ROOSEVELT'S DOCK.

Cousin of the President Seeks to Restrain Highway Commissioners.

New York, Sept. 11.—W. E. H. Egan, a cousin and neighbor of President Roosevelt, is seeking a restraining order to prevent the highway commissioners of the town of Oyster Bay from interfering with his dock on Oyster Bay, near Cove Neck, which he claims is also used by his cousin, the president, his family and his guests.

Through counsel he applied to Justice Herrick at the special term of the supreme court for an order restraining the highway commissioners from interfering with the dock or from tearing down any portion of it.

The applicant's property adjoins that of the president. The dock, it is claimed, by the commissioners, interferes with the use of a highway along the shore.

Justice Herrick reserved decision.

Funeral of Bishop Clark.

Newport, R. I., Sept. 11.—To honor the memory of him—who for years had been the pastor of the Anglican parishes throughout the world, many bishops, priests and laymen of the Episcopal communion and friends attended the obsequies of the Right Rev. Thomas March Clark, D. D., LL. D., of the diocese of Rhode Island and primate of the United States, who yesterday afternoon was buried in St. Mary's church in Portsmouth. The honorary bearers were Bishops Brewster of Connecticut, Miles of New Hampshire, Burgess of Long Island, Vinton of Western Massachusetts, Johnson of Los Angeles, Walker of Western New York and Leonard of Ohio.

Andrew D. White Will Go to Germany.

Ithaca, N. Y., Sept. 11.—Former Ambassador Andrew D. White, instead of lecturing in Cornell and Yale during the coming year, will sail for Germany about the middle of October. He will spend the winter with his family in Italy. The executive committee of the board of trustees of Cornell university has announced the following appointments: John A. Wheeler, instructor in experimental engineering; Walter Rautenbach, instructor in designing; Dr. R. C. Wilson, assistant in materia medica and pharmacology; James A. Trueman, assistant in animal husbandry and dairy industry; G. Pearson, professor of dairy industry.

Suspension of Willoughby Bank.

Willoughby, O., Sept. 11.—The bank of Willoughby failed to open and a notice of suspension was posted on the door to the banking room. The suspension is said to be a direct result of the failure of the Mexican Clay Manufacturing company, for which a receiver was appointed Wednesday in Cleveland with debts aggregating \$1,000,000. The bank held much of the Mexican company's paper. It was estimated that the assets would amount to \$250,000 and liabilities \$300,000. The bank was a private concern owned by W. W. Smart.

Judicial Appointment.

Albany, Sept. 11.—Governor Odell has designated the Hon. James W. Houston of Saratoga Springs as associate justice of the appellate division of the supreme court in and for the third judicial department, for the term of six years in the place of the Hon. G. Alonso Kellogg, who has resigned.

Theodore Roosevelt, Jr., Returns.

Oyster Bay, Sept. 11.—Theodore Roosevelt, Jr., and his cousin, George Roosevelt, who for nearly a month have been on a hunting expedition in the Black Hills of South Dakota, returned today. They were accompanied by Mrs. Roosevelt and Great Le Farge of New York and are guests of the president at Sagamore Hill.

Weather Indications.

Clearing and cooler Friday; Saturday, increasing cloudiness and warmer; followed by showers; fresh south winds.

996,545 PENSIONERS.

Suggestions of Commissioners Ware in His Annual Report.

FIVE ON REVOLUTIONARY ROLL.

Unpensioned Survivors of the Civil War Number 200,000, But 14,000 of Them Are Annually Applying For Pensions—Burdens of System Greatest in 1883, Shrinking Since.

Washington, Sept. 11.—The annual report of Commissioner of Pensions Ware places the total number of pensioners now on the rolls at 996,545, of which 729,256 are soldiers and 267,289 are widows and dependents.

Five of the pensioners are on the roll on account of the war of the revolution—1,116 on account of the war of 1812, 1,774 on account of the Indian war and 12,374 account of the Mexican war.

The average annual value of each pension is now \$112. The annual value of the Spanish war pension roll has reached \$1,755,510.

Commissioner Ware makes the following recommendations: Laws forbidding the pension or right to pension of any man convicted in court of an infamous crime; prohib-

ROOSEVELT'S DOCK.

ing the giving of pensions to those who marry soldiers after the soldiers become old pensioners; and a different method of examining applicants for pensions, stamping the present system as uncertain, expensive, unsatisfactory and generative of an enormous amount of political friction.

Mr. Ware suggests boards constituted of experts under civil service rules which should go from place to place to receive testimony regarding the condition of applicants and making reports thereon. He also recommends a law providing for superannuated clerks, vigorously urging the law of retirement and provisions.

Mr. Ware says that the bureau has gained upon the current total 100,000 cases during the last two years.

An interesting historical analysis of the cost of pensions shows that the total of disbursements in pensions on account of the revolutionary war, 1776-1812, Indian war, Mexican war, civil war and the war with Spain was \$4,548,324,524.

