FOR ROBBING A POST OFFICE

THOMAS WILLIAMSON HELD ON TRAIT CHARGE YESTERDAY.

Examined before United States Commissioner Charnell and Committed to Wait the Action of the Federal Grand Jury—No Confession of Authority on the Part of State and Government Officers Likely to Emerge.

Thomas Williamson alias William Johnson, was arraigned before United States Commissioner L. W. Charnell at four o'clock yesterday afternoon on a charge of robbing the Post Office at Mexico. He pleaded not guilty to the charge and witnesses against him were sworn.

Postmaster J. F. Baker, of Mexico, testified as to the means of entrance to the Post Office, the amount of money stolen, and the disorder apparent on Sunday morning after the robbery. He positively identified the ring found on Williamson's person as one that had been left in a drawer at the Post Office on the night previous to the robbery.

Deputy Sheriff Sweetland gave evidence as to the arrest of Williamson on a warrant sworn out by E. A. Cook at Mexico. He first saw Williamson on the streets of Mexico. He knew that they were strangers and when the warrant was placed in his hands he readily recognized them from the description contained in it.

Justice of the Peace Robertson, of Mexico, testified as to the issuance of the warrant for the prisoner's arrest and his subsequent examination and commitment to jail. Williamson declined to be sworn in his own behalf and in default of \$1,000 bail he was held to await the action of the Federal Grand Jury which sits in Rochester on Tuesday next.

Williamson's wife was not arrested on the charge of robbing the Post Office as no United States property was found on her and there was no evidence upon which to issue a warrant.

Yesterday it seemed probable that a conflict would take place between the Federal and State officers over the custody of the prisoner, as Deputy United States Marshal Wood made a demand for him upon Under-Sheriff Dennis, who refused to give him up. However, when the warrant for the arrest of Williamson of the United States crime was issued Mr. Dennis politely agreed to have his prisoner at Commissioner Charnell's office for examination at the proper time.

Mr. Dennis stated that he did this merely as a matter of courtesy, as Williamson was his prisoner, captured by an officer of the State, on the charge of violating a State law and committed to a State institution by a Justice of the Peace. He said that he would not give up his man until ordered to do so by proper authority.

Assistant District Attorney Mackay said that there would be no conflict of authority between the Federal and State officers. If the State chose to turn the prisoner over to the United States for trial, Mr. Mackay said it might do so and he would be induced and tried next week at Rochester. If the State wanted to try Williamson first, all well and good, for the United States would try him afterwards. In any event the scales of justice will be met.

Deputy Marshal Wood said that he would make another demand for the prisoner only when the District Attorney ordered him to do so.

Williamson and his wife are not at all prepossessing in appearance, both having a decidedly oriental air and looking about them. They declare that the bicycle they left at the Adams House in this city belonged to them as they bought it and paid \$50 for it in Canada.

They are willing to give it to Mr. Adams in payment for their bond.

After Meals

Take one of Dr. Deane's Dyspepsia Pills. In other words, to cure dyspepsia de-nu-mer. Eat well of good nourishing food (the system needs the strength it gives) and force the stomach, liver and bowels to do their duty by taking one of Dr. Deane's Dyspepsia Pills immediately after each meal. This is the most rational and pleasant treatment. Your stomach can and will digest it. Dr. Deane's Dyspepsia Pills for sale at drug stores, and at grocers. Write wrapper if you need a bottle or more.

and to draw up a bill of sale for it, if he so desires. Such an instrument would be of little value however, as Chief of Police Doyle says, that the wheel has a Syracuse register number upon it, and he is now endeavoring to find the owner.

NEIGHBORING TOWNS.

Central Square, May 4.—Raymond Stanton, Amboy, was in town Monday. Mesquite have struck this village in full force. The Junior department of the High school is nearly broken up. Mr. and Mrs. A. J. Bennett have gone to Peru, Clinton county, where he will make cheese this season. H. L. Stanton, Coan-stanis, is spending a few days in town. Mrs. Mary Reynolds, Water-town, was the guest of her aunt, Mrs. Haron Placer, last week. Charles Andrew, Syracuse, is spending a few days with his aunt, Mrs. George Haas. Several from here will attend the Y. P. S. C. E. Convention at Buffalo, N. Y., on Saturday. Elwood Kaller is moving his family from Syracuse into the house vacated by Fred Val. E. C. Adams leaves on Saturday for Norwich, where he has position in a photograph gallery for the summer season. Myron Corville is improving his residence by having cement walks built and grading his lawn. Mr. Marton Robinson, the night operator at the depot, has moved into rooms in Jacob Farrington's house. George Postmill, Parib, was in town over Sunday.

