CITY HARDWARE STORE.

STOVE DEPOT.

KENYON, RATHBUN & Co.

TELEGRAPH BLOCK, exactly opposite Luther Wright's Bank, WEST OSWEGO, offer for sale the largest and best assortment of

STOVES

ever offered in this market, and would invite them in want to call examine, and price their stoves before purchasing elsewhere. Among the numerous styles of Cooking Stoves, will be found the newly invented

STAR AND SUN,

Stoves combining all the new and useful improvements in cooking, baking and economy of fuel. The subscribers have no hesitation in recommending them as the best stoves in existence. They are much heavier than ordinary Cooking Stoves, the castings being double the usual thickness, by which means they are rendered more durable, and are less liable to crack. Also the

"ANNEX AFTION"

and "CALDRON AIR-TIGHT," the "IRON SIDES," "GREEN MOUNTAIN ROTARY," the "EMPIRE STATE," the "WOODLAND AIR-TIGHT," and "J. C. HERMANCE'S DESPATCH," and Premiums of all sizes and styles of parlor stoves. Also a very large and splendid assortment of PARLOR, SIX PLATE and BOX STOVES, of the newest patterns and latest style, for wood or coal, which will be sold at exceedingly low prices.

Old Rovers, old Iron, Brass, Copper and Rags, received in exchange for Stoves and other goods.

Also a large Fall and Winter stock of Hardware, Cutlery and Shelf Goods; Bar, Band and Sheet-Iron Steel; Nail-Rods, Horse Shoes, Wrought and Cut Nails and Spikes, Anvils, Vices, Tin and Japanned Ware, Sheet and Bar Copper, Zinc and Lead, Lead Pipe, Bench, Wood and Iron Screws, Narrow, Broad and Hand s Hatchets, Hammers &c. &c.

KENYON RATHBUN & CO.

Oswego, October 27, 1851.

Brush and Broiling Pieces one of the largest stocks ever brought into this city now opening daily at W. H. WHEELER.

Mott's Patent Agricultural Furnace AND

DAIRY STOVE.

THE Subscriber would call the attention of farmers and others to the important improvement of the Furnace for Dairy and other purposes. The construction of this furnace is such that the fire passes completely around the cauldron from the ashes to the upper being two or three inches between the bottom of the boiler, this causes the water to boil very quickly, and with a small fire. When used for heating milk with a thought in the cauldron, there is no danger of scorching the milk, and cheese made in this way will fetch much higher prices in market. Dairymen who have used this Stove give it the preference to any other in use. Also

Dairy Maid Stove.

This stove has been used to good satisfaction for the last two years, and can be used to good advantage for all boiling and culinary purposes, heating fluidrons, &c. Removing the boiler it makes sweet heating stove.

Oswego, may 26-tf

TO THE AGED.

YOUR SIGHT MAY BE RESTORED.

THE Subscribers present to your notice an invention of a simple character, by the use of which the sight may be preserved through life without the use of glasses, or it may be restored after glasses have been worn many years.

This wonderful effect is produced by an instrument philosophically constructed, by which the power of the eye is gradually raised to the original heavenly, causing the focus to impinge on the retina without the aid of convex lenses.

That no danger need be feared from the use of these instruments, we have permission to give the following as reference:—J. Cockcroft, M. D., 294 Bleecker street; A. S. Gale, M. D., 295 Bleecker street; R. F. Trall, M. D., 15 Laight street; to whom we refer all readers from any part of the United States. See notice in the Water Cure Journal for October, by R. T. Trall:—after testing the Cups for months, he says: "They are well calculated for that condition of the eye, too great fullness of the globe, which is a frequent cause of imperfect vision, and by causing a constant flow of tears, the delicate circulation."

J. Judd & Co., 207 Broadway, N. Y.

The above may be found for sale at the office of DR. COMSTOCK, Oculist.

april 8 1st street, West Oswego.

OSWEGO

CANKER & SALT RHEUM SYRUP

WARRANTED A PERFECT CURE FOR

Salt Rheum, Erysipelas, Canker, Scrofulous and all other Humors of the Blood.

