Z. SMITH, PROPRIETOR.
THE PROPRIETOR has leased the above named commodious House, and takes pleasure in informing the community and travelling public generally, that no pains will be spared to render his House pleasant and desirable in everything that makes hotel-life an attractive home. Recent improvements in the building and newly furnished rooms, together with an extended experience in first class hotel-life, warrant him in saying that his hotel shall be second to none in the city. His tables shall always be spread with the most choice luxuries the markets afford, and his bar supplied with the purest wines and the excellent cigars. To invalids or families, the WELLAND is especially well adapted, as the rooms are large, well ventilated and conveniently arranged in every respect. Those sojourning in the city during Sabbath, will also find this the most desirable House, as it is within sight of nearly all the principal churches. As a congenial resort during the Summer, with its healthy shade trees fronting the piazzas, it is likewise superior to any other house in the city. With the constant aim to give full satisfaction to all his guests, the proprietor flatters himself in the hope of receiving a liberal patronage in this popular House.

24 YEARS.
THE SUBSCRIBER feels grateful that amidst the vicissitudes of this ever changing world, he has for 24 years past received the patronage of most of the respectable and substantial families of the place. Those who believe that there is but little difference in the quality of artificial teeth, can have that illusive idea dispelled by examining his extensive and beautiful variety of **Translucent Block Teeth.** In many cases the beauty of teeth is essentially impaired by preparing them for inserting—little or no attention being paid to the color, form, length, width and position, positive and relative, and as a result there are depressed, distorted and deformed countenances—"ancient youths" and "venerable young faces." All these defects can be remedied by inserting teeth in artistic style and the countenance made to look as symmetrical as "in the good old days of yore" by may11 DOCT. GOLDEY.

Fire! Fire! Fire!
AS THE "ORIGINAL OLD CHINA HALL," No. 208 West First street, has been connected with the late fire as having perished in the fiery element, I would take this occasion to state to my friends and the public in general, that this is a mistake. That the ORIGINAL CHINA HALL is in full blast at **No. 208 West First Street,** opposite the Jefferson Block, where may be found the LARGEST and CHEAPEST stock of CHINA, GLASS and EARTHENWARE ever before offered in the market.
We have also prepared for the coming HOLIDAYS and have to offer a well selected stock of **CHINA TOYS, VASES** and other **FANCY ARTICLES.** All are invited to call and see our Goods.
We have also added to our business the sale of KEROSENE OIL, and BUSINESS FLUID, and have made arrangements to deliver regularly the above at the residences of all who may desire it. We sell nothing but the very best article of Kerosene Oil. Goods loaned for Parties, Balls, &c., and delivered anywhere in the city. **W. A. CALL.**
