

A MONTH AGO WE INVITED THE LADIES OF OSWEGO TO VISIT OUR

DRESS GOODS DEPARTMENT

and view the display of textile loveliness there to be found. To-day we repeat that invitation and ask them to view, not, indeed, the same goods, for most of those have been scattered widely throughout the city; but the new dress goods, dress patterns, cloakings, and fall and winter jackets purchased by our buyers on their last week's trip to the metropolis. This showing is at its best now, now is the time we wish you to see it. Dress Linings as follows:
