NO CLASS DAY AT HIGH SCHOOL

Plan to Have Banquet at the Pontiac Instead

CLASS MEETING ON MONDAY

Final Decision Will Be Made Then--Banquet Would Be for Class Members and Faculty

Class Day, which has been an institution with graduating classes from the Oswego High school for many years, may be abandoned this year, for some entertainment which will not prove so wearing on the members of the class.

The exercises are held separately from those of commencement and usually consist of an address by the president, the reading of class history and class prophecy, the presentations of the class donor, and the class poet, and similar exercises in which all members of the class play more or less of a part.

In the past few years many High schools throughout the State have adopted safe and sane exercises in connection with commencement and abolished class day programs as being unnecessary and generally requiring feminine members of the class to purchase dresses for the occasion, and undergo other expenses which are equally unnecessary from several standpoints.

Many members of the June graduating class of the High school are in favor of abolishing class night this year and holding instead a banquet at the hotel Pontiac at which President Carroll and other officers may make speeches and responses be received from other members. The members of the faculty are to be invited to the affair and the Department of Education members and Superintendent Richards, but the idea seems to have to have an affair simply for the class and to exclude the general public, who will have an opportunity to see the class perform at the commencement exercises to be held the week following.

The class has not yet elected class night officers and will hold a meeting at which some action will be taken as to whether class night will be observed this year.

Obituary

William T. Churchill died at his home in the Town of Scriba at 2 o'clock this morning aged seventy-two years.

Mr. Churchill was one of the first to enlist in the 51st, the second Oswego regiment, which was organized in September, 1861, and served three years with honor and distinction, winning promotion for conspicuous bravery in action at Cold Harbor, Va., June 3, 1864, where he was severely wounded.

Mr. Churchill was an active and influential member of the Grand Army of the Republic, having served several terms as Commander of Porter Post of Scriba. He is survived by his wife, two daughters, Mrs. Effie Bundy of Minetto and Mrs. Theoda Hannibal of Lansing; three sons, Leonard of Syracuse, Frank F. of Lansing, and Louis of Oswego; two brothers, J. B. Churchill of Spohnetady and Carmel Churchill of Cicero, and one sister, Mrs. Mary Moulton of Cicero.

Funeral services will be held at his home four miles east of the city on the Hall Road Monday, the 12th instant at 12 o'clock noon, and at the Chapel at Riverdale cemetery at one o'clock.

Miss Mary Carroll

The sudden death of Miss Mary Carroll of No. 63 East Seneca street was a shock to the family and many friends.

Miss Carroll was stricken in the yard at her home yesterday morning. Physicians were summoned but their efforts were unavailing and death ensued last night at 11 o'clock. Miss Carroll had no complaint of illness. She lived with her brother, John Carroll, former commissioner of public works, and is survived by him and two other brothers, Charles Carroll of the Carroll Boiler Works and Joseph Carroll of the Carroll Bakery, and the following nephews and nieces, John K., Charles, Harold and Miss Isabelle Carroll, Dr. John H. Carroll of New York, Frank, Neal, Joseph and Miss Helen May Carroll, this city.

Miss Carroll was a devout attendant at St. Paul's church. The funeral will probably be held there Monday morning at 9:30 o'clock.

Alexander Whittemore

Alexander Whittemore, one of the pioneer residents of the town of Scriba, died last night at 10:30 o'clock following an illness of but two weeks.

The death of his wife, five weeks ago, is believed to have been the indirect cause of Mr. Whittemore's last illness. Mrs. Whittemore was 86 years old and her husband was two years older. He was held in the highest regard throughout the town of Scriba, being a man of sterling honesty and integrity.

Surviving him are two sons, Frank of Scriba and Adelbert of Volney, and one daughter, Mrs. C. Adelbert Stone of Scriba. The funeral will be held Monday afternoon at 2:30 o'clock. Burial will be made in Whittemore cemetery.

Edward Callan

Edward Callan of 36 Fifth Avenue died suddenly this morning. He had been ill for about six weeks but his condition had not been alarming until he was taken with a sudden seizure today and died before the doctor could arrive. He was 44 years of age and is survived by three brothers, George, Thomas and Owen of Oswego; and two sisters, Mrs. Earl Barker and Mrs. Charles Kuhnert of Chicago.

MOVING THE CEMETERY

Work on Minetto Burying Ground Progressing

A HUGE MONUMENT

Boulder Marking Grave of Washington Rowland Causes Great Difficulty in Moving

The work of removing bodies and monuments from the old Minetto cemetery, which will be below the high water mark of the river when Barge Canal operations have been completed, will be finished within a month, according to John Henrick of this city, who has the contract in connection with A. Salladin, jr. The contract is a more difficult one than might be imagined, as most of the bodies have been in the old burying grounds for upwards of forty years, and therefore great care is required in making the changes of location.

The new cemetery, which is in a more beautiful and advantageous location than the old, is located three quarters of a mile south of the village. All of the monuments with one exception have been removed to the new cemetery and set up in the locations requested by the heirs of the deceased and the former lot owners, and the bodies, three or four hundred in number, are now being moved. In most cases there is nothing left in the graves except a few pieces of rotting wood and bones although in the case of persons interred forty or fifty years ago the metal caskets then in use are intact.

