Wanted a Bigger Reward—Death of an Old Resident—The Post Office Matter—Other Interesting News.

FULTON, Jan. 11.—Charles Weed, who had charge of C. C. Benedict's office during his recent illness, lost a bunch of keys near the O. & W. depot one day last week and was at a loss to know why advertisements for their return had not been answered. A marker was attached to the keys and a reward of $1 was offered for their delivery. The finder, who proved to be an O. & W. freight train employe, did not consider the reward sufficient and held the keys in his possession. He finally gave in to Agent Richardson and the keys were returned to their owner. The mens' action regarding the matter will no doubt result in his dismissal, as it has already reached the notice of the officials.

The death of Mrs. Flavilla Wilson, wife of Frank Wilson, occurred at the home in Academy street at noon Friday, January 10th. Mrs. Wilson was a daughter of Hubbard Church, a pioneer settler of this village and has been a lifelong resident of Fulton. She was sixty-eight years of age and leaves a husband and two daughters, Mrs. E. F. Blanchard, Passaic, N. J., and Mrs. W. J. Watson, Fulton. The funeral will occur at 3 P. M. Sunday, the Rev. A. J. Aubrey officiating.

The ladies of Zion Episcopal church are preparing for a musicale which is to be held at the home of Mrs. G. S. Piper, Third street, on Tuesday, January 14th. An interesting program has been prepared.

An action for breach of warranty, in which F. J. Whitcomb sues James Harman for payment made on a second-hand engine which was purchased last October and which Whitcomb pronounces worthless, was begun in Justice David's court yesterday. Whitcomb produced evidence that the engine had once before been sold and returned to Mr. Pearman, the purchaser, Mr. George White, having forfeited $26 on the deal. The plaintiff's side will be heard to-day.

Postmaster Aubrey states that there is no foundation for the statements regarding an attempt to gobble the Oswego Falls post office and that no measure of that kind was discussed by Inspector J. C. Oats during his recent visit. The matter relating to Oswego Falls simply interests those patrons of the Fulton office who are getting their mail here from choice and are residents of Lower Oswego Falls who find it a great convenience to do so. Mr. Aubrey would be unjust in excluding them from his communications pertaining to the proposed free delivery.

Starr Hill is a happy citizen; a ten pound son was born Wednesday. Arrangements for the leap year party are being completed. The affair promises to be one of the social events of the season and is engineered entirely by the ladies. The event will occur in the Odd Fellows' Hall, January 17th. Kapp's orchestra, Syracuse, has been engaged and Mr. James Caffrey, of the Clark House, has placed the dining-room at their disposal.

The Y. M. C. A.'s four o'clock meeting will be held in the new quarters to-morrow. Mr. A. S. Durston, of the Syracuse Association, will address the young men. The Y. M. C. A. orchestra will be in attendance.

Dr. Bacon Ill.

There will be no preaching service at the Congregational church to-morrow on account of the illness of the pastor, who is confined to his room. Notices will be given at the Sunday school service, held at 12:30 P. M. Y. P. S. C. E. meeting at 6:45 P. M.

Another Diphtheria Case.

One new case of diphtheria has been reported in the house occupied by Thomas Coad and Albert Snell in West Seneca street between Eighth and Ontario streets. The patient is the little three-year-old daughter of Mr. Coad. Thursday night Mr. Coad lost another child who had a bad attack of membraneous croup. Just before the little child's sickness had been declared diphtheria she was removed from a house in John street where her parents had resided. The house in John street as well as the one in Seneca street has been fumigated. Dr. Hinman attended both cases.

The changes outside of the industrials were confined within narrow limits throughout the session, save in one or two instances. Reading, first assessment paid, rose from 7¾ to 9 and receded to 8½.

FULTON SENSATION

CHARGES TO BE PREFERRED AGAINST OFFICER POOLE.

An Affidavit by a Young Woman in Which Damaging Statements Are Made—What Officer Poole Says—Declares That it is a Matter of Spite With the Village Attorney.

FULTON, Jan 11.—(Special.)—For a week past the gossips of the village have been busy concerning the alleged questionable conduct of Policeman Thomas G. Poole toward a well-known young woman, a widow, of this place. No steps were taken in the matter until last night, when a citizen of the place lodged information before a Justice of the Peace and had the woman summoned to testify in the matter. Village Attorney Fred G. Spencer was present and the woman made the following affidavit:

Mrs. Lizzie Wallace being duly sworn says she resides in Fulton, at Dr. C. M. Lee's. On the evening of January 1st, 1896, I was coming down First street. In front of Simmons & Grant's store Kinney Barnes stepped in front of me and said in a loud tone of voice [Here a disgusting remark and indecent proposal are detailed.] I pushed him one side the best I could and made my escape. The next evening about nine o'clock I met Mr. Poole, the policeman. I told him of the Barnes matter and said he ought to keep such people off the streets. He advised me to have him arrested and Mr. Poole walked along with me up to my home at Dr. Lee's. Mr. Poole asked me if he wouldn't go down and get a couple of bottles of beer. I said, no, sir. Then he asked if he wouldn't get some soft drinks, I said, no, sir. He asked me if I wasn't afraid to stay alone there nights, I said, no, sir. Before he asked me this I told him that my people had gone away and I was alone. The next morning the hired man told me that there were footprints under my window in the snow and that he had shoveled them away.

