THURSDAY, JANUARY 24, 1889.

City and Vicinity.

[illegible]

CITY IN BRIEF.

Items Gathered From the Note Books of Our Reporters.

[illegible] dancing class in Pulaski [illegible]

[illegible] should take a person plan [illegible] up its backbone.

[illegible] Post No. 112 Sons of [illegible] hold their first reception at G. [illegible] Tuesday January 29th.

[illegible] Separate company will meet [illegible] and business to-night. Next [illegible] night Lieutenant Hamilton will [illegible] the company and also the 30th at [illegible] Armory.

To-morrow night the 29th Separate [illegible] band and the members of St. [illegible] band will have a foot ball match [illegible] Casino. It promises to be a very [illegible] event.

Notes About Our Neighbors.

Syracuse has a $5,000 pair of counting [illegible]—so the *Standard* says.

The bill introduced in the Legislature for a new City Hall for Syracuse, fixes the amount to be appropriated at $800,000.

Rome might secure that Masonic Home by annexing Utica.

There was a cocking main and a dog fight at Palmyra Tuesday night. Rochester won the former and Palmyra the latter. Syracuse sports took in the high-toned affair.

The employes in the Butler Manufacturing company's shops in Syracuse struck yesterday morning because they would not accept piece work at what they call starvation prices. The skilled laborers under the proposed plan would average about $1.90 a day.

Representative Nutting's Condition.

The absence of the Hon. N. W. Nutting, of Oswego, from his seat in Congress has occasioned alarm over his condition. The report some time ago widely circulated that he was suffering from cancer of the throat was not true. There was the appearance of a cancerous substance on the jaw near the eye tooth some weeks ago, but this was removed and is apparently cured, and there is no apparent cause for alarm. He is now confined to his room with a severe cold, which at present has not assumed the form of anything more than ordinary indisposition.

Business Changes.

Mr. James Hartigan, for a number of years a conductor on the Rome, Watertown and Ogdensburg railroad, has, it is said, purchased from G. Mayer the building in West First street for a number of years occupied by Michael McGrath as a cigar and tobacco store. It is Mr. Hartigan's intention to go into the cigar business about May 1st.

Another Perpetual Motion Device.

David Jennings, the inventor of the perpetual motion machine which was exhibited in Oneida last spring, has another machine, patterned after the former affair and improved, on exhibition at the Evans House in that village. Considerable interest is taken in the machine and there are a large number watching it "go" all the time.

Wilful and Criminal Intent.

The Coroner's jury investigating the cause of the death of John Grieb, at Little Utica, Onondaga county, particulars of which have appeared in this paper, found that he came to his death at Little Utica by a stab of a knife on the night of Jan. 16th, 1889, at the hand of Norman Stoutenger, with wilful and criminal intent.

Against Fair Haven Fishermen.

A bill has been introduced in the Assembly which forbids the taking or killing of any fish in that part of Lake Ontario known as Fair Haven bay, the ponds or in any water of the like bordering on Cayuga county, except minnows, in any way except by hook and line. The limit is made two miles out.

Y. M. C. A. Notes.

The class in Arithmetic will meet this evening at 7:30 o'clock. All those intending to take up the study should be present.

The entertainment Tuesday evening was a success in every particular. The hall was crowded and all had a good time.

More White Cap Warning.

An exchange says that the idea of teaching every girl to thump a piano and every boy to be a book-keeper will make potatoes four dollars a bushel in twenty years.

Personal Mention.

James Burt, a prominent Hannibal politician who pulls the wires for the "Bags" in that portion of the county, was in town yesterday.

[illegible]

Kingston Whig: The Watertown *Times* wonders if the Eastern International base ball league will be revived next year. Not if we know it. The grabbers of Oswego, Watertown and Belleville have too much of the Kingston money.

Fresh fish oysters and clams for to-morrow at Baltes's.

State and County Taxes 1888.

Notice is hereby given that the assessment rolls for the State and County tax for 1888 have been placed in my hands. The City Charter, as amended by Chap. 281 of the laws of 1888, provides that up to and including the THIRTY-FIRST DAY OF JANUARY any person or corporation may pay his, her or their County and State taxes WITHOUT ANY FEES added thereto.

