A New Nursery Rhyme.

RESPECTFULLY DEDICATED TO THE HEIR TO THE BURDELL ESTATE.

—Bye Baby Bunting,
Cunning's gone a hunting,
Track and fix, and cheat and sin,
To smuggle Baby Bunting in!

Fetch a false baby from Bellevue straight,
When the heir comes he gets the estate,
But doctors and lawyers kick up a squall,
And down tumbles baby and fortune and all.

Baa, baa, Bellevue, have you any heirs?
Yes my little Cunning, half-a-dozen pairs—
Some for adoption, and some to let alone,
And one for Mrs. Cunningham to—never her own.
—*N. Y. Picayune.*

☞ SURE PRESCRIPTION.—To ascertain whether a woman is passionate or not, take a muddy dog into the parlor. Spitting tobacco juice on the carpet answers the same purpose. If she has red hair, see to it that you are out of reach of the broom-stick, or it may be dangerous.

☞ "Can any of our readers give the author" says the *Palladium* of this morning, of the quotation "God tempereth the wind to the shorn lamb." The undersigned on the strength of memory believes it to be Sterne in his "Sentimental Journey." CYCLOPS.

☞ IN DUE TIME.—The *Palladium* is anxious to hear of our adventures in the North Woods. It shall be gratified speedily. We have lately had so many other things to attend to, that we have not found leisure to write out the narrative, but in due time we will "unfold the short and moving tale."

☞ We neglected to acknowledge, yesterday, the greeting extended to us by the *Palladium*. We do so now, and hoping and expecting, whatever may be our political differences, we may equally aim at the general moral good of the people, and be equally diligent and earnest in whatever relates to our local interests. With thanks for the welcome, we cordially extend our ☞.

☞ PIC NIC AT THE ORPHAN ASYLUM.—The First Baptist Sunday School of this city having determined to hold a Pic Nic, have concluded, instead of going abroad, to give the Orphan Asylum a benefit. The affair comes off next Saturday afternoon at 2 o'clock, P. M. A Sabbath School from Scriba will also be present, and it is venturing nothing to predict that the occasion will prove pleasant and profitable for both juveniles and adults.

☞ A DANGEROUS PASSAGE.—The Syracuse *Journal* tells of a chap who was determined to have a cheap passage from Utica to Buffalo, and accordingly packed himself and his valise on the truck gearing under one of the cars of the Express train, and in that position rode all the way from Utica to Syracuse, where he was discovered by the car inspector and hauled out unable to speak or wink for the "dust in his eyes." He was urged to get on again, but declined, saying he had concluded to ship by the "ragin canawl." It is a wonder that he was not killed.

☞ THE LARGEST PLUMS YET!—What would our readers think of seeing plums as large as a common sized peach? S. A. WEBB, Esq. of this city, this morning presented us with a basket full of that description, raised in his garden. They beat anything we have ever seen or heard of for size and quality, being sweet, juicy and delicious. We had the curiosity to measure one of them, picked at random from the basket, and found it 6½ inches in circumference! They are called the Washington plum, most appropriately, as everything excellent is named after the Father of his country. We do not believe they can be beaten in the State. Oswego beats the world on fruit and vegetables, and were the farms of the county cultivated only one-half as well as our city gardens, what a fruitful paradise would it become!

☞ POLICE ITEMS.—Business continues quite brisk at the Police Office, and the number of arrests shows an increase over last week. Justice SHUMWAY is doing all the Police business, the Recorder being confined at home in consequence of severe illness in his family. The following are the transactions this morning:

James Ewing, Richard Milton and Richard Max were fined $10 each for public intoxication.

Leonard Tisey was found guilty of vagrancy and sent to Pulaski jail for 60 days.

Ezra Coleman for an indecent exposure of person was fined $20, or 30 days in jail.

Jeremy Garret, a young man, had been guilty of striking Mr. Samuel G. Currey, an old gentleman, in an unprovoked manner, in Currey's own house. He was convicted of assault and battery, sentenced to imprisonment in jail for 30 days, and fined $30, in default of payment, to remain in jail 90 days additional. It is to be hoped Mr. Garret will learn better than to use his fists upon men old enough to be his grandfather.

