WEST BAPTIST RECOGNIZES WOMEN

New Board of Deaconesses Elected at Their Annual Meeting Last Night.

The annual meeting of West Baptist church was held last evening and was largely attended. Reports of the chairman, treasurer and auditing committee which were given showed that the church was in a flourishing condition and were very encouraging to the members of the parish.

The West Baptist church has established a precedent by electing a Board of Deaconnesses, who are added to the Advisory Board. Cogswell, Miss Virginia Olynn, Miss Fannie Brandt, Mrs. Clara Garlock and Mrs. George Medlong. At the midweek services tonight Miss Sarah Olmstead, a graduate of the Normal school, who is a trained nurse and who has been overseas for a number of months, will talk. Look For League Baseball.

With Sunday baseball and Sunday movies practically assured, there is talk in sporting circles of organizing a strong semi-professional baseball team here this season with a view of later breaking into a league. It is confidently expected the Central New York League will be revived with Sunday ball. The bill on Sunday movies permits them with consent of the Common Council. That, it is said, will be given in Oswego.

HUMANE SUNDAY, APRIL 27TH.

"Be Kind to Animals" Week Designated as April 21st-26th, 1919.

The yearly celebration connected with Humane Sunday and Be Kind to Animals Week have come to be regarded as indispensable by all anti-cruelty societies that have tried them.

While the Oswego county society has outlined no program for the week of April 21st-26th, President A. P. Murdoch hopes that every one will keep in mind, for that one week, at least, what kindness to animals really means, and will be vigilant in observing cases of cruelty to animals and be willing to take the trouble either to correct or report any such cases.

Dr. Ingalls, of Parish, was summoned, and had the boy immediately removed to the Crouse-Irving Hospital, Syracuse. He is a son of George Middleton, and lives at Red Mills.

Valger floored Brady in the second with a hard right to the jaw. Brady came back strong up to the fifth, when Valger again reached him with hard rights and lefts to the jaw. TO KEEP MANY DRAFTEES FOR FULL PERIOD

Delay in Enlistments is Given as Cause By Baker—To Fill Army Quota.

WASHINGTON, April 9.—Large numbers of the drafted men in the army who have been looking forward to early demobilization are doomed to disappointment. Many of them are to be kept in service for the full period allowed by the law, which is four months after peace has been declared.

The War Department desires to keep these men in service until a satisfactory number of enlistments have been obtained under the general staff plan of increasing the regular army to 500,000.

The decision to this effect is contained in a letter by Secretary of War Baker to Senator James A. Reed, of Missouri, made public yesterday. The letter was written just before Secretary Baker left Washington for the trip to Europe.

COURT OF APPEALS UPHOLDS AWARD FOR DISFIGUREMENT

ALBANY, April 9.—The facial disfigurement provisions of the workmen's compensation act were declared constitutional today by the Court of Appeals. These provisions vest the industrial commission with discretion to make awards not exceeding $3,500 to injured employes who are the victims of disfigurement of the face or head.

The Industrial Commission allowed George Sweeting, an employe of the American Knife Company, $2,500 as compensation for the permanent disfigurement of his nose. The bridge of his nose was shattered by the explosion of an emery wheel. The insurance company attacked the award as unconstitutional, but the Court of Appeals sustained it in the Sweeting and two other cases.

ST. MARY'S WON THE FIRST GAME

In Basket-ball Series for City Championship—To Clash Again Friday Night, When High School May Meet Fulton.

St. Mary's basket-ball five gained the first leg on the city championship last night at the State Armory before nearly a thousand fans by defeating the St. John's team by a score of 34 to 26 in one of the fastest games of the season. This was also St. Mary's sixth straight win of the season.

Starting from the time the ball was put into play the St. Mary's team took the lead and were never headed by their opponents. On the first tip off Burke secured the ball and dropped it through the net before thirty seconds had expired. Hurley was next to follow with a pretty shot. It was here that the St. John's team got started, when Herby Scanlon caged a field and a free throw, making the score 4 to 3 with St. Mary's leading. St. Mary's then pushed ahead until they reached ten points and in the meantime held the Fifth ward team scoreless. They stopped on ten for a while, however, until the St. John's team eased up to seven points. Another spurt gave the First ward team a bigger lead, which they held until the close of the first period. It ended 20 to 11 in their favor.

Taking on new life after the intermission, the Fifth ward team ran the score up to within four points of St. Mary's, but this was as far as they could go. When they reached this point the First ward team would again make another sprint and would increase their lead again. At several stages in the second period, however, the First warders had St. Mary's and their supporters worried as to the outcome, but they were not long in doubt, for after the caging of one or two baskets they had such a lead that practically assured them of winning. The second half was even better than the first, in that the score was more even.

In the first period, Hurley, who played a star game for St. Mary's, caged the sensational shot of the evening, getting one from past the center of the floor. Tabby Burke played a guard game in the first period, but was successful in getting four baskets, while Hun Marsden, the other guard of St. Mary's, caged the same number of baskets. Burke also secured a pretty shot from the center of the floor. It seemed that St. Mary's could get the long shots last night, but had great difficulty in getting them from under the basket. Galloway and Griffin also played good games, as did Shannon, who replaced Burke at guard in the second period. Last night was Galloway's first appearance in a game since January 20th, when he was injured.

Joe Dalton proved to be the sensation on the St. John's team. Although he only played a half, he caged as many baskets as any man of the team, getting three in his twenty minutes of playing. Herby Scanlon also played a fine game, getting three field baskets and two fouls.

The refereeing of Johnny Murphy, of Rochester, former star guard of the Normal school team and the Oswego professional team, proved to be very satisfactory to both sides. An effort is being made to have Murphy referee the second game, which takes place on Friday night at the Armory, and if this is arranged he will remain in town until that time.

Efforts are also being made for the greatest basket-ball carnival of the city for Friday night. In addition to the second game of the series, the Oswego High School team, claimants of the scholastic championship of this part of the State, will probably play the Fulton High school, who also claim the title. Manager Neil Callinan went to Fulton this afternoon in an effort to bring the two teams together. If this is done they will be seen in action on Friday night, and the public may rest assured that they will see two of the scrappiest games of the season, as St. John's will make a strong effort to cop the second game of the series.

In the preliminary game the High School seconds won from the St. Mary's Reserves by a score of 25 to 10. Kreatler starred for the High School, while Galloway and Buskey carried away the honors for the St. Mary's team.
