CANKER & SALT RHEUM SYRUP

WARRANTED A PERFECT CURE FOR

Salt Rheum, Erysipelas, Canker, Scrofulous and all other Humors of the Blood.

WHAT IT HAS DONE

WONDERFUL CURE

Of Mrs. Giles Turner of Montville who has been afflicted with the Erysipelas for the last twenty years; and three times within the last five years has been entirely blind from the effects of this dreadful malady!!

Cure effected by Dr. WEAVER'S SYRUP, after all other tried Medicines had failed!

READ THE CERTIFICATE.

Montville, March 5, 1851.

Messrs. S. A. Weaver & Co.—Gentlemen: In relation to my wife, I would say that from childhood she has been afflicted with a humor. About twenty years since it appeared in a very distressing form of Erysipelas, as first in a spot of bright cherry color, on the side of the face, accompanied with a painful sensation, similar to that produced by fire. From this point it spread over the whole face, which became so swollen that for several days she was entirely BLIND, and so disfigured that her most intimate acquaintance did not recognize her. She has been in this situation three times in the last five years. The disease at some times appeared in small cracks in the skin, commencing back of the ears, thence extending over the sides of the head. So sore and painful were they that at night it was impossible for her to allow them to touch the pillow. The discharge from these sores was so profuse that it frequently wet through the dressings and run down the sides of the neck, and so acrid was it, that when it came in contact with the skin, the effect was the same as that of boiling water.

After any gentle exercise, especially in warm weather, parts of her body became covered with spots of a dark red or purple color, and were very painful and tender; in a short time these spots would be covered with minute blisters, which broke and discharged, then dried up, forming a scab which in a few days would come off, leaving an angry and painful sore, looking much like a burn. This would be a long time healing up—frequently months. At one time it appeared on the foot and ancle, running much the same course as it had on the other parts of her body, except that in this instance it was aggravated by exercise. These sores, moreover, assumed the character of bad ulcers, and so inflamed, that for months she was unable to nurse either of her last three children. Often she has been in such distress from this disease that for weeks she has been able to obtain but little sleep or rest, and has often said that her distress was so great she could not describe it.

At the time she commenced taking your Syrup and Cerate, she had a running sore on her stomach and breast, which had been there more than a year, healing up at times, perhaps in one place, but always breaking out in another. To this we applied many remedies and used various kinds of medicines for removing the disease from the system, none of which produced the least apparent benefit. She took the syrup a few days and then commenced applying the Cerate to the sores, and at once said she had never found anything so soothing as this was. I have frequently known her to get up several times in the course of the night to apply the Cerate to her feet, in order to obtain sleep. In about two weeks after using the medicines, the sores began to heal, and before she had finished the second bottle they were entirely well. She has now taken four bottles, and is to all appearance perfectly cured, and is in better health than she has been for twenty years. The medicine has effected in her case the most wonderful cure ever known in our section or country, and I strongly recommend all afflicted in like manner to give it a trial.

Any one desiring further information in relation to the facts or particulars of the case, it will afford me great pleasure to give any information, if they will call at my residence in Montville; or they can make inquiries of many of my acquaintances in New London and vicinity, who are conversant with them.

GILES TURNER.

New London, March 21, '51.

Dr. S. A. Weaver—Dear Sir—It gives me pleasure to say that the above will be considered by all who are acquainted with Mr. & Mrs. Turner, as a simple statement of facts, given with the hope of alleviating suffering beyond their acquaintance. J. S. SWAN. Pastor of Huntington-st. Baptist Church.

DR. I. G. FRAZER,

CANCER DOCTOR,

or the Indian Plan,

TAKES this method to inform the public that he can be found at his dispensary, corner of State and Hoosick streets, Lansingburgh. He designs to give his undivided attention to the various patients who may repose confidence in his skill and Indian mode of practice, for the healing and removal of all maladies not incurable, by the introduction and application of proper medicine.

The time has come when Cancers can be cured without the use of the knife, by first cleansing and purifying the body, applying a plaster, we will extract the Cancer in less than ten hours, without creating much pain, and the loss of but little blood: and $5,000 is hereby offered to any one who will make a more effectual cure.