Constantia.

May 3.—Captain Seymour Lord has sold his farm near the village to E. O. Robertson, of Parib, and will move his family to Tonawanda this Spring. Scribbs Lodge, No. 414, F. and A. M., will work the third degree on Tuesday evening, May 4th. J. H. Cole, of the Weidon House, has not returned from his Eastern visit yet on account of his health. Mr. Gustavus Cole has returned from his visit at Syraus. The many friends of Miss Elizabeth will be pleased to learn she has been appointed to be the Post Office at this place by Dr. R. S. Linsay. Barbara Holaday was taken seriously ill the past week, but is slowly improving. William Bosch has made great improvements in his road district by the use of the road scraper. John Bandelot has also used the scraper on the Kibbe road, which was one of the worst in the town. J. Gaudinier is building an addition to his house. Peter Coleman is ill. Arthur Getman, who was seriously ill the past week, is better. The trustees of St. John's Church are organizing the Post Office room and making extensive repairs and as soon as completed it will be occupied by Dr. Linsay for drug store and Post Office. William Boehs, Syracuse, was in town the past week. The fish hatchery is still running at this place and it is expected to take about two days more to fish the hatching. Mr. and Mrs. E. P. Whiting have returned from a visit at Taberg. Mr. and Mrs. Fred Scott, Syracuse, were guests at A. Mathew's the past week. Mrs. Gross, Michigan, is visiting her sister, Mrs. W. G. Talbot.

Williamstown.

May 4.—Miss Corrie Clarke has returned from Syracuse. The Ladies Aid Society meets with Mrs. Basson Post next week Wednesday afternoon and evening. Miss Emma Stinson came from Mexico on her wheel last Friday morning and spent Sunday at home. Ruth Clarke, Syracuse, is visiting her grandparents, Mr. and Mrs. Charles Clarke.

Five Cigars for Smokers.

Capital Farrell, the Water street tobacconist, has the finest brands of cigars in the city from the famous factories of B. Newman & Company, New York, Havana and Tampa, Florida. The famous Dumbo Field and Lincoln Bonquet are the best ten-cent cigars in the market and are warranted the best grade of pure Havana tobacco. The Improved 18 Cents and High Proof cigars are not equalled by any five cent cigar in the country. Both of the latter sell six for a quarter. Try them.

Have You Kidney Trouble?

A fifty cent bottle of Foley's Kidney Cure will prevent serious results from this fatal disease. For sale by A. D. Maloney, druggist, East Bridge street.

The Duty on Silk.

WASHINGTON, May 5.—Under date of May 3d, United States Consul-General Molloy, at Kanagawa, reports to the State Department that according to current reports the Japanese Government was about to send a commission to Washington for the purpose of influencing a reduction of the increased import duties which (according to the American papers) it was proposed to levy on silk.

For this reason he regards it as important for the department to know what the Imperial Diet has passed on such allowing a bonus to all Japanese exporters of raw silk.

At present the silk market is "panicky," he says, over the fear that a disease of the silk worms, which has already affected the amount and quality of the raw silk output, may assume the form of a national misfortune.

A LITTLE HORSE

Sense and It Leads Home. If a man would give his high-bred horse, day after day, a concoction to drink, that was a certain stimulant to digestion and that slowly poisoned the stomach, liver and nerves, he would be considered a definite fool by all knowers. Some men's bodies are worth as much as that of a good horse. In the isolated cases where this fact seems clearly established it would be the part of good judgment and plain every day common sense, to give such a body as fair treatment as one would to the horse, particularly when it is remembered that with a good physical body, kept in health and strength, man can do anything.

These things are great a contrast between the worth of a well man and a sick one as between a well horse and a foundered old wreck, to say nothing of the "fallacy of the critter" in either case.

Blind to the cause of his physical ailments, man (and woman, too) persists, day after day, in pouring into the protesting body a liquid drug called coffee, known by all chemists and physicians to contain the same poisonous alkaloids as found in strychnine, morphine, whiskey and opium, and to require a powerful constitution to withstand. The weak ones sink under the insidious drugs daily administered and seldom know enough to spot their enemy. "How do we know coffee is the enemy?" some ask.

Let the little spark of common sense flash again, and direct, that coffee be left off for ten days. You may not get entirely well in that time, my impatient friend, you would like to ride down hill for several years and climb back in ten days, but you must let the little spark flash again. The quickest way to get up the hill of health is by the royal road of good food and nourishing drink.