☞ MONEY MATTERS.—Our city is not without some nervousness in financial circles about these days, and rumors are rife affecting the credit of different persons.—We find at such a time as this, just after a commotion in New York, that the public mind is in a high state of excitement, and reports are caught up and passed around with accumulations like a rolling snow-ball, and hence every one should exercise a wise prudence in believing and repeating rumors which start up at such times without the slightest foundation. In this way a lie may be prevented from traveling, while individual credit is saved from needless and injurious defamation. Our city will be saved from any extensive financial disaster by a proper exercise of mutual forbearance and a generous confidence in each other. If rumors are allowed to rule the town, and full faith and credit is given to the gabblers who always take pleasure in making things as bad as they can, it will be but a short time before credit will be at an end and the soundest firm in the city will be discredited. Such a state of things would be truly deplorable, in a city whose inhabitants have always stood by each other. Let every body keep perfectly cool, shut his ears to gossip, mind his own business, retain confidence in his fellow tradesmen, and all will be well.

MISCELLANEOUS.

To the Ladies of the United States. IMPOSTURE EXPOSED.

As medicines falsely purporting to be Madame Restell's Pills, and "Ladies' Protector or Female Friend," have been palmed off upon the public by the fraudulent use of the name of "Madame Restell" in advertisements and circulars, the undersigned deems the publication of the annexed affidavit necessary to expose the imposition:

This is to certify that on the 31st day of July, A. D. 1857, before me personally came Madame C. Restell, of No. 160 Chambers street and declared that, for upwards of eighteen years past, the only person known in the city of New York, as Madame Restell, Female Physician and Accoucheur, has returned from Europe, and before me makes this public declaration, to wit: That any and all persons representing and advertising as agents for the sale of "Madame Restell's Pills" and "Ladies' Friend," do so falsely and without authority from her, and are practicing a deception upon the public by such false representations.

And that one Dempster Moore, of Syracuse, in the State of New York, representing himself as General Agent, one E. M. Mead, of Oswego, in the State of New York, Fahnestock & Davis, of Chicago in the State of Illinois, and all and every person or persons so representing themselves to do so without truth, authority or foundation in fact, and without sanction or authority, and she has not, and never have been agent or agents for the sale of Madame Restell's Pills and "Female Friend," or for any of her specifics, remedies, or medicines, and that the medicines, &c., so sold by them, are falsely so represented.

MADAME C. RESTELL,
160 Chambers street, New York City.

In testimony whereof I have hereunto set my hand (L. S.) and seal of office, in the city of New York the date aforesaid.

J. A. NONES, Notary Public,
New York, No. 14 Wall street.

It is, perhaps, proper here to state that Fahnestock & Davis, E. M. Mead, and others, may have heretofore been innocent and unintentional parties to the fraud, being imposed upon by Dempster Moore, who has already been exposed in the Syracuse papers, and who is the getter up of it, and knows that he is practising an imposition even to the extent of having a spurious certificate of agency.

It is for those (if heretofore) innocent parties, however, now to determine whether they will lend themselves, as honorable men, to a fraud and a deceit, (which cannot be longer justifiable,) to the injury of health—perhaps the lives—of the mothers, daughters, sisters and wives of the community in which they live, and so blasting to their own reputation.

WHAT LADIES SHOULD DO.

Ladies: Many of you have been imposed upon, and your health injured by the quack nostrums advertised and palmed off as "Female Pills," and other medicines for females, bearing distinguishing names, but really got up by designing, ignorant and mercenary persons, whose only object is to make money out of the credulity of those they can impose upon, who, possessing neither scientific, chemical or medical information, skill, or experience, practice or opportunity, to become conversant with those peculiarities and delicacy of the female structure and physiology, nor one element to capacitate them to administer or prescribe for you, yet succeed to obtain of you from one to three dollars a box for their nostrums palmed off under various names.

The money may aid to many of you, be an object but health must be.

Avoid, then, these nostrums. And if you desire medical aid, assistance or advice, and medicines especially adapted for you scientifically prepared, and grounded upon a thorough knowledge of the female system acquired by an extensive practice of eighteen years among your own sex, the undersigned will send such medicines and such instructions as each may require.

For medicines and special advice, the fee is five dollars.

"Madame Restell's Female Monthly Pills" (sent in letter envelope to any part of the United States) price one dollar.

Madame Restell's "Ladies' Protector," price five dollars.

☞ CAUTION—BUY OF NO PRETENDED AGENTS. NONE ARE EVER APPOINTED.

☞ The Chicago *Press* has been making some investigations at the probable amount of beef which will be packed in that city this fall, and gives the following as the result:

The prospects at present are that more beef will be packed the coming season in our city than during any previous year. One heavy packer estimates the business at one-third more than the figures of last—or last year season. Another estimates it higher. In 1856 the number of cattle packed was 26,672, with an average weight of 575½ lbs ⅌ head, so that to take the lowest received, over 35,000 head will be packed. Our home sales in the city has been quietly governed at contracts, which would seem to justify such an estimate.

At present there are only about 17 000 head contracted for by Chicago packers, but in the course of two weeks a large number of contracts now pending will in all probability be closed, and these figures be very much increased. Of these already contracted for we hear of 8000 head at 7¼ gross weight; 2000 head at 3c; and 3000 head at a trifle below 3c. There is little probability, however, of any further contracts being made this season below 3¼c—perhaps none below 3½c.

The quality and weight of cattle the present season throughout the West will be much superior to those of last year, though they will come to the block three or four weeks later.

NEW TUG BOAT.—A new and handsome steam tug boat made her appearance in our harbor this morning. She is named the Ontario, is commanded by Captain Rosewell Stevens, who, although not so "one fogy," is a veteran sailor. She is owned jointly by Capt. Stevens and E. M. Ames, of Oswego. The Ontario is built of the far-famed Delaware oak, and if constructed entirely of iron could not be much stauncher. She was built at the ship yard of J. Cramp, Philadelphia, and her engine (two 18 inch cylinders) is from the machine shop of Reany & Neafie, of the same city. Her dimensions are as follows:—Length of keel, 75 feet; breadth of beam, 17½; 80 feet over all, and 6½ feet hold. The Ontario glides over the water as swiftly as a sprite. Capt. S. claims that she is the fastest sailer that can be scared up in these waters, and we are more than half inclined to believe him. She is destined, at present, for service in Detroit river and neighboring waters.—*Detroit Trib.*

New Gas Arrangements.

The Board of Directors of the Oswego Gas Company have passed the following Resolution:

Every proposal shall be accompanied by an affidavit, endorsed thereon, of each person uniting in such proposal, that he is not directly or indirectly interested in any other proposal for the same work or materials, or any part of the same; that he has no agreement or understanding with any other person to become interested in any other proposal or contract for the same work or materials, or any part thereof, and that no other person than such as shall be named in the proposal is interested in the same or has any agreement or understanding to become interested in any contract that may be made in pursuance of such proposal.

Fifteen per cent of the amount of any work done or materials furnished, at the contract price thereof, shall be reserved by the Canal Commissioners until the whole work, which is the subject of the contract, shall be fully and entirely completed.

In case the contracting board shall be of opinion that the proposals made of any resulting thereof pursuant to any advertisement, are in consequence of any combination or otherwise, excessive and disadvantageous to the State, they may decline all or any of the said proposals, and advertise anew for the work and materials embraced therein.

Contractors will be required to receive and use in the work all such materials as have been previously procured and delivered for any of the above work and allow such prices therefor as may be expected at the office prior to the letting.

The prices in the contract will be considered as including the expense of furnishing all the materials, and performing all the work, according to the plans, specifications and notices exhibited at the letting.

The persons to whom the work may be awarded, will be required to enter into contract for the performance of the work within ten days after the same shall have been awarded to them, upon the terms prescribed by the contracting board.
