BY LETTERS PATENT SECURED IN 1849.

PULVERMACHER'S Patent Hydro-Electric Voltaic Chains, constructed to be worn under the garments, are the most wonderful discovery in medicine and electricity of the present day.—They relieve, without pain or shock, instantaneously, acute nervous pains such as head, ear, tooth-ache, rheumatic pains, tic doloreaux, &c., and by their mild but continuous and perceptible action on the body, diseases of years' standing, such as gout, local paralysis, nervous complaints, liver diseases, &c., disappear, as if by a miracle; they have been applied with the greatest success in all those dreadful diseases in children, commonly called convulsions, as also in cases of teething under difficulties and disorders of the bowels. They precipitate metals from their solutions, decompose water, deflect the magnetic needle, in short, show all the phenomenon of a powerful voltaic pile. The instruments producing these effects weigh about two ounces, can be folded up in a pocket book, are always ready for instantaneous use, and will last a man his lifetime, guarding himself, family and friends, &c., against that number of diseases and complaints in which mild streaming electricity is a perfectly safe, certain and wonderful speedy remedy. The price of a complete chain is from $1 to $5; batteries $10 to $22 50.

Incredible as may seem the above facts, any person can easily convince himself beforehand at the depot, of their truth. The importance of the invention has been acknowledged in America, by the Academy of Medicine of New York, and the chains have been applied with great success in the medical colleges, the City Bellevue, and Wards Island Hospitals, Brooklyn City Hospital, &c.; in Europe, by the Royal Colleges of Physicians and Surgeons in London; by the Academie Nationale de Medecin at Paris; by the Imperial Faculty at Vienna; by the Royal Faculty at Berlin, and other scientific institutions of the highest order, including the principal hospitals in Europe.

The proprietors are in possession of testimonials to the same effect, from all of the above institutions in America and Europe, as well as of the most eminent and distinguished members of the profession in both hemispheres, and invite the public to examine them.

Full and illustrated descriptions, one for personal use and one for scientific men, with copies of testimonials and a number of cases cured in New York and Europe, may be obtained gratis at the office. They will be forwarded free of postage, to any part of the United States in answer to pre-paid inquiries, containing three cents postage stamps. J. STEINERT, 563 Broadway.

IRON SAFE AGENCY.

Wilder's Patent with Rich's Improvement.

STEARNS & MARVIN, MANUFACTURERS.

THE undersigned has been appointed Agent for Oswego co. of the above celebrated Safes.

This is a Safe which is *Safe.*

Gentlemen wishing an article which will give security against loss of their books or valuable papers will do well to examine these Safes, which will be found much heavier than many others in market, with the latest improvements, and consequently safer against fire. They are furnished with Powder Proof Locks, which renders them thief as well as fire proof.

For proof of their security against fire, look of the annexed certificate of their quality as proved by a recent fire at Wetumpka, Alabama:

☞ The following letter has just been received by Stearns & Marvin, 146 Water street, New York:

Wetumpka, Ala., 26th June, 1852.

Mr. A. S. Marvin,—Dear Sir,—As we were using one of your Iron Safes at the time of the great fire of the 11th inst., we feel it our duty to say that your Safe proved what you had recommended it to be. After the fire, we opened our Safe, and found in the hurry that we had neglected to take out our cash book the night before the fire took place, but found on examination that the book was not even scorched. We also found a small piece of paper in the small drawer that was not in the least injured. We take pleasure in recommending your Safe to the public generally.

Very respectfully, MELTON & BRASSELL.

P. S.—We saw several other Safes that were in the fire, but none except your manufacture stood the heat.

An assortment of these Safes on hand at the Depot, 146 Water street, and at the Factory, corner Avenue A and St. Mark's Place, New York.

Professor Alex. C. Barry's Tricopherous or Medicated Compound,

FOR beautifying, improving, and preserving the hair, curing cuts, bruises, burns, stings, rheumatism, and all irritations of the skin. A preparation, the sale of which amounts to one million bottles annually, would seem to need no advertisement; but as the thousands who purchase, use, and approve of it, have probably no idea of the enormous extent of the business done by Professor Barry, he gives herewith a plain statement of facts derived from his books, and with them tenders his earnest and hearty thanks to his innumerable patrons.

Professor Barry's accounts of sales for the year 1852, show that during that year about 940,000 bottles of his Tricopherous were disposed of, and that the cash product of this immense sale was nearly $160,000.

This plain unvarnished tale is a better commentary on the value of the article than anything its inventor could say. If it were not peerless in its effect upon the hair—if it were not invaluable as a household remedy, for cuts, bruises, burns, skin diseases &c.—it would not, of course, be so universally in demand. The wealthy portion of the public would buy it at any price, but Professor Barry has reduced it to a figure so low that the poorest can avail themselves of its benefits.