During the month of February the fees will be 2 per cent, and during March 5 per cent.

GEO. DE FOREST,
City Chamberlain.

Oswego, N. Y., July 4, 1888.
jan14 dtillmch1

[illegible]

The Free Methodist of a certain country village have been recently regaled by a choice morsel of gossip. A certain young lady who professed the faith of Free Methodism was engaged to a young man of a different religious faith, who seriously objected to the garb worn by his fiancee, which was of that plain and unostentatious character required by the tenets of the church to which she belonged. Sincere in her belief, and being unusually conscientious, she is said to have remained firm in her adherence to duty in spite of her lover's protests and entreaties. The engagement, so the story runs, was broken off for these reasons, the swain perhaps believing the exposure of this trait in her nature to argue unfavorably for a future harmonious matrimonial existence. For the benefit of those who may be curious to know what afterward became of the young lady, we will state that she speedily found another gentleman who was perfectly reconciled to the plainness of her apparel as contrasted to her good looks and that they are now securely fastened in their matrimonial bonds with prospects of a felicitous future before them. All parties concerned are known in Oswego.

The present term of court is proving very costly for several corporations. The first occurrence of this kind was when loungers and court hangers on were electrified by a verdict of $4,000 in favor of Mary Wall, who sued the D. L. & W. Railroad company for five thousand dollars. It was a great triumph for Lawyer Hathaway who, it is said continued the case with the condidition often advertised by traveling physicians of "no cure no pay." Tuesday afternoon a big verdict was given against the N. Y. O. & W. railroad company of $8,000 in favor of Elizabeth Nary, whose son was killed a year ago last October. It is said that an action will result out of this case in which the N. Y. O. & W. railroad will pose as plaintiff, and endeavor to shift a portion or all of the judgment upon the R. W. & O. road. It will be an interesting case. The principle of a corporation is to fight all suits to the death and for this purpose eminent legal talent is always retained by each. Such an action is necessary in self-defense as the organizations are almost considered lawful prey for the masses and many brands are doubtless often attempted. On the other hand, the remark of a great railroad magnate—"the public be damned"—will often apply as a standard to nail to their flagstaff.

The Indian Princess Viroqua, whose figure has attracted considerable attention on the streets for a few days past, and who is to lecture in the Academy of Music, is a person quite well known throughout the country. She is sometimes called the "Flower of the Mohawks." She is a matronly-looking woman, with a pleasant person and an engaging manner. She is interested in the erection of an Indian university in the suburbs of Washington. She hopes to raise by donations and subscriptions the sum of $3,000,000 for the worthy enterprise and already has encouraging promises. In Philadelphia last summer she met Colonel A. E. Jacques of London, an English millionaire, who pledged himself to bequeath a third of the required amount necessary to establish the university. He is going to write a letter in favor of the project, which she will make public. Mrs. Fannie Kelly of Washington has contributed $500, and Architect Howard of Washington has promised to prepare the plans and make a liberal donation. Senator Blair of New Hampshire has promised to look after the necessary legislation.

Christopher Vowinkle can probably boast of the champion achievement that any Oswego county Coroner has yet attained in the speedy holding of inquests. Early yesterday morning, Mr. Vowinkle received notification of the sudden death at Scriba and that an inquest should be held to exonerate the family with whom the dead man lived from all suspicion of having been concerned in his death. At 6:30 o'clock the coroner alighted at the railway station and at once repaired to the office of a physician eighty rods distant. It was decided to hold the inquest at once, and together the two started for the home of the deceased nearly three miles distant. The big drifts and unbroken road forbade the use of a horse to facilitate their travels, and as their way led over fences and through swamps, the difficulties experienced can be better imagined than described. At every human habitation along their path a stop was made and a juror impanelled, until the necessary number had been obtained and pressed into service. The inquest was held, a verdict rendered and the return trip made with sufficient celerity to enable "Hustler Christy," as he is now called by his friends, to take the 12 o'clock train for Oswego. It was a spirited trip in every sense of the word, and beats all previous records.

