A New Discovery by the Shakers

For more than a hundred years the Mount Lebanon Shakers have studied the cultivation of medicinal plants and sought to extract from them their healing essences. Their labor has not been spent in vain. They have made a discovery that will prove a blessing to mankind. It consists of a cordial that causes immediate relief in cases of indigestion. The importance of this discovery will be apparent when we realize that nearly nine tenths of our suffering are caused by dyspepsia or indigestion. Nearly every person you meet has this digestive trouble in some of its varied forms—sick headache, distress after eating, pain and fullness in the chest after eating, palpitation of the heart, etc. are but symptoms of indigestion. To relieve these sufferings has been the study of the Shakers and they have succeeded. The reason the Shaker Digestive Cordial has such an immediate and salutary effect is that it causes the food eaten to be digested for it is undigested food that causes the distress. The Cordial causes the food to be digested before there is time for it to ferment and sour in the stomach. When the food is so digested it gives strength and vigor to the whole body, makes one feel bright and cheerful and makes one gain in flesh.

The Digestive Cordial is so prompt in its action that the very first dose will have a perceptibly favorable result. It gives immediate relief.

Every druggist has been sent a supply of our handsome Donkey Puzzle Books, and a copy may be had for the asking. It tells all about the Cordial as well as Laxol, the new castor oil.

Try a twenty five cent bottle of Digestive Cordial and see what it will do for you.

TUESDAY, JAN. 12, 1897.

Will be Married in Providence.

Cards are out announcing the approaching marriage of Doctor Charles Erwin Andelfinger, of Brooklyn, formerly of this city, and Miss Grace Sophronia Packard daughter of Mr. and Mrs. Dewitt Clinton Packard of Providence, R. I. The ceremony will be solemnized January 25th; announcement is made that they will be at home, No. 645 Marcy avenue, Brooklyn, after March 1st.

Mrs. Ellis Badly Injured.

Mrs. Mary Ellis, an old woman living in Water street, near Van Buren street, fell down a flight of steps at her home about 8:30 o'clock last night, broke her right shoulder, her nose and bruised herself generally. Dr. J. T. Dwyer attended.

Growing Nicely.

A meeting of the Police Pension Fund Association was held yesterday afternoon at Police Headquarters. Nearly all the members were present, except, of course, those who were on account of their duties compelled to remain away. The report of the treasurer showed that there was a trifle over $1,118 deposited to the credit of the Association. The officers for 1896 were continued for 1897, as follows: President, Chief James Doyle; Secretary, Policeman Fred Miller; Treasurer, Policeman Nicholas Peterson. It is probable that during the year to come the association will hold another benefit entertainment and if such a course is decided upon a snug sum will be realized.

MR. FIELD'S STATEMENT.

No Foundation for the Story Regarding Mrs. Davis.

December 29th the PALLADIUM printed a despatch from Mexico announcing that there was considerable talk in the village regarding the death of Mrs. B. D. Davis and that there was talk of having the body exhumed. The matter was first given publicity by the Rochester Herald. A representative of this paper called upon the village authorities at Mexico and inquired regarding the matter and learned that it had been discussed and it was stated that it was the intention to lay the case before Coroner Vowinkel. It was stated that Mrs. Davis had an insurance policy of $2,000 on her life in favor of her daughter, but that the latter had never applied for the insurance.

To-day the PALLADIUM received a note from A. D. Field of Mexico, calling attention to the matter and declaring that "there is not the least foundation for such a story."

A PLAGUE OF THE NIGHT.

Itching Piles and Other Rectal Troubles Easily Cured by a New and Safe Method.

A Remarkable Number of Cures Made by the Pyramid Pile Cure.

About one person in every four suffers from some form of rectal disease. The most common and annoying is itching piles indicated by warmth, slight moisture and intense uncontrollable itching in the parts affected.

The usual treatment has been some simple ointment or salve which sometimes give temporary relief, but nothing like a permanent cure can be expected from such superficial treatment.

The only permanent cure for itching piles yet discovered is the Pyramid Pile Cure, not only for itching piles, but for every other form of piles, blind, bleeding or protruding. The first application gives instant relief and the continued use for a short time causes a permanent removal of the tumors or the small parasites which cause the intense itching and discomfort of itching piles.

Many physicians for a long time supposed that the remarkable relief afforded by the Pyramid Pile Cure was because it was supposed to contain cocaine, opium or similar drugs, but such is not the case. A recent careful analysis of the remedy showed it to be absolutely free from any cocaine, opium, or in fact any poisonous, injurious drugs whatever.

