ANNAPOLIS, Md. Jan. 24.—In the Wharton trial yesterday Dr. Horatio C. Wood was recalled by the defence and further examined as a medical expert, after which he was subjected to a most rigid and searching cross examination by Attorney General Syester, during which witness was several times apparently confused and asked leave to make explanations. Witness was handled unmercifully by the Attorney General. Miss Mary and Nellie Mayer and H. Dallam were next examined but their evidence disclosed no news facts. Dr. J. J. Reese of Philadelphia was then sworn for the defence, as a chemical expert, and examination proceeded but a short time when the court adjourned until to-day, when it is expected the defence will close their case.

CREDIT MOBILIER.

WASHINGTON, January 24.—The following testimony was elicited by Poland's committee this afternoon:

Mr. Crounse, a newspaper man, in response to a question by Mr. Colfax, said he had a conversation with Ames, in which the latter said that Colfax's story was probably correct.

In response to a query from Ames, Crounce reiterated that he thought Ames said "probably correct."

Ames said he said no such thing. Ames also said Crounse's dispatches to the Times yesterday were in direct contradiction to the evidence given, unfair and untruthful; he also said he did not say five words to Crounse, and didn't remember saying anything to him about Colfax.

Mr. Colfax—I thought at the time that I was paying him $500 for my purchase and interest, but did not understand that this completed the transaction; I understood that dividends had been earned, were unadjusted, and would go to make up the balance due from me, but did not understand that they completed the purchase. Mr. Colfax supposed he did pay Ames $533 by check on the sergeant at arms, but was confident he never received any check for $1,200 from Mr. Ames, payable to S. C. or Schuyler Colfax, or any amount whatever; supposed the check marked S. C. was a memorandum of Ames's by which he settled the matter after he (Colfax) told him he would have nothing to do with the stock and would not buy into a lawsuit; had never received the stock and no proceeds from it.

In reply to Ames, Mr. Colfax denied ever receiving from Ames a statement of the sale of bonds received as dividends and gave a check of $533 for the balance due, but said there might have been a slip of paper, a memorandum of the $533 due; was not certain of that. He also denied that Ames gave him a statement showing a credit derived from the sale of stocks.

Mr Ames—I am sorry to hear it.

Mr. Colfax—You told me some dividends had been earned, but were unadjusted.

Mr. Ames—If he denies it and says he did not, I dont want to ask him any more questions. That is enough for me." After some allusion to Ames' former testimony Ames said: "I have refreshed my memory from my books and the books of the sergeant-at arms; I don't think you can swear hard enough here to get out of it, either. I remember all, now, and have the vouchers."

Mr. Colfax to Poland—I rest the case, sir.

Adjourned till to-morrow.

INDIAN CENSUS.

WASHINGTON, January 23.—The proposition to take a careful estimated census of all the Indian tribes and bands of the United States and Territories during the present year, which has been embodied in a bill introduced by Representative Scofield, and referred to committee on Indian affairs, meets with the concurrence of a large majority of the members of Congress, and is regarded as a long needed measure.

STOP THAT COUGH!

J. H. McGRAW'S

INDIAN

Cough Remedy

IS A THE CURE OF

Heart Disease, Liver Complaint, Consumption, Bleeding of the Lungs and all Pulmonary Affections Arising therefrom.

STATEMENT:

OGDENSBURG, N. Y., Sept. 20, 1871.

I was first taken in January, 1868, with a severe bleeding at the Lungs, Coughing and Raising. I continued coughing, bleeding and doctoring, under the advice of various physicians, who prescribed change of climate and numerous remedies, until I was convinced that they were doing me no good. During the present season, while in Kansas for my health, I procured the roots which compose this medicine from an Indian, and also the directions found on the bottle. I have taken this medicine and followed these directions for about two months, and now believe that my Lungs are as sound as ever.

Respectfully yours, J. H. McGRAW.

Price $1 a bottle. Sold by all Druggists.—Prepared only by J. H. McGRAW, Ogdensburg, N. Y.

SANDY CREEK, Oswego Co., N. Y., Nov., 1871.

To Mr. J. H. McGraw:—It is with pleasure that I recommend your Indian Cough Remedy to the public. I have used it in my family, and am satisfied that it will do all you claim for it. My wife has been for the last twenty years, troubled with a scrofula state of the blood. Her heart and lungs have hardly been without pain for the last twenty years. Her complexion has always been of a yellow color. At your suggestion I was persuaded to take a bottle of your Indian Remedy and have her try it. She has taken one bottle and her complexion has changed, the pain has left her heart and lungs, and she is nearly well. She thinks that by taking two or three bottles more that she will be entirely well.

Yours, &c., J. W. POTTER.

CREDIT MOBILIER.

WASHINGTON, Jan. 25.—Poland's Committee re-assembled this morning. The chairman asked what a check of $329, which is on the sergeant at arms' books, given to John A. Logan, meant. Ames said Logan agreed to take ten shares of Credit Mobilier, made up the balance due him, and gave him a check for $329, after which Logan paid him back the money with interest. A great many wanted stock about that time; Wilson, of Iowa, wanted more stock; so did Painter, the newspaper correspondent; and Grimes and Allison, but could not let them have it, all engagements being filled.

Ames produced a receipt, signed by Patterson, acknowledging the receipt of $1,800 on account of dividend on stock held by Ames for Patterson.

Ames also produced a receipt signed by Patterson, dated May 6, '71, acknowledging the receipt of 200 shares Union Pacific stock and $157 cash on account of Credit Mobilier stock, with an additional statement that 30 shares of Credit Mobilier and $200 of income bond Pacific Railway was still due Patterson.

Ames produced a letter from Patterson, written to Oakes Ames on the 4th of January, 1873, in which Patterson detailed to Ames how he came to purchase Credit Mobilier stock. Patterson's letter refreshed Ames' memory by saying that although they talked of his taking stock he could not, at the time, for want of funds, and that he (Patterson) never did take any stock. He tells Ames that he finally did take some stock, when Ames was embarrassed, for which he (Patterson) paid full value, but sold them soon after. He urges Ames to correct his statement in accordance with the letter as it must not be reported, as Ames' original testimony relative to him then stood.

Ames volunteered the statement to the committee that the reason he held stock, not giving it to members themselves, was that the Credit Mobilier stock itself was not entitled to dividends.

The Chairman then said, in accordance with Stevenson's resolution in the House a few days ago, he should ask a few more questions of Ames about the roads.

Ames asked if he was to be investigated again.

The chairman said something about the consciences of members who held stock, when Ames remarked that he was getting a rather low opinion of conscience since he had been here.

In response to questions as to the Dubuque & Sioux City Railroad, Ames said he knew of no Congressman having any of its stocks as a gift. He was a stockholder, and believed Allison and Blaine owned stock, but no one got any of it without paying for it. It had no connection with the Union Pacific and had nothing immoral or corrupt about it.

J. B. Alley corroborated Ames' testimony relative to the Dubuque road.

The Chairman said he expected to close the investigation Tuesday.

Adjourned to Tuesday.

THE CALDWELL CASE.

WASHINGTON, Jan. 25.—In the Caldwell investigation to day, Mr. Gage of Topeka testified that he had no personal knowledge of the use of money during the senatorial canvas there, but heard Mr. Clapp, a member of the Legislature, say that Lewis Smith had offered him twelve hundred dollars to vote for Caldwell.

Frank Drenny testified he heard that two legislators were offered money by Clarke to vote for him. Never heard anything of offers of money by Caldwell or his friends.

Mr. Thomas testified that J. M. Steele, a legislator, authorized him to negotiate for the sale of his vote. Tried to bargain with Len Smith, but failed. Subsequently understood Steale sold his vote for $500, for Caldwell.

CHICKERING & SONS'

PIANOS,

HAVE TAKEN THE FIRST PREMIUM

OVER ALL COMPETITION IN

America,

England

AND

France.

These Standard Instruments

are now offered at Reduced Rates on the

ONE-PRICE SYSTEM.

41,000

Of these

Standard Pianofortes

have been made and sold since 1823, and

EIGHTY-ONE FIRST PREMIUMS

have been awarded to our Firm

OVER ALL COMPETITION.

These Pianos are still regarded and universally conceded to be

The Standard Instruments of the World,

and are so pronounced by all the great artists.

Dr. FRANZ LISZT says:—"I consider the Chickering Piano superior to any made in Europe or America, and am fully convinced that they were justly entitled to the First Prize."

Chickering & Sons' Mammoth Manufactory

is more than one-third larger than any other Piano Forte Manufactory in the World, and is, in every respect, the most complete as regards machinery and the facilities for doing the very best class of work.—Messrs. C. & Sons have, since the establishment of their business in 1823, made and sold 41,000 Pianos and these STANDARD INSTRUMENTS are now offered at Reduced Rates upon the "One Price System," free from all discounts and commissions, and they are, beyond all refutation, the VERY BEST and VERY CHEAPEST FIRST CLASS PIANOS now offered.

A CARD:

We call especial attention to our

UPRIGHT PIANOS,

which are, in every particular, the finest instruments of their class manufactured, and second only to the Grand Piano, for which they are a good substitute. Every Piano warranted for five years.