WHAT IT HAS DONE

WONDERFUL CURE

Mrs. Giles Turner of Montville who has been afflicted with the Erysipelas for the last twenty years: and three times within the last five years has been entirely blind from the effects of the dreadful malady!!

Cure effected by Dr. WEAVER'S SYRUP, *after all other tried Medicines had failed!*

READ THE CERTIFICATE.

Montville, March 5, 1851

Messrs. S. A. Weaver & Co.—Gentlemen: In relation to my wife, I would say that from childhood she has been afflicted with a humor. About twenty years since it appeared in a very distressing form of Erysipelas, at first in a spot of bright sherry color, on the side of the face, accompanied with a painful sensation, similar to that produced by fire. From this point it spread over the side of her face, which became so swollen that for several days she was entirely BLIND, and so disfigured that her most intimate acquaintances did not recognize her. She has been in this situation three times in the last five years. The effect at one time appeared in small cracks in the skin, commencing back of the ears, thence extending over the sides of the head. So sore and painful were they that at night it was impossible for her to allow them to touch the pillow. The discharge from these sores was so profuse that it frequently wet through the dressings and run down the sides of the neck, and so acrid was it, that when it came in contact with the skin, the effect was the same as that of boiling water.

After any gentle exercise, especially in warm weather, parts of her body became covered with spots of a dark red or purple color, and were very painful and tender; in a short time these spots would be covered with matter or corruption, which broke and discharged. Then dried up, forming a scab which in a few days would come off, leaving as angry and painful sore, looking much like a burn. This would be a long time healing up—frequently six months. At one time she had the Erysipelas in the eye, causing such the same course as it had on the other parts of her body, except that in this instance it was aggravated by exposure. These sores, moreover, assumed the character of foul ulcers, and so inflamed, that for months she was unable to nurse either of her three children. Often she has been in such distress from this disease that for weeks she has been able to obtain but little sleep or rest. And at this time, (the sixteenth week) she is not able to sit up. Her physician has been with her constantly, and has done all he could not benefit her.

At the time she commenced using your Syrup and Ointment she had a running sore on her stomach and breast, which had been running more than a year, healing up at times, perhaps in a no place, but always breaking out in another. To this we applied many remedies and used various kinds of medicines for removing the disease from the system, none of which produced the least appearance of relief. She took the Syrup a few days and then commenced applying the Ointment to the sores, and at once said she had never found anything so soothing. In a short time these sores were known in our section or country, and I strongly recommended all afflicted in like manner to give it a trial.

Any one desiring further information in relation to the facts or particulars of the case, it will afford me great pleasure to give any information, if they will call on me residing in Montville; or they can make inquiries of many of my acquaintances in New London and vicinity, who are conversant with them.

GILES TURNER.

New London, March 31, '51.

Dr. S. A. Weaver—Dear Sir—It gives me pleasure to say that the cure which you have effected in Mrs. Turner, is well known to me. I am acquainted with Mr. & Mrs. Turner, as a simple statement of facts, given with the hope of alleviating suffering on your their account.

Pastor of Huntington-st. Baptist Church.

M. C. MARR,

CANCER DOCTOR,

on the Indian Plan,

TAKES this method to inform the public that he can be found at his ordinary, corner of Burke and Howard's Streets, Lansingburgh. He designs to give his undivided attention to the various patients who may repose confidence in his skill and Indian mode of practice, for the healing and removal of all maladies not incurable, by the introduction and application of proper medicine.

The time has come when Cancers can be cured without the use of the knife, by first cleansing and purifying the system, and then by applying a plaster. we will extract the Cancer in less than ten hours, without creating much pain, and the loss of but little blood: and $5,000 reward is offered to any one who will make a more effectual cure.

Dr. Fraser professes to arrest, and in many instances subdue, (if applied in due season,) the influence and effects generally produced by the following diseases, not unfrequent in our country, viz: Coughs, Colds, Bronchitis, Consumption, Asthma, Rheumatism, Fever and Ague, Pulmonary affections of every kind, Worms, Diarrhœa, Cholera Morbus, Summer complaints, Dyspepsia, Debility of the Stomach and Bowels and organs of Digestion, Seminal weakness of both sexes, &c.

WESTERN ROUTE.—Dr. I. G. Fraser, or Dr. H. B. Parsons, may be found at White's Central Hotel, Utica, N. Y., on the third Monday and Tuesday of each month; and on the following Wednesday and Thursday at Bristoll's Hotel, Syracuse, N. Y.; and on the following Friday and Saturday at the Oswego City Hotel in Oswego, N. Y. The remaining portion of the time, one or both may be found at the Infirmary, corner of State and Hamilton streets, Lansingburgh, N. Y. Advice gratis.

The following are copies (essentially) of certificates now in the possession of Dr. I. G. Fraser, to wit:

Whereas, it has been said, that I extirpate the cancer from my face in order to the use of Dr. Fraser's gas inhaling tube alone, and not to any medical treatment. This is therefore to make known the fact that I have never so stated, and that in the treatment I make use of medicines myself, and only use the tube as an accompaniment.

The use of the tube as directed by the regular practice with their mode of treatment will in 99 cases out of 100 fail. I just myself confess the cure of Dr. Fraser in September 1851, after I had been given over by the most eminent Colonial and Botanic Physicians, and under his care and the use of the tube, I recovered my health. Had I been under the care of any regular physicians, I do not believe I should have recovered.

I hereby certify that my disease was pronounced by all the physicians who visited me during my sickness of two years to be consumption, and that I was given up—pronounced with confirmed consumption—the swelling of the limbs, night sweats, acid stomach, fever, and symptoms hemorrage for Bleeding at the lungs, cough, and diarrhœa. Copy. L. W.

Dr. Ira G. Fraser—Dear Sir,—I have been for many years acquainted with Miss Sybil Bacter, of Middle, Mass., on whom person you cured a cancer, on the breast of many years standing and growth. I can say that for months she was unable to put on clothes owing for it, and knew it to be incurable by any of the commonly received methods of cure; indeed it was the worst case of cancer which ever yielded to the practice of Dr. Fraser in my knowledge. And I am satisfied that nothing but the use of your medicines, in less than twenty-four hours, he brought away about forty worms. and I got better immediately, and am now able to labor and to attend to my domestic duties. Any further information you may want as to cancer, I would refer you to me, and I will cheerfully answer you by letter or otherwise, believe it is how late G. B. McCOY.

Albany, September 22, 1851.—This is to certify that I have recently been cured of the Piles & Ague by Dr. Ira G. Fraser. I had been afflicted with said disease for two months, and part of the time partially delirious, under the treatment of Physicians and through the kindness and ability of Dr. Fraser, I have been restored to a good state of health. Therefore, I can unhesitatingly and cheerfully recommend his practice to all sick persons.

THOMPSON.

Albany, April 7, 1852.—This is to certify that I have been afflicted with a Cancer for a number of years, and hearing of the celebrated Root Doctor of Troy, who practices on the Indian plan, to wit, Dr. I. G. Fraser, I was induced to give him a trial, and in less than two hours he extracted said Cancer, with but little pain and without shedding blood. I would advise all persons who are now afflicted to call on said Fraser before it is too late.

ROBERTTA A COSTER.

Albany, September 20, 1851.—This may certify to all whom it may concern, that I have been cured of the Piles and Ague by Dr. Ira G. Fraser; did not have one fit of the Ague after he commenced doctoring me.

JAMES McGAVEN.

Rutes, Madison Co., June 20, 1852.—This is to certify that I had a cancerous tumor formed on my leg and lying near a leading artery; I applied to physicians, and they done not consider it; I then applied to Dr. I. G. Fraser, and he in a short time extracted it without difficulty. I am now well, and would recommend all the afflicted to call on him before it is too late.

GUY CARTER.