For this reason the Pyramid Pile Cure is probably the only pile cure extensively recommended by physicians, because it is so safe, so prompt in the relief afforded and so far as known the only positive cure for piles except a surgical operation.

In one year the Pyramid Pile Cure has become the best known, the safest and the most extensively sold of any pile cure before the public.

Nearly all druggists now sell it at 50 cts and $1 per package.

Address the Pyramid Co., Albion, Mich., for book on cause and cure of piles and also hundreds of testimonials from all parts of the United States.

If suffering from any form of piles ask your druggist for a package of Pyramid Pile Cure and try it to-night.

The New Intoxicant.

Dr. S. Weir Mitchell has been experimenting with the mescal button the New Mexican Indians' intoxicating drug, which, while yet unknown to the trade, is slowly becoming known to the white man, and possibly may add another to the intoxicants sold over bars. Dr. Mitchell put himself under the influence of the drug for science's sake, and has tried, in a remarkable paper, to give an idea of the kind of intoxication that may be expected from the drug. From noon to four o'clock of a busy day the doctor took four or five drinks of the drug, and we may suppose that they were about of the size of the average whiskey dram of the average drinker at that rate. He records unpleasant gastric experience, but he relates that this did not interfere with his pleasurable sensations later in the afternoon, when lying down in a darkened room, with his eyes shut, he experienced a wild sequence of color and of forms. About every change in the firmament, of architectural splendor, of seashore and wave movement were panoramed before him in colors of marvelous intensity, and there was everything pleasing and nothing of the weird in what was effecting a distorted brain of vision. The only approach to tremens was in one vision where on a wall was planed by the tail a brown worm of perhaps a hundred feet long. It was slowly rotating like a catherine-wheel, nor ait it seem loathly. As it turned, long green and red tentacles fall this way and that. On a bench near by two little dwarfs were blowing through long glass pipes of green tint, which seemed to me to be alive, so intensely, vitally green were they." A good dinner sobered the doctor, but he remembered enough to make a very readable paper. The show cost him a two days' headache and considerable gastric disturbance. The experience he thinks was worth the discomfort that followed.

Your Boy Won't Live a Month.

So Mr. Gilman Brown, of 34 Mill street, South Gardner, Mass., was told by the doctors. His son had Lung trouble, following Typhoid Malaria, and he spent three hundred and seventy-five dollars with doctors, who finally gave him up, saying: "Your boy won't live a month." He tried Dr. King's New Discovery and a few bottles restored him to health and enabled him to go to work a perfectly well man. He says he owes his present good health to use of Dr. King's New Discovery, and knows it to be the best in the world for Lung trouble. Trial Bottles Free at A. D. McIntyre's Drug Store. feb2d&wly 4

NEIGHBORING TOWNS.

Palermo.

MORSE, Jan. 10.—The social held at James Jones's was not well attended, owing to the night being stormy. Mr. Charles Marshall has returned from his visit at Minoa. Mr. and Mrs. Luther Barnes attended the funeral of Mrs. Eliphalet Jennings the past week. Mr. George Gardner has moved to John Saell's place, Volney Centre. Mrs. Daniel Campbell and son attended the funeral at Fulton of her cousin, Mrs. Mary Barnes. There was quite a snow storm here to-day. Four inches of snow fell. Mrs. Sidney Eastern has returned home from her visit at Utica. The surprise party held at R. Young's Friday night was well attended.

Constantia.