Dr. Frazer professes to arrest, and in many instances subdue, (if applied in due season) the influence and effects generally produced by the following diseases not unfrequent in our country, viz: Coughs, Colds, Bronchitis, Consumption, Asthma, Rheumatism, Fever and Ague, Pulmonary affections of every kind, Worms, Diarrhœa, Cholera Morbus, Summer complaints, Dyspepsia, Debility of the Stomach and Bowels and organs of Digestion, Seminal weakness of both sexes, &c.

WESTERN ROUTE.—Dr. I. G. Fraser, or Dr. N. R. Parsons, may be found at White's Central Hotel, Utica, N. Y., on the third Monday and Tuesday of each month; and on the following Wednesday and Thursday at Brintnall's Hotel Syracuse, N. Y.; and on the following Friday and Saturday at the Oswego City Hotel, OSWEGO, N. Y. The remaining portion of the time, one or both may be found at the Infirmary, corner of State and Hoosick streets, Lansingburgh, N. Y. Advice gratis.

The following are copied (essentially) of certificates now in the possession of Dr. I. G. Frazer, to wit:

Whereas, it has been said, that I attribute the recovery from my late sickness to the use of Dr. Ramms gas inhaling tube alone, and not to any medical treatment. This is therefore to make known the fact that I have never so stated, and that in the treatment I made use of medicines myself, and only use the tube as an accompaniment. The use of the tube as directed by the regular practice with their mode of treatment will in 99 cases out of 100 fail. I put myself under the care of Dr. Fraser in September 1842, after I had been given over by the most eminent Calomel and Botanic Physicians, and under his care and the use of the tube, I recovered my health. Had I been under the care of our regular physicians, I do not believe I should have recovered.

I hereby certify that my disease was pronounced by all the physicians who visited me during my sickness of two years, to be consumption, and [illegible] attended with copious expectoration, swelling of the limbs, night sweats, cold chills, fever, and copious hemorrhage for 23 days in [illegible]. Copy. [illegible]

Dr. Ira G. Fraser—Dear Sir—I have been [illegible] years acquainted with Miss Sybil Barlow, of [illegible]. Mass., on whose person you cured a cancer of the breast of many years standing and growth. I saw the sore a short time previous to your first administering for it, and knew it to be incurable by any of the commonly received methods of cure; indeed it was the worst case of cancer which an extensive practice of nearly 20 years had ever brought to my observation. And I did not believe it was possible it could ever be cured. I consider it the greatest cure of the kind I have ever known or read authentically heard of. I consider your method of cure the best and only natural method which has come to my knowledge. You are at perfect liberty to refer to me for any information respecting the case. Most respectfully your friend, &c. SAMUEL B. BARLOW, M. D., 341 Bowery, N. Y.

REMARKABLE CURE OF CANCER.—Leroy, N. Y. June 14, 1847.—In justice to Dr. Ira G. Frazer, and for the good of the public, I make the following statement of facts:—I have been afflicted for more than thirteen years in my left breast; it was exceedingly painful, and reduced me very low and brought me near to the grave. Last November I providentially heard of Doctor Ira G. Frazer, the celebrated Cancer Doctor of Troy. I concluded to go to Rochester, to the Clinton Hotel, which he visits once a month. There I learnt that I had a Rose Cancer. I commenced taking his medicine, which I continued three months. I went to Rochester the first Tuesday in March, and on Wednesday Dr. I. G. Fraser carefully and skilfully removed my Cancer, weighing two pounds. The third day after the operation I returned home to Leroy, twenty-five miles. In seven weeks my breast was healed. It is now three months since it was removed, and I am in a very good state of health. I can with the utmost confidence recommend Dr. I. G. Fraser to all who are afflicted with Cancer, as being successful in treating the disease and very skillful in his operations. MRS. BETSY BASCOMBE, aged 58 years.