BEWARE OF SPURIOUS MEDICINES.—Dr. Fraser has no Agents, and therefore his medicines can only be obtained of himself—genuine. Keep clear of counterfeits.

FAHNESTOCK'S VERMIFUGE, a new lot just received and for sale wholesale or retail by C. CANFIELD & SON.

may 18.

CONTAINING NO ALCOHOL.

The best and strongest certified medicine in the world for the cure of

DYSPEPSIA

in all its forms—such as pain in the stomach, heartburn, habitual costiveness, acid stomach, loss of appetite, piles, asthma, or phthisic, flatulency, or wind in the stomach, night sweats, nervousness, coldness of the extremities, decline or consumption,

GENERAL DEBILITY,

arising from protracted fevers, exposure to heat or cold, old age, imperfect digestion, or a deranged condition of the stomach, and is the best tonic known for the prevention and cure of

FEVER AND AGUE.

It is also an excellent remedy, and not surpassed by any in use, for Females suffering from Uterine or Nervous debility.

AND A POSITIVE CURE

IN A FEW DAYS, INSURED BY

BRYAN'S PULMONIC WAFERS.

THE most wonderful cures have been performed by this extraordinary remedy, wherever they have been introduced. Single doses in generalgive immediate relief, and a positive and speedy cure is warranted in all cases of

COUGHS, COLDS, INFLUENZA,

SORE THROAT, WHOOPING COUGH, IRRITATION OF THE LARYNX AND BRONCHIA, BRONCHITIS, CONSUMPTION, AND ALL PULMONARY DISEASES OF THE CHEST AND LUNGS.

The medical properties are combined in an agreeable form and pleasant to the taste, so that any child will readily take them. And the convenience of being able to carry in the pocket an agreeable and effectual remedy, which may be taken at intervals, is unquestionable, and the incision of the throat which produces coughing, requires something to be taken frequently. Bryan's Pulmonic Wafers are admirably adapted for this purpose, and are offered in all cases to be effectual equal to representation, or the money paid for them will be refunded, should relief not be obtained. They have been prepared for several years by the proprietor, and given universal satisfaction. Many extraordinary cures of Consumption and lung diseases have been performed, and the increasing demand is a convincing proof of their value.

Pamphlets and certificates are from persons of undoubted respectability.

From James Herring, Esq., G. S. of the Grand Lodge of Free Masons of New York:

New York, Dec. 30, 1850.

Having used two boxes of Bryan's Pulmonic Wafers for cough, among the children of my family. I have found them a very excellent remedy, and can recommend them accordingly.

From Dr. Astor Gardiner of New York:

Having used Bryan's Pulmonic Wafers for coughs, &c., in my family, I find them to be a most excellent medicine for allaying coughs attendant upon colds, &c., and would cheerfully recommend them to the public as a safe remedy.

Albany, Dec. 7, 1849.

Sir:—I have given your Pulmonic Wafers a trial; and, although opposed to giving certificates for Patent Medicines, I think your extraordinary remedy entitles it to the recommendation of every medical man, and I have pleasure in giving my testimony in its favor. I find it particularly serviceable in Coughs and Colds, and shall frequently recommend them to my patients.

HENRY WHITE, M. D.

We, the undersigned, citizens of Rochester, do hereby certify that we have used Bryan's Pulmonic Wafers, with the effect of relieving us of a cough and obstinate soreness for Coughs, Colds, &c.

B. W. SABIN, M. D., Main street,

John Rowe, Platt street, A. B. Judson, North street, and signed by two hundred others.

The following letter was given me by Dr. Palmer, who was twenty-five years in practice in Europe and Asia, and formerly in my employ, but now practising as a physician at Port Dover, C. W.

I take no hesitation in giving my opinion in favor of Bryan's Pulmonic Wafers, in the cure of coughs and colds. I think them decidedly the best remedy I have ever witnessed in ordinary cases.

HENRY PALMER,

Late Surgeon of H. M. 13th Reg.

IMPORTANT CAUTION.

Purchasers are cautioned against buying a counterfeit article under the name of Dr. Locock's Wafers, made by James Johnstone and B. Taylor, Rochester, N. Y., who pretend they have purchased the right of selling them at an enormous expense.