Minister Brown's Sermons.

Pulaski Democrat: Rev. J. Fletcher Brown, of the First M. E. church, Oswego, is creating quite a sensation by preaching with extraordinary plainness against society follies—low necks, bare arms and the growing desire in fashionable circles to see how little one may wear. He thought Methodist clergymen need not say so much about the inauguration ball, although he did not believe in it. But it was not a Methodist ball, it was a Presbyterian ball, therefore it was not for the Methodists to object. Mr. Brown is making some very strong protests and very true statements relative to the sins of society and they ought to be heeded.

For delicacy, for purity, and for improvement of the complexion, nothing equals Pozzoni's Powder.

NOTICE.

All kinds of copying, short hand and type writing work done to order. Letters written from dictation on type writer. Office 213 West First street, Oswego, N. Y. jan9dtf.

NOTICE TO TAXPAYERS.

The Board of Assessors held a meeting at their office Saturday in consultation with the Mayor and City Attorney and considered the matter referred to them by the last meeting of the Common Council for the commencing proceedings to collect unpaid personal taxes on the general city roll of 1887. They will accept any unpaid tax paid on or before Saturday January 26. After that date proceedings will at once be commenced for the collection of all personal taxes then remaining unpaid.

Dated Jan. 12, 1889.

MARSHMAN WORTS,
Chief Assessor.
jan12d6t

BEECHAM'S PILLS act like magic on a weak stomach.

An Important Decision.

And One that Will Interest Several Oswego People.

The United States Supreme Court at Washington has just given a decision which will be of great interest to local electric light stockholders. It is simply to the effect that an American patent shall run for fifteen years absolutely, whether a foreign patent is kept alive for that term or permitted to lapse. Former courts have held that the American patent lapsed with the original term of the foreign one, which was nearly always much shorter than our own. Of all who will be benefited Edison will be the greatest gainer, as a large number of his patents have been held invalid for the reason above stated. The one which most affects local parties is that on what is known as the system of electrical distribution by multiple arc and which covers every incandescent electric light plant in the country. It is impossible to run an incandescent plant of any other principle. This patent was regarded as void from the beginning because of a previous Italian patent. Now it is good for a monopoly of the incandescent electric lighting business until 1895. Not only does it cover the future, but the past as well, for Edison can collect royalties from all rival companies for the plants operated during the last two years.

Inspector Mallet of Oswego.

The *Press and Dakotaian* published at Yankton, Dakota, has this about a well-known Oswego man: "Edmond Mallet, of Oswego, N. Y., an Indian inspector, is tarrying in Yankton for a few days. He came down from Bismark overland and visited the various agencies on the Sioux reservation. It was his business to ascertain the feelings of the Indians relative to the surrender of a portion of the reservation and to listen to any complaints the Indians might put forward. Mr. Mallett does not discover any marked opposition to the reduction of the reservation and says the Indians talk very sensibly about the matter. The chief complaint coming from the Indians is the scarcity of remunerative employment. They are anxious to work. The government ration has dwindled to such small proportions that the red man are obliged to labor for support. Mr. Mallet is also a historical writer and has been gathering valuable facts during his trip through Indian land. He is a decendant of a French explorer named Mallett, who passed through this section when it belonged to France and discovered and named the Platte river."

Police Court.

[Before Hon. C. N. Bulger, Recorder.]

JAN. 24.—Mary Farron public intoxication, $5 or 45 days in the merry-go-round.

Frank Butman, charged upon complaint of Patrick Malone with petit larceny, pleaded not guilty. It is alleged that about two years ago he stole some sheet tin. The matter will be investigated January 31.

Albert Buska charged with public intoxication, paid $3.

Michael Conway charged with being a vagrant, allowed to go on a promise to leave town.

"Al" Shepard, who runs a saloon in East First street, was in Police Court this morning to a charge of an assault in the third degree upon Theodore Ohese, a cigar manufacturer. Shepard is a large powerfully built man while, Ohese is a man of ordinary size. He alleges that he went into Shepard's to collect a bill when the latter turned upon him and it is alleged knocked him down and kicked him. Shepard denied the charge and had a cross warrant issued for Ohese's arrest for striking him in the arm with his fist. Shepard pleaded not guilty and took an adjournment in order to procure a certificate to take the case to the Grand jury. Bail was fixed in the sum of $850. Ohese was allowed to go on parole.