Sold in large bottles (price 25 cents) at wholesale and retail, at the manufactory and depot, 137 Broadway, and by the principal merchants and druggists throughout the United States and Canada, Mexico, West Indies, Great Britain, France, &c. [may 3.]

BRUGMAN'S GERMAN MEDICAL DEPOT.

No. 51 Lispenard Street, New York.

1. DR. DELANEY'S CELEBRATED CURATIVE INSTRUMENT, for the infallible cure of that dreadful disease, known as "Spermatorrhea," or "Involuntary Nocturnal Emissions," so harrassing and destructive, and productive of so much mischief to the nervous system incapacitating the man for business, society, and matrimony.

This instrument is simple, comprehensive, and never failing, and may be used without inconvenience or the knowledge of the most intimate friend. It is to be used externally producing no pain or injury whatever, nor preventing any one from attending to his business; and while in use not a single emission can take place, invigorating the organs, in a short time, to such an extent that they beget their primitive power of retention, the loss of which, caused by early abuse, is the disease in question, and the cause of the thousand concomitant complaints, viz: Nervousness, Prostration, Dyspepsia, Pain in the head and Dimness of Vision, Weakness of the Back and Lower Extremities, Affections of the Eyes, Impotence, Pimples of the Face, Premature Decline of Virility, Weakness of Memory and Power for Mental Application, Dejection, Aversion to Society, Timidity, Self Distrust, Love of Solitude, &c.—All these complaints invariably disappear as soon as the source is stopped from which they emanate.

This instrument has been examined and approved of by the highest authorities in Europe and America, is recommended by the most prominent Physicians of all countries, as the only certain remedy existing for those complaints, and has now completely superseded the use of drugs, the bougie, cauterization, &c., not to mention the thousand advertised nostrums of the day, specifics, cordials, antidotes, &c., &c. It constitutes at the same time, the same time, the safest, the most pleasant, and by far the cheapest treatment ever offered to the afflicted.

Be it also remembered, that those complaints are but little understood by the profession in general, and that all the medicine in the world never has, and never will, stop those losses, which, if allowed to continue unchecked, are sure to produce the most distressing consequences.

It has been a matter of surprise to some, that any one of respectability and of professional attainments should devote his attention to diseases which people of every description pretend to cure so easily. If, however, but the one thousandth part of the miseries these people bring upon society were known, a very different opinion wo'd be formed. And it is not only the present misery these people bring upon society were known, a very different opinion would be formed. And it is not only the present misery and dejection, preying on the mind as well as the body, that is deplored, but some are of such a nature as to affect posterity, and even to destroy the reproductive faculty, altogether. It is a fact that, when not properly treated, they may remain so dormant in the constitution as to appear in no other way than in their effects upon posterity; yet, if properly understood, are most easily and speedily removed. The above, so ingeniously contrived instrument, will contribute in a great measure to check the evils of quackery, so prevalent in this class of diseases, throughout the Union.

The price of the complete instrument, carefully secured against all observation in a box, is only $10. It can be sent, by express to any address, in any part of the United States, Canada, &c., according to order, accompanied by full directions, and important advice to the married and single, the expenses even to the remotest parts of the country, being very trifling.

All applications and remittances must be directed to F. F. Brugman, 51 Lispenard street, New York, sole authorized Agent of America, no instrument being genuine but those ordered from myself or Agents in Paris, London and New York.

** The undersigned certify, with great pleasure, that the above mentioned Instrument is not only constructed on scientific principles, but that from its use the happiest results may always with confidence be anticipated, there being, for the cure of those diseases, NO OTHER CERTAIN REMEDY EXTANT.

2. LESLEY'S ORGANIC VIBRATOR, an extraordinary powerful, small, newly invented instrument for Deafness, entirely different from all others, to surpass any thing of the kind, that has been or probably ever can be produced; it is modelled to the ear, so that it rests within, without projecting, which can be inserted in the ears, and removed in company unobserved, and being of the same color as the skin, is not perceptible. The powers of this valuable new invention are so great, as to bring very defective hearing, of long standing, to its perfect and natural state, and to enable deaf persons to enjoy general conversation, to hear distinctly at church, on the bench, at the bar, and at public assemblies; the unpleasant sensation of singing noises in the ears, is entirely removed, and it affords to individuals afflicted with this dreadful malady all the assistance that possibly could be desired. Price, in a small elegant box $5. Direct F. F. Brugman, 51 Lispenard street, New York, sole agent for America. Mailed to any part of the Union. Also Dr. Juny's German Acoustic Oil, the Sovereign remedy for Deafness and concomitant complaints. Price $2 per bottle.