The following letter extracted from the London Times, England, shows how utterly false their statements are.

THE HUMBUG EXPLODED.

From Dr. Charles Locock, 26 Hertford street, May Fair, London, February 17, 1851.

Sir,—In reply to your inquiry, I have no hesitation in assuring you that the Pulmonic Wafers, Antibilious Wafers, or Vermicle Pills, that have so often been advertised with my name, are not mine, nor do I know anything of their composition, nor have I anything to do with them, either directly or indirectly. Your obedient servant, CHARLES LOCOCK, M. D.

Dr. Marchisi's Uterine Catholicon,

IS a recent preparation, of earnest importance to the female, and destined to become identified with the health and happiness of

FEMALES.

This Catholicon will cure 95 per cent of all Chronic Diseases incidental to the human females—Prolapsus Uteri, or Falling of the Womb; Leucorrhea, or Whites; painful, suppressed, and irregular Menstruation; and all other similar complaints, (cancer excepted,) as safe as how severe, or of how long standing. It has already received the patronage of many prominent Physicians in this and adjoining states, and is in every way worthy of the confidence of the Afflicted, as a successful, safe and cheap remedy. Of this, ample proof will be found in the pamphlets, to be had gratis at the store, to which, and this invaluable Medicine, the attention of ladies and practitioners is respectfully invited.

The ingredients of this compound, as certified by high medical authority, (see pamphlet,) are all Vegetable and of the most healthful influence upon the Female Constitution.

J. BICKFORD, Jr.,

Druggist, Oswego, Littlefield Block

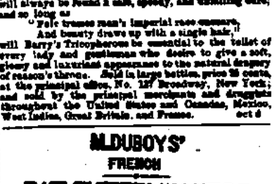
Professor Alexander C. Barry's TRICOPHEROUS, OR MEDICATED COMPOUND.

THE efficiency of this justly celebrated embrocation for invigorating, beautifying and imparting a gloss and silken softness to the hair, is now so widely known and acknowledged, that it has gained by its merit a reputation which is not for a day, but for all time. It is the province of science to subdue and control those physical evils which reduce civilization to a brood in the trade; for so long as warm rooms and tight hats with the combined agency of other influences exist, with thousands of unhappy victims—SCURF AND DRY hands and grey hairs, to say nothing of the various cutaneous diseases to which the head is subjected. It was to relieve these evils that Professor Barry introduced his invaluable remedy, and among the thousand and one who have been his competitors, he now stands alone on that pedestal of success, keen out of Barry's Tricopherous, and sustained by the favor and universal patronage of a discerning and intelligent public. For preserving the hair in its original growth, or preventing it from falling out, this compound has been pronounced by all medical men to be a sure remedy. It allays itching scurf, dandruff and every disease of the skin, glands, muscles, nerves and bruises, the Tricopherous will always be found a safe, speedy, and unfailing cure; and so long as

"Pale treasse man's imperial rose ensnare,
And beauty draws up with a single hair,"

will Barry's Tricopherous be essential to the toilet of every lady and gentleman who desire to give a soft, glossy and luxuriant appearance to the natural drapery of nature's throne. Sold in large bottles, price 25 cents, at the principal office, No. 197 Broadway, New York; and sold by the principal merchants and druggists throughout the United States and Canadas, Mexico, West Indies, Great Britain, and France. oct 6

ALDUBOYS' FRENCH RAT EXTERMINATOR.



THIS preparation is warranted to exterminate Rats and Mice, wherever used as directed, and to leave no offensive odor in the premises cleared of them as decaying vermin. Its use is perfectly safe in any place, out of all those which to eat the corn with ordinary commodities for this evil.

Caution!—Beware of Counterfeits!!

The extraordinary success of M. Duboy's Rat Exterminator, has excited the cupidity of some dishonest persons to counterfeit it. Inquire for M. Duboy's Rat Exterminator, and take no other. In large boxes, at 25 cents each.
