This is to certify that on the 23d of July, 1852, our entire stock, composed of Turpentine, Alcohol, Oil, Paints, Medicines, &c., was destroyed by fire. So rapid and severe was the fire that we were unable to close one Safe until Mr. Pohlman subsequently entered at the peril of his life and closed the doors.
After leaving the doors open, after all this exposure to the fire, which came in contact with the Safe, all its contents, of valuables were found uninjured.

MARLAND'S
PATENT FIRE PROOF SAFE!
Patented March 21st, 1854.
THE OBJECT OF THIS NEWLY INVENTED SAFE, is to make the interior of Fire Proof Safes more completely secure against the action of fire than ever before been made. In the construction of the doors, and the parts surrounding the door ways, of all other safes, a large quantity of metal is used where its presence is most objectionable and operates very injuriously. The objectionable metal here alluded to, is that portion which surrounds the door way, and occupies the space between the wooden case and outer bar; also all the metal which encloses, the lining and is attached to the inside of the door; and also, all the metal bolts *which pass entirely through the door, from the outside to the interior of the safe.* Experience has abundantly shown that the combustion of the contents of a safe, always commences in the side fronting the door, and is produced chiefly by the greater amount of metal employed in the construction of these parts of the safe, and the proximity of the metal, thus employed, to the wood work and contents of the "case." *In Mr. Marland's Safe all these numerous plates of metal connected with the door and door way, are entirely rejected*, and the top, bottom, sides and back of the safe are protected from heat, (on the inside,) by a thick wall, or lining, made of Soapstone, a non-conducting material, without any metal on its inside surface. Mr. Marland's invention affords similar protection to the front side of the "case" opposite the door. He has *no metal bolts passing through the door,*—*no metal casing around the lining on the door*—*no metal at around the door way*—*and not a particle of metal in any manner connected or communicating between the outside and interior of his safe.* These safes are made by Marland & Co., No. 9 Central Street, Boston, who also manufacture Powder Proof Bank and Safe Locks, Bank Vaults and Steel Lined Chests.
All orders promptly answered.

The Oldest Establishment in the United States.
Employing Two Hundred Men, and Finishing Eighty Instruments per Week.
Between 17,000 and 18,000 of these Instruments have been finished and are now in use.
The latest Improvement in our Melodeons is the
Divided Swell.
Secured to us by Letters Patent, 22d May, 1855. By means of this Swell, *Solo Passages* may be played with the full power of the Instrument, while the *Accompaniment* is soft and subdued. Hereafter, all Melodeons made by us will be furnished with this attachment WITHOUT EXTRA CHARGE.
Extract from the Commercial Advertiser, July 27th, 1855.
"Messrs. Prince & Co. could realize a handsome fortune by disposing of rights to other manufacturers to use their new improvement, but as they prefer to make it a feature in their Instruments, it can only be obtained by purchasing one of their manufacture."
It is now eight years since we commenced the manufacture of this now celebrated Musical Instrument, during which time we have finished and sold nearly *Eighteen Thousand*. Voluntary testimonials of the excellence of our Instruments, from the most distinguished Professors of Music in different parts of the United States, have from time to time been received. Thus far we have said but little, and our advertisements were seldom seen, for the reason that we could not supply the demand. We have lately erected one of the largest and most perfect Manufacturing Establishments in the United States, and we now think that we can fill orders promptly. We, therefore, give the latest testimonial we have received, and if the public are as well satisfied with it as we are, we know that we shall either be under the necessity of again enlarging our Factory, or stop advertising.
New York, 15th October, 1855.
"G. A. Prince & Co., Gentlemen:—The Double Reed Melodeon has arrived, and a most charming Instrument it is. It has been played on by Wallace, Dr. Hodges, Wm. Mason, and a host of others, and they all pronounce it one of the most beautiful-toned Reed Instruments they have ever touched. Very respectfully,
JAMES HALL.
We are not aware that the above mentioned melodeon is in any particular superior to those we are daily finishing, and we can assure those who are inclined to favor us with their orders, that they will be furnished with an Instrument equally as good. Our Instruments are all finished in Rosewood Cases.
New Organ Melodeon.
This is an entirely new Instrument, and is well adapted for *CHURCHES, PUBLIC ROOMS*, &c.
Prince & Co's New Organ Melodeon contains four sets of reeds and eight stops, connecting with one manual or key board. These stops are;—1st, Diapason Treble; 2d, Diapason Bass; 3d, Double Diapason Treble; 4th, Bourdon; 5th, Hautboy; 6th, Bassoon; 7th, Principal Treble, and 8th, Principal Bass.
It has also the patent "*Divided Swell*," and one and a half octaves of foot pedals connecting with the key board. This large number of stops, with the additional pedal bass makes it the most complete Reed Instrument ever manufactured.
The following is a short explanation of the different stops, and the varieties which can be produced from them. The Diapasons, Treble and Bass, are tuned in unison with the voice, and form the softest stops they can be used alone to soft passages. The Hautboy and Bassoon can also be used alone, and form a pleasing variety. The Double Diapason and Bourdon can be used alone, (these two last are tuned an octave below the voice, or Diapason) and in many cases can be used with fine effect. The Principal Treble and Bass are tuned an octave below the Diapasons, making another desirable variety. Again, if the performer wishes to have a loud Treble and subdued Bass or Solo passages, the patent Divided Swell can be used to great advantage.
The following may be used as solo stops: Hautboy for Treble, and Diapason Bass; Hautboy and Diapason Treble, with Diapason Bass or Bassoon; Double [illegible] and many other varieties can be produced, with which the performer will soon become acquainted. MEDICAL NOTICE.
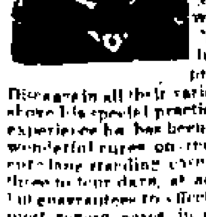
DR. J. N. CADIEUX, ANALYTICAL PHYSician, formerly of Montreal, C. E., respectfully informs the citizens of Oswego, and the public in general, that he has opened an office, and made his residence at No. 19 West Third Street, between Van Buren and Schuyler streets, where he will be happy to meet those who are afflicted with any kind of disease.
Consultations with patients laboring under the various diseases, as Affections of the Lungs, Liver, Kidneys, and Scrofula, together with those symptoms of the usually called Dyspepsia, Dropsy, Debility, Rheumatism, Headache, Dizziness, nervousness, impurity of the Blood, or any other Chronic or long standing complaints, and if curable, and if reasonable discretion is adhered to, they can be cured. He invariably gives unbiassed opinions as to the probability of a cure. For years, Dr. Cadieux's entire attention has been devoted to the various forms of Chronic diseases, examining a great number annually. By a careful observation of directions, some of the most wretched and hopeless have been restored to comfortable health. Patients are never encouraged or subjected to expense, without a reasonable prospect of success.
Dr. C. will show that the present modes of treatment for Chronic diseases are wrong, and not calculated to prove beneficial, and explain the principles by which cures of those diseases may be effected.
Dr. CADIEUX understands both the French and English languages.
Persons afflicted with with secret infirmities, and disorders of youth and maturity, resulting from excesses, which destroy the physical and mental powers, can consult Dr. CADIEUX with confidence, either personally or by mail, and will receive a faithful attendance from him. Patients are never encouraged, or subjected to expense, without a reasonable prospect of success.
It will be remembered, that Dr. C. practices on the reform System, and that all mineral poisons are excluded from his medicine.
Calls and consultations in the city or in the country attended at a moment's notice, irrespective of time or weather.
Oswego, Nov. 1, 1856-d6m