Its great success for many years past renders any further comment unnecessary. Sent by return of mail, on receipt of $2, by F. F. Brugman, sole agent, 51 Lispenard street, New York.

Another Scientific Wonder!

GREAT CURE FOR

DYSPEPSIA!

DR. J. S. HOUGHTON'S

THE TRUE

DIGESTIVE FLUID,

OR, GASTRIC JUICE.

Prepared RENNET, or the fourth STOMACH OF THE OX, after directions of BARON LIEBIG, the great Physiologist Chemist by J. S. HOUGHTON, M. D. Philadelphia, Pa.

This is a truly wonderful remedy for INDIGESTION, DYSPEPSIA, JAUNDICE, LIVER COMPLAINT, CONSTIPATION, and DEBILITY, Curing after Nature's own method, by Nature's own Agent, the Gastric Juice.

☞ Half a teaspoonful of PEPSIN, infused in water, will digest or dissolve, *Five Pounds of Roast Beef in about two hours,* out of the stomach.

PEPSIN is the chief element, or Great Digesting Principle of the Gastric Juice—the *Solvent of the Food, the Purifying, Preserving, and Stimulating Agent* of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming an ARTIFICIAL DIGESTIVE FLUID, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a COMPLETE and PERFECT SUBSTITUTE for it. By the aid of this preparation, the pains and evils of INDIGESTION and DYSPEPSIA are removed, just as they would be by a healthy Stomach. It is doing wonders for Dyspeptics, curing cases of DEBILITY, EMACIATION, NERVOUS DECLINE, and DYSPEPTIC CONSUMPTION, supposed to be on the verge of the grave. The Scientific Evidence upon which it is based, is in the highest degree CURIOUS and REMARKABLE.

Scientific Evidence! BARON LIEBIG in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Ox, in which various articles of food, as meat and eggs, will be *softened, changed and digested, in the same manner as they would be in the human stomach.*"

☞ Call on the Agent, and get a Descriptive Circular, gratis, giving a large amount of SCIENTIFIC EVIDENCE, similar to the above, together with reports of *Remarkable Cures,* from all parts of the United States.

As a Dyspepsia Cure, Dr. HOUGHTON'S *Pepsin* has produced the most *marvellous effects,* in curing cases of *Debility, Emanciation, Nervous Decline,* and *Dyspeptic Consumption.* It is impossible to give the details of cases in the limits of this advertisement; but authenticated certificates have been given of more than *two hundred remarkable cures,* in Philadelphia, New York and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful, but permanent.

It is a great *Nervous Antidote,* and particularly useful for tendency to Bilious disorder, Liver Complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinine, Mercury, and other drugs upon the Digestive organs, after a long sickness. Also, for excess in eating, and the too free use of ardent spirits. It almost reconciles *Health with Intemperance.*

DR. HOUGHTON'S *Pepsin* is prepared in Powder and in Fluid form—and in Prescription vials for the use of Physicians.

Private Circulars for the use of Physicians, may be obtained of Dr. Houghton or his Agents, describing the whole process of preparation, and giving the authorities upon which the claims of this new remedy are based.—As it is *not a secret remedy,* no objection can be raised against its use by Physicians in respectable standing and regular practice. Price, *one dollar* per bottle.

☞ OBSERVE THIS!—Every bottle of the genuine *Pepsin* bears the written signature of J. S. HOUGHTON M. D., sole proprietor, Philadelphia, Pa. Copy right and Trade Mark secured.

☞ Sold by all Druggists and Dealers in Medicines. Agents—G. CANFIELD & Co., Oswego, Wholesale and Retail Agents; LAMPMAN, TALLMAN & Co., Syracuse; GEO CAMP & SON, Sacketts Harbor; WINSLOW & YOUNG, Rochester.

PRIVATE MEDICAL TREATISE

ON THE

Physiological View of Marriage,

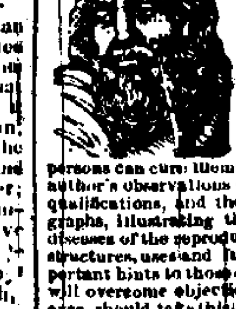
BY

M. B. LA CROIX, M. D., Albany, N. Y.

250 Pages and 130 Fine Plain and Colored Lithographs and Plates.

☞ Price only Twenty-Five Cents.

☞ Sent free of postage to all parts of the Union.



