CITY AND COUNTY.

☞ To be Continued.—The present spell of weather.

☞ The Ogdensburghers are going to celebrate the coming Fourth.

☞ Arrested.—A horse-thief named Crum has been arrested at Sandy Creek and taken to Auburn in the custody of an officer from whom Crum escaped some time ago.

☞ Police Items.—Before the Recorder this morning, Catharine Kelly was fined $15 for stealing rails off a fence.

Dennis McCarty is charged with the same offence, but his trial is postponed. No other business was done.

☞ What Taste!—Two boys were up at the Police office, yesterday, for bathing in the Lake within the prescribed limits. They ought to have been fined for exhibiting such taste as to bathe, when for the last week they have had a constant shower bath.

☞ Conference Appointments.—The Black River Conference of the M. E. Church made the following appointments in this vicinity:

West Oswego—O. M. Legate.
East Oswego—A. J. Phelps.
Fulton—William A. Nichols.
Hannibalville—H. Kingsley.
Oswego and Granby—W. Peck.

Rev. L. D. Ferguson, late pastor of the Fast Methodist Church in this city, goes to Baldwinsville.

☞ Launch.—James A. Baker, Esq. will launch his fine clipper schooner from his Marine Railway to-morrow, at 11 o'clock, A. M., precisely. She has been registered by the Underwriters Association an A. 1. star vessel—the highest register ever given to an Oswego built vessel—and very appropriately carries a star at the top-mast and on her signal. Immediately after launching she will be taken in tow by one of Mr. Brown's tugs, for a short trip on the Lake.

☞ Citizens Bank.—The stockholders of this institution held their annual meeting at the Bank on Tuesday last, and we learn the following gentlemen were elected.

Sands N. Kenyon, President.
Chas. G. Case, Vice President.
Directors,—Sands N. Kenyon, Robert C. Kenyon, J. W. Pratt, Geo. Grosvenor, T. W. Chesbro, —— Grey, Chas. G. Case, Timothy Pratt, Chas. E. Case, Samuel J. Bolley, Willard Johnson, Samuel P. Case, Samuel Hart, H. H. Coats, —— Reynolds.

After the election, Chas. G. Case, T. W. Chesbro, Samuel F. Case and Chas. E. Case resigned. We learn the Bank declared no dividend.—*Fulton Patriot.*

☞ Ticket Swindling.—We learn that a gentleman reached this city yesterday, from New York, who had purchased a ticket at the regular ticket-office, 193 Broadway, from New York to Belleville, via the New York & Erie, and Oswego & Syracuse Railroads to this city, and thence by steamer *Moira* to Belleville. When the gentleman reached this city he was astonished to find that no steamer *Moira* ran to Belleville, she having been withdrawn from that route over a month. He was consequently compelled to pay $6 to the American line of steamers to enable him to reach Belleville. The ticket was plainly printed "steamer Moira," and we hope the office at 193 Broadway, will learn in the course of a month or six weeks that that vessel runs between Oswego and Cobourg, and does not touch at Belleville.

☞ Afflicted with the Potatoe Disease.—The Rochester Union says: "It is quite likely that those speculators who this spring run the price of potatoes up to a high figure will suffer severely from the low prices which now prevail. They will doubtless receive all the sympathy they deserve. Some of them are now rushing their stock into Canada in the hope of saving themselves, and we notice that the London *Free Press* records a sale of several hundred bushels of potatoes from this county at the prices paid by the speculators in the spring." It turns out, now that the rage is over, that there are potatoes enough in the country, in fact more than enough—and with the prospect of a most abundant crop of that vegetable this year, it will take more ingenuity than the speculators are capable of to keep up the price. They are bound to come down.

☞ Pearls.—The late rains have so raised and agitated the waters of the streams in which the muscles are found, that the fishing business has been nearly suspended. The jewelers continue to receive a few of the smaller ones. An article upon the subject of Pearls which we publish in another column, will be found interesting and some of the information therein contained will be valuable to pearl-hunters. It will be noted that the price of a perfect pearl the size of a pea is stated to be from $100 to $150. It may, perhaps, have struck the observation of some of our readers that New York pearl-dealers are not altogether reliable upon this subject—it being a matter of considerable speculative interest for them to obtain possession of pearls for $10 which they will sell for ten times that sum.

☞ The Weather.—The Buffalo *Republic* which has been scolding the "Clerk of the Weather" for some time past, has taken the persuasive mood, as follows:—"Now we petrit to the individual who has charge of the weather, seriously, if ten days of constant rain, (with one exception,) is not 'cutting it rather thick,' or in the language of President Pierce, in regard to the Cincinnati Convention, which didn't renominate him, isn't it rather 'running things into the ground?' We ask this, solemnly. Here the wheat has been so wet down, that it is precociously raising its heads and peering over five railed fences, enquiring where in the mischief people expect to get flour from. The corn listens angrily to their complaints, with all the germ it has, and with a sorrowful consciousness that itself, like hungry oxen after a hard day's work, "is running to fodder."—The flowers, with their eyes full of tears gone sadly up the heavens, while lambs which, like billiard players, "*gambol* on the green," blow their noses in very contempt at the prudishness of summer, and forget their innocence and antics. This morning the weather is like a rascally debtor—very promising,—but by the time this reaches our readers we may have a perfect deluge. We will wait and hope to the contrary."