April 8, 1845.—This is to certify that I have been afflicted with a Cancer for a number of years, but hearing of the celebrated Cancer Doctor who doctors on the Indian plan, I was induced to give him a trial. He extracted the said Cancer in less than six hours, without the aid of a knife or much pain, and my health was poor for three or four months previous to his taking it out. I am now cured, and enjoy good health; and would recommend him to the public in preference to any other physician in both skill and ability; and I would add that I had my cancer cut out previous to Dr. Fraser's extracting it, and that it grew more in six months after than it had for six years previous—my health growing poor very fast until I received assistance from Dr. Fraser.

In upwards of eighty years of age and reside in Cambridge, Washington Co., N. Y.

Salem, Washington Co. N. Y. April 8, 1845.—This is to certify that I was afflicted with a Cancer; but hearing of the celebrated Cancer Doctor who doctors on the Indian plan, I was induced to give him a trial. I had applied to several physicians but received no help, and it grew larger and more painful, spreading over my face. I had taken but three bottles of Dr. Fraser's [illegible] had taken two bottles, my Cancer became loose, and after taking the third and seeing Dr. Fraser, he simply removed it with his fingers—my cancer being as large as a hen's egg. I recommend him to the public in preference to any other physician. Eighty years old last January. WILLIAM SCOTT.

Bennington, Vt. May 20, 1844.—This is to certify that I had three cancers upon my person, some of which troubled me for several years. I heard of Dr. Ira G. Fraser of Troy, and was induced to employ him to cure my cancers. I had taken of his medicine about four weeks, when one of the cancers on my neck, as large as a chestnut, fell out without the use of even a knife, plaster, or any other outward application. HARRIS B. EGERTON.

Nassau, March 6, 1843.—This is to certify that I had a Wen of long standing on my neck, to which Dr. Ira G. Fraser applied his plaster, and subsequently operated upon and extracted it without much pain, and with the loss of but little blood, it now appears to be perfectly cured. BEN. E. LARKIN.

Troy, March 26, 1842.—This is to certify that my daughter has been afflicted with fits for more than four years; and to remedy said evil I called into requisition the skill of our most celebrated physicians but without success, inasmuch as the true cause of her disease seemed not to be understood by them, but my daughter had but one fit after Dr. Fraser commenced with her, and in less than forty hours she was restored to sight and health although previously almost blind. Therefore I do cheerfully recommend Dr. Fraser to the public as a skillful physician in such diseases. GILBERT GARDNER.

Albia, Rensselaer Co. N. Y.—This may certify that I have been afflicted with dyspepsia and nervous debility for more than two years; I was unable to labor the greatest part of the time, and after expending two or three hundred dollars and trying all the popular medicines of the most skillful physicians without finding any relief, having of a celebrated Root Doctor of Troy, whose name is Ira G. Fraser, I was induced to give him a trial; and after application, in less than twenty-four hours, he brought away about forty worms, and I got better immediately, and am now able to labor and [illegible] G. H. McCOY.

Albany, September 23, 1841.—This is to certify that I have recently been cured of the Fever & Ague by Dr. Ira G. Fraser. I had been sick with said disease for two months, and part of the time partially delirious, under the guidance of Providence and through the instrumentality of Dr. Fraser I have been restored to a good state of health. Therefore I can unhesitatingly recommend his practice to all sick persons. E. ROBINSON.

Nassau, April 7, 1842.—This is to certify that I have been afflicted with a Cancer for a number of years, and hearing of the celebrated Root Doctor of Troy, who practices on the Indian plan, to wit, Dr. I. G. Fraser, I was induced to give him a trial, and he took the cancer out, and [illegible]. ROSETTA A. COSTER.

Albany, September 20, 1841.—This may certify to all whom it may concern, that I have been cured of the Fever and Ague by Dr. Ira G. Fraser. I did not have one fit of the Ague after he commenced doctoring me. JAMES McQUEEN.

Eaton, Madison Co, June 23, 1843.—This is to certify that I had a cancerous tumor located on my leg and lying near a leading artery; I applied to physicians, and they dare not extract it; I then applied to Dr. I. G. Fraser, and he in a short time extracted it without difficulty. I am now well, and would recommend all those [illegible]. GUY CARTER.

Freedom from Cough in ten Minutes

AND A POSITIVE CURE IN A FEW DAYS, INSURED BY

BRYAN'S PULMONIC WAFERS.