The Cost of Normal Schools.

There has been presented in the Assembly a report from the Comptroller showing the amount of appropriations for construction, repairs etc., of normal schools during the years 1884—88, inclusive, as follows: Albany, $75,850; Brockport, $63,230.50; Buffalo, $67,580; Cortland, $81,886; Fredonia, $23,392; Geneseo, $30,080; New Paltz, $48,500; Oneonta, $114,000; Oswego, $35,633.14; Potsdam, $61,440.39; total, $616,959.45; Appropriations for maintenance during the same time, payable from the free school fund: Albany, $114,998.87; Brockport, $89,997.04; Buffalo, $88,670.91; Cortland, $90,546.72; Fredonia, $98,715.49; Geneseo, $94,716.15; New Paltz, $59,894.99; Oswego, $93,862.76; Potsdam, $99,238.57; total, $815,590. Total appropriations, $1,331,539.45.

White Cap Stories.

It is related of the Carthage, Jefferson county, White Caps that one man whom they threatened with vengeance for neglecting and abusing his wife was so frightened by their warning that he goes home early every night and, leaving the window curtains raised, hugs and kisses his wife with all the fondness of a lover.

Senator Welch Frightens Auburn.

"Senator" Welch, who seems to have shaken the dust of Oswego off his feet, created great consternation among Auburn's population by turning up in that city direct from the Onondaga penitentiary, where he had been exposed to the small pox. The penitentiary is again under quarantine.

Still Gathering Them In.

James H. Irwin was arrested in Sterling this morning by Deputy United States Marshal George W. Woods, on a charge of illegal voting. Irwin lived in Oswego until the first of last September, when he went to Sterling and voted. He gave bail in the sum of $500 to appear before United State Commissioner A. B. Getty on February 4th.

Liberal Oswego People.

Pulaski Democrat:—The firm of Halligan Meagher & Kinane, of Oswego, made Father Varrily a present of 46 yds. of beautiful carpet for the sanctury of his new church. They are young men just starting out into the business of life, but their first move has made them many warm friends in St. John's parish. Mrs. M. Farrell of Oswego, has given liberally to St. John's church, and so has all her children.

SYRUP OF FIGS

Is Nature's own true laxative. It is the most easily taken, and the most effective remedy known to Cleanse the System when Bilious or Costive; to dispel Headaches, Colds, and Fevers; to Cure Habitual Constipation, Indigestion, etc. Manufactured only by the California Fig Syrup Company. For sale in 50 cts and $1.00 bottles by E. W. AUSTEN, Druggist. nov16dandwm

NOTICE.

Mr. L. F. Blair will continue the business of roofing at the old stand 125 West 2nd street. jan14dtf

Awarded to the Timby Sash Lock and Ventilator.

Messrs Jenkins & Timby have just received from New York city the bronze medal for "superiority" awarded to the "Timby Sash Lock and Ventilator," by the American Institute, whose 57th fair closed on December last, and at which this lock was exhibited.

This is an acknowledgment from a high source that the Timby patent sash lock and ventilator is superior to any other now in the market.

This lock is for the two sash of the ordinary window. One lock controls both sash but the more modern buildings are now largely built with one large sash, and as there is now no lock at all adapted for this single sash window the attention of Jenkins and Timby was called to the matter by architects and a lock has been made by them for this special purpose. It is brass, handsome in appearance, simple in construction perfect automatic and a burglar proof sash lock in all respects. It has been examined by many of the leading architects of this country who pronounced it perfect. Once closed the window cannot be raised from the outside even with the aid of a burglar's jimmy.