Sworn to before me this 10th day of January, 1896.

FRANKLIN KEENAN,
Justice of the Peace.

Attorney Spencer stated to-day that charges would be formulated against Officer Poole and presented to the Village Board next Tuesday night. Poole has been on the police force here for twelve years. He is also a Deputy Sheriff.

Kinney Barnes, referred to in the above affidavit, is said to be a tough character. He is now in jail awaiting trial for assault. The case comes up next Friday, when it is likely that another charge will be preferred against him.

Officer Poole, when seen by a PALLADIUM reporter to-day, said that the story of the Wallace woman was a cruel and contemptible falsehood. He said he met her as stated and heard her story and walked part way home with her. She told him, he says, that she was alone in the house and he advised her to go to her own home and remain until Doctor's Lee's people returned.

Regarding the statement about the beer he says that when the woman complained to him that she could not find an officer the night previous, that he said he was home for a time, as he had some friends visiting at the house, but came down town to get a couple of bottles of beer for them. He said the whole trouble was caused by Mr. Spencer, that they had had trouble, growing out of politics and that Mr. Spencer was taking this opportunity to get even with him. There has been a bitter feeling, he said, between the two for some time. He said he would court the fullest investigation at any time and asks for a suspension of public judgment until such time as the matter can be judiciously heard.

Harvesting the Ice Crop.

The ice men of this city are noticed with broad grins overspreading their features in contemplation, no doubt, of the great ice harvest they will reap from the effects of the cold snap of the past ten days. This has certainly been fine freezing weather and a prominent ice man says that the yield this year should be larger than in many previous years. The cutting of ice, which is now about in prime condition, has already been begun.

NOW 99 YEARS OLD.

Mrs. Grinnell Credits Her Vigorous Old Age to Paine's Celery Compound.

It is an uncommon thing to learn of persons reaching the age of Mrs. Emyle Hyde Grinnell, and years of good health such as hers come only to those who make use of the very best means of keeping well.

No one will wonder that the bright-eyed old lady, whose mind to-day is as alert and clear as ever, should be anxious for others to try Paine's celery compound.

Mrs. Emyle Hyde Grinnell was born in Bennington, Vt., July 6th, 1796, and is to-day living with her granddaughter, the wife of Martin Fowler, of Colchester, Vt., a beautiful town near Fort Ethan Allen. Her father was a farmer and hotel-keeper, and she lived upon the farm until her marriage. Mrs. Grinnell has none of the infirmities of old age. She rises at daylight, works about the house, and when the weather will permit walks outdoors. Her eyesight is so good that she threads a needle and spends many hours crocheting and doing fancy work. She keeps abreast of the times, and is remarkably well-informed upon many subjects. She declares that she does not feel any older than she has for years, and if people half her age enjoyed such good health as she they would consider themselves fortunate. She has seven children, four boys and three girls, two of whom are living to-day.

Mrs. Grinnell writes:

COLCHESTER, VT., Oct. 11, 1895.

"Paine's celery compound has been my health preserver during the last few years. Whenever I have an ache or a pain a few doses of this medicine gives me relief and strength. Few women, even though much younger than I, enjoy as good health, for my appetite is natural, my sleep refreshing, and I can walk quite a distance without feeling tired. People are surprised at my vigorous appearance and activity, which I believe, is the result of my using Paine's celery compound. It has cured me of constipation, and is of great help to me when over-tired.

Gratefully yours,
MRS. EMYLE HYDE GRINNELL."

Paine's celery compound is especially valuable for recruiting the strength and spent energies of men and women advanced in years. It is the one preparation considered worthy the name of a true nerve food and blood remedy by physicians throughout the country. It is prescribed by them in every State in the Union to tone up the system, regulate the nerves and restore health and strength.

Nothing in the past has ever approached it in power of building up weakened nerve tissues and giving strength to the tired body. In severe cases of persistent headaches, dyspepsia, neuralgia and sleeplessness, due to nervous feebleness, Paine's celery compound has a record of rapid and lasting cures that embraces every city and town in the wide sweep of the United States.

Its remarkable power over diseases lies in its active replacing of worn out parts by new, healthy ones, in its healing and purifying action among the most minute tissues of the body. It searches out the weak parts at once, and sets to work to build them up. The tired body feels the strengthening effects of Paine's celery compound forthwith.

Give the nerves a chance to recover and the entire body will regain its health and strength. Take Paine's celery compound.