It is estimated that \$16,000,000 was paid in pensions for disabilities and death due to military and naval service in the wars of 1812 and with Mexico and during the time of peace prior to the war of the rebellion, making the payments of pensions to soldiers and sailors of the war of the rebellion and of the regular military and naval establishment since the close of said war of the rebellion and their widows, children and dependent relatives, amount to \$2,852,240,500.

The cost of the pension system per capita of population for 1902 is given as \$1.78. The system, according to Commissioner Ware, was the heaviest as a burden to the people of the United States in 1883, since which time it has shrunk from \$2.24 to \$1.32 per \$1,000 of taxable wealth, and in 10 years, he says, the burden will cease to be noticed.

Mr. Ware estimates that the unpensioned survivors of the civil war, exclusive of deserters, is in round numbers 200,000, and says that this unknown army in distress with disease and misfortune to such an extent that it is applying for pensions at the rate of over 14,000 per annum. In 10 years, Mr. Ware predicts, the unknown army will have ceased to be a factor.

Senator Hanna Far From Well.

Cleveland, Sept. 11.—Senator Hanna has denied a printed statement to the effect that he had decided not to speak at the dedication of the McKinley monument at Toledo next Monday, because, as reported, he feared that he would be overcome by his feelings and fall to do the subject justice. While Mr. Hanna continues to slowly regain his strength he is apparently far from well.

EXPATRIATION IMPRACTICABLE.

Senator Hear Replies to Mr. Graves' Plan of Sending Negroes Out of the Country.

Salem, Mass., Sept. 11.—Senator Hear and George Von L. Meyer, United States ambassador to Italy, were the principal guests at the annual summer outing of the Essex club of Massachusetts at Baker's Island. Senator Hear, the chief speaker, discussed "Problems of the Nation." He said: "We have a great advantage over our Democratic brethren this year, as we have had in nearly every year we can remember. Democracy is hunting and scouring the country just now for two things, first for a candidate and second for a principle. On the other hand we have candidates for governor and president, and we have some very satisfactory principles.

"A revision of the tariff is as necessary as it is for Massachusetts to revise the statutes. The time to make those changes is not in the year before a presidential election but after a presidential election."

"Discarding the race problem in the South, the senator said: "I know that there are special difficulties in this problem as it affects our colored fellow citizens. I know how deeply moved are the feelings of our Southern brethren. I would not utter toward them a word of reproach. I see that one enthusiastic Southern gentleman has renewed the proposition that we shall send the 10 million negroes out of the country. This is totally impracticable. Let us not delude ourselves. We have got this question to meet squarely at home. The negro will stay. The European and Asiatic will come. You cannot turn them out and you cannot keep them out."

STERN'S EXTRADITION.

Steps Taken to Secure Return From Canada of Baltimore Contractor.

Washington, Sept. 11.—This government has instituted proceedings for the extradition of Leopold J. Stern, the Baltimore contractor who disappeared when indicted by the grand jury in this city for conspiracy in a postal robbery and who was located recently at Toronto.

Postoffice Inspector Mayer left here last night for Toronto, where he will confer immediately with the crown's attorney and the American consul there.

The state department also telegraphed the consul to request the authorities at Toronto to hold Stern under the provision in the extradition treaty between the United States and Great Britain that a fugitive can be held by either country at the instance of the other for 40 days.

The government will insist on Stern's extradition.

Post-Formulating His Policy.

Rome, Sept. 11.—The pope is really carrying out his intention to do all and to know all, and for this purpose he has not yet appointed a secretary of state, while writing the encyclical addressed to the Catholic bishops throughout the whole world, which he turned over sheet by sheet to Monsignor Ruffini and Galli to translate into Latin, the pontiff was also employed in personally writing answers to diplomatic notes and attending to other business.

Went Down in a Submarine Boat.

Newport, R. I., Sept. 11.—Miss Alice Roosevelt, daughter of the president, went down in the submarine boat Moccasin here. The boat did not leave her dock at the torpedo station, Miss Roosevelt entering the boat with Captain Fletcher of the station. The crew then closed the hatches and water ballast was taken in until the vessel settled to the bottom. After being submerged for a few minutes the novelty of the situation might be appreciated she rose to the surface and the voyagers disembarked. The water was quite shallow where the boat went down.

Killed His Father-in-Law.

Waterloo, Ill., Sept. 11.—William A. Hoffman, a young farm hand, living near Mayestown, Ill., 12 miles southeast of Waterloo, shot his father-in-law, Dr. William Brandt, to the door of his house Wednesday night and shot him to death with a shotgun.

The family of Mr. Brandt offers a reward of \$100 for Hoffman's capture. Sheriff Thomas Bach and a large posse are searching for him and expect at any time to have a battle with him. He is heavily armed with a shotgun and revolver.

Terrific Gale All Over England.

London, Sept. 11.—A terrific gale has sprung up all over the United Kingdom. Within 10 hours the barometer fell one inch, the wind blew 70 miles an hour and rain fell in torrents. Enormous damage has been done to property. Heavy goods are reported from Wales and snow is falling in Scotland.

A RETURNED CONVICT.