It has met with universal approval and though but just out several large orders have been received for it. It is made of solid cast brass or bronze metal, is so strong that no burglar's jimmy can move it, and yet by a special and unique device it is easily manipulated by any person. With it the window can be securely locked either closed or when open for ventilation, and yet when open and locked can be instantly closed by a child and the automatic action of the lock fastens the sash. If by accident or design the window is left slightly open it cannot be raised from the outside further than the first hole in the sash, say 4 or 6 inches, and the sneak thief is foiled in his effort to enter the house. This new lock for windows of one sash will be made in three sizes, the smallest for ordinary windows and especially for dumb waiter doors—it being found that there is now no lock for dumb waiter doors that will operate quick and at the same time be secure. This lock exactly meets that need and was first applied by a New York city architect before it was thought of for that purpose by the makers. Special patterns and designs are now being gotten out and very soon the full line will be placed on the market. With this new lock added to the old double window fast, the firm have the only complete outfit for window security offered in this country. The home office and factory is at 137 and 139 West First street, Oswego, N. Y. The New York city office is at 106 Chambers street, room 8, Aldrich building, in charge of Mr. Timby. H. B. & C. L. Munger 144 Lake street, Chicago, are agents for the Northwest. Other agencies are established, and some yet in negotiation. The locks are now being manufactured in large quantities and are ready for the trade, and daily shipments go to all parts of the country.

JANUARY WEDDINGS.

Hunt-Farrell.

This morning at precisely six o'clock a private and unostentatious marriage ceremony was performed in St. Paul's church by the Rev. Father Barry between parties who are well known and highly respected in Oswego. The groom was Alderman George H. Hunt and the bride Miss Minnie E. Farrell, formerly employed in Massey's dry goods store, and one of the brightest of Oswego's young ladies. William H. Russell officiated as groomsman, while Miss Nellie Farrell, sister of the bride, performed the honors of bridesmaid. The guests were limited to the family and intimate friends. They start on the wedding trip which will be spent in the Western part of the state, was made at 7:33 o'clock. Mr. Hunt is one of the most popular young men in the city and the PALLADIUM adds its congratulations to the large number already received. The presents included numerous tasty, and valuable testimonials of affection and esteem.

Election of Officers.

At a biennial rendezvous of Lake Ontario Consistory No. 12, S. P. R. S., 32°, held at Masonic Temple last evening, the following officers were elected:

C. Youmans, 33°; Illustrious Commander-in-Chief.

A. A. Wellington, 32°, Illustrious First Lieutenant Commander.

George W. Goble, 32°, Illustrious Second Lieutenant Commander.

A. Cropsey, 33°, Grand M. of S. & O.

A. H. Bartlett, 32°, Grand Chancellor.

F. M. Baker, 32°, Grand Secretary and K. of S. & A.

W. G. Thrall, 32°, Grand Treasurer.

W. B. Bush, 32°, Grand R. & A.

S. Parmalee, 32°, Grand Hospitaler.

W. W. Currier, 32°, Grand M. of C.

J. Bingland, 32°, Grand Captain of the Guard.

J. H. Merton, 32°, Grand Standard-bearer.

G. W. Vickery, 32°, Grand Sentinel.

Another Proposed Charter Amendment.

By reference to the proceedings of the Legislature on our telegraph page it will be seen that Assemblyman Coon has introduced a resolution amending the charter of the Oswego Fire department in regard to the filling of vacancies.

A PALLADIUM reporter called up Fire Commissioner J. D. Henderson by telephone for information regarding it, but that gentleman said he knew nothing about the matter. Mr. E. B. Powell, who has had some slight experience in charter making within the last two or three years, said he had never heard of such an amendment. City Attorney J. D. Higgins also expressed ignorance of the matter. Mayor McCaffrey was not in the city.

COURT RECORD.

Circuit Court.

[Justice Churchill presiding.]

JAN. 24.—The jury in the in the case of G. H. Buskey vs the Canal & Lake Steamboat company were charged and retired shortly before noon. At 2:45 they rendered a verdict awarding of $200 damages to the plaintiff.

The case now on trial is that of Patrick Mulverhill vs John Van Buren, for malicious prosecution.

Following is the day calendar for to-morrow: Nos. 12, 34, 35, 37, 47, 49, 51, 52, 53, 56.

NOTICE.

