
## The Peddler Tells You,

possibly, that **Pearline** is too good for ordinary uses; he says, "of course it's nice enough for delicate things, but what I have is just as good for scrubbing, scouring, etc., and is cheaper." Now, we say this: **Pearline** is the best to use for **everything**, and the best is the cheapest, in the end. It does its work better—more easily, more quickly, more satisfactorily, more safely. **Pearline** is cheap enough for any use. These imitations are dear at any price and for almost any purpose. Compare the value of the things ruined with the small amount of money saved by the use of cheap powders.

**Send it Back** When peddlers or unscrupulous grocers tell you "this is as good as" or "the same as Pearline," IT'S FALSE—Pearline is never peddled, and if your grocer sends you something in place of Pearline, be honest—*send it back.* 384 JAMES PYLE, New York.

### JUSTICE HARLAN'S TEMPEST.

**He Refuses to Bow First to Foreign Officials.**

WASHINGTON, Jan. 7.—Associate Justice Harlan, of the Supreme Court of the United States, has raised a tempest in the social teapot of Washington official society.

Under the old regime the unwritten social law at the National Capital required the Ministers of foreign countries to make the first official social call on the Chief Justice and Associate Justices of the Supreme Court.

Under the new Ambassadorial situations the edict has gone forth from these Embassies that the social etiquette in all foreign countries gives the Ambassadors rank next to royalty, and that all officials below the royal household must first call on the Ambassador of a foreign nation.

Under the new rule all of the members of the Supreme Court, except the Chief Justice, who is exempt, have made the required visits, save Justice Harlan.

The Justice is a great stickler for the privileges of the Highest Court. He has stated to his associates with much emphasis that he does not recognize the right of foreign customs to dictate what shall be the social statute of the Supreme Court and does not intend to allow any innovations upon the established customs in that regard of many years' standing.

### SENATOR FAIR'S ESTATE.

**Rumor Says It is Not as Large as Was Estimated.**

SAN FRANCISCO, Cal., Jan. 7.—A report was published here this afternoon, purporting to be an inside statement of the affairs of the late Senator James G. Fair. It presented figures showing that the estate, which at the time of Fair's death was estimated to be valued at forty million dollars, would realize not more than twelve to fifteen million dollars.

Large quantities of wheat are stored in various warehouses on which Fair owed three million dollars for advances. To pay off this indebtedness it would take the entire income of the estate for nearly five years. The article goes on to state that it was chagrin at his loss in wheat that hastened his death. There being no prospect of the heirs deriving any benefit from it for several years, the claim is made that they have decided upon a contest and that plans to that end are now being perfected.

I was informed authoritatively this evening, however, that the statements published to the effect that the children had decided to contest the will were without foundation. The matter, it was stated, was under consideration.

### A STRANGE CASE.

**A Will Found After Twenty Years and Filed for Probate.**

SAN FRANCISCO, Jan. 7.—A will just filed for probate, leaving the estate of Mrs. Jennie Parsons to Minnie Adams Brooks, concludes a strange case. Mrs. Parsons was one of the Mandeville singers, well known on the stage a number of years ago. She was one of the passengers on the steamer Pacific, which was lost off Cape Flattery in 1875. She left $5,000 in bank, which amount was turned over to the public administrator. Relatives of the woman's husband had established a claim, when Mrs. Brooks came forward with a holographic will which was found in a bottle that had been washed ashore from the wreck. The will is in the form of a letter to a daughter by her first husband, and has just been found.

**Omaha Officials Receive Protection Money.**

OMAHA, Jan. 7.—The gambling houses of South Omaha were closed last night for the first time in years. Since gambling in Omaha was stopped, hundreds of the gentry have gone to South Omaha and that place has fairly swarmed with "skin" games. The closing of the numerous dens is the result of an expose of wholesale corruption among city officials in the way of police protection. It is said money was paid to a third party for the Mayor, members of the city council and representatives of Omaha papers.

**Recorder Goff Takes His Seat.**

NEW YORK, Jan. 7.—There was a remarkable scene in the general sessions court today when Recorder Goff took his seat and delivered his first charge to a jury. Many leading members of the bar were present. Among these were Joseph H. Choate, Elihu Root and several other eminent members of the bar.

**Foster Sails For China.**

VANCOUVER, B. C., Jan. 7.—Ex-Secretary John W. Foster, who has been invited by the Chinese government to join its envoys at Tokio to arrange terms of peace with Japan, sailed today for Tokio. Mr. Foster expects to be able to return to the United States in the spring. He is accompanied by J. H. Henderson, Jr., son of ex-Senator J. B. Henderson of Missouri.