A remarkable instance of the preservation of bodies in the ground is shown in the removal of the remains of a man about fifty years old who was buried eighteen years ago in the cemetery. The rough box and casket had been rotted away by the earth action, but the body remained apparently just as it had been placed in the basket. Residents of the village who knew the deceased claimed there had been but little change in nearly two decades that have passed.

The monument which will be removed last is one that presents the greatest difficulty of the entire contract. It is that which marked the last resting place of the late Washington Rowland for years the dean of fishermen on the river level near the village of Minetto. Friends in the village after his death removed a large piece of "sturgeon" rock from the bank of the river from which he made many large catches, and carted it with considerable expense and labor to the cemetery. One Sunday the neighbors held a "bee" and on the Rowland lot excavated six feet deep and buried the boulder, incasing it in four or five yards of concrete. The concrete has hardened in the last four or five years until it will have to be removed by blasting and the transportation will present another difficult problem which the contractors must solve.

Entertained in Watervliet

Watervliet, N. Y., May 9.—A very pleasant party was given in honor of Miss Mary O'Keefe of Oswego at the home of Miss Marguerite Shover, where Miss O'Keefe has been spending the past few days. Games were played and a very pleasant evening was spent with music and singing by the young ladies. Those who won prizes were Miss Marguerite Cahill and Miss Frances Hannan. Miss Marguerite Shover presided at the piano and vocal selections were rendered by Misses Catherine Carr, Emily Hannan, Florence and Julia Boyland, Mary O'Keefe and Rose Barron, after a dainty luncheon was served by Mrs. Shover. Miss O'Keefe has visited many interesting places and points of interest in Watervliet. Those present were: Miss Marguerite Cahill, Miss Frances Hannan, Miss Louise Schlerick, Miss Rose Cavanaugh, Miss Catherine Carr, Miss Emily Hannan, Misses Florence and Julia Boyland, Miss Mary O'Keefe, and Miss Rose Barron, Miss Marguerite Shover. Those invited from this city were Miss Helena Sweeney and Miss Ruby Patterson and Mr. Garrett H. Shover of Rochester, N. Y.

Birth Record is Good

Clerk E. A. Cooke of the Bureau of Vital Statistics reported this morning that the record of the city for April was better than in several years past. There were fifty births and twenty-seven deaths and nine of the latter were persons over seventy years and two over eighty. There were only five deaths of infants.

His "Dutch Courage"

A rat found his food supply missing after the distillery was closed and there were no more scraps from dinner pails. He had always been a precise rat and a teetotaler, but now the emergency was extreme and he took to drink. A small quantity of young liquor had been left behind and this rat tasted cautiously. It was like liquid fire and the rat was instantly intoxicated. He took another drink and straightened up, filled with new sensations. A third put him on his haunches and he exclaimed loudly: "Bring on your cat."

THE BARNES GEAR STRIKE SETTLED

MACHINISTS AND HELPERS HAVE GONE BACK TO WORK -GET A 10 PER CENT. INCREASE

The strike of the sixty or more machinists and helpers, employed at the Barnes Gear company has been settled, and this morning twenty-five of the men were back at their benches and the remainder will return to work Monday morning. Yesterday the strikers held several meetings to vote on a proposition advanced by the company through Manager Pell. The latter offered the men a ten per cent. increase in wages and Saturday half holidays and, while many of them believed that they should have a nine hour working day without any reduction in wages, two votes taken yesterday afternoon resulted in an acceptance of the company's tender by a vote of 27 to 15. The men returned to work this morning and there will be no further trouble.

The increase for the machinists in the Gear company's plant will amount to twenty-five cents a day and will bring up the wages to \$2.75 per day.

SUES FOR HEAVY DAMAGES

Action Based on Fatal Accident at Central Square. Pulaski, May 10.—The May term of Supreme Court recessed yesterday afternoon and will be reconvened Monday morning at 11 o'clock. The case of Francis Johnson as administratrix of Claude Johnson, deceased, an action for \$20,000 damages against the New York Central Railroad company, was begun and will be continued Monday. The suit is based on an accident at a crossing at Central Square. It is alleged that Johnson was driving across the tracks and the horse's hoof caught in the tracks and before it could be extricated a train struck the rig, killing Mr. Johnson and the horse. The horse's hoof and the horse are among the exhibits in the case. Henry D. Coville is attorney for the plaintiff and Purcell, Cullen & Purcell represent the defendant company.

Fulton Team Will Play

Fulton, May 9.—Owner-Manager Lamar of the Fulton Empire State league team has had the grounds at Stop 28 placed in condition for the season, and will play all his games there until June 14, when arrangements may be made to play the week-day games in this city. The Fulton team will play the Syracuse Pastimes tomorrow and Sunday afternoon and the Cuban Stars Monday. Several of the players reported today. Most of next week will be taken up with practice and exhibition games.

CHILLY WEATHER LAST EVENING

Thermometer Near the Freezing Point But No Frost. The thermometer took a rapid drop this morning, shortly before 8 o'clock touched a low mark of 33.8. The weather was plenty cool enough for heavy frosts but the wind was in the wrong direction and too high. At the local weather office it was said little damage had probably resulted to the fruit crops.