L. A. 5945 K. of L. will hold a special meeting at their rooms Friday evening, January 25th. All members of the order in good standing are requested to attend. By order. COMMITTEE. jan24d2t

[illegible] FAITH.

What is Said of Rev. [illegible] at the Universalist [illegible]—A Crisp Sermon.

At the Church of Our Father yesterday afternoon, there was a small but appreciative audience to listen to the preaching of the Rev. Mr. Brunning, who is conducting a series of revival meetings at the church. The preacher was formerly pastor of the Universalist church at Fulton, and has some friends and acquaintances here, although he never preached in this church before. His text yesterday was short and crisp, and although the sermon was not short, it was nevertheless admitted by those who were there to be crisp. "And Peter" was the text. The filling out of the same was wonderfully practical. If there was one person in the audience who was not hit, the Rev. Mr. Towsley has the best parish in his denomination. We think that some who are not Universalists were pointed out as "And Peters." But Mr. Brunning did not aim to reach any but Universalists, his incident in regard to the cutting off of "Peter's" ear was just and its application fell on everyone. We never heard a much more practical sermon. Heart and head religion were well treated. No one should fail to hear Mr. Brunning this evening and to-morrow afternoon. The Rev. Mrs. Deyo, who lectured and preached in Mr. Towsley's church early in December, and lectured to the Sons of Temperance in their hall, followed Mr. Brunning last evening in a sermon on the "Nature and Care of the Children," making forcible applications to the hearts and heads of the older ones. It is not the aim of the Universalists to excite their emotions, but to enlighten the mind to know what to do, and then touch the heart to quicken the doing of it. On this ground Mrs. Deyo stands very firm. She preaches again to-morrow afternoon and on Friday evening. Friends from the Sons of Temperance help in the music each night.

OUR LOCAL STAGE.

The Waite Comedy Company.

This excellent organization and their famous band, now filling the week's engagement at the Academy, continue to grow in popular favor and were greeted again last night by a packed house. The performance was in every way artistically given, all filling their roles with exceptional ability. The orchestral productions are alone worth the price of admission. See the advertisement elsewhere.

Faust.

Attendants at the Academy will be afforded an opportunity next Tuesday evening to witness a grand spectacular production of Goethe's immortal creation, "Faust," the role of Mephistopheles being assumed by Lewis Morrison. The company is composed of artists of well known ability, and we think an agreeable surprise is in store for the theatre patrons.

Didn't Know It Was Loaded.

Frank Evans, a watchman in the Standard Yarn Mill received a bad wound in the left leg to-day from a revolver shot. Evans took a pistol of the English bull-dog pattern into Mr. Chauncey Bronson's to have it repaired. The weapon was loaded, but he did not inform Mr. Bronson of the fact. He asked if it was "centre fire." Mr. Bronson cocked and snapped the pistol, and it went off. The ball grazed the fore-finger on Mr. Bronson's left hand and buried itself in the fleshy part of Evans' leg, between the knee and the thigh. The latter walked to Dr. Bulger's office, where the ball was extracted. Mr. Bronson's injury was also dressed. The latter went into a faint, and it was some minutes before he was brought around. The injuries are not dangerous.

Base Ball News.

"Phil" Routcliffe of this city, who last year played left field for the Sandusky and Toledo clubs in the tri-state league, has signed to play with Springfield, Illinois, at a salary of $150 a month. "Phil" is regarded in the West as an excellent player. He earned his reputation by hard and conscientious work.

Frank Madigan, who last year played third base for the Portsmouth, N. H., team, has received an offer from a Western club. He is also wanted in Portsmouth.

Pitcher Will Clark, who last year played with Omaha, and was reserved, has not as yet attached his name to a contract.

WHAT PEOPLE SAY.

Mrs. Donovan's Case.