JANUARY 11.—Collector Arthur Brown has advertised for taxes at one per cent., the last day at the Wellon House, January 29th. Our town caucus, which will soon be called bids fair to be well attended as there are already four candidates for Overseer of the Poor, viz., B. D. Black, William Dobson, Bert Bliss and J. H. Cole. Elijah S. Champlin, one of the oldest residents of the town, aged seventy-five years, died at the home of his daughter, Mrs. Todd, in Oneida, where he was on a visit. The body was brought here and funeral services were held from his late home. Burial in the Episcopal cemetery. Frank Marcellus, Sault Marie, where he has a position on a Government lock, is here visiting his parents and friends. Revival meetings are being held at West Monroe and nearly forty new converts are reported. Mr. and Mrs. Peacock and family, Caughdenoy, are guests at W. D. Rhines's. Mr. and Mrs J. E. Marsh have returned from their annual visit at Oneida. Large quantities of fish are being caught through the ice. Captain Dobson, Gayville, made a visit here the past week. Chicken-pox is next in order for the children. Scriba Lodge, No. 414, F. and A. M., and the Chapter of Eastern Star, No. 123, installed officers on Monday evening after which an oyster supper and banquet was given by the order. Mrs. R. S. Lindsey was installed Worthy Matron; W. D. Rhines, W. P.; Mrs. A. A. Beardsley and Mrs. Fred S. Beebe, Conductresses; Mrs. W. D. Rhines, Warder; Mrs. H. H. Talcott, Assistant W. M.; Miss Jennie M. Smith, Secretary; Miss Jessie King, Mrs. Gardenier, Miss Pickett, Mrs. E. H. Cook and Mrs. Mathews Points of the Star. Miss Marion King is in Syracuse. Mrs. B. T. Mason and son, Phoenix, are here on a visit. Miss Addie Clough has returned to her labors at Bayonne, N. J., where she is teaching school. John Clough and Archibald Marcellus, Syracuse, visited their many friends here over the holidays. The prize rocker given away by A. A. Beardsley to the one guessing the nearest on the number of beans in a bottle, fell to Sandford Woodard. John Carter has resumed his work at Syracuse. Mrs. James Barnes is quite ill. Mrs. Seams, Syracuse, is visiting her sister, Mrs. Julian Carter. Mrs. Joshua Wells, who has been sick for a long time, died at her home January 10th, aged about forty-five years. She leaves a husband and three brothers, James, Lewis and Aaron Auringer, and a large circle of friends. G. J. Prentiss and daughter have returned home. Mrs. Reynolds has moved from Norwich with her grandchildren. The G. A. R. Post installed their officers and had an oyster supper Saturday evening.

Oswego Falls.

JANUARY, 12.—A foot of snow fell here yesterday. A few miles South but very little of the "beautiful" fell. On Saturday B. Jackett and F. Carr paid a fine of seven dollars each for being drunk on the streets. They came from Hannibal. William Van Scoik, South Granby, died Sunday night of consumption.

An Old Settler.

When the rheumatism first pre empts certain tracts of your anatomy it may be ousted easily, but when it becomes an old settler it is pretty hard to budge. Remember this when you experience the first twinges of this obstinate and agonizing disease and attack it with Hostetter's Stomach Bitters. It will then "make tracks" and possibly leave you unmolested and in peaceable possession of your own comfort in the future. Peril always attend rheumatism, if it become chronic, on account of its tendency to attack the heart. Usually it is complicated with kidney trouble. Certain it is that the kidneys, when aroused by the Bitters will eliminate impurities which give rise to rheumatism and dropsy. In inclement or wet conditions of the weather, the Bitters, taken in advance, will often avert rheumatic trouble. Use this genial family medicine for dyspepsia, biliousness, headache and constipation.

LOUIS C. ROWE, Postmaster.

STATE NEWS.

The question of a greater Rochester is receiving some attention just now. It is proposed to annex the village of Charlotte.

Rochester claims the honor of having two young men's Bible classes "known to be the largest in the world," the Alling and the Hubbell classes.

Mrs. Bridget O'Brien of Brooklyn threw her two months old child out of a second story window Saturday. She was evidently insane, for she said when arrested "I wanted to kill her, for she was a devil."

Brooklyn merchants are suffering from the operation of a unique specimen of the firebug. Garments exposed on the outside of their places of business are set on fire. This has occurred several times of late. The incendiary has not been apprehended as yet.

A proposition to increase the salary of the Rev. J. Schaefer, a Rochester pastor, was defeated at a meeting of his congregation held last week. The reason assigned is that the pastor had stopped the sale of beer at Sunday school picnics.

What is supposed to be the first operation for wryneck ever performed in this county took place at the new Syracuse Homeopathic hospital, January 2nd. The patient was a woman, about forty years old, and the case had been pronounced incurable. The operation was apparently successful.

The late John William Selly made provision in his will that the city of Dunkirk should inherit the balance of his estate, which might be left after other provisions of the will were met. The settlement of the estate develops the fact that there is a shortage of $700 in the amount needed to pay the debts of the estate, and the funeral expenses.

The city of Lockport is having not a little trouble in the matter of its water supply, incident to the work of the State in drawing the water from the higher to the lower level while repair work on certain dams is in progress. Many of the citizens are buying their water by the barrel from the country. Fire insurance companies threaten a marked advance in rates unless conditions are changed.
