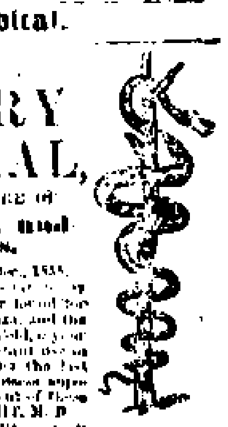
AYER'S CHERRY PECTORAL,



FOR THE RAPID CURE OF **Colds, Coughs, and Hoarseness.**

BRAINFIELD, MASS., 20th Dec., 1855.

DR. J. C. AYER: I do not hesitate to say the best remedy I have ever found for Coughs, Hoarseness, Influenza, and the concomitant symptoms of a Cold, is your CHERRY PECTORAL. Its constant use in my practice and my family for the last ten years has shown it to possess superior virtues for the treatment of these complaints. EBEN KNIGHT, M. D.

A. B. MORTLEY, Esq., of UTICA, N. Y., writes: "I have used your Pectoral myself and in my family ever since you invented it, and believe it the best medicine for its purpose ever put out. With a bad cold I should sooner pay twenty-five dollars for a bottle than do without it, or take any other remedy."

Croup, Whooping Cough, Influenza.

SPRINGFIELD, MISS., Feb. 7, 1856.

BROTHER AYER: I will cheerfully certify your Pectoral is the best remedy we possess for the cure of whooping cough, croup, and the chest diseases of children. We of your fraternity in the South appreciate your skill, and commend your medicine to our people.

HIRAM CONKLIN, M. D.

AMOS LEE, Esq., MONTEREY, IA., writes, 3d Jan., 1856: "I had a tedious Influenza, which confined me in doors six weeks; took many medicines without relief; finally tried your Pectoral by the advice of our clergyman. The first dose relieved the soreness in my throat and lungs; less than one half the bottle made me completely well. Your medicines are the cheapest as well as the best we can buy, and we esteem you, Doctor, and your remedies, as the poor man's friend."

Asthma or Phthisic, and Bronchitis.

WEST MANCHESTER, PA., Feb. 4, 1856.

SIR: Your Cherry Pectoral is performing marvellous cures in this section. It has relieved several from alarming symptoms of consumption, and is now curing a man who has labored under an affection of the lungs for the last forty years. HENRY L. PARKS, Merchant.

A. A. RAMSEY, M. D., ALBION, MONROE CO., IOWA, writes, Sept. 6, 1855: "During my practice of many years I have found nothing equal to your Cherry Pectoral for giving ease and relief to consumptive patients, or curing such as are curable."

We might add volumes of evidence, but the most convincing proof of the virtues of this remedy is found in its effects upon trial.

Consumption.

Probably no one remedy has ever been known which cured so many and such dangerous cases as this. Some no human aid can reach; but even to those the Cherry Pectoral affords relief and comfort.

ASTOR HOUSE, NEW YORK CITY, March 5, 1856.

DOCTOR AYER, LOWELL: I feel it a duty and a pleasure to inform you what your Cherry Pectoral has done for my wife. She had been five months laboring under the dangerous symptoms of Consumption, from which no aid we could procure gave her much relief. She was steadily failing, until Dr. Strong, of this city, where we have come for advice, recommended a trial of your medicine. We bless his kindness, as we do your skill, for she has recovered from that day. She is not yet as strong as she used to be, but is free from her cough, and calls herself well.

Yours with gratitude and regard, ORLANDO SHELBY, OF SHELBYVILLE.

Consumptives, do not despair till you have tried Ayer's Cherry Pectoral. It is made by one of the best medical chemists in the world, and its cures all around us bespeak the high merits of its virtues.—Philadelphia Ledger.

Ayer's Cathartic Pills.

THE sciences of Chemistry and Medicine have been taxed their utmost to produce this best, most perfect purgative which is known to man. Innumerable proofs are shown that these PILLS have virtues which surpass in excellence the ordinary medicines, and that they win unprecedentedly upon the esteem of all men. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow distemper, stimulate sluggish or disordered organs into their natural action, and impart healthy tone with strength to the whole system. Not only do they cure the every-day complaints of every body, but also formidable and dangerous diseases that have baffled the best of human skill. While they produce powerful effects, they are at the same time, in diminished doses, the safest and best physic that can be employed for children. Being sugar coated, they are pleasant to take; and being purely vegetable, are free from any risk of harm. Cures have been made which surpass belief were they not substantiated by men of such exalted position and character as to forbid the suspicion of untruth. Many eminent clergymen and physicians have lent their names to certify to the public the reliability of my remedies, while others have sent me the assurance of their conviction that my Preparations contribute immensely to the relief of my afflicted, suffering fellow-men.

The Agent below named is pleased to furnish gratis my American Almanac, containing directions for their use and certificates of their cures, of the following complaints:—

Costiveness, Bilious Complaints, Rheumatism, Dropsy, Heartburn, Headache arising from a foul stomach, Nausea, Indigestion, Morbid Inaction of the Bowels and Pain arising therefrom, Flatulency, Loss of Appetite, all Ulcerous and Cutaneous Diseases which require an evacuant medicine, Scrofula or King's Evil. They also, by purifying the blood and stimulating the system, cure many complaints which it would not be supposed they could reach, such as Deafness, Partial Blindness, Neuralgia and Nervous Irritability, Derangements of the Liver and Kidneys, Gout, and other kindred complaints arising from a low state of the body or obstruction of its functions.

Do not be put off by unprincipled dealers with some other pill they make more profit on. Ask for AYER'S PILLS, and take nothing else. No other they can give you compares with this in its intrinsic value or curative powers. The sick want the best aid there is for them, and they should have it.