To the Editor of the Palladium:

SIR:—Permit me through the columns of your valuable paper to say a few words in regard to the case of Mrs. Donovan. You state in last evening's issue that Mrs. Donovan has, since her husband's death, occupied an old tumble-down house on the Fifth street road. This is not so. From the day her husband was killed up to last Wednesday she was stopping at my house where she was well treated and provided for. I offered her and her children a home and would have helped her care for her children. She, however, preferred to live by herself as she thought she would receive more help, and when Mrs. Coleman kindly and charitably offered her the house she at present occupies, free of rent, she decided to move from Minetto and live by herself and by the way the house has been grossly misrepresented, as everybody said who attended the child's funeral yesterday. It is a comfortable house and if she was without coal it was her own fault as she had money in her possession given her by Mr. Oot of Minetto, who disposed of her horse, and who has been very kind to her since her husband's death. She has a quantity of farm produce and furniture still at Minetto, and is by no means so poverty stricken as has been represented. At the time of my son's death, I held a small insurance policy issued by his wife, and which she afterward refused to pay for. I at the request of Mr. Taylor, paid the dues on said policy and at the time of his death the Prudential Insurance company promptly paid me the amount due, which was $250 and with which I paid my son's funeral and other expenses. I have done my duty by my son and his family and I thank God who has spared me my senses through my great troubles.

MRS. JEREMIAH DONOVAN.

Christian Endeavor.

There will be a business meeting of the Grace church. Y. P. S. C. E., followed by a social at the church parlors to-morrow evening, at 7:30 o'clock. Business of great importance is to be transacted.

AN ELEGANT SUBSTITUTE

For oils, salts, pills, and all kinds of bitter, nauseous medicines, is the very agreeable liquid fruit remedy—Syrup of Figs. Recommended by leading Physicians. Manufactured only by the California Fig Syrup Company. For sale in 50 cts and $1 bottles by E. W. AUSTEN, druggist.

RAILROAD [illegible]

What Rochester Papers Say About the R. W. & O. Railroad.

Rochester Herald: The rumor that the Canadian Pacific intends to bridge the Niagara at Lewiston for the purpose of making a connection with the Rome, Watertown and Ogdensburg continues to excite much comment among railway men. An arrangement by which a connection could be made at Lewiston would be an advantage to both roads, it is thought, for the Canadian Pacific would gain a line to New York over the Rome, Watertown & Ogdensburg and the New York, Ontario & Western, while the Rome, Watertown & Ogdensburg would have direct connection with a vast extent of Western territory. The Rome, Watertown & Ogdensburg has recently been repairing its Lewiston branch, and surveyors, supposed to be Canadian Pacific men, have been at work at Lewiston. The Canadian Pacific people now ship goods into New York by way of Ogdensburg and Utica. If they could use the Rome, Watertown & Ogdensburg from Lewiston east, the distance would be greatly shortened. Should the Canadian Pacific absorb the Rome, Watertown & Ogdensburg and the New York, Ontario & Western, it would have an unbroken route from the Atlantic to the Pacific.

Rochester Democrat: It is generally understood in railway circles that the Canadian Pacific is endeavoring to find a short line to New York without going to Ogdensburg and thence across the St. Lawrence and South to Utica, where, over the Ontario & Western, its freight reaches New York. It is reported that the company has purchased the right of way of the old road at Lewiston, Niagara county, and that a new railway suspension bridge will be erected on the Niagara river at that point and direct connection made with the Rome, Watertown and Ogdensburg, then to Oswego where the Ontario & Western is met. The Rome, Watertown and Ogdensburg people are busy repairing and doubling their tracks in Lewiston, Niagara county, and surveyors of the Canadian Paicfic are making estimates. The road will run from St. Catharines direct to the Niagara river at that point. The Rome Watertown officials gave this virtually their sanction and it looks as though the matter would be pushed immediately. This will give the Canadian Pacific an uninterrupted line from the Atlantic to the Pacific.

The Oswego Fair For 1889.

At a meeting of the Oswego County Agricultural association last evening, it was decided to hold the fair for 1889, on Tuesday, Wednesday, Thursday and Friday, September 10th, 11th, 12th, and 13th.

NEIGHBORING VILLAGES.

Oswego Falls.

JAN. 24.—On Friday evening of this week there will be a "pound" party at the residence of A. P. Bradt's and Clarence Wetherby's for the benefit of the veteran blacksmith, Mr. James Wilsie and wife. It is hoped that the neighbors and friends will be present and bring along their donations, as these are worthy people who have had much sickness in their family, having lost all of their children.

