CITY AND COUNTY.

The crops in Alabama promise an abundant yield. So says a telegraph despatch from Louisville.

We were in error in stating that HENRY PADDOCK would hereafter make the reports of the depth of water, fall of rain, &c., for the Smithsonian Institute, during Capt. MALCOLM's absence. It is CHARLES R. PADDOCK, a son of the former gentleman, who is to perform that duty.

The flood in the streets of Syracuse on Monday afternoon carried away part of the side-walk, together with about twenty feet of the wall of the new building going up on the site of the old Congregational Church. What next will the elements conspire to do?

THEATRE.—Miss JULIA GOULD makes her last appearance this evening as "Gertrude" in the operatic Drama of "No Song, No Supper." The "Gun Maker of Moscow" is also to be presented with a strong cast. Admirers of the N. Y. *Ledger* should take this opportunity to witness the representation of one of the most "thrilling tales" published in that paper.

The Corporation of Toronto, with a liberal idea of what constitutes the real attractiveness of a large city, is considering a project for bringing a supply of pure water from the lake. Our own city needs such a supply badly, and we hope ere long the matter will be taken into serious consideration. From the fact of our advantageous position directly on the Lake, it is evident the expense would be much less than at Toronto.

POLICE ITEMS.—The Recorder was engaged in an investigation this morning, into the character of two females brought before him charged with prostitution. They were remanded to the lock-up to await their trial.

Before Justice SHUMWAY, three individuals—named Charles Wilson, Edward Manning and David Watson—were sent to jail for public intoxication in default of payment of the fine.

OTHELLO'S OCCUPATION GONE.—It has just occurred to us that the man who is employed to sprinkle the streets through the summer season must have had a hard time this year. His business has been monopolized by an "opposition line," and it is our non-legal opinion that he ought to bring an action for damages against the Comet, and levy on its tail. Such "cuttin's up" in high heaven are not to be endured when they interfere with legitimate business.

STRAWBERRY FESTIVAL.—We are happy to announce that the ladies of the Church of the Evangelists' Society, have made ample arrangements for a Strawberry Festival at Doolittle Hall, Tuesday evening next—June 30th. A bountiful supply of luscious strawberries will be provided for the occasion, and the improvement in the weather justifies the prediction that strawberries and cream will prove a most desirable and healthful treat upon that occasion. We bespeak a good attendance, and a small plate for our especial use on the occasion.

A. H. SAWYER, of Fulton, recently admitted to the bar, intends removing to Watertown, where he enters into partnership with the eminent counsellor, JAMES F. STARBUCK, Esq., of that village. Although we regret to lose our young friend from this county, we cannot but congratulate him upon this flattering and profitable business connection. We know of but one other *partnership* in which Mr. S. can enter to insure to himself a happy and useful future—and that is a partnership we have often advised a partner nearer home to make.

CIRCUIT COURT.—This Court adjourned last evening *sine die*, without transacting any further important business besides the argument of several motions, &c. The calendar was disposed of, a large number of the more tedious cases being referred.

Judge BACON has added to his reputation among the bar here by his courtesy, urbanity and impartial fairness towards all, and the judicial learning he has exhibited in his decisions. But one opinion is expressed among members of the legal profession, and that is most favorable to His Honor's character as jurist.

EATING ORANGE PEEL.—We learn that a little son of ROBERT OLIVER, of this city, about five years of age, is now lying in a very critical condition from the effects of eating orange-peel on Monday last. Yesterday he was taken with violent spasms and vomiting, and threw up the cause of the mischief, but still remains delirious, and great fears are entertained that he will not survive, although all that medical skill can do has been done. Parents cannot be too cautious in keeping orange-peel from their children, as it contains an active and poisonous oil, which in many cases has caused the death of persons who indiscreetly made use of them. The soft, pulpy part of an orange may be eaten with impunity, but life is jeopardized every time the rind is taken into the stomach.

THE WEATHER.—We recur to this subject with "fear and trembling." The "Clerk of the weather," has been so obstinate this year as to remain unmoved by all the lectures which paragraphists have given him. Just now, to his credit be it spoken, we observe some faint indications of an intention to mend his ways, but we are cautious yet, and will not allow our hopes to rise so high as to bring on a fit of the blues at a reverse. We are told in the good book, that the rain is sent upon the "just and the unjust," but while we have no sympathy whatever for the latter, is it not possible that the "just" have got more than their fair share this season? We are duly thankful for such as we have received, but shall be moderately contented with our lot if we do not see another drop from the great sprinkler over our heads, for thirty days to come.