### WHAT THE EDITOR HEARD.

**THE REMARKABLE STATEMENT MADE TO THE EDITOR OF THE CAYUGA COUNTY INDEPENDENT.**

**Silas Pennell, of Niles, N. Y., Tells How He Was Saved From Death—A Miracle of the Nineteenth Century.**

*(From the Cayuga Co., N. Y., Independent.)*

Hearing through Messrs. Allen & Burch, druggists of Niles, that Mr. Silas Z. Pennell, a respected citizen of that town, had been cured of a bad case of sciatic rheumatism by the use of Dr. Williams's Pink Pills for Pale People, the editor of the Cayuga County *Independent* determined to know the truth of the matter and went to Niles to ascertain from Mr. Pennell himself what his condition was and what the pills had done for him. Mr. Pennell is a farmer and has a neat and comfortable home near the Niles Post Office, or "Dutch Hollow," as it is commonly called. We asked Mr. Pennell if it was true that he had been cured of a bad case of rheumatism by Dr. Williams's Pink Pills. He replied that it was true and that he would tell us about it in a few words. He said that three years ago in August, 1891, he was seized with severe pains in the hip, just where the sciatic nerve is, as he was informed later, which gradually ran down his leg, making life a misery to him, but not preventing him from doing some work on the farm. Soon after he was loading hay when he slipped off the load and his hip, in the exact spot where the pain started, struck on the wheel. After this he was worse, suffering great agony, and for some time was unable to do any work. He took such medicines as his physicians prescribed and improved somewhat so that he could help some around the farm again. About Thanksgiving time he was helping to put away some barrels of cider which he had made, when he strained himself and again became helpless. He then tried another physician who felt confident of curing him by the use of the electric battery and medicines which he prescribed. But failure was the result, he got no better, and another physician was tried and treated him for some time. By this time his whole body was affected and his life was a miserable one. Sharp pains would start in his hand or foot, run up one side of his body, over his shoulders and then down the other side and then pass off for a short time. These pains would return regularly, affecting his whole body, and nothing seemed to relieve him and he began to despair of ever being well. In the Spring of 1893 a relative in another county read of a case very similar to Mr. Pennell's, which had been cured by Pink Pills and sent the article to him, asking if it did not suit his case. It was very similar and he determined to try them. He commenced taking Pink Pills and soon felt better, the pains becoming less violent with longer intervals between them. He felt encouraged and persevered in their use and soon became able to work on the farm, and in April or May he felt so free from pain that he considered himself a well man again. He says he has probably taken twenty boxes and able to do as good a day's work as any other man, and we can say that he looks like a hale and hearty man who had never known sickness.

Mr. Pennell keeps a box of the pills in his house and whenever he feels a pain or a little unwell he takes a pill or two and is soon all right again. He says they will cure a headache for him in two minutes. He says he doesn't know what Pink Pills will do for others, but he does know that they have cured him of what physicians said was sciatic rheumatism when three doctors had failed to do him any permanent good. Some of his neighbors also, he says, have been greatly benefited by using Pink Pills, and one says he can not afford to keep a box in the house, as his whole family want to take them on all occasions as they make them feel so much better, and they can not even feel sleepy in the morning without wanting to take a Pink Pill for it.

An analysis of Dr. Williams's Pink Pills shows that they are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus's dance, sciatica, neuralgia, rheumatism, nervous headache, the after effects of la grippe, palpitation of the heart, pale and sallow complexions, all forms of weakness either in male or female. Pink Pills are sold by all dealers, or will be sent post paid on receipt of price, (50 cents a box or six boxes for $2.50—they are never sold in bulk or by the 100) by addressing Dr. Williams's Medicine Company, Schenectady, N. Y.

### FIRST TO MARRY.

**A Massachusetts Young Man Finds Many Obstacles in Attempting to Secure His Bride—Safe in New Jersey.**

ELIZABETH, N. J., Jan. 7.—Dean Rodman, of Plainfield, N. J., yesterday united in marriage Edwin S. Westlake, of Boston, and Alice T. Tewksbury, of Winthrop, Mass. The couple had been searching since Tuesday for a minister who would unite them. The groom is a son of the Rev. C. M. Westlake, rector of St. John's church, Arlington, Mass., and is a traveling salesman. The bride is a daughter of Herman B. Tewksbury, of Winthrop. The couple are now stopping at a boarding-house here. Westlake told the following story to-day:

"My wife had two suitors, myself and Arthur Culverwell, of Winthrop. Last Monday she promised to decide between us. We went to her home, and each pleaded. Her mother pleaded for me. Alice took me after making Culverwell and myself promise to be friends. Culverwell threatened both our lives as he left the house. We decided to get married at once, and went to my parent's house. They threatened to disown me if I married Alice. We then went to Boston City Hall. A license was refused there, as Alice's home was in Winthrop. We then went to Pawtucket, R. I., but as she is not of age under Rhode Island law we failed to get a license there. Thursday morning we went to Attleborough, but were refused a license there also. Then we went to Providence and were told a license would be granted if the young lady had the consent of her father in writing. I had his verbal consent and telephoned him to send his written consent. My mother had been to see him, and he refused and demanded that I bring Alice home immediately. We were determined to get married, so we came to New Jersey, where I knew the laws would permit us to get married."

Westlake intends to remain in Elizabeth until he can make arrangements with an uncle, Dr. J. H. Turner, to go into business in Chicago.

### WEATHER REPORT.

CHICAGO, Jan. 7.—The local Weather Bureau gives out the following special bulletin: A cold wave is indicated for the next two or three days with temperature much below zero in Michigan, Indiana, Illinois, Wisconsin, Iowa, Minnesota and westward.

ALBANY, Jan. 7.—Heavy precipitation has thus far marked the passage of the cyclonic formation now central near Lake Ontario. It is highly probable that the vigorous anti-cyclonic formation now moving in from the Northwest territory with an attendant cold area will dominate the weather and temperature conditions of this section on Tuesday and Wednesday. The weather is cloudy and higher temperatures are now being experienced along the Atlantic coast line. On the whole it may be said that the present cloudy conditions with rain will give way to clearing colder conditions to-night. Fair, colder weather will be experienced on Tuesday. Tuesday night will be colder than Monday night. Wednesday promises to be a fair, cold day.

WASHINGTON, Jan. 7.—Forecast till 8 P. M. Tuesday:

For Vermont—Clearing to-day fair to-night and Tuesday, colder northwesterly winds.

For Eastern New York—Fair to-night and Tuesday, colder, southwesterly winds, shifting to northwesterly.

For Western New York—Clearing today, fair and decidedly colder to-night and Tuesday, northwesterly winds.

The weather in New York city today is clearing.
