GREAT AND USEFUL INVENTION.
Water Running Up Hill!!
Patent Premium Self Acting Hydraulic Ram.
(Patented April 10, 1847.)

THE above machine is calculated for supplying Dwellings, Farm Houses, Factories, Tanneries, Rail-Road Stations, Reservoirs, &c. &c., with pure running water, any heights or distance, required.

The machines are made of various sizes, and are capable of discharging from 100 gallons to 1000 hhds, or even more, per day, from any spring or running brook where a fall of three or more feet, or more, can be obtained: the quantity raised being in proportion to the fall and the quantity the fountain will supply.

This machine is the simplest and most desirable article for raising water EVER DISCOVERED.—It is made of brass and iron, is durable and cheap, and is put together with keys, which facilitate the taking apart, for cleansing, &c.

☞ A Gold Medal was awarded by the State Fair, held at Saratoga, September, 1847, to the Self Acting Hydraulic Rams.

Persons wishing to see one of the above machines in operation are respectfully invited to call upon the subscriber, in this city, who will cheerfully explain its operation and give such other information as to cost, &c. &c. as may be required.

Information may also be obtained by addressing Lewis F. Allen, Black Rock Springs.

THE BEST AND CHEAPEST FAMILY MEDICINE IN THE WORLD!
DR ROBERTS'
COMPOUND
SARSAPARILLA PILLS,

An Alterative Tonic, Diuretic and mild Cathartic.

Price 50 cents per box, containing 50 Pills.

THE GREAT SUPERIORITY of "Roberts' Compound Sarsaparilla Pills" over all other preparations of Sarsaparilla and Pills is their concentrated form, and purity of the extract which, being combined with other vegetable extracts, renders them the most purifying of all medicines.

The peculiar virtues of the Sarsaparilla root, have for a long time attracted the attention of the medical profession and the public, and great interest has been directed to the developments of its Medical properties, various Syrups, Tinctures, and Decoctions have been prepared from it, all of which have been found to contain little or none of the valuable properties of the root. Medical men are aware how slightly the root yields its virtues by maceration in water, and the impossibility of extracting it when prepared in alcohol. Hence the great value of the solid extract of which these Pills are prepared. One box of the Compound Sarsaparilla Pills contain more of the Sarsaparilla than is contained in 2 bottles of the Syrups usually sold.

The proprietor experimented for several years to obtain from the root a solid extract, which should possess all its valuable properties in their most concentrated form, which he combined into the form of Pills, and has used them in his practice with the most astonishing success, and at the suggestion of many friends, he now offers them to the public at a price which makes them the cheapest medicine in the world, with full assurance that they will be found to be the best medicine proposed.

The Compound Sarsaparilla Pills are used for the permanent cure of those diseases which arise from an impure state of the blood and morbid secretions of the Liver and Stomach, viz: Erysipelas, Scrofula or King's Evil, Ulcers, Scald Head, Obstinate Cutaneous Eruptions, Blotches, Boils, Pimples, Sore, Weak or Inflamed Eyes, Glandular Swellings, Rheumatic Affections, Pains of the Bones and Joints, Dropsy, Dyspepsia, Asthma, Diarrhœa and Dysentary, Coughs, Colds, Inflammation of the Lungs, Influenza, Indigestion, Headache, Jaundice, General and Nervous Debility, Female Complaints, Bilious Diseases, and diseases arising from an injudicious use of Mercury, and whenever medicine is required to purify the blood or invigorate the system.

They are a purely vegetable compound, and may be used by persons of all ages. They are pleasant to the palate and produce no nausea, unseemly or griping in their operation. Hundreds of certificates could be given of persons who have used them with the greatest benefit. Purchasers will be particular to ask for "Roberts' Compound Sarsaparilla Pills," and observe that the wrapper on each box has a fac simile of the signature of JOHN ROBERTS, M. D. No travelling agents appointed.

All applications for Agencies, and letters on the subject of the Medicine, must be addressed (post paid) to C. P. FAY, New-York City; General Agt's for the United States, British and West India Provinces.

PERFUMERIES
AND
Fancy Articles, generally,
AT
BICKFORD & MOORE,

(*Corner of Bridge and First-Streets—opposite the Niagara House.*)

THE inhabitants of Oswego and vicinity are respectfully informed that we have just received, and are now prepared to offer them all articles usually found in connexion with

DRUGS AND MEDICINES,

and of a quality surpassed by no other establishment in the country.

Having fitted up our store in a neat and appropriate manner, and having a well selected assortment of *Fancy Articles* for the Ladies' toilet, we invite their attention and solicit their patronage and favor. No pains will be spared to supply their wants, gratify their tastes, and please and dazzle their varied fancies.

One of the firm having had a large practical experience in the most important branch of their business, is prepared at all times to put up medicines with entire accuracy, neatness and dispatch.—Feeling full confidence in their ability and disposition to serve the public with such articles as they may desire, in the line of their business, of superior quality and on the most satisfactory terms—they invite the citizens and the public generally to call and satisfy themselves that our modesty has kept us far within the limits of a full and fair representation of the reality.

Surgical, Operative and Mechanical Dentistry,

BY

D. VAN DENBURGH, D.D.S.

Office in Telegraph Block, nearly opposite the Washington House, Oswego.

Dr. V., would refer to the following certificate from Prof. Westcott:—

"I most cheerfully attest to the personal worth and professional ability of Doct. Dan'l Van Denburgh. Dr. V. spent most of his studentship either in my office at Syracuse, or in the Baltimore Dental College under my own eye.—I am therefore prepared to speak from personal knowledge, when I say that he is well prepared to practice the profession of dental surgery, and is in every way worthy the confidence of the public.

In corroboration of the opinion above given, I may add that the Awarding Committee of the Baltimore College, at the last commencement, awarded to him the first prize for proficiency in that institution.

A. WESTCOTT, M.D., D.D.S.,
Prof. of Operative and Mechanical Dentistry in the Balt. Col. of Dent. Sur'y.