A NEW SIGNAL LAMP FOR VESSELS.—We yesterday had the pleasure of examining the new Signal Lamp for vessels invented by Mr. J. R. PIERCE of this city, for which application for a patent is now pending before the Department at Washington. The lamp examined by us is designed for the *Minnehaha*, the new star vessel just launched from the ship-yard of J. A. BAKER, of this city. We also had an opportunity of comparing this lamp with others now in use, and any person, whether acquainted with marine matters or not, will at once perceive the vast superiority of the new lamp. Its mode of operation is entirely different; the white, red and green lights can be shifted in an instant; and it is so arranged that it gives both a head and side light, an important improvement over the old lamp. Another improvement is a chimney which slides up and down with the light through the different colors of glass, at all times carrying away the smoke. Mr. PIERCE's lamp is convenient, portable, never liable to get smoked, easily cleaned, and in case of accidentally breaking a glass, is so arranged that it can be repaired on board the vessel without taking it to the manufactory, by simply keeping a few plates of glass and slipping them in as required. A large number of Lake Captains have examined this new invention and all concur in the opinion that it is *the* lamp required for marine service. It is highly creditable to the mechanical skill of Mr. PIERCE and must come into general use.

A CARD.—Mr. James A. Baker proprietor of the Marine Railway and Ship yard, West Oswego, wishes to give notice to his patrons and friends, that the Marine Railway and Canal Railway connected therewith are both in excellent condition, and that he has a class of first-rate workmen, under the supervision of Mr. James Navagh, his energetic foreman, whose skill as a mechanic needs no comment—with a large stock of every kind of material on hand for the business, which for prices, terms, promptness and despatch will compare with any other yard in this city or on the Lakes.

Oswego, May 26, 1857.

CHEAPEST ROUTE TO THE WEST.

1857 — 1857

OLD OSWEGO LINE

STEAM PROPELLERS,

BETWEEN OSWEGO,

Detroit, Sheboygan, Milwaukee & Chicago.

This line consists of the following new first class Steam Propellers:

CITY OF MADISON	Capt. Pease
QUINCY	" Hamilton
BURLINGTON	" L. Little
DUBUQUE	" Hawkins
LA CROSSE	" J. M. Little
KENTUCKY	" L. Tyler

Which will run during the season between the above Ports.

The above Propellers are new, and provided with Upper Cabins for the convenience of passengers and families removing to the West, and are in charge of careful and experienced officers.

By this Line, families emigrating to the West will avoid all the annoyances and vexatious changes incident to other routes; and will be forwarded with promptness, care and despatch, *at less rates than any other Route.*

These boats will form a semi-weekly line, one of which will leave Oswego, as nearly as may be, on Wednesdays and Saturdays.

The following low rates will be charged to Sheboygan, Milwaukee or Chicago:

RATES OF FARE.

Cabin Passage, with board	$11.00
Second Cabin, without board	5.00
Horses, each	8.00
Double Wagons, each	7.00
Single Wagons, each	5.00
Baggage and Furniture (if well boxed) per 100 lbs	75

Children under 3 years of age Free, over 3 and under 12, half price. Each passenger will be allowed ordinary baggage free. No extra charge for handling or weighing goods at Oswego. Ordinary time through about to eight days.

For through tickets, including all charges, apply at the office of OLD OSWEGO LINE, Oswego. Or to JAMES N. BROWN, my26 Agent on the Wharf.

WOMAN'S LABOR MADE EASY.

YOU CAN DO YOUR WORK in half the time it takes with the old Flats. Your [illegible] will, and it creates such a glossy finish on your linen, while you have a nice cool place to iron, and no fire about the house except what is inside the iron.

The sale of these irons has, since their first introduction, increased at a rate most surprising, almost doubling itself every year. They are in use from Canada to California—yea even to India—generally giving the most thorough satisfaction. We could give references a mile in length, but deem them unnecessary, as a trial of the iron will fully satisfy.

Gentlemen—Buy one of these Irons and present it to your wives or daughters; it may remove those wrinkles and frowns from their lovely brows occasioned by that *dread* so often accompanying an ironing with the common Flats in warm weather.

For sale by Je1 KENYON & COLLINS.

MONTREAL, June 22.

Flour.—The market has ruled dull throughout the week, and the sales of all kinds are to a limited extent. The best brands of U. C. superfine, from Fall wheat, being comparatively scarce, are saleable at outside quotation; ordinary brands are in limited request at 30s; fancy has been sold at 33s 3d; extra is strictly nominal at quotations. No sales of any importance to note.