THE most wonderful cures have been performed by this extraordinary remedy, wherever they have been introduced. A single dose is guaranteed to give immediate relief, and a positive and speedy cure is warranted in all cases of

COUGHS, COLDS, INFLUENZA,

SORE THROAT, WHEEZING ASTHMA, IRRITATION OF THE UVULA AND TONSILS, BRONCHITIS, CONSUMPTION, and all pulmonary diseases of the chest and lungs.

The medical properties are combined in an agreeable form and pleasant to the taste, so that any child will readily take them. And the convenience of being able to carry in the pocket an agreeable and effectual remedy, which may be taken at intervals, is unquestionable, and the irritation of the throat which produces coughing, requires something to be taken frequently. Bryan's Pulmonic Wafers are admirably adapted for the purpose, and are guaranteed in all cases to be effectual and equal to representation, or the money paid for them will be refunded, should relief not be obtained. They have been prepared for several years by the proprietor, and given invariable satisfaction. Many extraordinary cures of Consumption [illegible] have been performed, and the increasing demand is a convincing proof of their value.

The following certificates are from persons of undoubted respectability.

From Steven Herring, Esq., G. S. of the Grand Lodge of Free Masons of New York:

New York, Dec. 20, 1850.

Having used the boxes of Bryan's Pulmonic Wafers for coughs, among the children of my family, I have found them a very excellent remedy, and can recommend them accordingly.

From Dr. Joctr Gardiner of New York:

Having used Bryan's Pulmonic Wafers for coughs, &c., in my family, I find them to be a most excellent medicine for allaying coughs attendant upon colds, &c. and would cheerfully recommend them to the public as a safe remedy.

Albany, Dec. 1, 1849.

Sir—I have given your Pulmonic Wafers a trial; and although opposed to giving certificates for Patent Medicines, still, I think your extraordinary remedy entitles it to the recommendation of every medical man, and I have pleasure in giving my testimony to its favor. I find it particularly serviceable in Coughs and Asthma, and shall frequently recommend them to my patients. HENRY WHITE, M. D.

We, the undersigned, citizens of Rochester, do hereby certify that we have used Bryan's Pulmonic Wafers, and can recommend them as a safe and efficacious medicine for Coughs, Colds, &c.

Ezra Sandin, D. Main street, John Robb, Platt street, A. E. Johnson, North street, and signed by two hundred others.

The following was given me by Dr. Palmer, who was twenty-five years in practice in Europe and Asia, and formerly in my employ, but now practising as a physician at Port Dover, C. W.

I have no hesitation in giving my opinion in favor of Bryan's Pulmonic Wafers, in the cure of coughs and colds. I think them decidedly the best remedy I have ever witnessed as an ordinary cure.

HENRY PALMER, Late Surgeon of H. M. 18th Reg.

IMPORTANT CAUTION.

Purchasers are cautioned against buying a spurious counterfeit made; the name of Dr. Lecor's Wafers, made by James Johnson and E. Taylor, Rochester, N. Y., who pretend they have purchased the right of making them of an anonymous person.

The following letter, extracted from the London Times, England, shows how utterly false their statements are.

THE HUMBUG EXPLODED.

From Dr. Charles Locock, 25 Hertford street, May Fair, London, February 17, 1851.

Sir—In reply to your inquiry, I have no hesitation in assuring you that the Pulmonic Wafers, Antibilious Wafers, or Female Pills, that have so often been advertised with my name, are not mine, nor do I know anything of their composition, nor have I anything to do with them, either directly or indirectly. Your obedient servant, CHARLES LOCOCK, M. D.

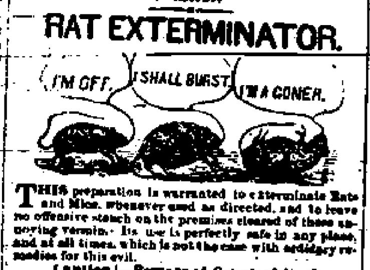
Professor Alexander C. Barry's Tricopherous, or Medicated COMPOUND.