Hannibal.

JAN. 24.—Professor Hubbard is advertised to lecture on Health and Temperance at Brewster Opera Hall this evening.

C. A. Nims, traveling salesman for an eastern boot and shoe firm, who has been ill, has recovered and returned to his route.

Mr. and Mrs. Will Hunter have gone to Syracuse on a visit.

Will Cowles has sold his iron-gray colt to Captain Thomas Davis.

Miss Grace Wood of Red Creek is visiting Miss Carrie Teague of this place. Mrs. Wm. Teague has gone to Red Creek to visit her daughter, Mrs. W. E. Mack.

Brewster & Co., are moving their store.

Lumbermen are making the most of sleighing. A large number of logs have been delivered at Leonard's mill this week.

"The Good Templars of this place intend to go to Oswego Falls soon and present the drama," "Last Fruits of the Glass."

Miss Lizzie Haskins who has been very ill is recovering.

"Ed." Dillabough has moved into J. A. Byrnes house in Fulton street.

Married—At Fairdale, Jan. 23, 1889, by the Rev. D. McFarland, Mr. Adolphis Burt of Lysander to Miss Elma McGlellan of Fairdale.

Mrs. M. A. Brewster, was taken suddenly ill this evening.

Palermo.

JAN. 24.—William Johnson wishes it stated in the PALLADIUM that he is a candidate for Highway Commissioner and will make an effort for the nomination in the Republican caucus in Palermo. Mr. Johnson will make a good officer if he is elected to the place.

Minott Tooley lost a cow one night last week.

G. D. Trimble is making an ice house at his cheese and butter factory in Granby.

D. H. Trimble's friends are urging him to present his name before the caucus again for the nomination of Supervisor. Mr. Trimble says it is not his intention to run, for he has filled that office for the last eight years and there are others anxious to fill the place, and after they have been there one year they will not find it a very easy task. If Mr. Trimble would take the nomination he would be returned for the next year.

Our Republican friends will undoubtedly expect that Assemblyman Ainsworth will get an appropriation to clean out Catfish Creek in the town of Palermo, for that is what he said last fall if he was elected.

Gillbert Jennings will have a St. Valentine, party on the 14th of February. Every one is invited to attend.

MARRIED.

SHORTSLEEVE—HICKEY—At St. Louis Church, Jan. 19th, 1889, by Rev. Father Augur, Nelson Shortsleeve and Mary J. Hickey, all of this city.

HUNT—FARRELL—In this city, Jan. 24, 1889, by Rev. Father Barry, George H. Hunt and Mary E. Farrell, both of this city.

HEAGERTY—LINA—In this city, January 17, 1889, by Rev. Father Fournier, Mr. Edward Heagerty and Miss Kittie Lina, both of Oswego.

CLEVELAND'S SUPERIOR BAKING POWDER

THE PUREST AND BEST

Is made only of strictly pure grape cream of tartar, strictly pure bicarbonate of soda, and a small portion of flour as a preservative, nothing else whatever, and is warranted entirely free from alum, ammonia, phosphates, lime, and all the adulterants frequently found in baking powders. The character of materials used, their purity, and the nicety of their combination, render Cleveland's superior baking powder the most healthful and most economical in use, and it always affords wholesome, nutritious, and delicious food.

It is recommended for purity, healthfulness and efficiency by Government and State chemists, chemists of Boards of Health, and professors in institutions of learning throughout the country.

Sold only in cans, full weight.

CLEVELAND BROTHERS, ALBANY, N. Y.

EXTRAORDINARY ADVERTISING ENTERPRISE

" Jewett's Fancy Base Burners,"

are to-day being advertised in all of the leading religious, agricultural and secular papers throughout the United States, as well as in the city dailies. We do not believe that the combined advertising of all the stoves manufactured, multiplied by ten, will be as great as the Jewett's Fancy Base Burner. And our patrons may be assured of perfect satisfaction, by calling and examining the full line of heaters which we offer at low prices.