DR. H. HENEBURGER.—Late of the West Indies, and author of "Heneburger's Physiology," "Heneburger's Private Advice to the sick," &c., has established himself at No. 58 State Street, Rochester, N. Y., corner of Market street (up stairs) where he can be consulted on all Chronic Diseases. Diseases peculiar to Females, Midwifery, etc., together with Veneral, or Private Diseases in all their varied forms. Dr. H. has made the above his special practice since 1824, and by his long experience he has been enabled to perform the most wonderful cures on record. He does not promise to cure long standing cases of Veneral Diseases in from three to four days, as advertised by many practitioners, but guarantees to effect *permanent* cures, even in the most severe cases, in as short a period as the nature of the case will admit, with safety to the patient. As Dr. H. confines himself strictly to Vegetable remedies, patients need have no fear of the distressing effect, sometimes produced when calomel or mineral poisons have been administered.
Onanism, or Self Abuse and the evils arising therefrom are treated upon entirely new and more successful principle than that adopted by any other physician in this country; the truth of which can be attested by patients in almost every State in the Union and the Canadas.
Patients at a distance can be treated at home, by sending a history of their case, and receive the necessary remedies with full directions for use by Express, or as otherwise directed, securely packed from observation.
The Golden Female Pill,
As prepared by Dr. Heneburger, was brought before the public in 1835; and their great demand from all parts of the world, is a sufficient guarantee of their utility. Various imitations of this Pill have been put forth within the last few years, and sold at a low price.
To guard against this evil, Dr. H. has withdrawn all his agencies. They can now only be obtained at his office. Price, $2—sent by mail to any part of the world. They should not be used during pregnancy, the particulars of which are in every each box.
Office Hours—From 8 A. M. to 9 P. M. Private Rooms always in readiness, thus avoiding the trouble of meeting anyone but the Doctor.
In Dr. H's absence, his Associate, Dr. C. Stewart Cooper, who is in every way qualified, will be found in attendance.
All letters must be addressed to Drs. Heneburger & Cooper, or to Box 2158, Rochester, N. Y.
Dr. Heneburger's Private Advice to the Sick will be sent by mail to any address, on the receipt of 25 cents, or of P. O. stamps. This book gives the symptoms and proper method of treating all the diseases mentioned in this advertisement, together with other matter never before published, of the most vital importance to Married persons, and those about contracting Marriage.