THE efficiency of this justly celebrated embrocation for invigorating, beautifying and imparting a gloss and silken softness to the hair, is now so widely known and acknowledged, that it has gained by its merit a reputation which is not for a day, but for all time. It is the province of science to subdue and control those physical evils which refined civilization has brought in its train: for so long as warm rooms and tight hats with the combined agency of other influences exist, will thousands of unhappy victims be troubled with bald heads and gray hairs, to say nothing of the various cutaneous diseases to which the head is subjected. It was to relieve these evils that Professor Barry introduced his invaluable remedy, and among the thousand and one who have been his competitors, he now stands alone on that pedestal of success, hewn out of Barry's Tricopherous, and sustained by the favor and universal patronage of a discerning and intelligent public. For restoring the hair to its original growth, or preventing it from falling out, this compound has been pronounced by all medical men to be a sure remedy. For eradicating scurf, dandruff, and curing diseases of the skin, glands, muscles, stings and bruises, the Tricopherous will always be found a safe, speedy, and unfailing cure; and so long as [illegible] And beauty draws up with a single hair.

will Barry's Tricopherous be essential to the toilet of every lady and gentleman who desire to give a soft, glossy and luxuriant appearance to the natural drapery of reason's throne. Sold in large bottles, price 25 cents, at the principal office, No. 137 Broadway, New York; and sold by the principal merchants and druggists throughout the United States and Canadas, Mexico, West Indies, Great Britain, and France. oct 9

M. DUBOYS' FRENCH RAT EXTERMINATOR.



THIS preparation is warranted to exterminate Rats and Mice, whenever used as directed, and to leave no offensive stench on the premises cleared of these annoying vermin. Its use is perfectly safe in any place, and at all times, which is not the case with ordinary remedies for this evil.

Caution.—Beware of Counterfeits!! The extraordinary success of M. Duboy's Rat Exterminator, has excited the cupidity of some dishonest persons to counterfeit it. Inquire for M. Duboy's Rat Exterminator, and take no other. In large boxes, at 25 cents each.

DR. G. C. VAUGHN'S

VEGETABLE LITHONTRIPTIC MIXTURE

THIS celebrated remedy is constantly increasing its fame by the many cures it is making

ALL OVER THE WORLD.

It has now become the only medicine for family use, and is particularly recommended for

DROPSY:

all stages of this complaint immediately relieved, no matter of how long standing. See Pamphlet for Testimony. The disease is as frightful as CHOLERA, and the slow and dreadful progress of the malady, bloating the system to a degree which renders the patient utterly unable to move, forms one of its most distressing features.

HITHERTO INCURABLE,

it now yields to this remedy—and Physicians see it publicly and privately with perfect success. Let any one who has ever had a symptom of Dropsy, of any character keep this article by them, and, if they would avoid the annoyance

APPLICATION OF THE KNIFE,

to perforate the system and let the accumulated water flow away, only to fill up again, and finally to end in a dreadful death, let them just use this remedy in season, and a recovery is sure. Let them try it at any stage of this disease, and a cure is certain, if they will give it a fair trial.

GRAVEL,

and all diseases of the urinary organs; for these distressing complaints, it stands alone; no other article can relieve you, and the cures testified to will convince the most skeptical:—See pamphlet.

DEBILITY OF THE SYSTEM,

weak back, weakness of the Kidneys, &c., or inflammation of same, is immediately relieved by a few days' use of this medicine, and a cure is always a result of its use. It stands as

A CERTAIN REMEDY

for such complaints, and also for derangements of the female frame.

IRREGULARITIES, SUPPRESSIONS,

painful [illegible] this which would touch this kind of derangements. It may be relied upon as a sure and effective remedy and did we feel permitted to do so, could give

A THOUSAND NAMES

as proof of cures in this distressing class of complaints. See pamphlet. All broken down, debilitated constitutions, from the effect of mercury, will find the bracing power of this article to act immediately, and the poisonous mineral eradicated from the system.

The [illegible] distinct properties which compose this article, most [illegible] in the application of the compound, for the distressing class of complaints which [illegible] this paragraph. For [illegible] has been used in the north of Europe.