Wheat—No U. C. on the market. Milwaukee club is obtainable at 7s 6½d, at which it is firmly held. A cargo of Wisconsin club was sold yesterday at 7s 3d per 60 lbs. A shipping lot of Chicago has been on the market, for which 6s 9d has been refused.

Oats—Offered at 3s per 34 lbs, without leading to sale.

Peas—Are scarce and held at 4s 6d per minot. Latest sales of shipping lots were at 4s.

Indian Corn—No sales of any importance have been reported this week. It is obtainable at 4s 3d per 56 lbs, and is offered "to arrive."—*Herald.*

MILWAUKEE, June 20.

Market continues dull, with few transactions reported. The morning hour at the Corn Exchange was occupied with other business, and the only sale noted was 300 bags club Wheat at $1,34, which was paid for a prime quality. Sales during the day at $1,30@1,35. The receipts of wheat have fallen off rapidly. Opinions differ as to the amount in the hands of farmers to come forward.—*Sentinel.*

CHICAGO, June 20.

Freights—Very dull, few wanting to ship grain.—The propeller City of Ogdensburgh takes wheat to Kingston at 7½c—a decline of ½c. Propeller Ontario takes corn to Montreal at 12½c.

Wheat—But little doing, the rate for spring is about $1,18 in store, and the same proportion for cargoes on board. Red winter is worth $1,40@1,45, and white $1,50@1,55.

Corn—Market still further improved. On 'Change to-day we learned of sales for present delivery of 5000 bu at 65c, 3000 and 15,000 at 65c on board, parties freely offering the latter figure at the close of 'Change; for future delivery 15,000 bu sold at 65c on board Monday, 30,000 bu at 66c on board at buyer's option the rest of this month, and 30,000 at 70c and a cargo at 73c on board 1st half July, buyer's option. A boat load sold at the same, to arrive.—*Tribune.*

Markets—By Telegraph.

[*Reported Expressly for the Daily Times.*]

NEW YORK, June 24—1 P. M.

FLOUR—10@15c better, with fair demand for export and home consumption. Sales 10,000 bbls, $6,25@6,45 for common to choice superfine state, $6,70@6,85 for extra State, $6,75@6,85 for superfine western, 6,95@7,40 for common to medium extra do. Canada flour firmer. Sales 300 bbls at $6 70@8 for extra.

GRAIN—Wheat firmer, with fair demand. Sales 5000 bush, $1,55 for Milwaukee club, $1,60@1,65 for white Canadian. Rye quiet at $1,20@1,25. Corn better—sales 5000 bu at 90c for mixed western.

PROVISIONS—Pork 10c lower—sales small parcels at $22,50@22,75 for mess, $19@19,10 for prime.—Beef steady. Cut meats firmer.

Marine News.

COLLISION.—A despatch from Cleveland yesterday says the propeller, *Ontonagon* and schooner *Narie Star* came in collision at POINT AUX Barques on Saturday night, and the latter, with a cargo of corn, valued at $12,000, became a total loss.

AGROUND.—We learn that the schooner Joseph Grant bound from Oswego to this port with a cargo of salt, got aground at Point au Pelee last Saturday night, and now lies hard aground behind the Point. The tug Gore has gone down to her relief. The Grant is nearly new. Capt. Van Buren, her commander, is a very experienced navigator, and knows every foot of the coast in the neighborhood of the above Point. He was deceived, we understand, by a light on shore—[illegible] the necessity of redoubled vigilance in passing this dangerous locality.—*Detroit Tribune.*

Can Epilepsy be Cured?

We think the following letter from a respectable citizen of Mississippi will answer the question and remove all doubts from every unbiased mind:

GRENADA, Miss., June 1, 1856.

Dr. Seth S. Hance, Baltimore, Md.—Dear Sir: I take great pleasure in relating a case of spasms or fits, cured by your invaluable Pills. My brother, J. J. Ligon, has long been afflicted with this awful disease. He was first attacked while quite young. He would have one or two spasms at one attack at first; but as he grew older, they seemed to increase likewise. Up to the time he commenced using your Pills, he had them very often and quite severe, prostrating him body and mind. His mind has suffered seriously; but now, I am happy to say, he is cured of those fits. He has enjoyed fine health for the last five months past. His mind has also returned to its original sprightliness. All this I take a great pleasure in communicating, as it may be the means of directing others to the remedy that will cure them.

Yours respectfully, &c., W. P. LIGON.

No person who is suffering from Fits or Spasms, should neglect sending to Dr. Hance, after this, for a supply of his invaluable medicine. His prices are as follows: one box, $3; two $5; twelve $24—sent by mail free on the receipt of a remittance. Address SETH S. HANCE, 108 Baltimore-st., Baltimore, Md.