AYER'S Cathartic Pills,
(SUGAR COATED,)
ARE MADE TO
CLEANSE THE BLOOD AND CURE THE SICK.
Invalids, Fathers, Mothers, Physicians, Philanthropists, read their Effects, and judge of their Virtues.
FOR THE CURE OF
Headache, Sick Headache, Foul Stomach.
PITTSBURG, PA., May 1, 1855.
DR. J. C. AYER. Sir: I have been repeatedly cured of the worst headache any body can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once. If they will cure others as they do me, the fact is worth knowing.
Yours with great respect, ED. W. PREBLE,
Clerk of Steamer Clarion.
Bilious Disorders and Liver Complaints.
DEPARTMENT OF THE INTERIOR, WASHINGTON, D. C., 7 Feb., 1856.
SIR: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of *bilious disease* so obstinate that it did not readily yield to them.
Fraternally yours, ALONZO BALL, M. D.,
Physician of the Marine Hospital.
Dysentery, Relax, and Worms.
POST OFFICE, HARTLAND, LIV. CO., MICH., Nov. 15, 1855.
DR. AYER: Your Pills are the perfection of medicine. They have done my wife more good than I can tell you. She had been sick and pining away for months. Went off to be doctored at great expense, but got no better. She then commenced taking your Pills, which soon cured her, by expelling large quantities of worms (dead) from her body. They afterwards cured her and our two children of bloody dysentery. One of our neighbors had it bad, and my wife cured him with two doses of your Pills, while others around us paid from five to twenty dollars doctors' bills, and lost much time, without being cured entirely even then. Such a medicine as yours, which is actually good and honest, will be prized here.
GEO. J. GRIFFIN, *Postmaster.*
Indigestion and Impurity of the Blood
From Rev. J. V. Himes, Pastor of Advent Church, Boston.
DR. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood they are the very best remedy I have ever known, and I can confidently recommend them to my friends. Yours, J. V. HIMES.
WARSAW, WYOMING CO., N. Y., Oct. 24, 1855.
DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system, and purify the fountains of the blood.
JOHN G. MEACHAM, M. D.
Erysipelas, Scrofula, King's Evil, Tetter, Tumors, and Salt Rheum.
From a Forwarding Merchant of St. Louis, Feb. 4, 1856.
DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her. ASA MORGRIDGE.
Rheumatism, Neuralgia, and Gout.
From the Rev. Dr. Hawkes, of the Methodist Epis. Church.
PULASKI HOUSE, SAVANNAH, GA., Jan. 6, 1856.
HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralgic pains, which ended in chronic rheumatism. Notwithstanding I had the best of physicians, the disease grew worse and worse, until, by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them I am now entirely well.
SENATE CHAMBER, BATON ROUGE, LA., 5 Dec., 1855.
DR. AYER: I have been entirely cured by your Pills of Rheumatic Gout—a painful disease that had afflicted me for years. VINCENT SLIDELL.
For Dropsy, Plethora, or kindred Complaints, requiring an active purge, they are an excellent remedy.
For Costiveness or Constipation, and as a Dinner Pill, they are agreeable and effectual.
Fits, Suppression, Paralysis, Inflammation, and even Deafness, and Partial Blindness, have been cured by the alterative action of these Pills.
Most of the pills in market contain Mercury, which, although a valuable remedy in skillful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

AYER'S CHERRY PECTORAL,
FOR THE RAPID CURE OF
COUGHS, COLDS, HOARSENESS, INFLUENZA, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, INCIPIENT CONSUMPTION,
and for the relief of consumptive patients in advanced stages of the disease.
We need not speak to the public of its virtues. Throughout every town, and almost every hamlet of the American States, its wonderful cures of pulmonary complaints have made it already known. Nay, few are the families in any civilized country on this continent without some personal experience of its effects; and fewer yet the communities any where which have not among them some living trophy of its victory over the subtle and dangerous diseases of the throat and lungs. While it is the most powerful antidote yet known to man for the formidable and dangerous diseases of the pulmonary organs, it is also the pleasantest and safest remedy that can be employed for infants and young persons. Parents should have it in store against the insidious enemy that steals upon them unprepared. We have abundant grounds to believe the CHERRY PECTORAL saves more lives by the consumptions it prevents than those it cures. Keep it by you, and cure your colds while they are curable, nor neglect them until no human skill can master the inexorable canker that, fastened on the vitals, eats your life away. All know the dreadful fatality of lung disorders, and as they know too the virtues of this remedy, we need not do more than to assure them it is still made the best it can be. We spare no cost, no care, no toil to produce it the most perfect possible, and thus afford those who rely on it the best agent which our skill can furnish for their cure.