CERTAIN BOTANICAL AGENT,

which in all diseases or derangements of the female frame, obstructions, difficulties, painful menstruations, &c., has effected a cure. This root is indigenous to our soil, and found on large quantities, and as a medicinal property, stands without an equal; it forms one of the compounds in the preparation, which, as a whole, is the best remedy ever given to a debilitated female; it is sure, and the system will be restored to health by its use.

For the relief of all Sympathetic Diseases attendant on pregnancy: it allays these distressing and painful troubles which often occur both to married and unmarried females, and removes those periodical obstructions which arise from taking cold, &c.

CONSUMPTION and Lung Complaints, Bilious Diseases, Inflammation of the Lungs, Coughs, Colds, Hoarseness, Night Sweats, Weakness, &c., for all these diseases no Medicine has ever been its equal.

FEVER AND AGUE.

To the Great West especially, and wherever these complaints prevail, this medicine is offered.

NO MINERAL AGENT,

no deleterious compound is a part of this mixture, it cures these diseases with certainty and celerity, and does not leave the system torpid.

It is made of roots alone, and is purely a Vegetable Preparation, and has nothing in its composition which can in the least injure any person under any circumstances whatever. Numerous certificates of the highest respectability are published in the pamphlet, which are distributed gratuitously.

PILES,

a complaint of a most painful character, is

IMMEDIATELY RELIEVED,

and a cure follows by a few days use of this article; it is far before any other preparation for this disease, or for any other disease originating from impure blood. See pamphlet.

ERUPTIVE DISEASES

will find the alterative properties of this article

PURIFY THE BLOOD,

and drive such diseases from the system. See pamphlet of testimony of cures in all diseases, which the limits of an advertisement will not permit to be named here. Agents give them away; they contain 32 pages of certificates of high character and a stronger

ARRAY OF PROOF

of the virtues of a medicine, never appeared. It is one of the peculiar features of this article that it never fails to benefit in any case, and if bone and muscle are left to build upon let the emaciated and lingering invalid

HOPE ON,

and keep taking the medicine as long as there is an improvement. The proprietor would

CAUTION THE PUBLIC

against a number of articles which come out under the head of

SARSAPARILLAS, SYRUPS, &c.,

as cures for Dropsy, Gravel, &c.: They are good for nothing and concocted to gull the unwary;

TOUCH THEM NOT.

Their inventors never thought of curing such diseases till this article had done it. A particular study of the pamphlet is earnestly solicited.

Agents and all who sell the article are

GLAD TO CIRCULATE

gratuitously. Put up in 30 oz. bottles, at $2; 12 oz. do. at $1 each—the larger holding 6 oz. more than two small bottles. Look out and not get imposed upon. Every bottle has "Vaughn's Vegetable Lithontriptic Mixture," blown upon the glass, the written signature of "G. C. Vaughn" on the directions, and "G. C. Vaughn, Buffalo," stamped on the cork. None other are genuine. Prepared by Dr. G. C. Vaughn, and sold at the Principal Office, 207 Main street, Buffalo, at wholesale and retail. No attention given to letters unless post-paid [illegible] soliciting advice, promptly attended to, gratis.

TO THE AGED.

YOUR SIGHT MAY BE RESTORED.

THE Subscribers present to your notice an invention of a simple character, by the use of which the sight may be preserved through life without the use of glasses, or it may be restored after glasses have been worn many years.

This wonderful effect is produced by an instrument philosophically constructed, by which the cornea of the eye is gradually raised to its original convexity, causing the focus to impinge on the retina without the aid of convex lenses.

That no danger need be feared from the use of these instruments, we have permission to give the following as references:—J. Cockcroft, M. D., 24 Forsyth street; A. S. Ball, M. D., 126 Bleecker street; B. F. Bowers, M. D., 126 Bleecker street; R. F. Trall, M. D., 15 Laight street; to which we add an extract from an article in the Water Cure Journal for October, by R. T. Trall:— After testing the Cups for months, he says: "They are well calculated for that condition of the eye—too great flatness of the globe—which is a frequent cause of imperfect vision, and for chronic weakness of the eye from [illegible] exhaustion."