To Nervous Sufferers.

A RETIRED CLERGYMAN, restored to health in a few days, after many years of great nervous suffering, is anxious to make known the means of cure. Will send (free) the prescription used. Direct the Rev. JOHN M. DAGNALL, No. 59 Fulton street Brooklyn, N. Y. Je1-w3t

PARISIAN KID GLOVE CLEANER.

PARISIAN KID GLOVE CLEANER.

PARISIAN KID GLOVE CLEANER.

25 cents per bottle.

One bottle cleans 20 pairs.

One bottle cleans 20 pairs.

Be sure and get the genuine.

Be sure and get the genuine.

The name of "SOLOMON CRAFTE," manufacturer for the proprietors, CLARK & CO., 335 Broadway, New York," is on all the labels of the genuine, all others are spurious.

As no odor proceeds from the preparation, the glove can be worn immediately after it is cleaned. With a piece of flannel, apply a small portion of the preparation very lightly, and the dirt will instantly disappear. It is the article used by the Kid Glove manufacturers of France to impart that purity of finish and softness for which their gloves are so justly celebrated. It cleans Kid Slippers, and white and colored Kid Gloves, elegantly. It is also an excellent article for the toilet and for beautifying the complexion, removing Tan, Pimples, &c., and far exceeds in excellence any of the toggeries and one preparations usually sold for that purpose. One trial, at the trifling expense of 25 cents, will convince any one that the article is all that it is claimed to be. Try a bottle of it for 25 cents, and you will never wish to be without it. It can be obtained of all Druggists and dealers in Fancy Goods in Oswego, and at wholesale of the sole Proprietors of the genuine article, CLARK & CO., 335 Broadway, New York.

A liberal discount to the trade. may23-1f

SOMETHING NEW!

Hall's Young America Fire Cracker Pistol!!

THIS is admitted to be the most amusing Toy ever offered to Young America, suitable for all times in the year. It makes a report equal to the common pistol and carries a ball with the same precision for ten paces, though not with force enough to kill, making it the only cheap and harmless pistol for target practice in existence. 100,000 sold in four weeks! Retail price 25 cents and upward, according to the market. Trade price 14 dollars per 100 pistol, cash on delivery. Sent by express to any part of the country.

A. W. HALL,

335 Broadway, N. Y., Inventor and sole manufacturer.

New Gas Arrangements.

The Board of Directors of the Oswego Gas Company have passed the following Resolution:

Whereas, It will greatly promote the convenience of consumers of Gas, to connect the work of laying service pipe from the street mains, with the business of fitting interior pipe and fixtures, thus making the same persons responsible for the completeness of the whole, outside and inside, on both sides of the Gas Meter, therefore—

Resolved, That John O'Gara be, and he is hereby authorized to receive all orders for the laying of such service pipe from the street mains, and to lay the same, and, also, to set all meters for this Company, which may, from time to time, be desired by applicants therefor. RIVERSIDE CEMETERY.

N. B. EVERTS, Esq., has been appointed Superintendent of the Riverside Rural Cemetery, and persons wishing to purchase lots, will find him in attendance on the grounds at all hours during the day, to aid in the selection and location of lots. The cemetery is situated on the East Bank of the Oswego River, just south of the corporate limits of the city, and the entire income of the same, after paying the original purchase price of the land, is by law required to be expended in maintaining, improving and embellishing the grounds. The co-operation of our citizens will enable the Oswego Rural Cemetery Association to make this take rank with the most beautiful of the Rural Cemeteries of our State.

A Card to the Ladies.

DR. DUPONCO'S GOLDEN FEMALE PILLS are infallible in removing stoppages or irregularities of the menses. These Pills are nothing new, but have been used by the Doctor for many years, both in France and America, with unparalleled success in every case, and he is urged by many thousand ladies who have used them, to make the Pills public, for the alleviation of those suffering from any irregularities whatever, as well as a preventative to those ladies whose health will not permit an increase of family.—Pregnant females, or those supposing themselves so are cautioned against using these Pills, as the Proprietor assumes no responsibility after the above admonition, although their mildness would prevent any injury to health; otherwise, these Pills are recommended. Directions accompany each box. Price $1. Sold wholesale and retail, by NORTHRUP & BUTLER, No. 23 East Bridge street, General Agents for Oswego and vicinity.

C. Orris [illegible].

W. F. SPENCER, Agent for Fulton.

All orders must be addressed to the above General Agents; they will supply the trade at Proprietor's prices, and send the Pills confidentially to ladies by mail, by enclosing $1 to either, at the Oswego Post Office.
