JAIL INMATES MIGHTY SORE.

Kick Over New Working Proposition.

"Dad" France and John "Fly" Anderson Lead in the Opposition to Any Such Plan—Protests Are Said to Have Been Prepared—Strike Probable.

Consternation reigned among the inmates of the County Jail this morning over a report that drifted in to the prisoners that the work of breaking stone was to be commenced next Monday and that they were to be kept at it for twelve hours a day. Some of the radicals like "Dad" France and John "Fly" Anderson, who lead a new pair of suspenders there every Winter, were for organizing immediately and walking out of jail in a body. Wiser counsel finally prevailed, however, when one of the "trusties" discovered snow on the ground and it was finally decided to prepare two round robins, one addressed to Commissioner of Works Smith and the other to the Laborers' Union.

After a long search for writing material "Dad" finally located the necessary articles and here are the petitions he is said to have prepared:

Dear Commish—We, the undersigned, guests at Sheriff Hutton's homestead, hereby kick at your furnishing stone to the county to be broken by us. Resting in one of our $5 hammocks is entirely satisfactory and with only a few hundred shirts and ten or twelve dozen pairs of trousers in the stockroom, it would be difficult to clothe us properly for outdoor work. Hoping that you will grant the prayers of the petitioners, we don't often pray much, so this ought to carry additional weight, we are—"

Only Dad and John Fly have signed as yet, but it is expected that the remainder will attach their signatures at the pedro party in the merry-go-round this afternoon.

The other round robin, also innocent of preparation, reads this way:

President Laborers' Union:

DEAR SIR—Having heard that Charlie Meyers intends to make us work twelve hours a day at the stone pile we hereby ask your honorable body to place the County Jail on the unfair list. Just think of our working twelve hours a day after our many Winters of rest and comfort. Immediate action is demanded by yours, etc.

Commissioner Smith couldn't be found today to learn what action, if any, he would take on the petition if it ever reaches him. At his office, however, it was said that the fears of the prisoners were probably groundless as only $500 was appropriated to get the work started and that this would not provide attendants to watch the men twelve hours a day. Anyway it was stated the Supervisors were still working on the plans for the work and the snow is expected to be off the ground before they complete their arduous labors.

SHRIEVALTY CANDIDATES

Looks as if There Will be Something Doing the Coming Year.

Republican candidates for the nomination of Sheriff are beginning activities. According to the Fulton Patriot of yesterday both John Dennis and Under-Sheriff M. F. Tooley were in that city last week looking after their interests. With Dempsey, Taft and D. O. Whitney also in the race the contest promises to be a hot one, and causes the Patriot to observe that "in view of the number of candidates after this office, it would appear that the old-time conventions, before the organization became all powerful—and dictatorial—in regard to nominations—is about to return."

Mr. Mougin's Fine Place.

Former Deputy Secretary of State J. B. H. Mougin, of Seneca county, formerly of this city, is to be appointed chief of the engrossing-room of the Assembly under Clerk Ray B. Smith.

Officers Re-elected.

The Post & Henderson Company held their annual meeting yesterday and elected the following officers: President, J. L. Henderson; Vice-President, J. T. Mott; Secretary and Treasurer, John P. Miller. The officers comprise the Board of Directors.

Property on State Lands.

According to Deputy Superintendent of Public Works Mead the Greenway brewery, of which Martin O'Malia is part owner, and the Amos mills in Syracuse, which collapsed last Summer and caused a break in the Erie canal, are on State property and trespassers. It is said that the State will refuse to pay all claims of the Amos mills people.

CHURCHMEN WILL OPPOSE

Council to Act on Theatre Ordinance Tonight.

Aldermen Said to be in Favor of Passing Measure Over Mayor's Veto—Believe That Citizens Are Favorable to Picture Shows on Sunday.

The Common Council will hold an adjourned meeting this evening, at which the ordinance on the Sunday exhibition of moving pictures, recently vetoed by Mayor Smith, will be passed by the present Council over the veto. The ordinance has never been voted upon by the Aldermen now in office, but was passed December 26th. The meeting tonight will be an interesting one, and from present indications will be church against church, although the statement was made this morning by one of the Aldermen that the vote will be unanimous.

The congregations of the First Presbyterian, the First Methodist and Grace Presbyterian churches Tuesday evening declared in opposition to the ordinance and passed resolutions to that effect and last night at the regular Wednesday evening prayer meetings resolutions of protest were also adopted by the people of the West Baptist, English Lutheran, First Baptist and Trinity M. E. churches. On account of the fact that union prayer meetings are being held this week it may be impossible for some of the ministers of these churches to appear at the meeting tonight, but the resolutions of protest will all be filed with City Clerk Dewine this afternoon with a request that he read them.

Following is a copy of the protest filed by the First Baptist church:

"We the members of the First Baptist church do hereby protest against the Common Council passing any law, contrary to State law, permitting Sunday exhibitions which desecrate the Sabbath.

"Further, we heartily commend the Mayor for his vetoing the enactment of said Council, and we do hereby pledge the Mayor our loyal support in his efforts to preserve the sanctity of the Lord's day.

"In behalf of the Church, signed by the BOARD OF DEACONS."

Jan. 8th, 1908.

Trinity M. E. church passed resolutions last night as follows:

First. That we pledge the Mayor and Common Council of our city our loyal support in seeking to protect and enforce the legal sanctions of the Sabbath.

Second. That we approve most heartily of the action of our Mayor in vetoing the ordinance which would permit moving picture entertainments and like amusements on the Sabbath Day.

Third. That we most earnestly protest against the reported intention of the Common Council to pass such an ordinance over the Mayor's veto.

One of the Aldermen, in speaking of tonight's meeting, said this morning:

"The church in my ward and most of my constituents, are heartily in favor of the ordinances and in voting in favor of it tonight, I will state my reasons for so doing. This talk of much opposition is all bosh, in my opinion; if put to a vote of the people it would be carried 24,000 to 19, or similar numbers."

Ministers and Priests Protest.

To the Oswego Palladium:

SIR—Inasmuch as the ordinance to license Sunday theatres is in conflict with the Word of God, and inasmuch as it is also in clear violation of the law of the State; we, the undersigned, earnestly urge all Councilmen to sustain the veto of the Mayor.

CHARLOTTE CAR FERRY.

Conditions at Cobourg Harbor Make Navigation in All Weather Hazardous.

President A. G. Yates, of the Buffalo, Rochester & Pittsburg Railway Company, which owns the car ferry operating between Charlotte and Cobourg, in a statement given out yesterday announced that while the boat would not make regular trips for the rest of the Winter, that she would continue to run.

"Captain Forest has been ordered to take no chances," said Mr. Yates, "and for that reason he does not attempt to enter Cobourg harbor when the wind is not right. At such a time the slightest tilt might so affect the boat that it would go on the rocks. But even if it is impossible to make trips at present with very much regularity, the boat will be kept in operation throughout the Winter. Before another Winter comes these unfavorable conditions will be eliminated and Cobourg harbor will be entered as easily as the mouth of the Genesee. The Ontario has been unable to handle all the business offered. Two trips a day will be made whenever the wind does not delay the boat at Cobourg."

Adelphi Public.

For the past ten weeks the Adelphi Society of the Oswego Normal school has been studying Shakespeare's "Merchant of Venice." Friday morning, January 10th, at Normal Hall, the following program will be given on the above named subject to which the public is cordially invited; exercises commence promptly at 11:30 a. m.