CHEAPEST BOOK ever published, and containing nearly double the quantity of reading matter is that of the Fifty cents or Dollar Publications. It treats on the Phisiology of Marriage, and the secret Infirmities and disorders of youth and maturity, resulting from excesses which destroy the physical and mental powers, all diseases arising from indiscretion, with plain and simple rules by which all persons can cure themselves without mercury, with the author's observations on marriage, its duties and disqualifications, and their remedies, with colored lithographs, illustrating the anatomy and phisiology, and diseases of the reproductive organs of both sexes, their structures, uses and functions. It contains many important hints to those contemplating matrimony, which will overcome objections against marriage; none however, should take this important step without first consulting its pages. It treats of all diseases of females, whether married or single. Hints to those who desire no more children. Strangers who require medical aid, before consulting any doctor, ought to know whether their cases are properly understood by those whom they employ, and thus guard against the imposition of quackery, so prevalent in populous cities. Hence the advantage of a popular knowledge of oneself, such as is given in this work.

If medical authorism be the test of talent, and erudition, must be sought from books, let common sense discriminate between truthful simplicity and extraneous speciousness and bombast. Dr. La Croix is a legally qualified physician, and for the last twenty years has been daily consulted upon the different diseases upon which his books treats, personally as well as by letter. Any person sending twenty-five cents in a letter, post paid, will receive one copy by mail, free of postage, or five copies for one dollar. Address, Dr. M. B. LA CROIX, 56 Beaver st., P. O. Box 579, Albany, N. Y.

** Office open on Sunday, from 2 until 5 P. M.

☞ RECOLLECT—No. 56 BEAVER ST., (Clinton Hotel Building) Albany, N. Y.

A Word of Caution.

It is with extreme reluctance that Dr. LA CROIX takes this public method of inviting attention to his system of practice, and its unrivaled success. Not because it is any more improper for the physician to employ the press as a means to extend his business, than it is for the lawyer, the merchant, or the mechanic to do so. But there are so many unprincipled quacks who publish column after column of boasting and deceptive advertisements, abounding with false statements, and false promises, that respectable and honorable practitioners hesitate and fear to advertise at all, least they become associated with them in the minds of the reader.

There are very few men in the world, in whom it is safe to repose confidence, especially in cases of a delicate nature. The many pretenders to medical science with which the country is filled, and the many disappointments to which the unfortunate are subjected by consulting such men, renders it a matter of more justice to caution the public against them and point them to the sure "haven of repose," which is under the management of Dr. LaCroix, No. 56 Beaver st., Albany.

YOUNG MAN!

Let no false modesty deter you from making your case known to one who, from education and respectability, can alone befriend you. He who places himself under Dr. La Croix and his treatment, may religiously confide in his honor as a gentleman, and in whose bosom will be forever kept the secret of his patient.

TO FEMALES.

Dr. La Croix, No. 56 Beaver street, without rehearsing the ordinary and common place phrases usually resorted to by advertising quacks, will only state, that all female complaints of whatever name or nature, are treated by him successfully. The most convenient rooms always in reserve for ladies who may wish to consult a regular physician, with regard to any of these interesting complaints to which their delicate organization renders them liable.

THE ELECTRO GALVANI "PROTECTIVE" — For married ladies, whose health will not permit, or who have no desire to increase their family, may be obtained as above. It is perfectly safe, and has been extensively used during the last eight years. Price reduced to $10.

FEMALE PERIODICAL COMPLAINTS.

Dr. Delaney's Female periodical Pills are well known by thousands who have used them at different periods for the last twenty years in this city, to be a certain and safe remedy for the removal of all diseases to which females are liable. They are free from poisonous drugs, and warranted to produce no bad effects. The only precaution necessary to be observed is, ladies should not take them if they have reason to believe they are in certain situations, (the particulars of which will be found in the wrapper accompanying each box,) though always safe and healthy, so gentle and active are they.

Price $1 per box. They can be transmitted by mail to any part of the United States.

Dr. Lacroix can without boasting say, that he has cured more than

10,000 PATIENTS!

within the last three years, and no one single case is known, where his directions were followed, and medicines taken at reasonable times, and a cure not effected. Therefore, all who desire to be cured, not merely have their disease checked, are respectfully invited to call.

ADVICE TO STRANGERS.—Beware of impostors who call themselves distinguished graduates, &c., and boast of practising all over the world for centuries past. Be not deceived by promises that cannot be fulfilled; and pay no enormous fees to those notorious boasting advertisers before you consult Dr. Lacroix, where a sure cure can be obtained with strict honesty on written guaranty and forfeiture. See my own certificates.

PERSONS AT A DISTANCE may consult Dr. Lacroix by letter, post paid, describing case, and have medicine securely put up and forwarded to any part of the United States, always accompanied with full and explicit directions for use. Communications considered strictly confidential. Office arranged with separate apartments, so that patients never see any one but the Dr. himself. Attendance daily, from 8 in the morning till 9 at night, and on Sundays from 2 till 5 P. M.