☞ Circuit Court and Court of Oyer and Terminer.—In the case of Allen Reynolds agst George W. Humphrey, on trial yesterday, the jury found a verdict of $200 for plff.

The People agst James True. The defendant was indicted for a burglary in breaking into the store of L. Harris, an account of which was given in our paper at the time. He was tried by jury. At the conclusion of the evidence the jury found defendant guilty without leaving their seats. The Court sentenced the prisoner to five years in the State Prison. On receiving his sentence, True, who seems to be a hardened villain, muttered between his teeth—"G-d d—n 'em, I can live it out." His punishment was richly deserved. District Attorney Churchill conducted the prosecution; W. G. Robinson was assigned by the Court for the defense, Mr. True having no counsel. Mr. R. made an ingenious plea in a bad cause.

Robert Holt, John Gray, Thomas Davis, and John M. Thornton agst John Van Buren, Jr. This is an action in the nature of replevin, to recover 3,000 bushels of wheat, alleged to have been taken by deft, as the owner and shipper thereof. The plffs. claim that the title never passed to deft. on the ground that Clark & Pond, from whom he derived the title, had purchased the wheat conditionally. On trial. A. Ferry and T. Jenkins for plffs; W. G. Robinson and C. B. Sedgwick for deft.

☞ Great Excitement—An Abortion Case—Foul Play Suspected.—We take the following statements from the Syracuse *Courier*, but at the present writing, have no means of judging of their correctness:

A domestic in the employ of Dr. J. B. Earl, at Central Square, Oswego County, named Caroline Ransom, started from that place the fore part of last week, to go to her sister's, Mrs. Wm. Phillips, at Toad Harbor, a little village on the north side of Oneida Lake, and while on the way, the unfortunate girl was taken with vomiting, accompanied with violent spasms, and when conveyed to her sisters, was completely prostrated. Physicians were sent for, but notwithstanding every effort of medical skill, she died on Thursday and was interred on Friday of last week. Prior to her death, her mouth and throat became completely cankered, and it is very strongly suspected that she has been drugged and an abortion meditated. The poor, unfortunate creature experienced the most intense agony during her illness, and at times, the most excruciating pains were apparent. She protested to her last moment that she had not, to her knowledge, taken any drugs or medicine, and as she desired the attendance of a certain medical student before she died, and for several other reasons, it is feared by the community that foul play has been at the bottom of this melancholy occurrence. Two Coroners, one from Oswego, and one from Constantia, were dispatched for, and a *post mortem* examination was to be held on the body Tuesday morning of this week. Great excitement prevails relative to the affair, as the deceased has numerous friends and relatives, and has always borne an exemplary character.

☞ Gas and Steam Fitting and Plumbing.—The undersigned give notice that, in accordance with the *Resolution* of the Board of Directors of the Oswego Gas Light Company, they will receive applications for the laying of street service pipe, at their Plumbing, Gas and Steam Fitting Shop, No. 100 West First Street, next door to Luther Wright's Bank,—which will be promptly attended to.

They further notify the public that they are prepared to do the fitting up of buildings for Gas and Water, in superior style under the directions of experienced workmen from the city of Philadelphia. They will also furnish every description of Gas Fixtures and Fittings at prices still lower than their recent low figures,—a very large additional importation whereof will soon be opened and ready for inspection.

☞ Capt. Pierce, of the *Dove Richmond*, is building another vessel for the European trade, at Cleveland. She is to load with grain at Chicago about the first of July. Her dimensions and capacity will be as large as the Welland Canal will allow, and her model and rig an improvement upon anything heretofore turned out of our ship yards. Her cargo on her voyage homeward is already secured by parties in Cleveland.

At Oswego—The brig Osceola, which came into port yesterday, will be a camp of exhibition, and will be open for general inspection at the dock where she landed. She came up to J. L. Reed & Co.'s dock, under a stiff breeze, with all sails set, and when within two or three rods of the dock, dropped anchor, losing under considerable headway, the anchor dragged and she ran against the vessel at the dock, carrying away her bowsprit, jibboom and fastenings, the schooner taking which lay aboard of her. The brig being very strong, withstood the shock without a particle of damage. The Osceola's fit, the Reed was smashed, and her bowsprit and bulwarks were damaged to a small extent.—*Detroit Advertiser.*

One bottle cleans 50 pairs.

Beware of worthless imitations.

Be sure and get the genuine.

The name of SOLOMON CONTENT, manufacturer of the preparation, CLARK & CO., 350 Broadway, New York, is on all the labels of the genuine. All others are spurious.

As no other proceeds from the preparation, the glove can be worn *immediately* after it is cleaned. While a piece of bread, apply a small portion of the prepared very lightly, and the dirt will instantly disappear. It is the article used by the Kid Glove manufacturers of France to impart that purity of finish and softness for which their glove are so justly celebrated. It leaves Kid slippers, not white and restored Kid Gloves, elegantly. It is also an excellent article for the toilet and for beautifying the complexion, removing Tan, Pimples, &c., and for removing in a few minutes any of the thousand and one preparations usually sold for that purpose. One trial, at the trifling expense of 25 cents, will convince any one that the article is all that it is claimed to be. Try a bottle of it for its worth, and you will never want to be without it. It may be obtained of all Druggists and dealers in Fancy Goods in Oswego, and of Wholesale of the sole Proprietors of the genuine article, CLARK & CO., 350 Broadway, New York.