Apologized to Governor Longino For Going Away.

MADE FIVE ESCAPES FROM JAIL.

Noted Express Robber Was Sent to Prison For Ten Years and Would Have Been Released But For His Numerous Escapes—Term of Service Lengthened Each Time.

New Orleans, Sept. 11.—An escaped convict from the Mississippi penitentiary apologized to Governor Longino Wednesday and apologized for his escape. He is Brooks Story, the noted express robber, who has escaped five times from the penitentiary. Story called at the governor's mansion and asked for an interview. He apologized for his "unexpected departure," as he facetiously termed it, and in explanation of his absence of nearly a week said that he had received word that his wife was critically ill at Knochville, near 100 miles distant. He broke out of prison to get to her bedside, and as soon as she was better and out of danger he returned to the penitentiary.

Story belongs to one of the best families in Mississippi. In her young womanhood his wife was noted for her remarkable beauty. By companions led the young husband astray, and holding up trains and robbing express offices soon became his business. He was finally caught and sent to the penitentiary to serve a 10-year term. Had he served as a model prisoner his term would have ended two years ago, but he yet has more than three years to serve, so frequent have been his escapes and long periods of liberty. Five times he has succeeded in getting away from prison.

Mrs. Story was employed in a cotton factory at Knochville until her health failed, and she is now in destitute circumstances. This seemed to prey on Story's mind and he made the fifth escape to see her, although he increased his term of sentence by doing so.

F. E. Smathers Won the Amateur Pace.

Syracuse, N. Y., Sept. 11.—Another great crowd saw the races at the New York state fair, fully 20,000 persons filling the grand stand and lining the fences along the fastest track in the world. Three professional and one amateur event were on the card. Tom Keene easily won the Empire State stake for 2:25 pacers in straight heat, and Alts McDonald with Marion Wilkes turned a similar trick in the 2:45 trot over a field of six other starters. Albert won the first heat of the 2:06 pace, but was beaten out in the next three by Major C. The amateur 2:08 pace was won by E. E. Smathers with Spain S. Major Delmar will again go against his record of 2:01 1/2 this afternoon.

Fatal Auto Accident.

Tuxedo Park, N. Y., Sept. 11.—Dr. Edward C. Stubbins of the Tuxedo colony was fatally injured and Miss Cornelia Herrick of Southampton, his niece, was killed in an automobile accident at Arden. The auto in going up a steep incline 200 yards from the Harriman's summer residence gave out and the engine would not work. The machine rushed backwards down the hill going down a slight embankment on the mountain side. Miss Herrick was instantly killed. Dr. Stubbins was carried to Mrs. Philip Kism's house, near by, where he is in a critical condition.

Co-Operation Among Farmers.

Chicago, Sept. 11.—Representatives of three organizations of farmers who have been in conference at the Grand Pacific hotel for two days, decided to co-operate with a view of obtaining higher prices for farm produce and to build grain elevators and cold storage warehouses throughout the country, to market their crops to the best possible advantage. Then the conference adjourned. The plan of forming one central organization was abandoned for the present.

Trial of Bank Officials.

Freehold, N. J., Sept. 11.—The officials of the defunct Mercantile Co-operative bank of Redbank are on trial before Justice Fort and a jury on indictments charging them with having been responsible for the failure of the institution. At the time of the failure, John W. Newberry was president and Rudolph Newman was cashier. Both these men, together with Augustus L. Chatterton, are on trial today.

Safe Stewers Felled.

Spokane, Wash., Sept. 11.—Bank robbers broke into the Bank of Druggists Washington and blew the doors of the safe, which is said to have contained about \$5,000. The explosion was so great that the heavy safe fell forward on the floor. The robbers were unable to raise the safe to get at the contents and left without their booty.

SKIN DISEASES OF BAD BLOOD.

And while not always painful are aggravating beyond expression. With few exceptions they are worse in spring and summer when the system begins to break out and the skin is reacting and making extra efforts to throw off the poisons that have accumulated during the winter. Then boils and eruptions of every conceivable kind make their appearance, and Eczema and Tetter—the twin terrors of skin diseases—Nettle-rash, Poison Oak and Ivy, and such other skin troubles as usually remain quiet during cold weather, break out afresh to torment and distract by their fearful burning, itching and stinging. A course of S. S. S. will purify the general system and stimulate the sluggish circulation, thus warding off the diseases common to spring and summer. The skin, with good blood to nourish it, remains smooth and soft and free of all disagreeing eruptions. Send for our free book on diseases of the skin and write us if you desire medical advice or any special information. This will cost you nothing.

I suffered with Eczema of the hands and face for over a year, it was not only annoying but painful, but very obstinately, and I failed to get out in the open air at least a dozen times and always became very much annoyed with it. I read in the paper of S. S. S. and tried it in a small bottle and was so pleased with the result that I bought a larger bottle and used it until I was cured. I can now go out in the open air at will and my skin is as smooth and soft as ever. I have never had any trouble since. MISS GENEVA STILES, 210 So. 7th St., Minneapolis, Minn.
