LOCAL MACHINE NEWS.

The schooner N. G. Bean brought to Fort in blaking condition. The tug Puris at 6:30 o'clock last evening answered the signals of distress displayed by the schooner G. G. Dunn and towed her to the Erie shipyard, where she now lies on the bottom. The Dunn left Havana yesterday afternoon and later for Toronto and after getting out into the lake sprang a leak. The captain, William Watney, and his crew kept two pumps going, but it was impossible to make headway against the water which kept pouring into the vessel. Her cargo was changed and the schooner was headed for Oswego, signals of distress being set. The tug Charlie Ford, which is doing harbor duty, saw the signals and succeeded in towing her into the harbor. Divers will be sent down today and it is possible the leak will be located and fixed up. If the vessel has to go on the dry dock here her cargo of coal will be removed.

The steamer Republic is in with lumber for the E. W. R. Ketchikan Company. The steamer Tona takes coal to Belleville from the D. & H. treble. The steamer Bungalow takes coal to Alexandria Bay from the D. L. & W. treble.

Young Man,

If you make your selection of a Spring Suit or Overcoat here, you'll find it E-Z to please yourself in fabric, style and fit.

There's a snap and go about our young men's garments that is very taking.

Changes of Charge.

It was reported today that J. J. McKinnara, superintendent at the Oswego Boiler Works, was to take the superintendency of the Ames shops, which he resigned a short time ago.

At the Ames Iron Works it was said there was no truth in the story that Mr. McKinnara was going to return there. Information could be obtained, the answer to the inquiry being that Mr. McKinnara was not present and that Mr. Jarman was out of town.

Later—To a reporter this afternoon Mr. McKinnara said that he has not returned from the Oswego Boiler Works.

Fire This Morning.

The alarm of fire from box fifty-two at ten o'clock this morning was for a blaze in the house of Isaac Scott, in Water street. The fire was caused by a defective stove pipe and but little damage was done.

Trial of David Thompson.

At Ulton tomorrow begins the trial of David Thompson, of this city, indicted upon the charge of arson in the first degree in having set fire to Meannorah's Fall, Ulton, two or three months ago. At the fire one man was killed by falling walls and two or three others injured. Should Thompson be convicted he will be sent to pit on for life.

Sale of Kuel Estate.

Alfred Parmenter, foreman in the Chinese department of the Ames Iron Works, has purchased the Dvor McManus house of Charles W. O'Neill, executor, and will occupy it as a residence after May 1st. The consideration is private.

WANT CHANGES MADE.

Steps necessary to get into Areedo Stores Unless Plans are Altered.

The Department of Works has this morning to consider the request of W. Sheldahl Couch, agent of the Areedo block, and the tenants there for a slight change in the bridge approach plans in order to obviate the necessity for a step from the sidewalk to the stores on the North side of the street. The matter was discussed and several plans suggested, but it was decided to have City Engineer Ormsby confer with the bridge company's engineer and ascertain if a change can be made without trouble or expense. A meeting of the Department will be held tomorrow night to receive the report and take action.

EVANS FLEW THE COOP.

Children sent to the Orphan Asylum by Recorder Helger.

Leonard and Flora Evans, children of Mr. and Mrs. Milton F. Evans, were sent to the Oswego Orphan Asylum by Judge Helger today, the charge being that they were without proper guardianship. Transit Officer Dempsey made the arrest. The Evans family has been much in the public prints of late.

Last Tuesday the papers published a story that Evans, the husband, was arrested in Syracuse for assaulting John Fowler, of 316 West Bridge street, this city, who, he claimed, had run away with his wife. Now Mrs. Evans alleges that her husband has deserted her and their four children. She told Officer Dempsey that a week ago today her husband sold the household furniture and pocketing the proceeds, left the city. Mrs. Evans said that she was able to support herself, but thought Mr. Evans should remain here and support their children.

Mrs. Evans denies that she went away with Fowler, or was with him at any time, but was visiting relatives in Syracuse while her husband sought her. Evans is a former regular soldier, is now deaf and draws a pension of \$35 per month.

A Fine Parade.

The parade of the El Henry Minstrel Company at noon today was an exceptionally good one and attracted a large crowd. El Henry in his locomobile and the big rough-coated St. Bernard dog was conspicuous features, but the band was the whole thing. It is the best seen in this city in many days. A concert will be given in front of the theatre this evening before the performance.

FUR STORAGE

We store furs of all kinds, (also winter wearing apparel), during the Summer months, insuring you against loss from moths, fire, burglary, etc.

Our facilities are greatly increased over any previous season.

Our rates are low and our methods are those of the best New York City furriers.

QUICKLY SETTLED.

New-Union Workmen Caused a Small Strike Today.

A small strike occurred on the bridge approach work at noon today.

Mr. Ormsley, who has charge of the iron work, hired three laborers who do not belong to the union and the union laborers employed by sub-contractor, Robert Barnett, refused to work on the job with them. After about fifteen minutes' delay a truck was patched up, the non-union men signifying their willingness to join the union, and all hands returned to work.

Humble carpenters have asked for an advance in wages from 30 cents to 37 cents an hour and an eight hour day. The statement of a prominent contractor last night was unfavorable to an unionistic result.

SPORTING

BASKET-BALL.

Last Game of the Season Will be Played at Army on Thursday.

At the Army on Thursday evening will be played the last game of basketball of the season. The contestants will be the first teams of the Normal school and Y. M. C. A.

The latter team has played under difficulties all through the season and now that the close is at hand they find themselves in debt. The proceeds of the game will go towards raising this debt, and the boys expect to obtain the remainder by a supper to be given next week. The game is bound to be a good one and it is hoped lovers of good sport will turn out in a way that will gladden the hearts of the boys. The teams line up as follows:

Normal—Antis, centre; Oak and Webster, forwards; Blackbender and Y. M. C. A.—Miller and Vowinkel, forwards; L. J. contr.; Cousins and Linsley, guards.

The game will be called at eight o'clock.

Belgium Mines Closed

Scholars are Dismissed at Brussels.

Brussels, April 15.—The city is quieter today than it has been at any time since the rioting began. Every body is awaiting with anxiety Parliament's action on the demands of the Socialists and on this reply depends whether or not quiet will be permanently restored.

The pupils of several schools have been dismissed, and the police are now using the school buildings as barracks. The women of the Veldre and Mayville mines have been ordered, closing the mines until May 1st. This action will be generally taken by other mine owners. It is said there are now nearly 200,000 workmen on strike.

Thousands of Tons of Earth Fall.

Utica, Pa., April 15.—A section of earth in the Wharton tunnel at 6:30 o'clock this morning of the East End of the Green Free entry. From the top of the tunnel a large mass of earth fell, and it will take two days and night to clear up the debris. A large number of men, a week or more, to clear away the earth and the cost to the contractors, Kennel & Company, will aggregate thousands of dollars. The right crew, numbering 100 men, was at work when the accident occurred, but so far as can be learned no person was hurt.

Wields a Sharp Ax.

Millions marvel at the multitude of malades cut off by Dr. Kew's New Life Pills—the most distressing too. Stomach, Liver and Bowel troubles—Dyspepsia, Loss of Appetite, Jaundice, Biliousness, Fever, Malaria, all fall before these wonder workers. 25c at A. D. X. druggists' drug store.