After a long line of experiments leading to the determination of a health coffee, the Postum Cereal Company, Ltd., of Battle Creek, Mich., perfected "Postum" by a skillful treatment of the healthy grains, and Postum now stands as a liquid food-drink of great value, while it can not be distinguished from the choicest coffee in its color, and also taste in such that it is really mistaken for Mocha coffee. Its introduction into the home, means that adults and children can have all the enjoyment of coffee and daily add to their bodily health by the addition of just so much nourishment, in palatable form, as the pure grains of the field contain. "It makes red blood" is the trade mark and the ray tinge of health attests the truth of the statement.

There is but one genuine original Postum Cereal coffee, with a multitude of imitations offered as "just as good."

Will Look After Railroad Business.

Mr. Henry Purcell, a well-known lawyer of Watertown, has taken the place of Daniel G. Griffin in the firm of Mullin, Griffin & Watson and hereafter the firm will be Mullin, Purcell & Walker. The other members are Senator Joseph Mullin and George R. Walker.

St. John's Mission.

The congregation at the mission services at St. John's church last evening was larger than that of the two preceding nights, and the increase is a sure indication of the ultimate success of the mission. Father O'Sullivan exhorted the men to bring others to the services; to impress on the minds of the wayward and careless Catholic men of the parish the necessity of saving their immortal souls. He said that blessings would attend those who did such an act for the glory of God.

The preacher took for his text the gospel of St. John: "Whoever sins you shall forgive, they are forgiven them; whoever sins you shall retain, they are retained." The subject was "Confession and the forgiveness of sins." He also referred to the dispositions necessary to a true and complete confession, man while impressing on his hearers its necessity.

The Bible Lectures.

The Bible lectures conducted in the D. L. & W. Hall under the auspices of the Seventh Day Adventists are still being continued. The subject this evening will be "The Power of God in the Gospel of Christ." On Thursday evening, the Bible testimony concerning the Sabbath; Friday evening, "Is Sunday a Christian institution?" Sunday evening, "Who changed the Sabbath?" There will be no service on Saturday evening. The subjects of Romanism and Protestantism, Religious Liberty, Americanism and the Rights of Conscience will be considered next week, beginning on Monday night.

WAYNE COUNTY.

Welcott a Dry Town—A Politician's Dilemma. WELCOTT, May 4.—Little Hoffman only daughter of Mr. and Mrs. George Hoffman, of this village, died at a late hour Saturday evening of pneumonia at the age of about fifteen years.

Welcott is and will be a "dry" town for the next two years, at least despite the efforts and promises of the Hon. George S. Norton.

Supervisor George R. Miles, of this town, has been very busy for the past fortnight explaining to his constituents just why he voted to retain the county seat at Lyons, in direct opposition to their wishes, instead of giving Newark a chance to present the county with new buildings. The fact appears to be that Mr. Miles was placed between the devil, represented by the Lyons ring, and the deep sea, by his constituents, and of the two, feared the devil the more. Without the ring he could not hope for the nomination for Sheriff, for which he has to long been angling, but without the support of the western part of the county and the half-hearted backing he will receive here, it is difficult to see just how he expects to be elected in case the Democrats place any tickets at all in the field against him.

THE GROWING CROP.

Bulletin for the Week Ending Saturday, May 1st, 1897.

ATHACA, N. Y., May 4, 1897. The following information is condensed from the reports of crop correspondents for the week ending Saturday, May 1st, 1897.

Orange county (Sherwood)—Oats and peas generally sown, some early sown pieces up. Soil in fine condition and a few pieces of barley sown. Early potatoes and garden plants. Strawberries seem somewhat injured killed. Some early sown grass seed wintered by frost of 20th. Rain, 0.69.

Oswego county: (Pawnee)—Grass and winter grain growing finely. Some stock turned out to pastures. Fine weather for work. Rain, 0.40. (Syracuse)—Oats sown. Some garden plants, and a few early potatoes. Stock to pasture ten to twelve days earlier than usual. (Oswego)—Fine growing week. Grass doing well. Rain, 0.44.

GENERAL REMARKS.

The past week as a whole was fairly favorable for Spring work. The cold wave of Monday and Tuesday accompanied by snow and sleet in the North and in the South by cold driving rains, checked vegetation and brought farm work to a standstill.

The warmer weather following permitted the resumption of plowing and seeding, and as the soil was in fine condition very satisfactory progress had been made by the end of the week. As yet Spring work is hardly well begun in the extreme northern districts, but is as far advanced as usual at this season. Exception in scattered localities there seems to be but slight damage to fruits by the frost of 27th.

In part of Orange county, however, early potatoes were severely damaged, while accompanying high winds did considerable injury to the apple buds.

Good showers have occurred in all but eastern and southeastern sections, where rains were needed. The precipitation of Monday (1st) was in the form of snow in northern counties which, in the extreme North, fell to a depth of two inches.

Grass and grain, however, escaped serious injury and as the close of the week appear green and vigorous. The growth of vegetation throughout the State was slightly in advance before the cold wave, but at present may be deemed about normal.

A large percentage of the oats has been sown during the latter part of the week, and some fields of barley, early sown, are up and doing nicely. Grass, winter wheat and rye have made good growth. Many potatoes have been planted and garden made, and plowing for corn well under way. Hops seem to start somewhat slowly in Madison county, but in southern Dutchess are "four feet high and very strong." In central and southern sections all the early fruit trees have sprung into full bloom during the last two or three days, and all reports indicate a heavy set, especially of small fruits.

Notice.

The annual meeting of the stockholders of the L. Broecker Brewing Company, for the election of directors and the transaction of such other business as may properly come before the meeting, will be held at the office of said company, in the city of Oswego, N. Y., on Monday, May 10th 1897, at 12 o'clock M.

A. M. BROECKER, Secretary. apr28&may5

Cold Storage for Furs, Winter Clothing, Etc.

It has been practically demonstrated that chemical cold storage is the safest winter for the preservation of furs, winter clothing, etc. Such being the case I have concluded to devote one room for this purpose. The charge for storing will be reasonable. As soon as the weather turns warm by notifying me by mail or otherwise—I will send for same and issue proper washhouse receipts. Those who store are expected to look after and pay their own insurance.

J. HAZENETT FRUIT COMPANY. J. HAZENETT, 2811 W. President and Manager.

A Household Necessity.

No family should be without Foley's Colic Cure. Perfectly safe and will give instant relief. Price twenty-five cents and fifty cents. For sale by A. D. Maloney, druggist, East Bridge street. may14&collin

OSWEGO FALLS.

Verdict of the Deponent's Jury in the Laird Case—For Assessing Third-Street Railway Property Levied on for Taxes.

OSWEGO FALLS, May 5.—The inquest into the killing of Charles Laird was concluded last evening and the jury rendered the following verdict:

That Charles Laird came to his death by a bill fired from a rifle in the hands of Newton Johnson on the morning of April 28th, 1897, while said Laird was in an intoxicated condition and in company with other parties unknown to the jury and while the said Laird was in the act of entering the house of said Johnson in an unlawful manner; and for purposes unknown to the jury. That the bill entered the right breast, passing through the body of said Laird, causing immediate death; and that the said wound was not inflicted by said Johnson with premeditated design of causing the death of said Laird.

Mr. Johnson testified substantially as he told the story of the shooting to others on the morning of the 28th, which has been printed in the PALLADIUM.

Two Lower Falls boys were arraigned before Justice Dexter for assaulting two small girls. They were lodged in jail for several hours and given a suspended sentence to the Rochester Industrial School.

Town Collector Smith levied upon some of the property of the street railway to collect the tax from the company. An injunction was served upon him restraining the sale.

Dave Robinson will be tried on Saturday for disorderly conduct, having been arrested by Officer Lamphere. He will be held for a jury.

Fallen Board of Trade.

FULLER, May 3.—The Fullon Board of Trade will open Monday, May 10th, for the sale of excess and butter. Officers will be elected for the ensuing year at 5 P. M. at the Lewis House.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the languid, exhausted feeling prevails, when the silver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and neutralizing the system from the most potent poisons. Headache, Indigestion, Constipation, Diarrhoea, yield to Electric Bitters. 50c and \$1.00 per bottle at A. D. Maloney's drug store. feb7&collin

Linnese Log Drive.

GRANTSBURG, Wis., May 1, 5.—The St. Croix river is running full of logs and out of the 235,000,000 on that part season 150,000,000 have now reached the main stream and are on their way down the river. Fully 1,500 men are now employed on the St. Croix river drives. The big jam at Kettle river slough has been moved, an opening has been made in the center of it so as to permit the new logs to run through, but the wing logs, containing some 30,000,000 feet of logs, still remain, "back" of the opening. The breaking of this jam will cost several thousands dollars.

Mothers! Mothers! Mothers!

Mrs. Winslow's Boonwheat Syrup has been used for the cure of children with perfect success. It soothes the child, restores the stomach, and gives the child a good appetite, and is the best remedy for diarrhoea. Sold by druggists in every part of the world. Be sure and ask for "Mrs. Winslow's Boonwheat Syrup," and not other kind. Twenty-five cents a bottle. ap14&collin
